The latest Freelander 2. An even more purposeful stance. Sportier and more sophisticated. With a new look front and rear. And new wheel styles and colours. Freelander 2 is ready and prepared to tackle whatever life throws at it.

Its distinctive exterior is revised, with its sleek lines giving it a more immediate sense of purpose. There's an updated interior with an even greater choice of options and materials, adding even more excitement to Land Rover's most fuel-efficient vehicle. Freelander 2's style and engineering deliver refinement, performance and economy. It's smart and strong, compact and spacious. Unparalleled comfort both on-road and off-road. Pure, state-of-the-art Land Rover.

Freelander 2 is designed to put the driver in control. Land Rover's renowned command driving position is an intrinsic part of the vehicle's design.

It improves the view of the road ahead and gives better visibility of the vehicle's front corners, which helps with manoeuvring and parking in urban environments. The driver's seat is also optimised for comfort and support with six-way adjustment as standard (electric operation with three memory settings is available) and the steering wheel can be adjusted for rake and reach ensuring that you can set the position that is right for you.

Added power, performance and torque. Improved economy. Reduced emissions. Freelander 2 is now available with two new, highly efficient diesel power units. Both engines feature a new turbocharger, which delivers improved response and are 2dB quieter than the outgoing unit.

The new 2.2 litre 110kW diesel engine, fitted to TD4 models, delivers both improved CO₂ emissions and better economy compared to the previous model. An improved, intelligent Stop/Start system is fitted to the TD4 diesel manual model. This enhances fuel efficiency and reduces tailpipe emissions to zero, by shutting down the engine, in appropriate conditions, when the vehicle comes to a stop. The system can now operate at temperatures as low as 0°C and has a 30 percent quicker re-start time.

The enhancements made to the powertrain mean that the TD4 manual model delivers fuel economy of 6.6 l/100km on the combined cycle with 174gms of CO₂.

The new 2.2 litre SD4 diesel engine produces 140kW and 420Nm of torque – and is fitted as standard with an updated six-speed automatic transmission with CommandShift®. The improvements deliver a 0-100km/h time of 9.5 seconds - almost two seconds quicker than the unit it replaces. But the gain in performance is not at the expense of economy and CO₂ emissions. Delivering 7.0 l/100km on the combined cycle with 185gms of CO₂ the SD4 is 11.4 percent and 13.6 percent respectively better than the outgoing engine. Freelander 2 is packed with innovative technology that helps save fuel.

In addition to the two diesel engines there is also the choice of the acclaimed 3.2 litre i6 straight-six petrol engine, which employs a number of advanced technologies. Cam Profile Switching optimises engine breathing by using two different intake cam profiles – for low speed/low engine load and high speed/high engine load conditions. The continuously adjustable hydraulic Variable Valve Timing system adjusts the valve overlap to achieve optimum power, better spread of torque and more efficiency. The standard six-speed automatic transmission comes with CommandShift® which allows the driver to make manual sequential changes. Sport mode offers an even livelier performance.

The refinement you expect from a premium saloon. The perfect balance between ride and handling, but in a premium compact 4x4. It makes driving Freelander 2 a pleasure, whether it's on-road or off-road.

Independent suspension with long wheel travel, coupled with an exceptionally stiff body structure, delivers sure-footed composure and agility as well as outstanding ride comfort. For driver and passengers alike, Freelander 2 is as at home on the sweeping curves of the highway as it is over all-terrain and all-weather conditions. And with no less than 24 (and counting) motoring awards worldwide since launch, Freelander 2 continues to set the standard.

Freelander 2 is ready to go where you want, when you want. That's because it's ready to take on tough terrains and conditions with long-established Land Rover qualities such as excellent entry/departure angles and outstanding ground clearance as well as taking full advantage of the most modern off-road driving aids.

On steep or slippery descents, the latest generation Hill Descent Control technology improves control by engaging smoothly and easily as soon as the foot brake is released. Land Rover's Gradient Release Control ensures smooth hill starts whether ascending or descending.

Effortless control on-road and off-road. Using any one of four different settings, Land Rover's unique Terrain Response® system maximises traction across a wide variety of surfaces and different weather through the vehicle's electronic management systems and traction aids.

