THE NEW FPV F6 SERIES
THE REVOLUTION OF THE SPECIES
FPV F6310

This is a revolution in high performance driving. The all new F6 is a unique performance experience - FPV has taken its award winning heritage and produced one of the most exhilarating performance sedans in the world.

With 310kW of power and 565Nm of torque available from just 1950rpm, the all new F6 delivers in-gear acceleration that has to be experienced to be believed. Add to this substantially improved handling dynamics delivering better turn in and roll characteristics and you have one perfectly engineered driving machine. There is no other performance sedan like it, anywhere.
