Commodore

THINK  HOLDEN

WHEN WE IMAGINED THE NEW COMMODORE

WE IMAGINED A WHOLE NEW WORLD

This is one of those moments. A line in the sand type of moment.

When you proudly wear your heart on your sleeve, knowing that you're the rival of any.

It's not ego-driven. It simply comes from a desire to be the best at what you do.

And that's to design a car for Australia and the world.

That changes perceptions. That redefines its class.

Welcome to our new Holden Commodore.

WELCOME TO OUR NEW
HOLDEN COMMODORE.

WE IMAGINED AN
**ICONIC DRIVING
EXPERIENCE**

With its trademark athletic form and powerful rear drive proportion, the groundbreaking new Commodore has all the identifiable Holden DNA – now taken to a whole new level of sophistication.

You can see it in the car's bold new aesthetic; more sculptural and highly refined with craftsmanlike finishes and richer detailing inside and out.

There's the unprecedented feel at the wheel. The all-new electric power steering and three levels of class-leading suspension offer a greater connection to the road – delivering precise response and agile handling customised across the range.

And to enhance the exhilaration of the drive – as well as protect you along the way – the new Commodore offers a degree of advanced intelligent technology to rival the world's best.

“Turn off the radio, cruise up to highway speed and you won't hear much of anything – wind, tyre noise, passing traffic. Noise intrusion is minimised without entirely eliminating the great engine notes that are so much a part of the Commodore driving experience.”

**ANDREW HOLMES,
PROGRAM ENGINEERING MANAGER**

FINELY TUNED
WHETHER TAKING ON
BUSTLING RUSH HOUR,
COBBLESTONE STREETS
OR THE WIDE OPEN ROAD,
THE COMMODORE'S
FINE-TUNED CABIN
ACOUSTICS CREATE A
DRIVING EXPERIENCE
LIKE NEVER BEFORE.

SS V-Series Sedan in Nitrate

WE CREATED A CAR THAT IS
**PRECISION
PERSONIFIED**

Breathtaking is the only way to describe the Commodore's inspired new interior – a total design revolution.

Every element works in complete harmony; defined by soft-feel layered materials, tailored finishes, refined quiet zone acoustics and enveloping comfort and spaciousness.

The dynamically angled instrument panel is a blend of function and style, putting you directly in contact with Holden's intuitive MyLink infotainment system with its high-resolution, full colour 8" touch-screen.

But it's the unwavering attention to detail and quality that will leave a lasting impression. It's evident throughout, in the tactile steering wheel designs and precision stitching on the seats, doors and instrument

panel. And in the strokes of chrome and metallic embellishments that gleam against jet black and titanium hues.

WE CREATED A CAR

IN TOUCH WITH ITS SURROUNDINGS

We created a car that can sense around corners. A car that takes the guesswork out of parking in tight spots and can start the engine before you get in. Never before has a Commodore been so aware of its surroundings; and so in tune with the driver.

The new Commodore is one of the most advanced vehicles to wear the Holden badge, thanks to the vast array of high technology features integrated throughout.

Remote vehicle start system*

Remote vehicle start gets you on your way quicker, enabling you to fire up the engine and even turn on the air conditioning before entering the car.

Passive Entry and Push-button Start†

This ultra-convenient feature offers push-button ignition and the ability to unlock and lock the car simply by carrying the sensor key with you.

Automatic Park Assist

Leading from the front is the all-new Automatic Park Assist, that uses ultrasonic sensors to enable hands-free* parking. This intelligent feature is supported by reversing cameras and Front and Rear Ultrasonic Park Assist – all included as standard across the range.

Rear View Camera

When you shift into reverse, the Rear View Camera automatically comes to life, displaying what's directly behind you on the large touch-screen. Ideal when reversing into tight spots or out of a driveway – included as standard across the range.

