

The new Audi A4 Avant

So far ahead, it's in a space of its own.

The new Audi A4 Avant.

Progressive performance meets intelligent functionality in the latest model in the prestigious A4 range – the spacious new Audi A4 Avant. With an extended aerodynamic roof line plus all the rear interior space you need for an active lifestyle – and the same advanced features as the award-winning A4 saloon – it's little wonder many are hailing this elegant yet versatile model as the new leader in its class. Others go further and say the sporty new Audi A4 Avant is so far ahead, it's in a space of its own.

With up to 1,430 litres in volume, the latest addition to the Audi family has one of the largest luggage capacities in its class, presented in a dynamic, coupe-like silhouette. Add to that intelligent, luxury features as standard, like a reversible cargo floor, a fine carpet-lined trunk and tie-down eyelets for securing luggage, and you begin to appreciate the true luxury of space. Why not experience it for yourself?

• = Standard equipment * = Optional equipment, Recommended Retail Price shown

^New vehicle prices shown include Luxury Car Tax (LCT) of 25% and are recommended retail prices (RRP) excluding dealer delivery which vary from dealer to dealer, stamp duty, compulsory third party insurance costs and registration charges which may vary from State to State. LCT applies to new vehicles, factory fitted optional extras and dealer delivery charges where the GST inclusive total price is above \$57,180. In the Federal Budget, the Government announced that LCT would increase from 25 to 33% from 1 July 2008. The Tax Commissioner has advised that the legislation to make that law will not be passed by then. However, if passed at a later date, the proposed law will apply retrospectively from 1 July 2008. Audi Australia Pty Ltd has determined that if the law is enacted, customers will not need to pay the retrospective additional 8% LCT on luxury vehicles delivered from 1 July 2008 to the enactment date. Customers will, however, be responsible for paying the additional 8% LCT from the enactment date of the legislation and an additional 8% will need to be added to the new vehicle prices.

Fuel consumption figures according to Australian Design Rule (ADR) 81/01. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

Audi Music Interface connector cable must be purchased separately through Audi Genuine Accessories.

Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

Specifications are as planned at July 2008 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Limited, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices.

Images show optional 18" alloy wheels, metallic paint and Xenon plus headlights. An overseas model A4 Avant 3.0 TDI quattro is shown. The 3.0 TDI quattro model is not available in Australia.
