PORTFOLIO 32-35. STANDARD & OPTIONAL FEATURES AND TECHNICAL  
SPECIFICATION 36-55. *Owning your XK* 56-57.

# For JAGUAR, great design is both a *defining element* of the brand and a *continuous process*.

To JAGUAR, seductive, modern design must balance elegance with power - while always looking forwards. The XK is a perfect illustration of this philosophy whether as a coupé or convertible, naturally-aspirated XK or supercharged XKR.

Every version continues the distinguished line of sporting JAGUARS, including benchmark predecessors like the XK120 and E-Type. But just as those cars re-wrote the design rules in their day, so the XK breaks a new generation of boundaries.

It is a sports car with a stunning new design language - of sweeping lines, powerful haunches and exquisite detail. Its shape is toned, its aluminium skin taut over engineering muscle. It has a sculptural purity and an athleticism that gives the XK a powerful sense of motion even before it moves.

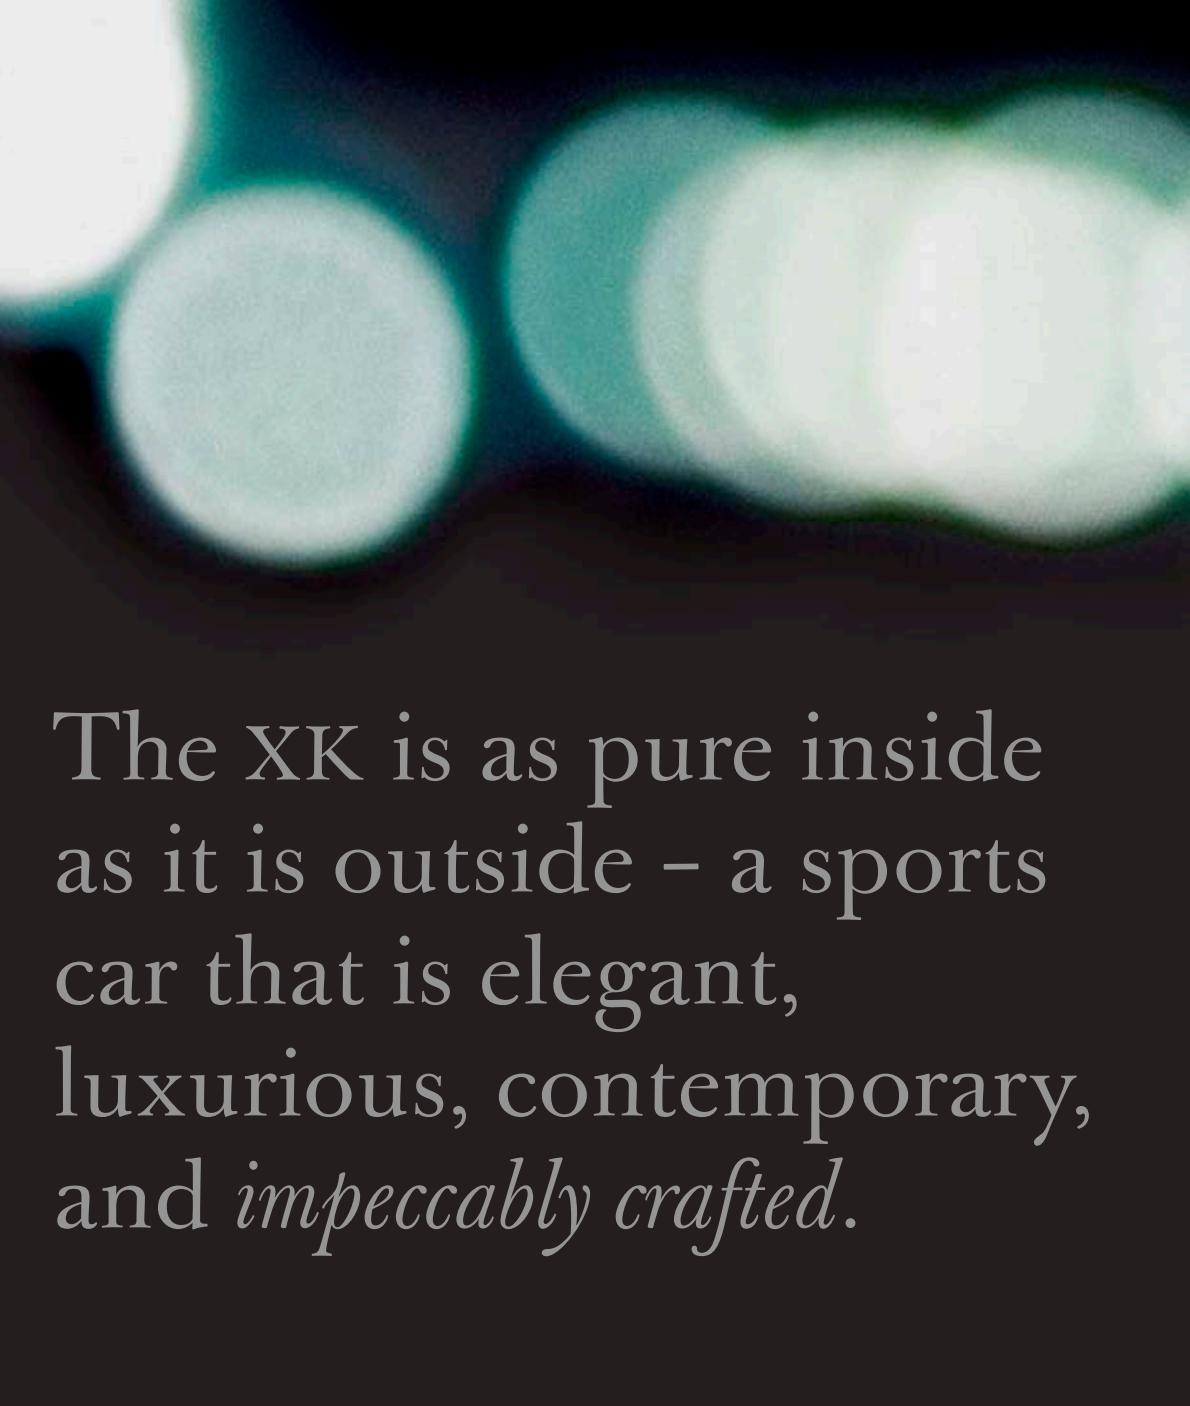

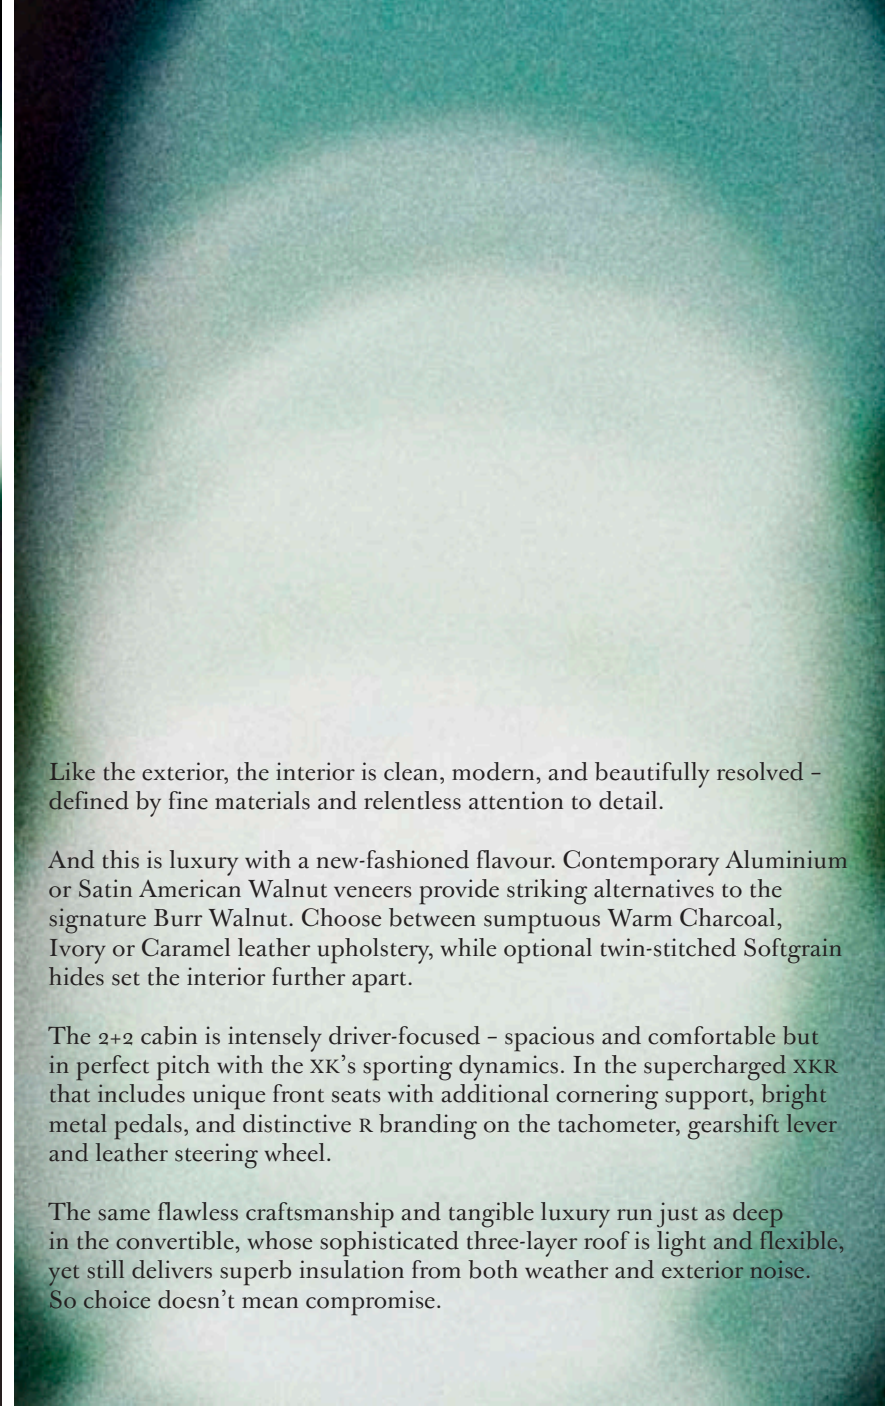

The XK is as pure inside  
as it is outside – a sports  
car that is elegant,  