Reverse Traffic Alert^

When reversing, it's not always easy to see what's coming up behind you. Reverse Traffic Alert gives you eyes in the back of your head, as the system picks up cross-traffic movement up to 25 metres away. If detected, warning chimes sound and a directional arrow flashes on the Rear View Camera screen to warn you of approaching obstacles.

Calais V-Series Sportwagon in Alchemy

* Available on automatic models only

† Driver remains responsible for vehicle control

^ Optional on selected models

+ Standard on Calais, Calais V-Series, SS V-Series and SSV Redline

SSV Redline Sedan in Heron White

^ Available on Calais V-Series and SSV Redline

* Lane Departure Warning is activated at speeds above 56km/h

+ Optional on Evoke models. Standard on all other models

WE CREATED A
**CAR THAT
THINKS**

This is a world-class car that thinks for itself – monitoring everything and acting accordingly. When you're on the road, it's nice to know that your Commodore is looking out for you. Literally.

Colour Head-Up Display[^]
The Head-Up Display uses technology originally developed for fighter jets to relay important information on the windscreen such as speed, turning signals and some alerts – allowing you to view it without taking your eyes off the road.

Forward Collision Alert[^]
A digital camera mounted on the windscreen uses state-of-the-art image processing to observe vehicles ahead, and uses the Head-Up Display and an audible alert to warn you if you are approaching another vehicle too rapidly and a collision appears imminent.

Lane Departure Warning^{^*}
To help combat drowsiness or distraction at the wheel, this sixth-sense technology uses the windscreen camera to look for lane markings, and will flash an icon or audible alert if it detects you're straying outside of your lane.

Blind Spot Alert⁺
This clever system looks for other vehicles in both rear side blind spots; providing peace of mind when changing lanes. If it detects a vehicle in your blind spot, it will alert you via an icon in the side mirror on the side the car is approaching. If you indicate to change lanes, the icon will flash.

MyLink
Whether it's locating that right song via the Pandora[®] or Stitcher[™] apps or locating a phone number from a paired device, Holden's MyLink infotainment system enables you to access your essential information simply, quickly and safely. And at the touch of the screen or via the sound of your voice.

WE DESIGNED A CAR TO

RIVAL THE WORLD'S BEST

Every detail of the new Commodore has been crafted to create a world class vehicle – from the integration of state-of-the-art technologies through to the sculptured lines of the exterior and luxurious interior fitout.

“At all kinds of levels, we focused on appealing to the senses. Primarily, we want people to appreciate how great it feels to drive a car that gives so much back in terms of all-round refinement, high-technology features, roomy comfort, fuel efficiency and trademark Holden performance.”

ANDREW SMITH,
DESIGN DIRECTOR

“The look is radically different and aerodynamically slick. The stance is wider, more planted, tuned in the wind tunnel. Fluidly shaped, intricately jewelled tail lamps extend into the aluminium decklid, framing a dominant central Holden lion badge. Graphics are streamlined and uncluttered; the licence plate placed low in the fascia.”

PETER HUGHES,
DESIGN MANAGER

“The higher, wider, handsome front end features complex hood surfacing with a subtle central power bulge. Striking halogen projector headlamps incorporate a sweeping ‘curved blade’ park lamp effect. The level of detail and ornamentation is exceptional.”

PETER HUGHES,
DESIGN MANAGER

Calais V-Series Jet Black/Light Titanium interior

“All-new seat shapes feature accent trims, stitching and detailing that harmonise with corresponding cues on the doors and instrument panel.”

KIRSTY LINDSAY,
DESIGN MANAGER COLOUR & TRIM

“The sculptured wheel arches, larger wheels and tyres reinforce the lithe, athletic stance.”

PETER HUGHES,
DESIGN MANAGER

“A contemporary take on the characteristic Commodore outline – all potency and forward movement. Tailored, sculptured, balanced. Punctuated by glossy new lamp graphics, and the signature fender vent and new muscular multi-spoke wheel designs.”

