

Q 50

INFINITI

Inspired Performance

Infiniti Q50

Be driven by desire. Revel in it and reveal
the sensory delights of luxurious feel.
The all-new Infiniti Q50 is designed for these
delights. It delivers high-performance intensity
and state-of-the-art originality. Luxury has found
its future. Time to indulge.

IN OBSESSION

IN RESPONSE

Be known. No matter where you go, your presence should stir a reaction. Discover the rewards of recognisability with technology that greets you with anticipation.

INFINITI INTUITION custom-tailors your Q50 for you automatically. Everything from the driver's seat, to navigation preferences, to your climate control, audio and performance settings will be set precisely the way you desire. All of which is linked to your intelligent key.

WELCOME LIGHTING elegantly draws you into the driving experience. As you approach, a sequence of exterior then interior lights reward your presence. Walk away, and the sequence occurs in reverse. Welcome home.

Velocity has a special kind of magic. The moment you're launched forward, you can feel from the inside out engineering that accelerates emotion, with power and efficiency. It's much more than just movement.

INFINITI DIRECT RESPONSE HYBRID® This leading edge technology doesn't ask you to choose between efficiency and exhilaration. Capable of achieving 6.8 litres per 100km, it also delivers 268kW* of combined engine with heart pounding immediacy.

*Based on 98 RON Unleaded fuel

Q50

A close-up, low-angle shot of a driver's hands on the steering wheel of an Infiniti Q50. The driver is wearing a blue jacket. The car's interior, including the dashboard and instrument cluster, is visible. The background shows a city skyline at dusk, with buildings and trees silhouetted against a blue sky. The overall mood is sophisticated and dynamic.

What are you seeking? What feeling are you waiting for? As you take hold of the steering wheel, no matter what experience you anticipate, the Q50 amplifies it. It's designed to become whatever you desire.

DIRECT ADAPTIVE STEERING expands your sense of total control behind the wheel, and your relaxation on the road with a digitally enhanced steering connection, allowing for an unprecedented level of handling customisation and filtering out unwanted vibration.

INFINITI DRIVE MODE SELECTOR matches the way your vehicle performs to your conditions, your needs and even your mood with the simple flick of a switch.

There are hidden levels of driving enjoyment that are unlocked when technology and design converge to purify your connection with the road. It takes only an instant to discover what's beneath the surface.

DUAL FLOW PATH® SHOCK ABSORBERS adjust damping forces based on road conditions to maintain the perfect ride and precise response that suits every moment behind the wheel.

ZERO-LIFT AERODYNAMICS manage airflow to ensure your Q50 is balanced while you're in motion, helping maintain exceptional stability at speed and its intimate connection to the road, even if you encounter turbulence.

IN PURSUIT

Q50S

INTELLIGENT CRUISE CONTROL automatically slows you down when traffic in front of you slows down. When the way is clear, it accelerates back to your desired speed. Less effort, more ease.

BACK-UP COLLISION INTERVENTION is a visionary technology that extends your awareness and your confidence. It scans the area behind your car, and -as you reverse- can warn you if it detects a vehicle approaching from either side. The system can also intervene by automatically engaging the brakes to help avoid a collision.

BLIND SPOT INTERVENTION helps ensure that nothing compromises your confidence by using radar systems to watch carefully for danger where you can't see. If it detects a vehicle in your blind spot, it warns you, and can intervene to help you avoid a collision.

Your every touch has power. The greatest response and the tightest connection can come from a momentary contact, the lightest touch of a fingertip. Discover how technology designed in the right way can transform your gestures into influence.

IN ANTICIPATION

INFINITI INTOUCH™ integrates your digital life, including apps, in a system that responds naturally to your touch. Touch, tap, swipe to navigate webmail, stream music, catch up on social media and more.

INFINITI INTUITION™ integrates a wide variety of settings from the audio, climate control and navigation system to ensure that every time you enter your car, it knows you perfectly.

AROUND VIEW® MONITOR is a ground-breaking technology from Infiniti that gives you a virtual 360° view of your environment while parking. You see your surroundings as though from above to create an extraordinary level of awareness.

Visionaries don't just see the world with greater accuracy, they dream of new experiences that never were before. Take hold of a singular vision of luxury that owes nothing to conventions that have preceded it, and everything to your total sensory delight.

IN AWAKENING

LED HEADLIGHTS are designed to complement the sculpted design of the all-new Q50 and create a dramatic flair that will turn heads.

HIGH BEAM ASSIST automatically dims your lights as oncoming vehicles approach. Extending courtesy with increased safety and convenience catered for you.