This exclusive capability optimises driveability and comfort. It's like having a Land Rover expert sitting alongside you. Choose your setting – general driving, grass/gravel/snow, mud and ruts, or sand – which can be selected on the move via a convenient rotary control located in front of the gear selector.

General Driving – tuned to give good vehicle dynamics in normal on-road driving and across a wide range of light off-road conditions.

Mud and Ruts – appropriate on unsurfaced tracks with ruts or soft, wet ground where some degree of wheel spin is important in order to maintain vehicle momentum.

Grass/Gravel/Snow – maximises traction and control on firm, but slippery, surfaces. Wet leaves and grass, gravel or hard-packed snow and ice call for this setting.

Sand – provides momentum in dry, soft sand, with the powertrain and traction control systems adapting constantly to the terrain.

TERRAIN RESPONSE® is as useful on-road as it is off-road. It actually adds to the on-road capabilities of Freelander 2, allowing you to maximise your vehicle's potential to go further and see more – all with outstanding control.

MODE

+

↔

In Freelander 2 everything is within easy reach. Interior aesthetics are now more integrated, with a choice of four new trim finishers on the fascia, including an optional Lacquered Piano Black finisher, which comes with matching steering wheel finishers.

There is an updated instrument pack with clearer, more contemporary graphics. Steering wheel mounted controls are at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system and hands-free telephone operation. There is a standard air-conditioning system and from XS models and above, dual-zone climate control, with pollen filter, keeps you and your passengers comfortable whatever the weather. The optional DVD satellite navigation system, with a large high definition Touch-screen, easy-to-use menu and the extensive point of interest database, makes finding your destination as simple as possible. And, adding further to the feeling of lightness and airiness within the cabin, an optional panoramic sunroof is available incorporating an electrically operated front section. The glass is specifically formulated to filter infrared rays, providing light without unpleasant heat.

Your choice of technology can be as individual as your choice in music. Take your pick from five outstanding in-car entertainment systems, including a premium Alpine™ Dolby ProLogic II 7.1 surround system with 13 speakers.

Plus every Freelander 2 comes with an MP3 audio socket as standard. Personal telephone integration of compatible mobile phones via the Bluetooth® hands-free telephone system is standard equipment from XS models and above. Sophisticated technology that adapts to you.

ALPINE is a registered trademark of Alpine Electronics Inc.
iPod not included. iPod is a trademark of Apple Inc., registered in the U.S. and other countries.
The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc. and any use of such marks by Land Rover is under licence.

New Windsor leather adds even more prestige to Freelander 2. Now even more luxurious, the interior has the quality and tactile ambience of a premium executive saloon. The range of trim options means that the cabin can be tailored to suit the most sophisticated personal tastes as well as practical requirements.

Seat facings are now available with softer, more supple Windsor leather as part of the new HSE Premium Luxury Package, which also includes premium carpet mats with contrast binding and many other features, only available on SD4 HSE. Napoli leather, Alcantara® and leather and hardwearing cloth are also available. Two new colourways - Ivory and Tan (both available with Windsor leather) join Almond, Ebony and Storm to make a range of five colourways. It underscores the distinguished feel of the interior and introduces significant visual enhancements to the vehicle. Light, airy and more contemporary than ever, Freelander 2 takes luxury to a new height.

Alcantara® is a registered trademark of Alcantara S.p.A.

////ALPINE

Urban or country. Week or weekend.

First class accommodation for everyone. And every thing. Inside Freelander 2, no-one travels second class.

Driver and passengers alike enjoy generous leg, head and shoulder room. And with stadium seating putting rear passengers 50mm higher than those in front, everyone can enjoy the view. Versatility is maximised too. There is a 60:40 split rear seat plus a reversible load floor cover – carpet on one side, a water-resistant, wipe-clean surface on the other. A 12v power socket located within the loadspace provides added convenience.

A whole host of technology and sophisticated primary safety systems are packed into Freelander 2.

There are large disc brakes all round, which, on the front are reverse vented to improve thermal stability under severe braking. This means cool air is drawn into the centre of the disc, then vented out over the rim, and helps to provide stopping power equivalent to a compact sports saloon. For superior traction and better on-road fuel economy, the electronic centre coupling at the heart of Freelander 2's intelligent four-wheel drive system adapts continuously and instantaneously to the conditions. Pre-engaging at rest to reduce wheel spin from standing starts, it also engages instantly whenever traction loss is detected on the move.