PETER HUGHES,
DESIGN MANAGER

Calais V-Series Jet Black/Light Titanium interior

“The quality woven fabrics; smooth new soft-feel leather appointments; classy twin needle and deck stitching on seats, doors and instrument panel; selections of perforated leather, suede & fabric inserts; and centre seat strip accents place the emphasis on luxury and sophistication.”

KIRSTY LINDSAY,
DESIGN MANAGER COLOUR & TRIM

Calais V-Series Jet Black/Light Titanium interior

WE'VE ENGINEERED

PURE PERFORMANCE

The Commodore is lighter, smarter, more streamlined and delivers the most fuel efficient drive in its history, without compromising any of its renowned performance prowess.

ENGINE LINEUP

Spark Ignition Direct Injection (SIDI) V6

This state-of-the-art V6 engine delivers outstanding acceleration, performance and fuel economy. Key SIDI features include:

- Precisely controlled fuel delivery
- Increased cylinder air intake
- Increased cylinder compression ratio
- Aluminium engine block and cylinder heads

3.0 litre SIDI V6

A proven performer, this engine is heroed on the Evoke model, the 3.0 SIDI V6 delivers a great balance of specific output, high torque over a broad rpm band, fuel economy, low emissions and first-rate noise, vibration and harshness control.

3.6 litre SIDI V6

This latest generation brings greater refinements to an already impressive engine, perfectly in tune with the SV6, Calais and Calais V-Series. The use of lighter weight components and enhancements add up to improved performance, efficiency and durability.

3.6 litre Vapour Injection LPG V6

Our ground-breaking LPG engine emits 185 grams of CO² per kilometre* – the lowest figure of any locally built six-cylinder sedan and is capable of meeting 'Beyond Euro 6' emission standards. In fact our dedicated LPG Commodores achieve fuel running costs comparable to, and in many cases better than, many small petrol-powered vehicles.

Refer to the Green Vehicle Guide for further information.

6.0 litre Generation IV Alloy V8

Standard with SS and SS V-Series models, and optional with the Calais V-Series, this powerful 6.0 litre V8 engine offers exceptional performance and towing capabilities, Active Fuel Management (AFM) on automatic models, and bio-ethanol compatibility. A phenomenal 270kW*[^] of power and 530Nm*[^] of torque is achieved when teamed with the 6-speed manual transmission, and 260kW/517Nm*[^] with the 6-speed automatic with Active Select.

AERODYNAMIC DESIGN EFFICIENCY

The car's slimmed down shape makes a memorable design statement; and offers exceptional efficiencies to the drive. Every detail is tuned to the nth degree; even the fine vertical crease that runs through the Sedan tail lamps has a purpose beyond smart looks.

EPS SAVES EXTRA 0.2L PER 100KM

The sharpened steering response of the new Electronic Power Steering (EPS) is more than matched by the real world fuel savings it generates. Precision-tuned to match different models, EPS only draws power when in use; driving better fuel economy.

TOTAL FUEL FLEXIBILITY

All models powered by SIDI V6 and 6.0 litre V8 engines have flex-fuel capability, allowing them to run on bio-ethanol⁺ (E85), E10, Unleaded, Premium or any combination in between. It's part of Holden's future-friendly strategy to provide a range of smart, energy-diverse vehicles.

LIGHTER BODYWEIGHT

Clever 'light-weighting' measures offer benefits beyond the significant fuel savings. You'll also enjoy enhanced drive character and safety performance; and a more responsive, European-style feel to handling.

FUEL SAVING AFM

Available on the automatic V8 models, the very smart Active Fuel Management (AFM) allows the engine to operate on only four cylinders during certain light-load driving conditions, saving the fuel normally used to drive all eight cylinders.

SMOOTH 6-SPEED TRANSMISSIONS

6-speed automatic with Active Select
This silky smooth transmission maintains optimum engine economy across a wide range of driving conditions, and offers the added advantage of one-touch switching between automatic or manual gear shifting via Active Select.