luxurious, contemporary,  
and *impeccably crafted*.

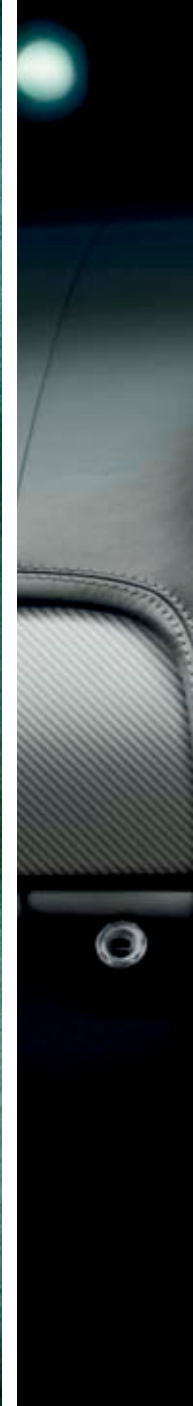

Like the exterior, the interior is clean, modern, and beautifully resolved – defined by fine materials and relentless attention to detail.

And this is luxury with a new-fashioned flavour. Contemporary Aluminium or Satin American Walnut veneers provide striking alternatives to the signature Burr Walnut. Choose between sumptuous Warm Charcoal, Ivory or Caramel leather upholstery, while optional twin-stitched Softgrain hides set the interior further apart.

The 2+2 cabin is intensely driver-focused – spacious and comfortable but in perfect pitch with the XK's sporting dynamics. In the supercharged XKR that includes unique front seats with additional cornering support, bright metal pedals, and distinctive R branding on the tachometer, gearshift lever and leather steering wheel.

The same flawless craftsmanship and tangible luxury run just as deep in the convertible, whose sophisticated three-layer roof is light and flexible, yet still delivers superb insulation from both weather and exterior noise. So choice doesn't mean compromise.

