PATHFINDER

The Nissan Pathfinder is the authentic, rugged go-anywhere vehicle that is ideal for the adventurous family. It's the culmination of over 50 years of 4WD experience and combines unrivalled toughness with creature comforts and innovative features. So no matter where you're planning to go, getting there will be half the fun. The Nissan Pathfinder will shift your experiences. It will shift your possibilities. It will **shift the way you move.**

Thunder Blue Ti.

3.0 LITRE V6 TURBO-DIESEL

With 170kW of power and a massive 550Nm of torque, the Nissan Pathfinder Ti 550 has all the power you need to get you where you want to go, and, just as importantly, back again.

2.5 LITRE 4-CYLINDER TURBO-DIESEL

Another engine that has got plenty of grunt. It's available in the ST, ST-L and Ti models and delivers an impressive 140kW of power and 450Nm of torque.

TOWING CAPACITY

The Ti 550 offers an unbelievable 3,500kg braked towing capacity, while ST, ST-L and Ti can haul up to 3,000kg. Either way, no matter where you are going you'll be able to take your favourite toys with you.

ALL MODE 4X4 SYSTEM

The rotary dial makes it easy to change between driving modes while on the move. Leave it in AUTO and the system will continually monitor all four wheels and instantly distribute the ideal amount of torque between them. If you want to take control, the ST, ST-L and Ti models let you choose between 2WD, 4WD High and 4WD Low for serious off-roading. While the Ti 550 offers 4WD High and 4WD Low in addition to AUTO.

HILL START ASSIST

To prevent any roll back while starting on an incline, Hill Start Assist momentarily keeps the brake engaged to allow you to apply acceleration.

HILL DESCENT CONTROL

Models with an automatic transmission help you stay in control by using the Anti-lock Braking System to keep your vehicle travelling at a low speed when heading down steep inclines.

MANUAL OR AUTOMATIC TRANSMISSION

The ST and ST-L models come with the choice of a responsive 6-speed manual transmission or a 5-speed automatic with Manual Mode, which is standard on the Ti. The Ti 550 has a 7-speed automatic transmission with M-Mode for smooth, comfortable highway driving.

XENON HEADLIGHTS WITH WASHERS

Available on the Ti and Ti 550 models, these powerful headlights will keep the road ahead fully illuminated even in the most extreme conditions.

Silver Lightning Ti 550.

Thunder Blue Ti.

7 SEAT VERSATILITY

The spacious seats can easily be folded up or down to create a variety of different seating configurations. So you can fit in lots of people, lots of cargo, or lots of both.

MULTIPLE STORAGE AREAS

A split-level glovebox, large centre console, sunglasses holder, and 10 drink holders make sure there's somewhere to put everything you need.

12V POWER OUTLETS

Three outlets situated throughout the vehicle can be used to power everything from mobile fridges to mobile phones.

BLUETOOTH® HANDSFREE PHONE SYSTEM

Link your compatible mobile phone to make and receive calls safely and legally using the steering wheel controls.

AUDIO SYSTEM

All models feature a CD player with MP3 reading capability, an AM/FM radio and auxiliary input to connect your MP3 player. Not only that, iPod® connectivity (or USB device) via USB connection ensures you can listen to all your favourite tracks.

AUDIO SYSTEM WITH BOSE® SPEAKERS

Choose the top of the line Ti 550 and enjoy rich, clear sound from the extraordinary Bose® speakers & subwoofer.

RAIN-SENSING WIPERS AND AUTOMATIC HEADLIGHTS*

The windscreen wipers will automatically keep your vision clear at the first sign of rain, while the Xenon headlights will automatically illuminate your view whenever they're needed.

INTELLIGENT KEY*

No more fumbling for keys. The Intelligent Key stays in your pocket or bag while you open the door by pushing a button on the car door.

8-WAY POWER ADJUSTABLE DRIVER'S SEAT*

Achieve your perfect driving position at the touch of a button. The front passenger enjoys 4-way power adjustment.

HEATED SEATS*

On a bitterly cold morning, you'll really appreciate the snug sense of warmth provided by leather-trimmed seats with two heat settings.

*ST-L, Ti and Ti 550 models.

^Ti and Ti 550 models. *Ti 550 models only.

Ti interior.

SATELLITE NAVIGATION*

Get where you're going quickly and easily. The HDD satellite navigation system with 3D mapping appears on the 7" integrated colour display with touch screen. Controls are also on the steering wheel.

FRONT AND REAR DVD PLAYERS*

The front DVD player can be viewed via the integrated front colour display when the vehicle is stationary. Rear passengers can enjoy some great entertainment anytime using the Rear DVD entertainment system.

MUSIC BOX HARD DRIVE*

You can load your favourite tracks into a 9.3GB Music Box Hard Drive or enjoy iPod® connectivity via USB connection.

*iPod is a registered trade mark of Apple Inc.

AIRBAGS

All models have front driver and passenger SRS airbags, while the ST-L, Ti and Ti 550 models add front to rear SRS curtain airbags; giving you the protection of six airbags in total.

VEHICLE DYNAMIC CONTROL (VDC)

VDC, also known as Electronic Stability Control, is a safety system to help keep you on your intended path. If VDC senses that your vehicle is starting to oversteer or understeer, the engine power is reduced or braking power applied to specific wheels to help you maintain control.

BRAKE ASSIST & ELECTRONIC BRAKE FORCE DISTRIBUTION

More than "just stopping", Brake Assist senses emergency braking and automatically helps to apply maximum braking pressure if needed. Then, Electronic Brake force Distribution sends extra force to the rear brakes when it senses additional weight in the back.

ANTI-LOCK BRAKING SYSTEM (ABS)

In an emergency situation ABS moderates the brakes to prevent wheel lock up and help you maintain stability and steering control.

REAR-REVERSING CAMERA

In the Ti and Ti 550 models, the rear camera with Predictive Path Technology makes parking easy by ensuring you avoid obstacles when reversing.