6-speed manual
Designed with a super smooth short throw for spirited driving, it has the ideal first gear launch feel and lower cruising revs in sixth. The choice if you prefer a hands-on approach.

CO² emissions figures based on Commodore Evoke Sedan LPG, controlled testing using ADR 81/02. Actual CO² emissions figures may vary

⁺ Bio-ethanol is a blend of up to 85% ethanol and 15% petrol

* Maximum figures as per ECE regulations

[^] Figure quoted using 98 RON (PULP)

Full-colour 8" touch screen display

The stunning 8" high-resolution touch-screen is the centrepiece of Holden MyLink; its fluid graphics perfectly in tune with the Commodore's sophisticated interior. Customisable and simple to use, it controls your media in a way that syncs with you, as well as displays exterior ambient temperature and air conditioning functions.

Enhanced integrated Bluetooth® with voice control[^]

Holden MyLink takes Bluetooth® connectivity further with voice control, allowing you to control much of the MyLink system and your phone's functionality with just the sound of your voice. Other enhancements include the ability to pair up to five phones, store up to 1000 contacts and access missed or recent calls.

Enhanced voice control powered by Nuance®

Holden MyLink lets you use simple voice commands to make phone calls, select radio stations or play music from a smartphone, iPod®, iPhone®, MP3 player or USB device. The epitome of hands-free, this highly accurate voice recognition technology also benefits from the Commodore's super-quiet interior. The vehicle can also receive and read out text messages to you whilst you drive with the clever 'text to speech' functionality.

Customised Pandora® and Stitcher SmartRadio® apps†

We live in a world filled with apps. Top-rating smartphone apps Pandora® and Stitcher SmartRadio™ can be streamed via the app-based Holden MyLink interface. Create radio choices based on your favourite artists (Pandora) or generate the content you want from news and talk radio sources (Stitcher). You can even take advantage of the Commodore's advanced voice control to use these apps.

Gracenote® music recognition

Gracenote® quickly identifies music, podcasts or audio books stored on smartphones or other devices – making it easy to pick and play tracks. It can also tap into the voice-recognition system, enabling you to pinpoint bands, artists and albums – and even command the system to play music by using a famous nickname.

Siri® Eyes Free*

If you've got a compatible iOS device you can access the Siri® Eyes Free feature. In this mode you can ask Siri® to call people, select and play music, hear and compose text messages, read notifications and add reminders. It's just like having a personal assistant onboard.

Integrated iPod®, iPhone®, and USB connectivity[^]

Holden MyLink incorporates all the familiar iPod® functions you would expect, including song shuffle and playlist creation, as well as the capacity to support up to 10,000 songs on a USB device.

Smart Satellite Navigation with live traffic updates

Maximising the 8" screen, the high-spec navigation system (V-Series models) delivers full colour mapping, intuitive controls, handy traffic management and point-of-interest functions. Advanced new displays such as the zoom view with moving vehicle indicator enable easier navigation through complex road networks.

Optional on non V-Series models.

Legendary Bose® audio performance

The 220 Watt Bose® audio system incorporates nine speakers, including sub-woofers, to produce a pure, neutral tone balance from one end of the sonic spectrum to the other.

Standard on Calais V-Series and SSV Redline Sedans. Optional package on SS V-Series Sedan with sunroof.

WITH MYLINK WE CREATED SEAMLESS CONNECTIVITY

Never before has an Australian-built car been so in sync with the wider world. Say hello to Holden MyLink infotainment.

We've taken seamless connectivity to a whole new level, from accessing apps to streaming internet radio. And it's all available with minimal effort, whether selecting your media by voice control, the intuitive touch-screen, or the steering wheel.

It's all about making your life better and easier. Personalising your driving experience.

mylink

[^] Mobile phone, iPod®, USB, Bluetooth® and auxiliary functionality of the Holden MyLink will depend on the level of compatibility of your device. Visit holden.com.au for a list of compatible devices.

