

OUTLANDER

LOVE THAT CAR

As soon as you sit in the new Mitsubishi Outlander you can see and feel the outstanding quality and comfort. But this SUV has also been designed to offer exceptional practical functionality. To maximise potential cargo space, both the second row seats and third row seats (in 7 seat models) can be flexibly arranged. In the 4WD LS and Aspire models, the second row seats can be easily moved forward for access to third row seating. Owners of the Aspire can also open and close the tailgate from the driver's seat simply by using a switch.

The new Outlander is equipped with a myriad of safety features to protect both the driver and passengers in a collision including seven airbags as standard:

- side airbags to protect occupants against thorax injuries
- curtain airbags for protection from side collision
- driver and front passenger SRS airbags and a driver knee airbag for protection in the event of head on collision.

Furthermore, Outlander's protection of occupants has been dramatically heightened thanks to Forward Collision Mitigation (FCM), a technology that detects potential accidents and activates mitigation measures and Adaptive Cruise Control (ACC) which works to maintain specified speed and distance between you and the vehicle ahead. Available in Aspire.

RISE Body

Mitsubishi's Reinforced Impact Safety Evolution (RISE) is a combination of a front body that absorbs impact and a high-rigidity cabin structure. This super strength cabin cocoons you and your passengers with outstanding protection in the event of an accident.

Forward Collision Mitigation (FCM)

– available on Aspire

Adaptive Cruise Control (ACC)

– available on Aspire

ECO Drive Support System

ECO Mode Control
ECO mode activates energy saving control for the engine, air conditioning and 4WD.

ECO Drive Assist
Displays the ECO drive level in real time.

ECO Score
The ECO driving score is displayed for a prescribed time period. (LS and Aspire only.)

For more information on the Outlander range scan the QR code or visit mitsubishi-motors.com.au

HSC

Hill Start Control (HSC)

This technology makes it easier to start off up steep city streets by preventing the vehicle from rolling backwards. It maintains the braking force for two seconds giving you time to move your foot from the brake to the accelerator.

ASC

Active Stability Control (ASC)

ASC maintains stability and control when cornering by automatically recognising understeer and oversteer. It applies brakes to the appropriate wheels to keep you online, and in control through corners.

ATC

Active Traction Control (ATC)

ATC helps maintain traction on slippery surfaces. When sensing loss of traction in an independent wheel, ATC applies braking force to that wheel and sends extra power and torque to other wheels that have traction to keep you moving and in control.

ABS

Anti Lock Braking System (ABS)

Outlander is ready to perform if you're faced with the unexpected. ABS helps the driver maintain steering control and avoid hazards by adjusting the braking pressure to prevent the wheels from locking up under hard braking or during an emergency stop.

EBD

Electronic Brakeforce Distribution (EBD)

This technology reduces stopping distances by detecting passengers or heavier loads and then automatically increasing the rear-braking force to deliver predictable and consistent stopping performance.

The new Outlander delivers outstanding comfort, space, and 7 seat versatility. And it's our safest car yet.

Aspire model shown

There's an Outlander just for you:

- 2WD ES and LS with 2.0L MIVEC petrol engine
- 4WD ES, LS and Aspire with 2.4L MIVEC petrol engine
- 4WD LS and Aspire with 2.2L intercooled turbo diesel engine.

Mitsubishi's Innovative Valve timing Electronic Control (MIVEC) petrol engine achieves unprecedented fuel economy with low emissions. The ECO Drive Support System encourages economic driving through simple driver interaction. The driver selectable ECO Mode will provide energy saving control for the engine, the 4 wheel drive system and even the air conditioning.

Outlander offers so much technology at your fingertips – standard features include cruise control, climate control

air conditioning and Bluetooth® hands-free on your steering wheel controls, with the option of voice command.

Smart Key is just that – complete keyless operation. Outlander Aspire recognises the key within a 70cm radius, so you can lock and unlock the doors, open the tailgate and even start the engine with the touch of a button, all the while with the smart key safely tucked in your pocket or bag.

Outlander LS and Aspire feature rain-sensing wipers that automatically detect moisture on the windscreen, activating the wipers at a speed appropriate to the amount of rain falling. Sensors will automatically switch on the headlights in fading light or when travelling

through a tunnel. The less distraction on the road ahead, the better.

Electronic Control 4-Wheel Drive.

The 4WD system of the new Outlander senses the driver's intentions and conveys that through all four wheels. It's like a nerve network that connects the vehicle body and other systems to maximize your control. Three driving modes allow you to balance fuel economy and driving performance.

4WD ECO – Fuel efficient mode

Driving in 2WD allocates torque to the front wheels. The car quickly detects when road conditions are slippery and helps recover stable driving conditions

by automatically engaging 4WD and allocating torque to the rear wheels as well.

4WD AUTO – Normal mode

This delivers appropriate 4WD capability for a variety of road conditions like dry asphalt roads, wet roads and roads with snow cover. As well as heightening drive power in slippery conditions, the system makes turning easier.

4WD LOCK – High ground covering ability

This mode excels when driving on bad roads and in difficult situations when the vehicle becomes bogged. On normal roads it provides increased traction for all 4-wheels from low speeds to high speeds.