MATCHLESS MATERIALS Glide your hand across the armrest and your fingertips seem to recognise the instinctively rewarding feel. This is purely intentional. We took one-and-a-half years, surveying people all over the world to quantify the most pleasing tactile feel, then created the perfect materials to match it. With tension and texture that match the depth and spacing of the ridges in your fingerprint, it imbues the surfaces you'll engage most with the perfect touch.

INVITING YOU IN We use light to not only make you feel more secure, but to make you feel like an honoured guest. Welcome lighting responds to your presence automatically by gently illuminating the puddle lights as you unlock the door. Then, as you enter the car, the interior lights are illuminated. This choreographed sequence ends with the Start/Stop Button, pulsing as though with a heartbeat—inviting you to bring your Q50 to life and building anticipation for the road ahead.

EVERY BREATH FRESHER AND CLEANER Even the invisible is never overlooked. The Advanced Climate Control System features the innovative Plasmacluster® air purifier, which actively produces positive and negative ions that help prevent odours from sticking to interior materials and even helps kill mould and viruses. It works in harmony with the Grape Polyphenol Filter, which removes up to 99.5% of allergens from the air coming in from the outside.

ABUNDANT SPACE The interior of the all-new Q50 was designed to emphasise both the rewards of spaciousness and the feeling of space. Its low, wide stance help maximise head and hip room for all passengers. Interior elements like the roof and windshield pillars were shaved and shaped to give a more open feeling. The backs of the supportive front seats give rear passengers more legroom. What's more, a wide boot opening gives you easy access to one of the largest luggage compartments in its class.

PROTECTION

The Infiniti Safety Shield® concept—our comprehensive approach to safety—layers technologies to monitor conditions, help you avoid a collision, and help protect you and your passengers if one occurs.*

HARM MITIGATED Forward Emergency Braking scans the area ahead of you, looking for signs that an unavoidable collision might be imminent. If it detects a probable accident, the system warns the driver, and automatically engages the brakes and tightens the driver's seat belt to reduce speed and mitigate damage.

REVERSE WITH GREATER CONFIDENCE A world's first from Infiniti, Back-Up Collision Intervention employs an advanced set of sensors to help detect vehicles approaching from either side as you back up. If a vehicle is detected, the system alerts you—first, a warning light appears, then an audible alarm sounds, followed by accelerator pedal-force feedback. The system can even intervene by automatically engaging the brakes to help avoid a collision.

SENSES WHERE YOU CAN'T SEE The Blind Spot Intervention System® uses sensors to help alert you to a vehicle detected entering the blind spot area in an adjacent lane and helps you avoid it. First, the warning light illuminates. Then, if you begin moving toward the occupied lane, a warning sounds. The system will apply the steering to help you guide the vehicle back to the centre of your current driving lane.

ALWAYS LOOKING FOR DANGER Predictive Forward Collision Warning can warn you of a possible collision, even when the cause is outside your field of vision. It uses radar to continuously monitor and analyse the relative speed of not only the vehicle directly ahead of you, but of the vehicle in front of that one as well. If your closing speed on either exceeds safe limits, it provides an alert and tightens the seat belt to help restrain you.

MAINTAINING YOUR LANE The Lane Departure Warning System uses a camera to watch departure from the travelling lane when you haven't indicated, and audibly warns you if it's detected. Then, if the drift continues, the Lane Departure Prevention System gently helps ease your vehicle back into the proper lane. Active Lane Control can help you stay centred in your lane when driving in a crosswind or on a slanted road.

*Available on Infiniti Sports Premium models as standard. Pictured: Infiniti Q50 SP in Liquid Silver.

INTELLIGENCE

A SMARTER WAY TO SEE The Adaptive Front Lighting System lights not just the way ahead, but around as well. It directs light toward corners by turning the headlights in coordination with steering input. The all-new Q50 also introduces the innovative High Beam Assist technology, which automatically dims your high beams when oncoming traffic approaches at night.

ALL-AROUND AWARENESS The Around View® Monitor with Front and Rear Sonar System and Moving Object Detection gives you exceptional awareness of your environment as you park. You'll see a simulated 360° view from above, showing you clearly the objects detected around your car. And the system will even alert you to moving objects detected in your vicinity.

SECURING YOUR SPACE Distance Control Assist employs radar to monitor the vehicle in front of you and helps you maintain a safe following distance. As your following distance becomes too short, the system can automatically engage the brakes as you release the accelerator pedal, and it can warn you if you need to brake.

AUDITORY INDULGENCE The next-generation Infiniti Studio on Wheels® by Bose® brings 14 individual speakers to bear in its powerful array—three of which are 10-inch subwoofers, which add palpable depth to every form of music. Their positioning and sound delivery is precision-engineered specifically for the interior of the Q50 to filter out noise and distortion, and to surround you with compellingly rich and realistic sound.