Getting tough with safety. The immensely strong monocoque body and inner safety cell, protected by meticulously engineered front and rear crumple zones, absorb energy on impact. While ultra-high-strength steel is used in the construction of the body, dual-phase steel, which requires special pressing because of its resilience, is found in key components such as the front windscreen pillars and lower side sills. The result is a first class, weight-efficient safety cell.

Seven airbags, fitted as standard on all vehicles, play a key role in helping to protect all occupants.
Driver and front passenger airbags for head and chest protection.
Driver and front passenger side airbags for side impact protection.
Full-length curtain airbags provide head impact and rollover ejection protection for all occupants.
Driver's inflatable knee airbag for additional lower body protection.

When tested in 2007
Freelander 2 was the first
vehicle in its class to be
awarded a five star rating
for Adult Occupant Protection
in the rigorous Euro
NCAP tests.

EBA

Emergency Brake Assist

CBC

Cornering Brake Control

ETC

Electronic Traction Control

Freelander 2 is packed with a number of advanced stability control systems, all fitted as standard.

Enhancing traction by reducing engine torque and applying a unique braking force to each individual wheel, they ensure both safety and capability where you need it.

EBA Emergency Brake Assist. Increases hydraulic pressure during emergency braking and can improve stopping distances by up to 15 percent.

ETC Electronic Traction Control. Senses when wheel slip is occurring and uses the braking system to minimise wheel spin.

CBC Cornering Brake Control. Enhances rear-end stability when braking in corners.

DSC Dynamic Stability Control. Designed to correct over - or under-steer, it interacts with the engine and brakes to help maintain stability.

RSC Roll Stability Control. Detects critical levels of roll and applies braking to increase the turn radius to help reduce the likelihood of a rollover.

So whatever obstacles might come your way, Freelander 2 gives you impeccable control.

DSC

Dynamic Stability Control

RSC

Roll Stability Control

Make it unmistakably your Freelander 2 with your own choice of wheels.

Nothing adds that touch of individuality quite as much and truly puts a personal stamp on a vehicle. There are three, stunning new designs: two 19 inch wheels (one of which is an eye-catching diamond turned wheel with contrast paint finish) and one 18 inch wheel.

As you would expect from a Land Rover Freelander 2 is supplied with a full size spare wheel no matter what wheel you choose, so you can travel to your favorite destinations with confidence.

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

KOSRAE GREEN

We have one in your colour.

There's something for every taste in our range of exterior colours with three new striking colours added: Fuji White, Kosrae Green and Baltic Blue. Two tough, distinctive finishes (Solid and Metallic) are available depending on the colour chosen. Freelander 2's paint process involves five key stages, including a three-coat electrostatic paint application and rigorous anti-corrosion wax protection. Unsurprisingly, our paints have been independently recognised for their high quality.

COLOUR & TRIM COMBINATIONS

Inside it's better than ever.

With premium material combinations – including leather, Alcantara® and leather and cloth - and two new colourways for the interior there is something to suit every taste and individual preference. Crowning the range is the availability of new, softer, more supple Windsor leather seating, which is part of the new HSE Luxury Package, optional exclusively on the SD4 HSE.

For that perfect balance between interior and exterior, please refer to the recommended combinations.

COMMAND DRIVING POSITION Land Rover's renowned command driving position improves visibility and helps the driver feel in control. A six-way adjustable driver's seat and a steering wheel that is adjustable for rake and reach adds to the driver's comfort and wellbeing.

STEERING WHEEL CONTROLS Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system and hands-free telephone operation.

The Freelander 2 is Bluetooth® connectivity enabled on some models. You'll be able to make and take calls via the vehicle's audio system (subject to telephone compatibility).

CLIMATE CONTROL As well as the standard air-conditioning system, optional dual-zone climate control, with pollen filter, humidity sensor and air quality control system can be specified on some models maintaining fresh air in the cabin, keeping you and your passengers comfortable.

FRONT SEAT AND TRIM MATERIALS Elegant, high-quality materials are used throughout the cabin. Choose from facings in leather, Alcantara® and leather or cloth with colour co-ordinated door casing inserts. Trim colours available include Ebony, Almond and Storm with Ivory and Tan also available in Windsor leather. The front seats provide excellent support. Six-way adjustment is standard for the driver, with optional electric control and seat memory, depending on model chosen.