*Interior theme: XKR, Warm Charcoal trim and Aluminium knurled pattern veneer.*

*Interior theme: xx Luxury Sport seats, Ivory and Warm Charcoal trim, Aluminium knurled pattern veneer.*

The XK is the *perfect* sports car – a true grand tourer with a breadth of abilities that doesn't ask the driver to choose between performance and relaxed refinement, **BUT COMBINES BOTH.**

Underpinning everything is its lightweight aluminium architecture, a range of powerful V8 engines, advanced automatic transmission, and chassis dynamics that balance grip and handling with comfort and refinement.

The latest generation 219kW 4.2 naturally aspirated V8, and the **SUPERCHARGED** 306kW 4.2 V8 of the XKR, both balance effortless performance with superb refinement. So from the outright power of the XKR, through the sporty soundtrack of the 4.2 V8 with its Advanced Induction and semi-active muffler systems, great driving is never an issue in the XK.

The strength of both these V8 engines is matched by the seamless control of JAGUAR's Sequential Shift™ 6-SPEED ZF transmission. This state-of-the-art system provides all the speed and excitement of a manual shift with the ease of an automatic. Intelligent software allows the gearbox to respond rapidly to changing conditions and the driver's style.

Choose between **DRIVE**, **SPORT AUTOMATIC** and **MANUAL** modes. For maximum driver involvement, one-touch paddles mounted behind the steering wheel can be used to control gear changes manually.

J A G U A R

YVV 81

XK

S-Coupe

At the heart of the XKR is a  
SUPERCHARGED 4.2 LITRE V8.  
Featuring twin air intakes and  
variable inlet camshaft phasing  
to develop 306kW and deliver  
truly breathtaking acceleration –  
0 to 100 KPH in just 5.2 seconds.

The supercharger also ensures high levels of power and torque are available at all engine speeds, providing instant throttle response, outstanding mid-range acceleration and excellent driveability.

The rigid aluminium structure is a superb platform for the suspension, and is the key to XKR's exceptional ride, handling and agility. Increased diameter front brake discs, dedicated suspension tuning and revised steering settings further improve the chassis dynamics and enhance driver involvement and control.

*XKR, black painted calliper with Senta alloy wheel.*

YVV 81

JAGUAR

XK

R

CATS™ (Computer Active Technology Suspension) is engineered to determine the best possible balance between ride and handling by analysing road conditions and continuously adjusting suspension settings via electronically controlled dampers.

Trac DSC (Dynamic Stability Control with 3 setting levels) is designed to intervene in demanding driving situations by applying braking to individual wheels and reducing engine torque. The system helps control oversteer and understeer, and can improve traction and acceleration. Trac DSC also offers an alternative DSC setting for surfaces such as deep snow, sand or gravel.

The XK is the perfect example of *less being more*. In this case, JAGUAR's industry-leading, aerospace-derived ALL-ALUMINIUM CONSTRUCTION means less weight with *more strength and rigidity*, and it is this that sets the XK far apart from other cars.

Because lightness and strength are the keys to everything that makes a great sports car great - from effortless performance, to outstanding agility, improved safety, and greater efficiency and economy.

But beyond lightness and strength, JAGUAR offers truly heavyweight technology, from an advanced braking system that complements the XK's power and performance, to driving aids that help the driver enjoy the XK to the full, supported by safety systems that are protective without being intrusive.

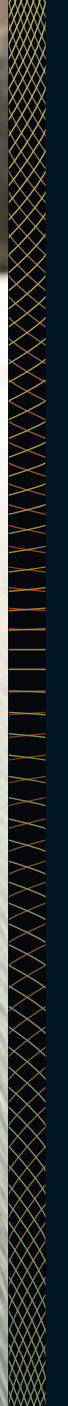

Because JAGUAR also believes that all driving enjoyment begins with confidence and security.

XK features a range of advanced braking systems developed for every kind of driving, and proven over thousands of miles, including JAGUAR's most searching test track – *the 73 corners and 14 switchback miles of the legendary Nürburgring circuit.*

A sophisticated four-channel **ANTI-LOCK BRAKING SYSTEM (ABS)** is standard on all models. It delivers enhanced braking performance in a variety of conditions by rapidly varying brake pressure to resist any wheel locking during emergency braking, so helping to retain steering control. The XK's high performance braking system features larger discs and other advanced features designed to shorten stopping distances while resisting fade even during the hardest use.

**EMERGENCY BRAKE ASSIST (EBA)** is the XK's solution to a familiar problem – that in many situations the majority of drivers apply insufficient brake pressure to deliver the shortest possible braking distance. If it senses a rapid application of the brake pedal, which may indicate an emergency stop, EBA has been designed to automatically deliver additional brake pressure to bring the braking force into the area where ABS becomes active. This automatically allows shorter stopping distances with improved steering control some time before the driver alone would have achieved the same effect.