^{*} Requires compatible iOS device. Visit apple.com/au for a list of compatible devices. Data charges may apply.

WE DEVELOPED

TECHNOLOGY THAT PROTECTS

With an unprecedented level of active safety technology and crash protection, the Commodore is looking out for you in every possible way.

5-star ANCAP rating

The Commodore has been awarded with the highest possible 5-star ANCAP rating – across the Sedan & Sportwagon range. Safety features incorporated throughout the vehicle reduce front, side and rear impact; whiplash; and improve pedestrian protection.

Protect your precious cargo

Inside the Commodore, your most precious cargo is protected like never before with advances such as the simple-to-use ISOFIX child seat anchorage system. Available in all three back seat positions, ISOFIX creates a rock solid connection between the child seat and vehicle body and offers a high level of side impact crash protection.

A car with a sixth sense

Available on selected models, intelligent avoidance systems such as Forward Collision Alert, Lane Departure Warning, Blind Spot Alert and Reverse Traffic Alert help to expand your all-round vision and draw attention to potential road hazards.

Advanced network of chassis control systems

The advanced network of chassis control systems can help you out of tricky situations, including Electronic Stability Control (ESC), all-new Trailer Sway Control, Anti-lock Braking System (ABS), Traction Control, Electronic Brakeforce Distribution, and Electronic Brake Assist.

Crash-optimised body

The crash-optimised body uses a range of advanced materials including ultra high-strength Boron steel, creating a stronger yet lighter structure. This also led to a new standard in front-end pedestrian impact protection.

Trailer Sway Control

Whether pulling a trailer or caravan, this cutting-edge safety feature activates the brakes and reduces engine torque if it detects any towing instability, creating a safer towing experience for drivers.

Six-airbag system

All models are fitted with a dual-stage front airbag for the driver, a front passenger airbag, side impact airbags for driver and front passenger and side curtain airbags. The side impact protection is further enhanced with the addition of thorax/pelvis airbags as part of the six airbag system, enabling a wider area of the body to be covered in the event of a collision.

SEDAN AND SPORTWAGON

EVOKE

The Evoke sits proudly as the first model in the new era of Commodore; setting the standard with its redefined sculptured body and 'sixth-sense' technologies such as Automatic Park Assist. This high level of precision is evident throughout, from the SIDI Direct Injection V6 and all-new Electric Power Steering, to its stunning interior with layered trim and fluid instrument panel integrating Holden's MyLink.

ENGINE & TRANSMISSION

- 3.0 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- Optional 3.6 litre LPG V6 engine and 6-speed automatic transmission with Active Select

SMART TECHNOLOGIES

- Automatic Park Assist
- Rear View Camera
- Front Park Assist
- Rear Park Assist
- Electric park brake
- Smart remote engine start system

SAFETY

- 5-star ANCAP rating

JET BLACK LEATHER (SPORT)

JET BLACK LEATHER (LUXURY)

JET BLACK LEATHER (REDLINE)

LIGHT TITANIUM LEATHERˆ

PHANTOM BLACKˆ

A true black metallic with a shimmering silver sparkle within the highlight. Drop out turns to a powerful solid Jet Black.

REGAL PEACOCK GREENˆ

An all new evocative dark and deep green metallic. Capturing a strong burst of rich and intense green in the highlight. The shadow transforms into a dark midnight green black with a solid appearance.

ALCHEMY PURPLEˆ

A luxurious deep crimson burgundy with darker toned crimson drop out.

KARMA BLUEˆ

A mid-toned jade green metallic where the highlight strikes a subtle cool green blue hue while the drop out transitions into a deeper, redder, washed out blue. This colour has a subtle hue shift.

PRUSSIAN STEEL GREYˆ

An all-new neutral medium grey metallic with a semi coarse silver highlight and a dark smoky drop out.

