This brochure covers Astra GTC and GTC Sport models only. Some of the images illustrate options and accessories available at extra cost. And not all of the features described are available on both models. Due to the limitations of the printing process, the colours reproduced throughout this brochure may vary slightly from the actual paint colour. As a result, they should be used as a guide only.

Opel Corsa. Check out the style.

The Corsa looks brilliant from every angle. The seriously sporty three-door, sharp and dynamic with real attitude. And the flexible five-door – maybe a little more grown-up, but ever so versatile and wonderfully well proportioned.

Corsa Enjoy 5D Hatch shown with accessory alloy wheels available at extra cost

Why blend in when you can stand out?

Opel Corsa Colour Edition – you don't look this sharp by chance. You need Corsa's natural style, and a whole lot of attitude. Colour it all red, white, black or yellow. Add a gloss black roof and matching exterior mirrors. Complement it with optional black 17-inch twin-spoke alloy wheels and you can see the results for yourself.

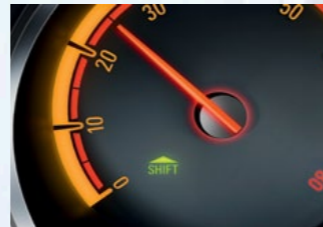

Vehicles illustrated also include optional Sport Package and accessory styling pack (consisting of front lower spoiler, side sills, rear roof spoiler and rear lower skirt), available at extra cost

Petrol engines. Opel Corsa is available with a Euro 5 compliant 1.4i 16v VVT petrol engine combining power and fuel efficiency with low CO2 emissions.

Transmissions. The range comes with a five-speed manual as standard, with sophisticated four-speed automatic transmissions also available for Colour Edition and Enjoy models.

Shift-up indicator. On every Opel Corsa model with a manual transmission, a shift-up indicator on the rev counter alerts the driver to the optimum time a gear change is required, further enhancing fuel efficiency.

Chassis. We could just tell you that the Opel Corsa chassis has been designed to ensure pure driving pleasure without ever compromising ride comfort. But wouldn't it be better to discover how much fun it is to drive by trying one for yourself? Then you'll really be able to appreciate the benefits of a chassis that features optimised spring, damper and anti-roll bar settings to combine serious ride comfort with real agility. And an advanced Anti-lock Braking System (ABS) that combines with other chassis safety features such as standard Electronic Stability Programme-plus and Cornering Brake Control to ensure stability and steering behaviour in a range of emergency situations.

Intelligent safety. Our safety features are almost taken for granted nowadays, but it doesn't mean we've stopped adding new ones. Double front seatbelt pretensioners and adaptive brake lights are just two examples of how Corsa achieves such a high safety rating.

Double pretensioners. Front seatbelt pretensioners act on the diagonal shoulder restraint on all models. So in the event of a collision, they're ready to interact with the front airbags and compensate for lateral seat movement.

Daytime Running Lights. As well as providing a striking style accent on the Opel Corsa, the Daytime Running Lights improve your visibility to other road users whatever the conditions.

Adaptive Forward Lighting (AFL). Night driving has always had the potential to generate stress. Opel Corsa's advanced halogen AFL system projects the headlight beams into curves and provides extra side illumination when making extreme turns. The result: less stress, more safety. Optional on Enjoy models.

Static cornering light. Halogen Adaptive Forward Lighting throws light 90 degrees left or right for enhanced lateral vision. The system operates up to 40 kilometres per hour, also while reversing.

Dynamic curve light. Halogen Adaptive Forward Lighting moves the headlight beams outwards up to 15 degrees left or right of the straight ahead position when you turn the steering wheel, helping improve your vision of the approaching bend.

Airbags. All Corsa models feature double-action front seatbelt pretensioners and six airbags, including front seat side-impact and curtain airbags too.

Adaptive brake lights. ABS brakes can shorten your stopping distance in slippery road conditions, but what about the driver behind you? With Corsa, if the ABS is activated at over 29 kilometres per hour, your brake lights blink at five times a second, warning the following driver that you're emergency braking.