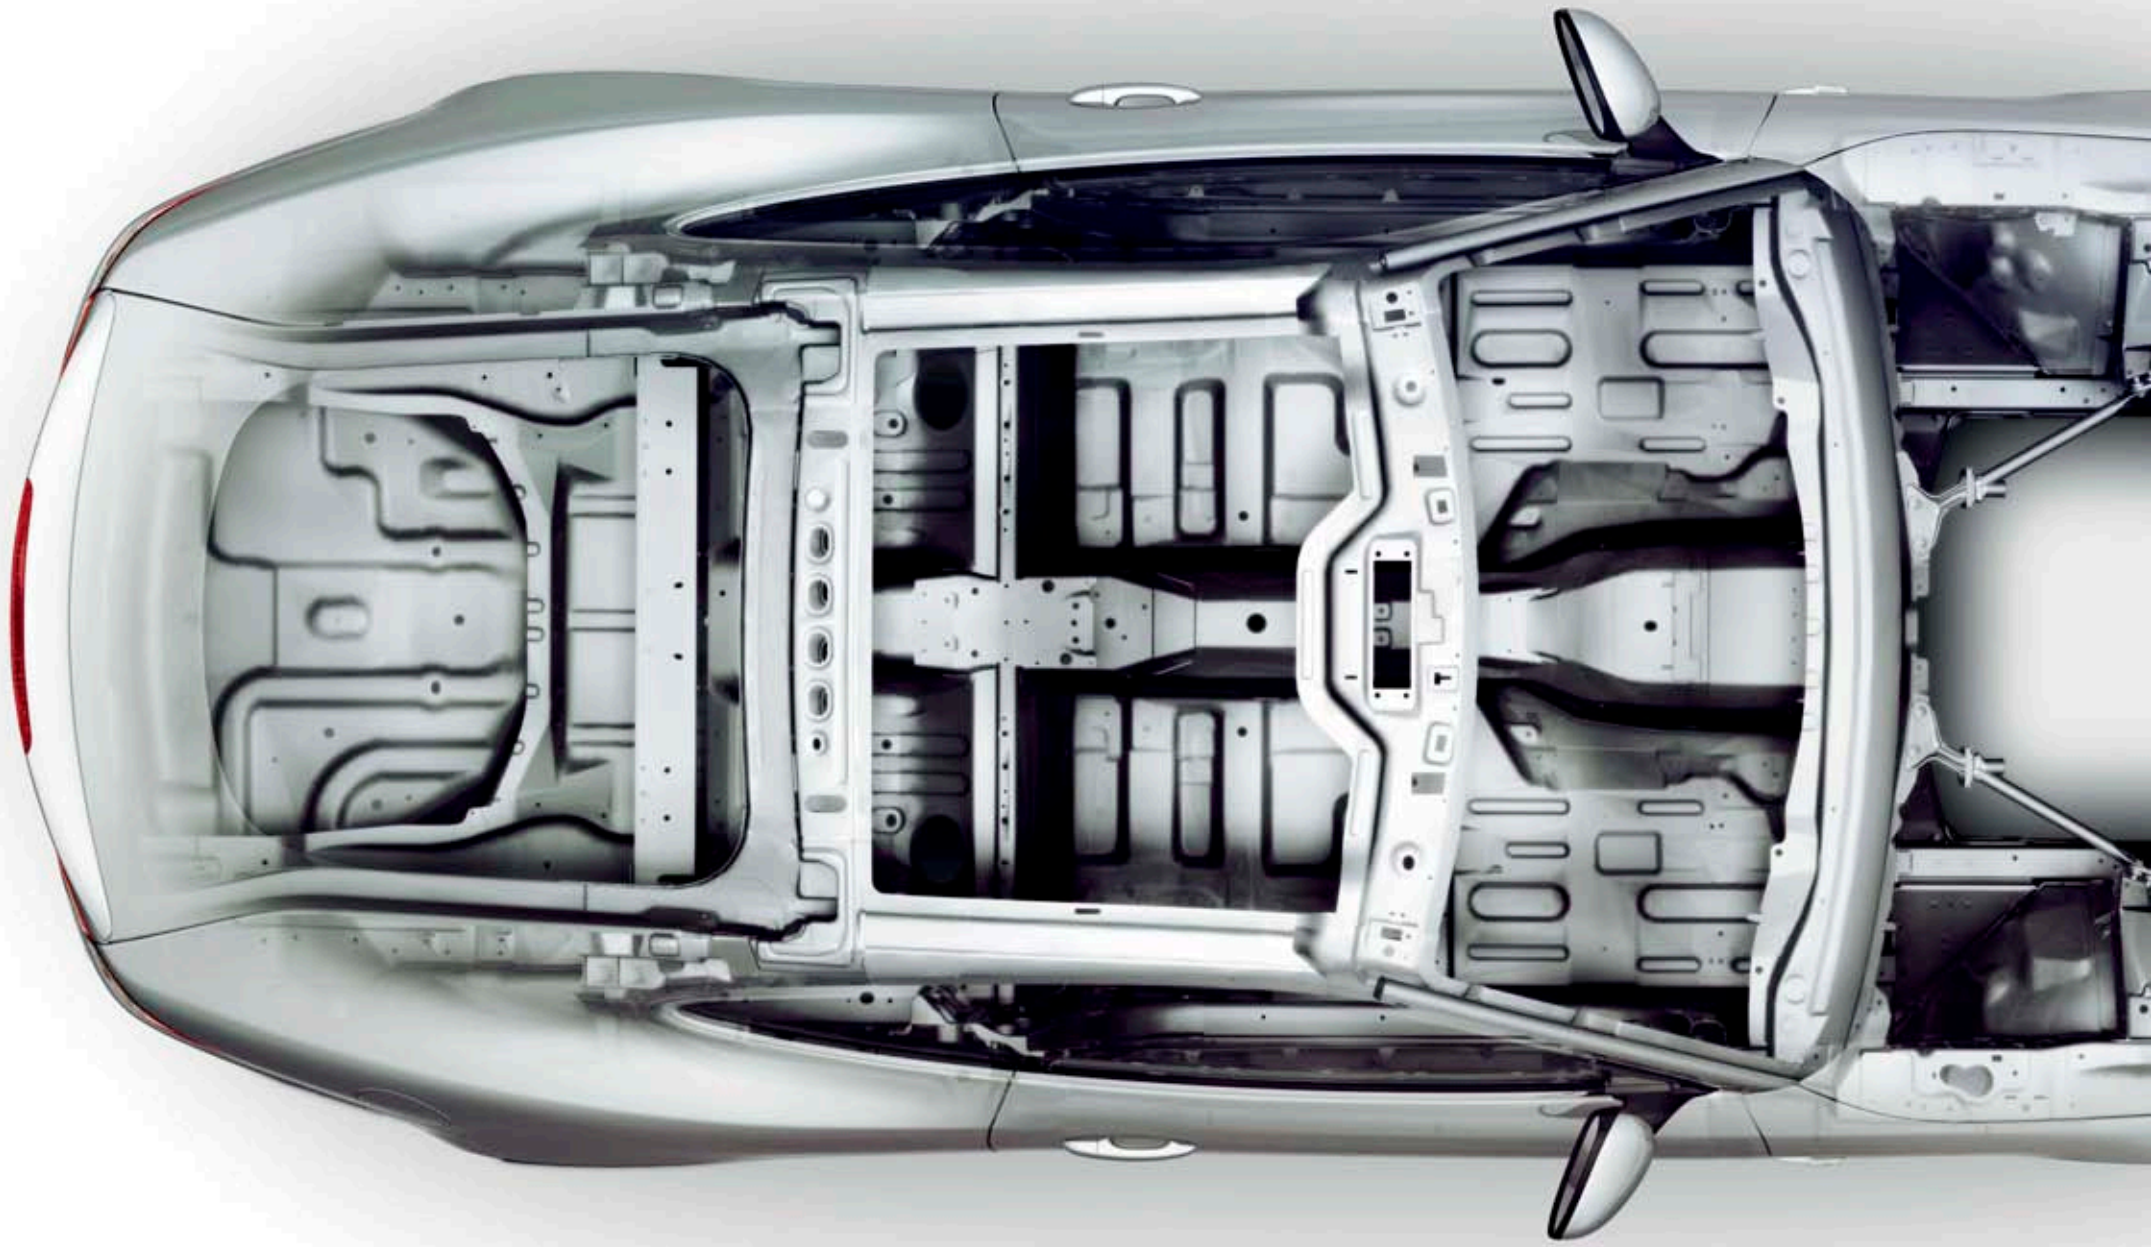

The XK has **PYROTECHNIC PRE-TENSIONERS** for each seat-belt, and **DRIVER AND FRONT PASSENGER FRONT AND SIDE AIR BAGS**. A further layer of protection for the front-seat passenger is provided by JAGUAR's highly advanced **ADAPTIVE RESTRAINT TECHNOLOGY SYSTEM (ARTS™)**. Within a fraction of a second, ARTS™ can assess the severity of a collision, and using four ultrasonic position sensors, a weight sensor in the front passenger seat, plus sensors to detect the seat position and the seat belt status, can determine the presence and position of any front seat passenger, and deploy the dual-stage passenger airbag in the most appropriate way.

The front seats also feature JAGUAR's **WHIPLASH REDUCTION SYSTEM**, which, in the event of an impact from behind, moves and tilts the seatback away from the occupant to absorb energy more progressively, and help reduce the possibility of 'whiplash' injuries.

The XK Convertible, too, has its own array of safety features, including a highly advanced Roll-Over Protection System. If the car's on-board sensors detect an impending roll-over, two massively strong hoops – normally discreetly hidden under the rear tonneau – are triggered and deploy and lock behind the rear seats within 65 milliseconds.

The **TYRE PRESSURE MONITORING SYSTEM (TPMS)** can warn the driver of any inappropriate change in pressure in any tyre – reducing the risk of unexpected failure as well as enhancing ride, handling and fuel economy.

The XK also helps protect those outside the car, with its industry-leading **PEDESTRIAN CONTACT SENSING™ SYSTEM**, and automatically deployable bonnet. The bonnet itself features a special energy-absorbing matrix design, and if the system senses an impact between a pedestrian and the front of the car, it raises the bonnet through a small distance in a very controlled way, to help prevent the pedestrian's head from contacting hard points such as the top of the engine.

JAGUAR believes in technology,  
but more than that,  
JAGUAR believes in technology  
*that works for you.*

This approach is evident even before you drive away: with the **JAGUAR SMART KEY SYSTEM™**. Once the key-fob is inside the car, keyless start is operated simply by pressing the start button. **KEYLESS ENTRY** senses the presence of the key-fob in the pocket or bag of the driver as they approach, and unlocks the doors automatically when the door handle is pulled.