REAR SEATS Everyone enjoys the view with stadium seating putting rear passengers 50mm higher than those in front. Full-sized rear seats can accommodate three adults in comfort. Storage space includes door bins with integral cup/bottle holders. Incorporated within the rear centre armrest is additional stowage with twin cupholders fitted to XS models and above.

CENTRE CONSOLE STORAGE The rear of the Centre Console features an additional storage box for small items, an audio socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

Covered storage pictured only available as part of the HSE Luxury Package.

IN-CAR ENTERTAINMENT An outstanding choice of five in-car entertainment systems, all with MP3 compatibility:

- A premium Alpine™ Dolby ProLogic II 7.1 surround sound system, 12x40W amplifier, auxiliary input and thirteen speakers.
- Alpine™ branded audio system with six-disc in-dash CD player, 8x40W amplifier, auxiliary input and nine speakers.
- Alpine™ branded audio system with single slot CD player, 8x40W amplifier, auxiliary input and nine speakers.
- Audio system with six-disc in-dash CD player with six speakers.
- Audio system with single slot CD player with six speakers.

SATELLITE NAVIGATION The optional DVD satellite navigation system, with a large, high definition Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible. Standard on SD4 HSE.

PANORAMIC SUNROOF The optional panoramic sunroof – with a fixed rear section and electric tilting/sliding front section – adds to the feeling of lightness and airiness within the cabin. The glass is specially formulated to filter the sun's infrared rays, providing light without unpleasant heat. Both sections also include a convenient blind.

LOADSPACE The versatile rear loadspace can be expanded by folding the 60/40 split rear seats to provide a flat load floor – and up to 1,670 litres of space. With one metre between the wheel arches there's always room for more awkward loads.

CONVENIENCE FEATURES Life with Freelander 2 is so practical thanks to thoughtful technology. Available features include: An electrochromatic rear view mirror for automatically minimising the dazzle of headlamps at night. Rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

SAFETY Ultra-high-strength steel is used to construct an immensely strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. When tested in 2007 Freelander 2 was the first vehicle in its class to be awarded a five star rating for Adult Occupant Protection in the rigorous Euro NCAP tests.

STANDARD FEATURES

Engine & Transmission

- 2.2 Litre TD4 Diesel Engine (Manual Stop/Start)
- 2.2 Litre TD4 Diesel Engine
- 2.2 Litre SD4 Diesel Engine
- 3.2 Litre i6 Petrol Engine
- Six-speed automatic transmission with CommandShift® (standard with XS models upwards)
- Full time intelligent four wheel drive.

Suspension & Steering

- Independent front & rear suspension
- Power steering with manual tilt and reach adjustment
- Terrain Response®.

Safety & Security

- Remote control central locking on all doors, fuel filler flap and tailgate
- Push button start/stop
- Perimetric security system
- Anti-lock Braking System (ABS)
- Emergency Brake Assist (EBA)
- Electronic Brake-force Distribution (EBD)
- Electronic Traction Control (ETC)
- Cornering Brake Control (CBC)
- Dynamic Stability Control (DSC)
- Roll Stability Control (RSC)
- Hill Descent Control (HDC)
- Driver and front passenger airbags, front seat side airbags, full length side curtain airbags and inflatable driver's knee airbag
- Four-wheel disc brakes with mechanical handbrake
- Two rear child seat anchor points

Interior

- Rear seat split 60:40 design
- Central stowage compartment in fascia
- Dual cup holder in centre console
- Glove box
- Electric front and rear windows with one-touch operation
- Single disc CD player with six speakers
- MP3 auxiliary audio socket
- Manual dipping interior mirror
- Manual Climate Control
- Trip computer with message centre
- Auxiliary 12v power sockets - front, rear and loadspace.

Exterior

- Heated, electrically adjustable exterior mirrors
- Halogen projector headlamps with headlamp courtesy delay
- Solid paint
- Heated rear window with wash/wipe system
- Alloy Wheels
- Bright finish twin bar grille - SD4 and i6
- Dark finish twin bar grille - TD4.

REMOTE CONTROL AND START/STOP BUTTON The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of panic alarm. In order to start the car the remote is simply docked into the fascia and the correct procedure followed using the Start/Stop button.