One Touch Start System

Dusk Sensing Headlights

Rain Sensing Wipers

4WD Button

2WD ES (KEY FEATURES)

Mechanical

2.0L 4cyl SOHC 16 valve MIVEC engine
5 speed manual transmission
Continuously Variable Transmission (CVT) with INVECS III Smart Logic (optional)
Electric power steering

Exterior

18" alloy wheels
Full size spare wheel
Body colour door mirrors
Body colour door handles
High mount stop lamp
Chrome grille
Black door sash
Halogen headlamps
Silver roof rails
Rear bumper protector
Chrome fog lamp bezel
Front fog lamps
Two tone colour bumper
Black wheel arch garnish
Silver skid plate on front bumper
Silver highlight on rear bumper

Interior

Leather bound steering wheel
Leather bound gearshift
Inner scuff plates
Textured silver accent panel
Chrome Accented HVAC Control Switches

Comfort

Climate control air conditioning
Rear seat heater ducts
Rear air conditioning ducts
Pollen filter
Side and rear window demisters
Driver and passenger assist grip

Convenience

Cruise control
Steering wheel cruise control switches
Steering wheel audio controls
Steering wheel phone controls
Central door locking with keyless entry
Power door mirrors
Variable intermittent windscreen wipers
Intermittent rear wiper and washer
Accessory power socket
Room lamp
Front map lamps
Cargo area lamp
Interior lamp with time delay
Ignition key cylinder illumination
Welcome/coming home light
Door courtesy light
Driver and passenger sunvisor with illuminated vanity mirror
Trip meter
Headlamps on warning, door ajar and low fuel warning
ECO Drive Support System
ECO Mode Control
ECO Drive Assist Indicator
Remote fuel filler release
Power windows front and rear (driver auto up & down)
Day/night rear view mirror

Storage

Floor console with storage box and lid
Door pockets – front and rear
Cup holders
Bottle holders
Seat back pocket – passenger
Fully trimmed cargo area

Seating

Cloth seat trim
Front seats
-Bucket seats
-Slide and recline adjustment
-Driver height adjustment
-Height adjustable headrests
Second row seats
-Recline and tumble fold up function
-Centre armrest with cup holders
-Height adjustable headrests x 3

Audio & Media

Touchscreen audio system with AM/FM radio and CD/MP3 player
6 speakers (includes 2 tweeters)
USB input
Multi information display – includes trip computer, outside temperature, average fuel consumption
Bluetooth® 2.0 phone connectivity, audio streaming and voice control

Safety

Reverse camera
Reverse parking sensors
Driver and front passenger SRS airbags
Driver and front passenger side SRS airbags
Curtain SRS airbags
Driver knee airbag
Anti-lock Braking System (ABS)
Electronic Brakeforce Distribution (EBD)
Emergency brake assist system
Active Stability Control (ASC)
Active Traction Control (ATC)
Hill Start Control (HSC)
Reinforced Impact Safety Evolution (RISE) body
Intrusion minimising brake pedal
3 point Emergency Locking Retractors (ELR) seatbelts (all seating positions)
Auto Locking Retractor (ALR) seatbelts on outbound 2nd row seats
Front seatbelt pretensioners and force limiters
Front seatbelt height adjustable shoulder anchorages
Seatbelt warning lamp – driver and front passenger
Child proof rear door locks
Child restraint anchorage points
ISO-Fix child seat mountings
Shift lock with key interlock (CVT)
Start interlock (manual)
Emergency Stop Signal function (ESS)

Security

Anti-theft encrypted engine immobiliser
Theft protection alarm
Diamond Advantage Roadside Assist

4WD ES

(FEATURES ADDITIONAL TO 2WD ES)

Mechanical

2.4L 4cyl SOHC 16 valve MIVEC engine
Continuously Variable Transmission (CVT) with INVECS III Smart Logic
All Wheel Control 4WD (AWC)

2WD LS

(KEY FEATURES ADDITIONAL TO 2WD ES)

Mechanical

Continuously Variable Transmission (CVT) with INVECS III Smart Logic
Paddle shift (CVT)

Interior

Chrome inner door handles
Door trim leather look insert

Exterior

Door mirrors with integrated turn indicator
Privacy glass

Comfort

Dual zone climate control air conditioning

Seating

Sports cloth seat trim with leather look bolsters

Audio & Media

Mitsubishi Multi Communication System featuring 7" touch screen display with 3D navigation mapping and SD Card input

Convenience

High contrast instrument meter with colour LCD display and ECO Score indicator
Automatic rain sensing wipers
Automatic dusk sensing headlamps

Security

Cargo blind

4WD LS (KEY FEATURES ADDITIONAL TO 2WD LS)

Mechanical

2.4L 4cyl SOHC 16 valve MIVEC petrol engine or
2.2L 4cyl DOHC 16 valve intercooled turbo common rail direct injection diesel engine with 6 speed automatic transmission with INVECS II
All Wheel Control 4WD (AWC)

Interior

Chrome Accented All Wheel Control Switch

Seating

Second row seats
– 60: 40 split with slide, recline & tumble up function adjustment
Third row seats
– 50: 50 split with recline adjustment

4WD ASPIRE

(KEY FEATURES ADDITIONAL TO 4WD LS)

Exterior

18" painted and machined face alloy wheels
Chrome door handles
Chrome side window garnish
High Intensity Discharge (HID) headlamps
Headlamp washers
LED rear lamp

Interior

Decorative outer scuff plates

Convenience

Smart Key with One Touch Start
Electric sunroof with slide and tilt
Power tailgate

Storage

Seat back pocket – driver and passenger

Seating

Leather seat facings
Power driver seat
Front heated seats

Safety

Forward Collision Mitigation