Following JAGUAR's philosophy of keeping control simple and complexity to a minimum, the XK's **7-INCH TOUCH-SCREEN** gives clear, menu-driven access for multiple functions. Located in the centre of the dashboard, the large screen and high-resolution graphics give clarity in any light conditions, and allow the driver to access features including climate control, navigation, in-car entertainment and Bluetooth® telephone connectivity.

The **JAGUAR SOUND SYSTEM**, standard on the XK, combines an FM/AM tuner with a single-slot six-disc CD changer to deliver superb quality audio, with 100-watt amplification, through the XK's high quality six-speaker layout.

The **JAGUAR PREMIUM SOUND SYSTEM**, features three-channel stereo reproduction and 525 watts of low-distortion Dolby® Pro Logic® II Surround Sound delivered through eight speakers. It is standard on the XKR and optional on the XK.

Both systems also allow portable media players - including iPod, other MP3 players and USB mass storage devices such as memory sticks - to interface directly with the car simply by plugging into

the neat panel in the centre console. A dedicated iPod dock gives Touch-screen control of all of the iPod's key functions, including playlists.

The XK's optional **LUXURY SPORT INTERIOR** theme features Luxury Sport seats, with Softgrain perforated leather and 16-way adjustment. Softgrain leather trim with twin-needle stitching detailing is also added to the dashboard, instrument panel, doors, side panel and centre console, and the headlining uses premium quality Alston material.

The high-resolution **DRIVER INFORMATION CENTRE** clearly displays key information such as gear selection, cruise control settings, trip computer data, and driver warnings, for example low tyre pressure from the **TYRE PRESSURE MONITORING SYSTEM (TPMS)**.

Taking forty individual measurements during each scan of its sensor system, the radar-based technology of the optional **ADAPTIVE CRUISE CONTROL (ACC)** lets you maintain your chosen cruising speed without having to touch the throttle. When speed drops in traffic, it maintains a comfortable distance from the vehicle ahead - with both speed and the chosen gap set at a touch from controls mounted on the steering wheel. ACC also offers Forward Alert which sounds an audible warning for the driver to intervene should traffic ahead slow unexpectedly.

iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

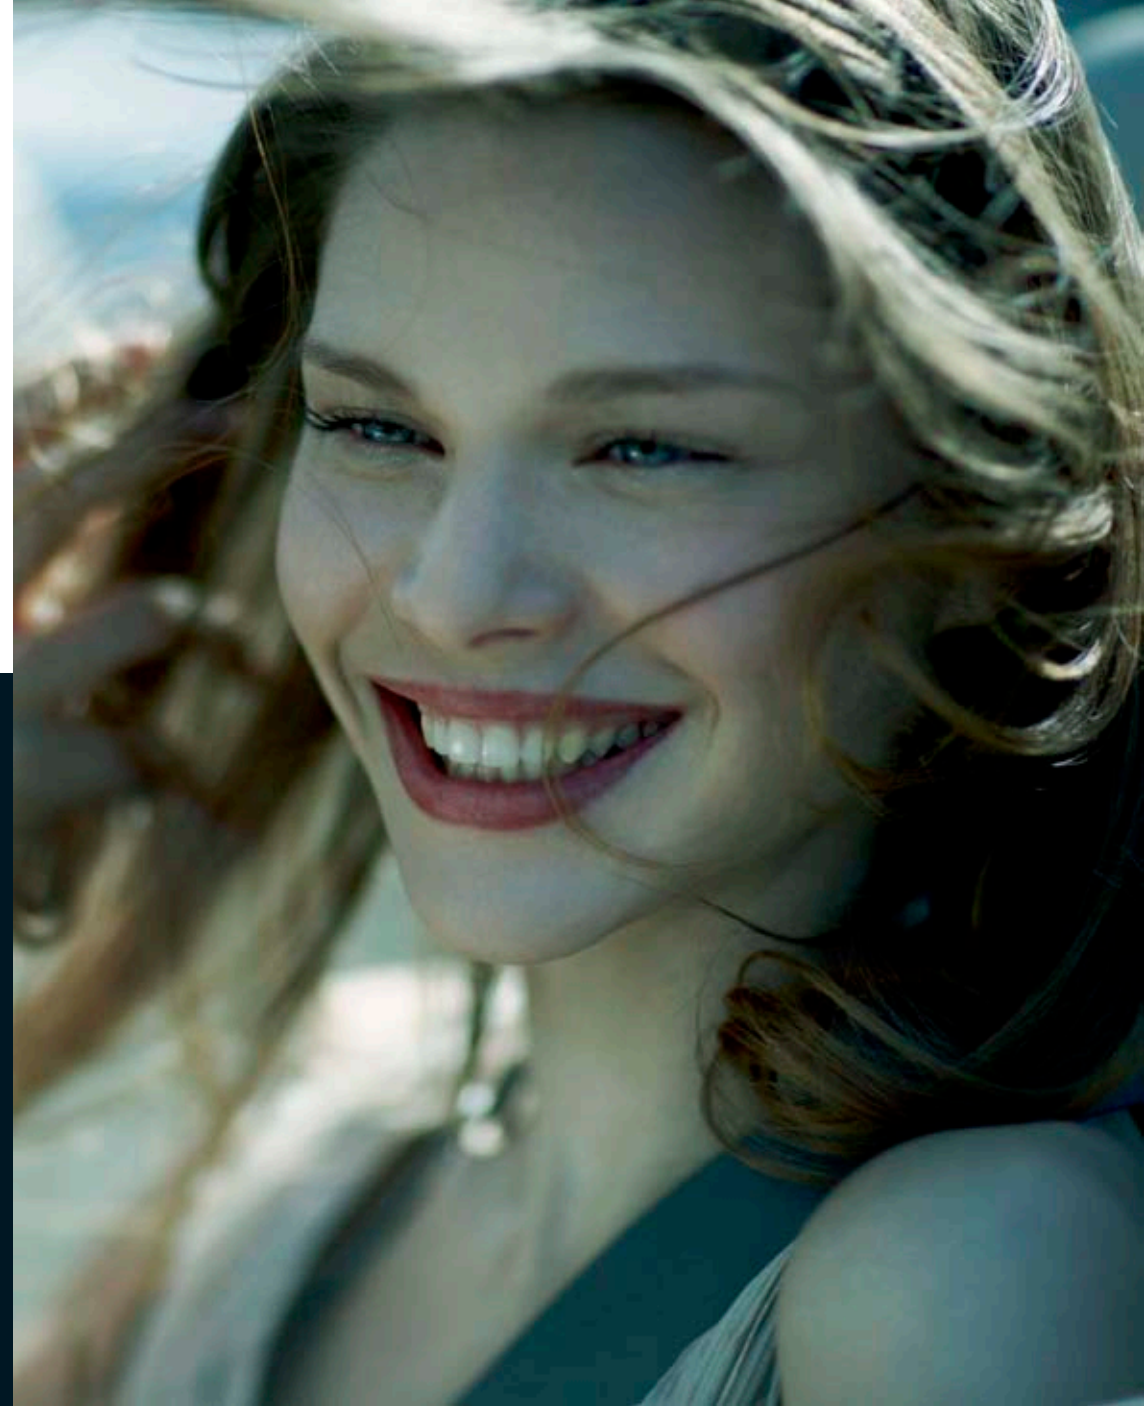

If manoeuvring space is tight, the XK's standard front and rear **PARKING AID** takes away the uncertainty. When you need help the clear interior display and audible warning tones alert you to hidden obstacles, and to where and how close they are.