EASE IN TRAFFIC Intelligent Cruise Control (Full-Speed Range) allows you to choose your desired speed, and automatically adjusts speed to adapt to the driving flow. As traffic flow picks up, it accelerates your vehicle to your preset speed.

SPEAK YOUR DESIRE Infiniti Voice Recognition allows you to call a contact from your phone, play an audio track and more, all without taking your hands from the wheel. The system recognizes a wide variety of commands, making your life that much simpler.

SPECIFICATIONS

Precision built quality, fuel efficiency and output can be measured with instruments or graphs, but the true excellence of Infiniti engines is in the feeling unleashed as you drive.

STANDARD SPECIFICATIONS

Transmission

- 7-speed automatic transmission with Adaptive Shift Control (ASC)
- Downshift Rev Matching (DRM)
- Drive Sport (DS) mode
- Customisable throttle response and shift points linked to Drive Mode Selector
- Hill start assist

Steering

- Active Trace Control
- Vehicle-speed-sensitive power steering

Braking

- 4-wheel ventilated disc brakes
- 4-channel Anti-lock Braking System (ABS)
- Brake Assist (BA)
- Electronic Brake-force Distribution (EBD)
- Foot-operated handbrake pedal

Suspension

- Front - Independent double-wishbone with coil springs over Dual Flow Path® shock absorbers & stabiliser bar
- Rear - Independent, multi-link with coil springs over Dual Flow Path® shock absorbers & stabiliser bar

Wheel & Tyre

- 17-inch 5 twin-spoke light alloy wheels
- 225/55 RF17 Run-flat performance tyres

Body & Exterior

- Advanced aerodynamic body
- Body-colour bumpers
- Body-colour exterior mirrors with LED turning signal
- Chrome plated door handles
- Chrome plated fog light surrounds
- Chrome plated window mouldings
- Dual chrome exhaust tip finishers
- Lightweight body components
- Signature double-wave front grille
- Scratch Shield clear coat paint
- Zero-lift front and rear aerodynamics

Infotainment & Communication

- 2 USB/iPod® connection ports
- 6-speaker premium audio system
- Active Noise Control (ANC)
- AM/FM audio system with single CD/DVD player
- AUX-in RCA connection ports
- Bluetooth® audio streaming
- Bluetooth® technology for mobile connectivity
- Digital Radio (DAB+)
- Infiniti InTouch™ Apps
- Infiniti InTouch™ dual touch-screen displays (LCD VGA 8" and LCD VGA 7")
- Infiniti InTouch™ Navigation System with real time traffic updates (TMC) TMC (Traffic Message Channel)
- Infiniti Voice Recognition for audio and Bluetooth® systems
- Multimedia playback
- Radio Data System (RDS)
- SD card slot for map updates
- Smart phone connection

Interior Features

- 8-way power driver's seat with adjustable lumbar support
- 8-way power front-passenger's seat
- 12V power outlets (2)
- 60/40 split-folding rear seat back with ski hatch (except Q50 3.5 Hybrid)
- Advanced Climate Control System (ACCS) with auto-recirculation
- Dual Zone Automatic Temperature Control (ATC) system with microfilter
- Fine Vision electroluminescent gauges
- Fine Vision meter with 5" TFT colour display
- Fold-down rear centre armrest with cup holders
- Front (2) & rear (2) cup holders
- Front backrest storage
- Front bottle holders (2)
- Front bucket seats with spinal support
- Front-seat centre console
- Glove box with light & lock
- Heated front seats
- Infiniti premium carpet floor mats
- Multi-function trip computer with fuel range and outside temperature display
- Plasmacluster® air purifier and Grape Polyphenol Filter
- Rear coat-hanger hooks (2)
- Rear floor ducts and rear vent
- Sunglasses holder

- Sun visors with illuminated vanity mirrors and extensions

Interior Appointments

- Authentic Kacchu aluminium interior trim
- Infiniti-branded stainless steel sill plates
- Leather-faced seating upholstery
- Leather-wrapped 3-spoke steering wheel with polished aluminium accent
- Leather-wrapped shift lever with polished aluminum accent

Comfort & Convenience

- Auto up/down power windows with auto-operation linked to I-Key
- Entry/exit assist for driver's seat and steering wheel
- Illuminated Push Button Ignition
- Infiniti Intelligent Key (I-Key) with smart access and enhanced memory
- Power boot lid release
- Power tilt and telescopic steering column
- Power window switch illumination
- Remote keyless entry system with door handle touch selective unlocking

iPod is a trademark of Apple Inc.
Bluetooth is a trademark of Bluetooth SIG, Inc.

