

The Audi A3 Cabriolet

The new Audi A3 Cabriolet

Endless summer

From your first glance, it's clear it was created for maximum open-top driving pleasure. Whether the roof is up or down, the Audi A3 Cabriolet exudes sheer style with its classic soft-top look. The generous interior comfortably seats four and even with the top down the space-saving Z-fold hood ensures uncompromised luggage room. The soft-top is available with semi-automatic operation or the optional fully-automatic version with additional insulation which can be opened in less than 10 seconds.

Of course there's far more to this superb compact than just a drop-top. Featuring the driving dynamics typical of Audi, the Audi A3 Cabriolet is perfectly suited to everyday driving and is the premium vehicle in its class.

Under the newly sculpted bonnet, the Audi A3 Cabriolet combines turbo charging with FSI direct fuel injection delivering power with efficiency. The 1.8 TFSI with 118 kW powers you from 0 to 100 km/h in just 8 seconds, whilst the 2.0 TFSI engine with the dual-clutch S tronic transmission takes only 7.3 seconds.

The Audi A3 Cabriolet comes with driver, passenger and front side airbags, plus roll bars behind the rear seats and an extremely rigid body to ensure that your open-top driving experience is enjoyable and safe.

Recommended Retail Price ^

• = Standard equipment * = Optional equipment, Recommended Retail Price shown - = Not available

^New vehicle prices shown include Luxury Car Tax (LCT) of 25% and are recommended retail prices (RRP) excluding dealer delivery which vary from dealer to dealer, stamp duty, compulsory third party insurance costs and registration charges which may vary from State to State. LCT applies to new vehicles, factory fitted optional extras and dealer delivery charges where the GST inclusive total price is above \$57,180. In the Federal Budget, the Government announced that LCT would increase from 25 to 33% from 1 July 2008. The Tax Commissioner has advised that the legislation to make that law will not be passed by then. However, if passed at a later date, the proposed law will apply retrospectively from 1 July 2008. Audi Australia Pty Ltd has determined that if the law is enacted, customers will not need to pay the retrospective additional 8% LCT on luxury vehicles delivered from 1 July 2008 to the enactment date. Customers will, however, be responsible for paying the additional 8% LCT from the enactment date of the legislation and an additional 8% will need to be added to the new vehicle prices.

*Recommended retail prices of factory fitted optional extras including LCT. Optional extra specifications and prices are subject to change without notice. Please check with your Authorised Audi dealers.

Fuel consumption figures according to Australian Design Rule (ADR) 81/01. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

Specifications are as planned at July 2008 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Limited, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices.

An A3 Cabriolet 2.0 TFSI Ambition is shown with optional metallic paint, Xenon plus headlights and aluminium medial silver inlays. An overseas model is shown.