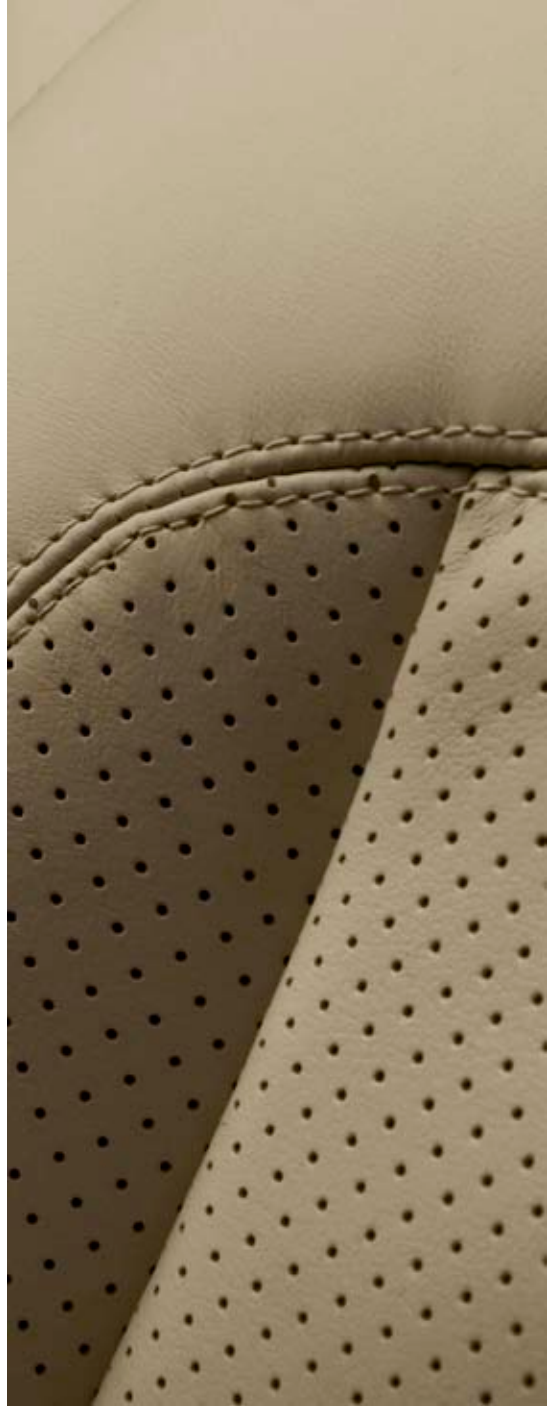

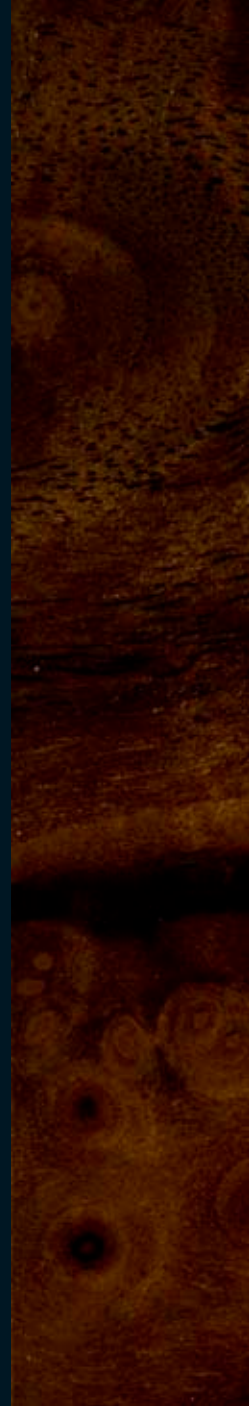

With **ACTIVE FRONT LIGHTING**, the XK again considers safety and driver enjoyment. Sensors react to the car's speed and steering input, and the system can deflect the headlight beams by up to 15 degrees casting light deeper into corners, and giving added confidence at night.

Technology covers comfort, too. The XK's dual zone **AUTOMATIC CLIMATE CONTROL** has individual temperature controls for driver and passenger, and every variable from temperature to air distribution can be controlled from the Touch-screen. The system also controls the quality of your cabin environment; it monitors ambient and cabin temperatures and humidity, keeps windows clear of misting, and incoming air free of smog particles.

And just because you're on the move doesn't mean you have to be out of touch. With simple, intuitive control from the steering wheel and the Touch-screen, **BLUETOOTH® TELEPHONE CONNECTIVITY** allows driver or passengers to make and receive calls safely and easily using a Bluetooth® compatible mobile handset, without any need for docking, wires or cradles.

Because every  
XK customer  
is an individual,  
every XK can be an  
*individual, too.*

That starts with the choice between coupé and convertible, and XK or XKR. From the range of engines and optional equipment to the extensive palette of exterior colours, interior trims and veneers, choosing an XK means choosing the XK that's absolutely right for you. And beyond all that, whichever XK you choose, the new PORTFOLIO range of luxury enhancements adds yet another layer. That is JAGUAR's commitment to personal choice.

JLR

DOT  
DIN54

Bowers & Wilkins

PORTFOLIO is a name that *defines* a series of highly luxurious Special Edition vehicles from JAGUAR. A *select* range of PORTFOLIO optional equipment can be added to all XK models.

Designed to provide you with even greater opportunity to personalise your XK – from its dynamics to its sound system to its appearance – PORTFOLIO always offers more.

Dynamically, on XKR, it includes the Alcon R Performance Braking System – the most powerful JAGUAR has ever made available on a production car. Developed with British racing experts Alcon, and brought to production by JAGUAR's Special Vehicles team, it features ventilated 400mm front and 350mm rear discs, and light, stiff monobloc six-piston front and four-piston rear callipers to combine astonishing power and feel with JAGUAR refinement.

And when you seek audio entertainment, you can hear it in the clarity and detail that the PORTFOLIO Bowers & Wilkins surround sound system delivers. Innovative technologies, such as Kevlar® mid-range speaker drivers and specially designed aluminium-dome tweeters, are at the heart of a system specifically developed and tuned by Bowers & Wilkins acoustic experts. The result is an extraordinarily immersive audio experience.

*Interior theme: Warm Charcoal with Slate Blue contrast stitching, Satin American Walnut veneer.*

PORTFOLIO means you have even more choice about the way your XK looks, inside and out.

XK Convertible models can be made even more distinctive with the availability of three additional PORTFOLIO hood colours in Dark Green, Dark Brown or Burgundy.

If you specify the Luxury Sport interior, with premium quality Alston headlining material, PORTFOLIO also offers twin-contrast stitching subtly highlighting the instrument panel, door panels and leather-bound wheel. And PORTFOLIO adds sophisticated sporty touches, like the alloy gear lever and selector-gate surround, that can all make your XK feel just a little different - a little more personal.

## GLOSSARY

**Sport interior theme** – Sport seats with leather seat facings (10 way) – Driver's and passenger's electric adjustment including fore/aft, recline, height, 2 way lumbar support and memory function with 3 settings for driver's and passenger's seat, steering wheel and exterior mirrors, variable heated and manual head restraint adjustment.

**R interior theme** – R Sport seats with leather seat facings (10 way) – Driver's and passenger's electric adjustment including fore/aft, recline, height, 2 way lumbar support and memory function with 3 settings for driver's and passenger's seat, steering wheel and exterior mirrors, variable heated and manual head restraint adjustment, extra side bolster support, R logo embossed headrest. R logo on gear knob, steering wheel and tachometer.

**Luxury Sport interior theme** – Luxury Sport seats with Softgrain leather seat facings (16 way) – Driver's and passenger's electric adjustment including fore/aft, 4 way variable lumbar support, front cushion length, bolster and memory function with 3 settings for driver's seat, steering wheel and exterior mirrors, variable heated and manual head restraint adjustment. With full Softgrain leather facings and perforated centre panels. Luxury Softgrain leather on doors, side panels, instrument panel and centre console with twin stitch detail, leather edged floor mats and premium headlining.