TERRAIN RESPONSE® Land Rover's patented Terrain Response® system adds to Freelander 2's breadth of capability. Any of the four programmes – general driving, grass/gravel/snow, mud and ruts, or sand – can be easily selected by simply turning the rotary control. Hill Descent Control and Land Rover's Gradient Release Control systems are also included with Terrain Response®.

PERFORMANCE WITH REFINEMENT A compact, advanced 3.2 litre straight-six petrol engine with Cam Profile Switching and Variable Valve Timing delivering more power, a better spread of torque and greater efficiency.

The 2.2 litre turbodiesel engines, now available in power outputs of 110kW and 140kW, come with common-rail diesel technology which aids economy and refinement and a Variable Nozzle turbocharger helping to deliver exceptional torque.

COMMANDSHIFT® The six-speed automatic transmission with CommandShift® is standard on XS models and above. CommandShift® provides manual sequential gear changes and Sports mode provides an even livelier performance.

STABILITY CONTROL SYSTEMS Freelander 2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Braking System (ABS), Electronic Traction Control (ETC), Electronic Brake-force Distribution (EBD), Cornering Brake Control (CBC), Emergency Brake Assist (EBA), Dynamic Stability Control (DSC) and Roll Stability Control (RSC).

HEADLAMPS Three types of headlamp are available: Projector Halogen headlamps with impact-resistant polycarbonate lenses. Xenon projector lamps providing crisp blue-white light letting you see further. Adaptive Xenon projector lamps that automatically swivel with the direction of travel to improve the view of the road ahead.

Headlamp leveling is standard. Vehicles fitted with Xenon projector headlamps adjust automatically.

ENGINE DATA

i6 Auto

Transversely mounted straight-six-cylinder petrol. Aluminium engine block cylinder head and bedplate. 24 Valve with twin overhead camshafts and Cam Profile Switching (CPS). Engine Management system mapped for both low and high driving loads/speeds. Variable Valve Timing (VVT) and multi-holed fuel injectors. Three-way catalysts, unleaded fuel only. Bore 84mm. Stroke 96mm. Cubic capacity 3,192cc. Compression ratio 10.8

TD4 and SD4

Transversely mounted high pressure injection Common Rail four-cylinder diesel. Aluminium cylinder head, double walled cast iron engine block, counter-rotating balance shafts. Water Cooled Turbocharger and Fabricated Exhaust manifold for improved performance and emissions. Engine management system mapped to deliver excellent response, mid-range torque and flat power curve. Latest Common Rail 3 fuel injection system. Cubic capacity 2,179cc. Compression ratio 15.8

ACCESSORIES

Add style or add practicality. You can add both with Freelander 2's exceptional range of specialist accessories. This is the perfect opportunity to tailor the vehicle to your personal activities and tastes, as well as adding distinguished styling cues.

The truly comprehensive range features carrying and towing options as well as exterior and interior styling additions. Importantly, all Freelander 2 accessories are available individually, at any stage in the vehicle's life - not just when it's new. Seasonal or year-round, extreme sports or touring activities, the great outdoors or the demands of urban life - we've got everything you need to get geared up. In fact, Freelander 2 is as versatile as you need it to be.

Vehicle shown left is accessorised with Raised Roof Rails and Cross Brace Kit, Cross Bar Kit, Bright Finish Mirror Caps, Bright Finish Fender Vents, Side Protection Tubes - Stainless Steel and 19 inch Triple Sport alloy wheels and tyres.

EXTERIOR STYLING - ACCESSORIES

Stainless Steel Undershield
VPLFT0004
Not compatible with Sports Styling Pack 2007-2011 Model Year.

Bright Finish Fender Vent
VPLFB0036

Stainless Steel Rear Bumper Tread Plate
VPLFB0040

Stainless Steel Tailgate Latch Finisher
VPLFB0039

Front Mudflaps
LR003324

Rear Mudflaps
LR003322
Not compatible with Sports Styling Pack 2007-2011 Model Year.

