day-to-day worries, with a unique driving experience.

Alfa *GT* Monza

Not just muscle

Named after one of the fastest racing circuits in the world, Monza represents the epitome of Italian sports car design. At first glance the GT Monza has a strong, compact look. Beyond this initial appearance, the exterior details reveal the charisma of a genuine sports car: Monza design 18" Alloy wheels with red brake calipers, satin effect wing mirrors and front grille. The GT Monza also comes with rear parking sensors as standard.

The dynamic style continues in the cabin, with the aluminium sports pedals, kick plate and gear knob*. Black dominates with sports leather seats, leather steering wheel and black instrumentation – stylish and timeless. The GT Monza is a perfect example of the passion that is at the heart of every Alfa Romeo.
