

The Audi S3

Evolution of power and performance.

The Audi S3 and S3 Sportback

Power, performance and exclusivity are major factors when stimulating the emotions and arousing fascination. The Audi S3 has been created with a clear focus on these success factors – for people who are looking for a striking symbol of their personality and performance potential.

Like all Audi S models, the Audi S3 combines progressive technology and a sporty driving experience with distinctive features that set an S model apart from the rest. As the sportiest representative of the successful Audi A3 model line, the Audi S3 not only continues the success story begun by its direct predecessor, but does even more – it raises that car's image of sportiness to a new level that can be seen, felt and measured.

The appeal of the Audi S3 lies in its outstanding performance, its supreme road dynamics and the sheer fun it is to drive. There is a sound basis for these claims: a sporty overall concept made up of high power output from the engine, S sports suspension, design elements typical of the S model range and exclusive equipment and trim. The Audi S3 offers its driver pure driving pleasure in a car with high everyday suitability.

• = Standard equipment * = Optional extra, Recommended Retail Price shown NCO = No Cost Option

^ Prices quoted are Recommended Retail Prices (RRP) excluding dealer delivery charges which may vary from dealer to dealer and statutory charges which vary from state to state. The RRP of each model and factory fitted option* are inclusive of Luxury Car Tax (LCT) at the rate of 33%. LCT is payable on all luxury vehicles with a total purchase price, including the price of factory & dealer fitted optional extras & dealer delivery charges, above \$57,180. Please inquire at your dealer for further details. This is a manufacturer's specification sheet and new vehicles must be purchased from dealers.

Fuel consumption figures according to Australian Design Rule (ADR) 81/02. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

Specifications and pricing are as planned at October 2008 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Limited, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices.

Overseas models are shown with optional metallic paint, sports steering wheel in flat-bottom design, Navigation plus and Audi park assist.
