

Punto

Character.

Punto's chic! It expresses complete refinement and energy. Among the class of vehicles designed by the world renowned Giorgetto Giugiaro, Punto's sleek bonnet and compact, sculpted body represents automotive design at its purest. It's the perfect car for drivers who enjoy life's unexpected pleasures.

Elegance.

Punto stands out. Flirtatious sporty lines, imposing wheel arches and large wheels accentuate Punto's aura of power, whilst the gently curving rear end reinforces the car's sense of strength.

Temptation.

Jump into the driver's seat and you'll be inspired by Punto's bright, welcoming surroundings. A unique balance between style and comfort, crystal clear instruments and a soft, amber illumination makes Punto gentle on the eye, whilst providing a smooth, relaxing ride. Adjustable seats can be contoured to hug your body perfectly, and the choice of colours and trims ensures an eye-catching combo.

International LHD vehicle shown. Vehicle depicted is not reflective of Australian specifications.

Size does matter! It's not just the length of the Punto (4030mm) that makes it one of the biggest cars in its class. Class leading design concepts combined with excellent access and superb visibility give the car the best interior space in its segment. Excellent ergonomics make driving a constant pleasure, while back-seat passengers will always have plenty of room to be comfortable.

Punto Sport instrumentation shown.

Choice.

Get a whole lot more with Punto. Choose from three different models: Dynamic, Emotion and Sport, and take onboard standard features such as air conditioning, cruise control, trip computer, remote central locking, power front windows/mirrors and a CD player with remote audio controls. Or take it to the next level with the option of an electronically adjustable Skydome sunroof. Create your own Punto experience... from top to bottom.

MULTIJET

Engines.

The choice is yours. The new Punto offers a range of engine options to suit every driver. Heighten your experience with the brand new 1.3 litre JTD diesel producing 66kW of power and 200Nm of torque whilst delivering a remarkable 3.9 litres per 100km highway cycle*. Or sit back and enjoy the ease of the smooth and frugal 1.4 litre 57kW petrol engine. For additional zip, try the assertive 1.9 litre JTD 88kW Emotion or the 96kW Sport diesels, each combine exceptional performance with outstanding fuel economy.

*Highway fuel consumption figures tested under controlled factory conditions. Actual fuel consumption may vary on driving style and prevailing conditions.

Trust.

Punto's safe. With 15,000 hours of calculations and hundreds of component and crash tests, safety is a top priority for the Punto. Active safety features including Anti-Lock Brakes and Electric Brake Distribution are standard across the range. Both 1.9 diesel models augment this class leading active safety with additional features such as an Electronic Stability Program that incorporates Anti Slip Regulation and a Hill Holder system.

Standard passive safety equipment on the entire Punto range includes two dual-stage front airbags, side and window bags, an energy-absorbing body shell, anti-whiplash front seats, and safety belts with pre-tensioners and load limiters. Little wonder that the Punto has been awarded the highest level of recognition in the field of car safety; 5-star Euro NCAP certification.

Evolution.

Create your perfect Punto. It's simple. First, choose your model, equipment and engine. Now add your personal touches with accessories and options. Finally, select your unique balance of interior and exterior, coordinating body colour and trimming, materials and colours for dashboard, seats, steering wheel, armrest and carpets to give your Punto life. The resulting Punto will be uniquely yours.