Security. Every Corsa features an engine deadlock immobiliser as standard as well as remote control central locking. There's also an internal door locking switch for added reassurance in the event of unwanted attention from outside the car.

Cruise control. The easy-to-use, twist up/twist down cruise control – standard on Colour Edition and Enjoy models – allows you to maintain a steady speed without keeping your foot on the accelerator. So it's more comfortable on long journeys and easier to keep to speed limits too.

Rain and light sensors. Automatic lighting control can switch the car's lights on when it gets dark. Other sensors can switch the wipers on and even dim the rear-view mirror – all automatically. These features are available with the Technology Package on Enjoy models.

Easy life. The Corsa is available with some pretty brilliant features so you never have to compromise on what you really want. Like Electronic Climate Control. So it's easy to choose a Corsa that fits the way you live perfectly.

Air con and ECC. Air conditioning provides chilled air on hot days, faster demisting on damp days and a more pleasant atmosphere throughout the year. Move up to Electronic Climate Control (Standard on Enjoy models) for a more consistent control of the interior temperature.

Driving position. You're going to be spending some quality time in your Opel Corsa. So we've made it easy for you to make sure it's exactly how you want it. The Corsa interior is big on ergonomic efficiency. Which means it's designed around real people, with space to relax and plenty of room for long legs and broad shoulders – front and rear. All the controls are within easy reach so you don't have to take your eyes off the road for more than a moment to adjust the heating or the audio, for example.

Best of all, it's easy to find the perfect seating position with a driver's seat that moves six ways – including height adjustment – on all models. On all models, you'll find fully adjustable steering too, bringing us right back to what we said earlier about real people and perfect ergonomics.

Corsa 3 door hatch

Standard features include:

- 15-inch steel wheels
- Daytime Running Lights
- Speed-sensitive power-assisted steering
- Power front windows

Opel Service.

Australia wide Customer Service.

Throughout Australia, our Opel dealerships are ready to provide professional, quality and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. Each dealer has invested in facilities, training and equipment, as well as dedicated staff to ensure that you can enjoy your Opel motoring with 'total peace of mind'. The dealerships' factory trained technicians know and understand your Opel, better than anybody else. You can be confident that your vehicle's service and maintenance requirements are being looked after in the best possible way. This includes using only Opel Genuine Parts with any service or repair, as well as coming with the assurance of the nation-wide Opel dealer warranty on both parts and labour.

Opel Service Plus.

Your new Opel comes with our complete service package – Opel Service Plus. Opel Service Plus covers the scheduled servicing of your Opel for the first three years, or 45,000kms of travel (whichever comes first). Opel Service Plus gives you the confidence of knowing what the scheduled servicing costs will be for the next three years, combines with the knowledge that your Opel is being looked after by the Opel Service network.

Opel Assist Plus.

Every new Opel comes with Opel Assist Plus, our complimentary premium three year Roadside Assistance program. No matter where you are, you will be covered 24 hours, 7 days a week, with services such as breakdown assistance, vehicle towing, or changing a tyre.

New Vehicle Warranty.

The details of your new vehicle warranty coverage may be found on the Opel Australia website at www.opel.com

Parts and Accessories.

Opel parts and accessories are available at your local Opel Dealership, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.

Need instant information? At www.opel.com you can access a wealth of information on all Opel cars, services, and accessories. Get online for Opel news and product updates.

In case of any questions, please ask your Opel dealer. More information can be found at www.opel.com

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and / or is available at extra cost. Further, Opel Australia Pty Ltd ABN 44 155 316 653, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Opel Dealer has details, and before ordering, you should ask them to bring you up to date. No Opel Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Opel product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Opel Australia Pty Ltd in its published sales literature, and Opel Australia Pty Ltd does not accept any liability for any such unauthorised action. Opel Australia Pty Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Opel's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but Opel Australia Pty Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by Opel Australia Pty Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Opel products are subject to the conditions set out in all vehicle handbooks. Details also available from Opel Australia Pty Ltd on request.