Side Protection Tube – Stainless Steel (top)
LR003318

Side Protection Tube – Black (bottom)
LR003840

Side Step
LR002773

Body Side Mouldings
LR002791

Rear Lamp Guards†
LR003685

Bright Finish Mirror Caps**
Uppers - VUB503880MMM
Lowers - LR003905 - (not shown)

Body Coloured Mirror Caps**
Primed Uppers* - LR004867 - (not shown)
Primed Lower* - LR004866 - (not shown)

Bright Finish Mirror Caps**
Uppers - VPLMB0041

Body Coloured Door Handles
Primed Door Handle* - LR006876
Primed Cap* (with lock symbol) - LR006877
Primed Cap* (without lock symbol) - LR006878 - (not shown)

*Please see your Land Rover Dealer for advice on paint finishing these accessories in your chosen colour.
**Fitment compatible with certain derivatives, please speak to your local Land Rover Dealer.
†Please speak to your Land Rover Dealer for information on Front Lamp Guards (VPLFP0076).

CARRYING & TOWING - ACCESSORIES

Aqua Sports Carrier*
LR006846

Carries one surfboard or sailboard and mast, or one canoe or kayak. Load capacity 45kg.

Luggage Box*
VPLDR0003

Lockable for security. Opens from both sides. External dimensions: 1,600mm long, 960mm wide, 410mm high. Volume 450 litres.

Luggage Rack*
LR006848

Load capacity 57kg on Roof Rails and Cross Bar.

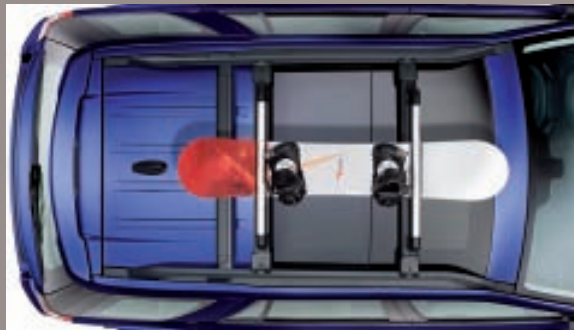

Raised Roof Rails and Cross Brace Kit*

Panoramic Sunroof vehicles LR007220
Non Panoramic Sunroof vehicles LR006608

Cross Bar Kit*
LR002417

Easily removed when not in use. Vehicle height when fitted 1,852mm. Vehicle must have accessory Raised Roof Rails and Cross Brace Kit fitted. Shown above, sold separately.

Ski and Snowboard Carrier*

LR006849
Lockable for security. Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Load capacity 36kg.

Lashing Eye Kit*
VUB503160

Six additional tie-down points for use with Crossbars T-slots.

Ratchet Strap
CAR500010

Nylon tie strap for securing items to the Crossbars and Luggage Carrier. 5 metres long, 20mm wide. Supplied individually.

*Roof Rails and Cross Bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

Roof Mounted Bike Carrier

LR006847

Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit required and will accommodate up to three bike carriers. For further information on Land Rover bikes please go to www.2x2worldwide.com.

Tow Bar

RAA457

Includes towing armature, towing tongue and 50mm ball. Freelander 2 can tow up to 2000kg with a braked trailer. Tow ball maximum weight is 150kg at maximum GVM. Can be increased to 250kg if load in vehicle is decreased by 100kg. 12N 12S type electrics are sold separately (VPLFT0001).

Land Rover Satellite Navigation DVD

Map updates for your Land Rover Satellite Navigation System. For more information, please go to www.landrover.com/au/en/lr/owners/servicing-and-maintenance/navigation-mapping-update/

WHEELS – ACCESSORIES

19 inch, 10-Spoke Alloy Wheel – Shadow Chrome Finish
LR002804 - Rim only
Recommended tyre size - 235/55 R19

Centre Cap

Shadow Chrome Finish - RRJ500030MNL
Bright Polished Finish - RRJ500060MUZ

19 inch, Triple Sport Alloy Wheel – High Gloss Finish
LR002801 - Rim only
Recommended tyre size - 235/55 R19

Centre Cap

High Gloss Finish - RRJ500030MCM
Bright Polished Finish - RRJ500060MUZ

18 inch, 5-Split Spoke Alloy Wheel – Sparkle Silver Finish
LR002798 - Rim only
Recommended tyre size - 235/60 R18

Centre Cap

Sparkle Silver Finish - RRJ500030MNH
Bright Polished Finish - RRJ500060MUZ

Snow Traction System
LR005169

For 17 inch and 18 inch front wheels only.

Please note: When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tyres may offer certain styling or driving benefits, but may be more vulnerable to damage, please see your Land Rover Dealer for further details. Wheel rims are not supplied with centre caps.

