

## The Audi S5 Cabriolet

## Audi S5 Cabriolet

### Athletic dynamism

The Audi S5 Cabriolet is a remarkable blend of progressive sports car technology and an authentic convertible experience. An athletic profile with a long wheelbase and short overhangs indicates just what the Audi S5 Cabriolet is capable of.

Drawing on the power of a 3.0-litre V6 TFSI® engine with supercharger and direct injection, the Audi S5 Cabriolet produces an impressive 245kW and 440Nm of torque whilst compromising nothing, with outstanding fuel efficiency figures of just 9.7L/100km.

A 7-speed S tronic dual-clutch transmission provides seamless gear changes while quattro® permanent all-wheel drive underscores the athletic power and look of this superb vehicle.

Inside, sports seats and an S sports multifunction steering wheel with paddle shift, matt brushed aluminium inlays and an S specific instrument cluster provide the perfect setting to experience the dynamic performance and power of the Audi S5 Cabriolet.

• = Standard equipment

\* = Optional equipment, Manufacturer's List Price shown

\*Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet separately include LCT. If the total price for the displayed vehicle (excluding statutory charges) is below the LCT threshold then LCT is not applicable & the price of factory fitted options will need to be recalculated excluding LCT. Please enquire at your authorised Audi dealer for further details. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from August 2009 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in anyway as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices. For individual prices please contact your local authorised Audi dealer.

\*\*Fuel consumption figures according to Australian Design Rules (ADR) 81/02. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

Specifications and pricing are as planned at September 2009.
