Important Pricing Note: Due to legislation that came into effect on 25 May 2009, Land Rover Australia is unable to provide you with a published price list. The legislation is intended to ensure that the price advertised for motor vehicles includes the 'on road costs' (Drive Away Price) which are "quantifiable" that a customer will incur, when purchasing a new vehicle. The 'on road costs' typically include the vehicle registration fee, compulsory third party insurance, State stamp duty and the dealer delivery costs. These components are not always a fixed or constant value, meaning the 'on road costs' vary according to individual circumstances. Land Rover Australia supports pricing transparency for our customers and is endeavouring to produce a price list without breaching this legislation. In the meantime, we kindly ask that you refer any price related inquiries to your local Land Rover retailer.

Important Notice: All details in this Recommended Retail Price list are believed to be correct as of March 2013. However, we are constantly striving for improvement and therefore reserve the right to alter price and specifications without notice.