The alloy wheels shown on page 29 may also be available as an Accessory fitment, please speak to your Land Rover Dealer for further details.

TOURING – ACCESSORIES

Electric Cool Bag

(not shown) - VUP100140L
Powered by the 12 volt auxiliary socket.
Thermostatically controlled temperature.
Easy clean interior surface. Height 380mm,
length 380mm, width 220mm. Volume 14 litres.

Bulb Kit

LR003013

Warning Triangle

(not shown) - KCC500021

First Aid Kit

(not shown) - STC7642
Aids in the treatment of cuts and grazes.

Tow Strap

(not shown) - STC8919AA
Includes storage bag that can be attached as a warning
flag to the strap. 3,000kg maximum load capacity.

Touch-up Paints

A comprehensive range of touch-up paint sticks
and aerosols to help your Freelander 2 look as good
as new despite those minor chips and scrapes.
Please see your Land Rover Dealer for further details.

INTERIOR STYLING - ACCESSORIES

Luggage Net
LR003852
Secured to rear of second row seating.

Load Retention Net
VUB503130
Utilises loadspace tie down points. Includes floor net and two ratchet straps. Strap length approximately 2 metres.

Dog Guard
LR002521
Easily removed. Retains cargo according to EC Regulation 17.

Flexible Loadspace Liner
VPLFS0005
Heavy duty fabric protects loadspace up to window height. Covers loadspace floor with second row seats folded.

Rigid Loadspace Protector
LR002424

Loadspace Rubber Mat
LR002516
Waterproof with retaining lip and non-slip surface.

INTERIOR STYLING - ACCESSORIES

Nutmeg Carpet Mats
LR007816

Ebony Carpet Mats
LR002485

Rubber Mat Set
LR002481

Audio Connectivity System
VPLFE0002

Link lead installation to integrate iPod Nano Gen 1, 2 and 3, iPod Video 30 + 60 + 80Gb, Classic, iPhone and iTouch into the vehicle audio speaker system, using the steering wheel controls (where fitted) for track selection and volume. In addition the link lead also acts as a charger for your iPod device. iPod not included.

Front and Rear Sill Tread Plate Kit
LR002525

Finished in highly polished stainless steel.

Waterproof Seat Covers
Sand*

Front Seats LR005059

Rear Seats (with armrest) LR004929

Waterproof Seat Covers
Aspen*

Front Seats LR005058

Rear Seats (with armrest) LR004928

*Protects seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colours shown may differ from the actual product.

Our plan for a sustainable future.

We take our responsibility to our planet very seriously, with an integrated and innovative approach for a sustainable business and lower carbon world. As a company we are committed to:

Reducing our dependency on fossil fuels and the production of man-made CO₂ emissions...

Using fewer resources and creating less waste...

Enthusing our employees and stakeholders for sustainable business development

At Land Rover we do this by investing in four key areas:

e_TERRAIN TECHNOLOGIES. EFFICIENT POWER SYSTEMS; LIGHTWEIGHT STRUCTURES, REDUCED EMISSIONS

A joint £800m investment into new technologies designed to reduce CO₂ emissions and improve fuel consumption. We are targeting a 25 percent reduction in joint fleet average tailpipe CO₂ emissions within the next five years. Beginning with an intelligent Stop/Start system on Freelander 2 diesel manual, followed by Intelligent Power Systems Management (IPSM) with Smart regenerative braking on all Discovery 4, Freelander 2 and Range Rover vehicles, to the announcement of our new compact Range Rover, e_TERRAIN TECHNOLOGIES form a fundamental part of our carbon management plan.

Freelander 2 TD4 with intelligent Stop/Start now have 174g/km CO₂ emissions

SUSTAINABLE MANUFACTURING. USING FEWER RESOURCES AND CREATING LESS WASTE

World class manufacturing facilities, certified to ISO14001 since 1998. As a company we are targeting a 25 percent reduction in operating CO₂ emissions by 2012, 25 percent in waste to landfill and 10 percent in water consumption, based off 2007 levels. Going forward we are measuring our total operating carbon footprint and setting targets to reduce it; since 2006 this integrated approach has included the carbon offset of all manufacturing assembly CO₂ emissions from our Solihull and Halewood plants. But it doesn't stop there. Every new vehicle is designed to be 95 percent recoverable and reusable – with 85 percent that's recyclable and a further 10 percent that can be used to generate energy.