STANDARD SPECIFICATIONS

Safety & Security

- 3-point Emergency Locking Retractor (ELR) seat belts
- Adjustable front-seat head restraints
- Adjustable speed limiter
- Automatic hazard warning signals
- Cruise Control
- Emergency inside trunk release
- Front and rear parking sensors with display
- Front driver and passenger airbags
- Front hip-thorax side airbags
- Front seat belts with pretensioners and load limiters
- Front-to-rear curtain airbags
- Infiniti Vehicle Immobiliser System
- ISOFIX seat mounting points in the rear seats
- LATCH System (Lower Anchors and Tethers for Children)
- Rear view camera
- Slide-away brake pedal assembly
- Tyre Pressure Monitoring System (TPMS) with low pressure warning
- Vehicle Dynamic Control (VDC) with Traction Control System (TCS)
- Vehicle Security System (VSS)
- Zone Body construction with reinforced passenger compartment

Technology On Board

- Infiniti Drive Mode selector (Standard, Snow, Sport, Eco* or Personal mode)
- Infiniti InTuition™ fully-customisable digital environment (up to 96 settings)

Visibility

- Auto-dimming rear view mirror
- Automatic on/off headlights
- Cargo area light
- Door-mounted step lights
- Dual front map lights
- Electric-operated heated and folding outside mirrors with integrated LED turn signals
- Exterior mirrors tilt when reversing
- Follow-me home lighting system
- Front and rear fog lights
- Front door handle courtesy lights
- LED centre high-mounted stoplight
- LED headlights with integrated Daytime Running Lights
- LED tail lights
- Rain-sensing front windshield wipers
- Rear reading lights
- Rear room light
- Rear window defroster with indicator light and timer
- Speed-sensing flat-blade variable intermittent front windshield wipers
- UV-reducing solar glass
- Welcome Lighting System

*Eco mode not available on diesel variants.

GENUINE INFINITI ACCESSORIES

MIDNIGHT GRILLE Designed to accentuate the vehicle's existing performance, style and character. Features a sporty satin black grille mesh with an Infiniti chrome surround.

TOW BAR The Infiniti towbar, made from quality materials and tested in the most severe conditions, will make sure nothing jeopardises the integrity of your car and the safety of what is towed.

LOAD CARRIER Increase the versatility of your vehicle with the Infiniti Load Carrier. The rails attach to the roof of your car to allow fitment of other high-quality Infiniti Accessories including the Infiniti Ski Carrier, Roof Box and Bicycle Carrier.

CARPETED BOOT MATS

Sophisticated design and luxurious materials make these floor mats a perfect match for the interior of your Infiniti Q50. An elegant emblem is precision-embroidered with the model name.

SPOILER

Custom-designed for perfect fit and factory-matched colour, the spoiler blends seamlessly with the dynamic lines of the Q50 for a powerful, sporty appearance.

PARTNERS IN THE INTENSE

The pulse races. Seconds split. Victories are won and lost. In Formula 1™, technology and human ingenuity are pushed to the limit. Yet, success is ultimately a measure of the passion that goes into every invention and is released every lap. This passion has led Infiniti Red Bull Racing to become, in recent years, the most dominant force on track.

Infiniti is drawn to Formula 1™ racing because it is engineering genius applied purely to creating emotional excitement. A feeling of exhilaration that extends from the track to the fans, to the culture, through our partner, Infiniti Red Bull Racing. The heart and determination the team has shown has led to four Formula 1™ Constructors' World Championships in a row. Our relationship is one that promises thrilling new performance capabilities for both Formula 1™ and Infiniti vehicles. This exchange of both technology and ideas now includes the appointment of four-time Formula 1™ Drivers' World Champion, Sebastian Vettel, as our Director of Performance. Sebastian has aided in the development of the all-new Infiniti Q50—harnessing his supreme driving senses and passion for performance to ensure this new vehicle is as dynamic as possible. And now, future Infiniti vehicles will be imprinted with the genius and unrivalled passion that defines his greatness.

Ultimate luxury is more than perfection. It is the feeling of unrestrained joy that unleashes something special in your heart. We at Infiniti believe there are times when reason should take a backseat and emotion—pure and primal—should be the driver. Tangibles play a part, of course: the sensual, flowing lines; the smell of leather; the visceral roar of the engine. Established in 1989, Infiniti's flagship line has now grown to include sedans, coupés, convertibles and crossovers, all available in 49 countries worldwide. Infiniti has generated respect as the provocateur in premium vehicles, with a reputation for defying convention and creating irresistible automobiles, engineered with obsessive attention to detail. Our passion for ultimate precision, exhilarating performance and that exuberant driving experience is also manifested in the partnership that Infiniti established with Red Bull Racing in 2011. All of which contributes to the feeling that to drive an Infiniti is something special.