PERFECT BLUEˆ

A bright metallic blue with a highlight capturing a saturated, intense blue metallic sparkle. Drop out possesses a darker solid tone blue.

NITRATE SILVER**ˆ

A light silver metallic with a highlight transforming to a lighter silver with a bright sparkle. In shadow Nitrate Silver turns into a slightly darker shade of silver.

HERON WHITEˆ

A crisp and robust solid white.

FANTALE ORANGE**ˆ#

An all-new vibrant orange. Fantale Orange has a solid appearance.

RED HOTˆ

An intense solid bright red.

* Prestige Paint colours available at additional cost ˆ These exterior colours are matched with High Gloss Black Alloy wheels on the SSV Redline

** Fantale Orange is not available on Sportwagon - Selected options available at additional cost, please refer to your Holden Dealer for details

ˆ Light Titanium Leather is available on Calais V-Series Sedan only

Capped Price Servicing

GET PEACE OF MIND, *not* SURPRISES

Imagine knowing exactly what your standard service costs will be before you even drop off your car. That's the peace of mind you get with Holden's Capped Price Servicing.

Every new eligible Holden comes with Capped Price Servicing for the first three years or 60,000 km, whichever comes first.[^]

4x CAPPED PRICE SERVICES

FOR THE FIRST 3 YEARS OR 60,000KMS, WHICH EVER COMES FIRST.

No surprises, no uncertainty, no worries. Just what you'd expect from Holden.

Regularly servicing your Holden at a Holden Dealership has a number of long-lasting benefits.

✓ When it comes to selling your vehicle, it can add value and buyer confidence.

✓ Only Holden Dealership Technicians have access to regular Holden factory training and equipment.

✓ We only use Holden Approved Parts, which are covered by the manufacturer's warranty.

More CHOICES, More BENEFITS. More REASONS TO DRIVE A HOLDEN.

Customer Care

With more than 280 service centres Australia-wide, a Holden Dealer is never far away. Our Holden Customer Care Centre is also available to answer any questions over the phone.

Call 1800 033 349 8am – 7pm Mon – Fri, 9am – 1pm on Sat (AEST).

New Vehicle Warranty

Every new Holden comes with a New Vehicle Warranty, covering your Holden for 3 years (from date of first registration) or 100,000km, whichever comes first. Full terms and conditions can be found within the enclosed Holden Warranty flyer.

Genuine Service

Servicing your Holden at an authorised Holden Service Centre gives you complete confidence, knowing that only Holden Dealership Technicians have access to regular Holden factory training and equipment.

Holden Insurance

Holden Insurance arranges a number of competitively priced insurance products, providing a tailor-made, customised policy just for you.

For more information, call the Holden Insurance hotline on 1300 784 026.

Genuine Parts

Holden Genuine Parts are designed and built to our exacting standards, ensuring your Holden continues to perform as it should. In addition, all Holden Genuine parts are covered by a generous 2 year / 50,000 km warranty.

Genuine Accessories

Add an individual touch to your Holden with our extensive range of Genuine Holden Accessories. Each one is tested by Holden or GM Engineers in accordance with Holden's own demanding standards and Australian Design Rules (ADRs)*.

Roadside Assistance

Every new Holden comes with 1 year Holden Roadside Assistance. It's one of Australia's most comprehensive assistance packages, with more than 3,000 Roadside Assistance patrols nationwide.

Extended Warranty

The Holden Extended Factory Warranty is issued and fully supported by Holden and its Dealer network, covering all parts and workmanship originally covered by the New Vehicle Warranty in addition to what is covered by the Australian Consumer Law.

* Where ADRs apply for the product

[^] Subject to the Capped Price Servicing terms and conditions. Prices stated are max capped amount for each service, up to four standard scheduled services (as specified in the Service Warranty Booklet) for the first three years or 60,000km, whichever comes first. Capped price services can be claimed within 3,000kms / 90 days of scheduled service date, whichever comes first.

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and/or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request. Copyright GM Holden Ltd.