In 2009, we reduced our CO₂ emissions by 26,550 tonnes, water consumption by 192,000m³ and 1,300 tonnes to landfill

CO₂ OFFSETTING. INVESTING IN RENEWABLE ENERGY, TECHNOLOGY CHANGE AND ENERGY EFFICIENCY PROJECTS

For every tonne of CO₂ emitted during the manufacturing assembly of all our vehicles, Land Rover invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere. In addition, we enable our customers to offset their first 45,000 miles/72,000 km of driving in their new vehicles. We do this in the UK as well as countries in Europe, the Middle East and Asia (not Australia). Independently administered by ClimateCare and governed by a body of climate change experts, CO₂ offsetting allows us to take action now, to reduce our impact on the environment as part of our integrated carbon management plan.

Land Rover currently has 19 emissions reduction projects in our plan to offset approximately 2,500,000 tonnes of CO₂ by 2012...

Our customers in the Middle East have contributed over \$1,650,000 to this target since October 2008...

We have three Gold Standard projects in the portfolio: energy efficient stoves in Uganda and Ghana and wind generation in Aliaga Turkey

CONSERVATION AND HUMANITARIAN PARTNERSHIPS. WORKING PARTNERSHIPS FOR CONSERVATION & SOCIETIES GAIN

Our vehicles are designed for purpose, so are used by conservation and humanitarian organisations worldwide. Working with our five Global Conservation partners and the International Federation of Red Cross and Red Crescent Societies (IFRC), Land Rover is proud to support the important work of the Royal Geographical Society (with IBG), The Born Free Foundation, Earthwatch Institute, Biosphere Expeditions and the China Exploration and Research Society.

As part of our Sustainability policy Land Rover has actively promoted responsible off-road driving since 1990...

This year Land Rover launched a new three-year global initiative with the IFRC entitled 'Reaching Vulnerable People around the World' through which Land Rover aims to support IFRC's life saving work. To date Land Rover has given over £2.5m worth of support to IFRC, including vehicle donations and funds raised

www.landrover.com.au

WARRANTY. A comprehensive manufacturer's warranty is a feature of every Land Rover vehicle and extends to any genuine Land Rover accessories fitted by a Land Rover Dealer. The warranty period for the vehicle is three years/100,000 kilometres. In addition, the paint surface is also covered for three years/100,000 kilometres and the body work covered for corrosion for six years.

LAND ROVER ROADSIDE ASSISTANCE. All Land Rover vehicles purchased in Australia benefit from complimentary Land Rover Roadside Assistance service for the length of the new car warranty. This covers you Australia-wide 24 hours per day every day. And because it is Land Rover Assistance, help will also be provided if you become bogged or disabled on roads that only four-wheel drives can travel.

CUSTOMER CARE. Land Rover Australia has a dedicated Customer Care Centre to assist owners who may have a general query. Owners seeking this level of assistance are invited to phone our Customer Care Centre on the toll-free number 1800-625-642 or email enquiries @ landrovercustomers.com.au. Land Rover ownership includes a package of benefits designed to provide high standards of after sales care and support.

LAND ROVER FINANCIAL SERVICES. Just as Land Rover lets you tailor a vehicle to your specific requirements, we offer you the same service when it comes to finance. You can arrange to purchase and finance your Land Rover from the people who know it best – your Land Rover Dealer. Your Land Rover Business Manager can explain the full range of finance options available from Land Rover Financial Services and provide expert advice to help tailor a finance package to best suit your needs. To discover more about Land Rover Financial Services visit your nearest Land Rover Dealer, call 1800 037 711 or visit www.landroverfinancialservices.com.au for more information.

IMPORTANT NOTICE: This publication is intended for international usage and whilst Land Rover take the utmost care in ensuring that all details in the publication are correct at the time of going to press, we are constantly striving for improvement and therefore reserve the right to alter specifications and equipment without notice. Details of specifications and equipment are also subject to change to suit local market conditions and requirements, and not all products are available in every market. Some vehicles are shown with accessories or optional equipment fitted.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation. All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have. Distributors and Dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer. Distributors and Dealers are not agents of Land Rover and have absolutely no authority to bind Land Rover to any express or implied undertaking or representation.