**PORTFOLIO Contrast stitch interior theme** – Contrast stitching on seats, instrument panel, centre console, door and rear side panels and steering wheel (requires Luxury Sport interior theme).

**Jaguar Sound System** – With radio featuring EON, RDS, PTY, TA and 6 CD changer with automatic volume control, 100w power amplifier and 6 speakers.

**Jaguar Premium Sound System** – as Jaguar Sound System with 120w per channel (525w total power output) low-distortion Dolby® Pro Logic® II Surround sound, 3 channel stereo, power amplifier and 8 speakers.

**PORTFOLIO Bowers & Wilkins surround sound system** – based on the Jaguar Premium Sound System with 120w per channel (525w total power output) low-distortion Dolby® Pro Logic® II Surround Sound, 3 channel stereo, dedicated Bowers & Wilkins speaker system, high output, low distortion Kevlar® mid-range speakers, specially designed aluminium dome tweeters and unique amplifier (requires Jaguar Premium Sound system).

**Windows Media Audio (WMA) and MP3 disc compatibility** – Enables the CD changer to play CD ROMs which contain WMA and MP3 files.

**Bluetooth® telephone connectivity†** – A Bluetooth® equipped Jaguar enables hands-free use of your mobile phone at any time when the phone is in the car. Bluetooth® is compatible with a selected range of mobile phones from a number of different manufacturers - ask your dealer or visit [jaguar.co.uk](http://jaguar.co.uk) for more details.

**Portable Audio Interface** – Allows the connection of an iPod or a USB Mass Storage Device to the in-car sound system and control via the 7-inch Touch-screen.

**Navigation System††** – With DVD mapping and 7-inch Touch-screen controls for postcode entry, audio, automatic climate control and Bluetooth® telephone connectivity and vehicle settings.

**CATS™ (Computer Active Technology Suspension)** – Co-ordinates the best possible balance between ride and handling by analysing road conditions and making up to 1,000 adjustments every second to the suspension settings via electronically controlled dampers.

**Trac DSC (Dynamic Stability Control with 3 setting levels)** – Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

**Jaguar Smart Key System™ – Keyless entry** – With the Jaguar Smart Key in your pocket or bag, the car automatically unlocks as you pull the door handle. Upon leaving, simply press a button on the door handle to lock the car or use the Jaguar Smart Key.

**Roll-Over Protection System** – Two automatically deployable hoops which are activated in a roll-over event (convertible only).

† The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Jaguar Cars Limited is under license.

†† Different DVDs exist in different regions. Please consult your dealer for details of which countries are covered by the DVD supplied with your vehicle.

iPod is a trademark of Apple Inc., registered in the U.S. and other countries.

JAGUAR

# The XK ownership experience. SERVICE, ASSURANCE, and PEACE OF MIND are all part of the pride of *owning your* XK.

## **THE JAGUAR ACCESSORY RANGE**

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All JAGUAR accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XK to suit your personal style.

## **BECAUSE ONLY THE BEST WILL DO**

An official JAGUAR dealer can ensure that JAGUAR trained, specialist technicians, with access to the full range of JAGUAR approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way JAGUAR intended. Your JAGUAR dealer can also supply and fit JAGUAR approved accessories to personalise and add to the practicality and style of your XK model.

## **TOTAL CARE**

Providing a seamless support system for you and your XK with regular servicing, 3 year/100,000 kilometre\* warranty, paint and corrosion guarantee and JAGUAR Roadside Assistance Programme

## **FREE SCHEDULED SERVICE**

3 year /100,000 kilometre\* free scheduled service programme (wear and tear items not included\*\*). Seasonal Health Checks guarantees that, 365 days a year, your XK stays in premium condition.

## **JAGUAR ROADSIDE ASSISTANCE**

All JAGUAR vehicles purchased in Australia benefit from complimentary JAGUAR Roadside Assistance service for the length of the new car warranty. This covers you Australia wide 24 hours per day, every day.

## **WARRANTY**

3 year/100,000 kilometre warranty\* together with a 3 year unlimited kilometre Paint Surface Warranty and 6 year unlimited kilometre Corrosion (Perforation) Warranty).

## **JAGUAR MAGAZINE**

From travel to fashion, chic to champagne, JAGUAR magazine is an owner's publication like no other. JAGUAR articles touch on everything from exclusive holiday destinations to fine wines, art to architecture. As well as features and interviews bringing all the latest news from the world of XK and JAGUAR.

## **JAGUAR.COM.AU**

Dedicated to you and your XK the interactive jaguar.com.au website features helpful tools such as the dealer locator, model specifications - allowing you to see the car tailored to your specification and colour - and price lists; the latest information on all the JAGUAR models and a fascinating look into the passion and legacy that infuse the JAGUAR name.

## **JAGUAR FINANCIAL SERVICES**

Whether your requirements are business or personal, JAGUAR Financial Services offers maximum choice and flexibility with a wide range of financial and insurance plans tailored to your needs.

\* Whichever occurs first.

\*\* Wear and Tear items include, but are not limited to, battery, tyres, oils and additives.

## IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited and have absolutely no authority to bind Jaguar Cars Limited by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras.

Comparisons are based on manufacturer's own data and testing.

## ENVIRONMENTAL NOTICE

Jaguar Cars Limited has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life, with corporate citizenship at the very heart of our company, and by reducing our environmental footprint through innovative design and manufacturing, minimizing resource and energy use. Environmental responsibility is a core value in Jaguar, and it is our policy to continually improve our environmental standards in all areas of business activity.

This brochure is produced using paper stock, which contains 50% recycled post consumer waste and controlled wood material from well managed forests. Pulps used are Elemental Chlorine Free.

## ENVIRONMENTAL CHOICE

The innovative use of aluminium construction is one tangible example of the commitment by Jaguar Cars Limited continually to pursue technologies that support efficiency and sustainability. In addition to its engineering and dynamic benefits, lightweight aluminium construction contributes to fuel efficiency and therefore helps create fewer emissions - supporting Jaguar Cars Limited's policy of responsible design and manufacture.
