The Ultimate  
Driving Machine

# THE BMW 2 SERIES COUPÉ.

## SPECIFICATION GUIDE.

**BMW EfficientDynamics**  
Less consumption. More driving pleasure.

# MODELS.

	Transmission	Cylinder / Capacity cm <sup>3</sup>	Power / Torque	Combined fuel consumption l/100km	Acceleration 0-100km/h
<b>Petrol Models</b>					
<b>220i</b>	8-speed sport automatic	4-cylinder 1,998	135 kW 270 Nm	5.8	7.2 sec
<b>230i</b>	8-speed sport automatic	4-cylinder 1,998	185 kW 350 Nm	5.9	5.6 sec
<b>M240i</b>	8-speed sport automatic	6-cylinder 2,998	250 kW 500 Nm	7.1	4.6 sec

BMW recommends the use of RON 95 super unleaded petrol. Unleaded 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON98 fuel. All engines meet the EU5 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EU), which consists of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured in addition to fuel consumption. Optional equipment (e.g. wider tyres) can have a significant impact on fuel consumption.

## GENUINE BMW SERVICE.

When you buy a BMW, you can look forward to superb service and comprehensive customer care, with a network of dealerships Australia-wide ready to assist you at any time.

The intelligent BMW Condition Based Servicing (CBS) system monitors the individual components of your vehicle's service requirements and notifies you in advance when a service is due. In conjunction with BMW Teleservices, your vehicle then sends all relevant servicing data captured by CBS directly to your preferred BMW dealer.\* Your BMW dealer will contact you to arrange an appointment at a convenient time and can efficiently prepare for your visit by ordering spare parts in advance.

No one knows the innovative technology in your BMW quite like the authorised BMW dealer network. Using the latest sophisticated BMW diagnostic tools, you can rest assured that your BMW will receive the highest level of attention from specialist BMW-trained technicians using only Genuine BMW Parts.

Your BMW service experience can also extend to a BMW Service Inclusive package, which covers your scheduled servicing costs^ for 5 years/80,000kms (whichever comes first) in a single, once-off advanced payment. With BMW Service Inclusive, you can enjoy every second of driving pleasure knowing that your BMW is always getting the service it deserves. BMW Service Inclusive is also fully transferable to future owners and includes a two year manufacturer's warranty on all parts replaced.

All in all, quality and safety are the essence of a Genuine BMW Service. Find out more at [bmw.com.au/service](http://bmw.com.au/service)

## BMW DRIVING EXPERIENCE.

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driving Experience course is for you. If you've ever wondered what an Ultimate Driving Machine is capable of, this is the Ultimate test-drive.

Sign up for a BMW Driving Experience course and you will learn what these remarkable vehicles can really do. More importantly, you will also acquire essential skills that will enhance your driving ability and safety.

BMW Driving Experience was introduced in 1977, the first of its kind initiated by an automotive manufacturer to improve the skills, reactions and awareness of drivers.

Today more than ever, the 3-stage programme offers drivers a positive, exhilarating experience, along with an excellent education and an enthralling opportunity to accelerate their driving abilities. This is all conducted behind the wheel of an efficient and dynamic range of Ultimate Driving Machines.

The aim of the programme is to enhance each participant's driving ability by developing attitudes and skills through a structured sequence of courses. Each course takes participants through an increasingly challenging mix of low and high speed driving exercises, that help them respond effectively in emergency situations and become progressively more confident, safe and enthusiastic drivers.

Our courses are conducted at Australia's leading facilities, including the world renowned Phillip Island Grand Prix Circuit. All BMW Driving Experience courses are supervised by highly-trained instructors under the stewardship of Le Mans and Bathurst winner, Geoff Brabham.

BMW Driving Experience offers a range of courses, from the entry-level Intensive course, to the more advanced and exhilarating M Dynamic. The final BMW Driving Experience course on offer is the pinnacle of all, our exclusive Fascination course.

### BMW Intensive Driving Experience

An exciting introduction into performance driving, designed for confident drivers.

### BMW M Dynamic Driving Experience

After completing our Intensive Training course, drivers can take their skills to another level with this high-performance course designed to test their ability to the fullest.

### BMW Fascination Driving Experience

The last course offered in the BMW Driving Experience Programme. Fascination is the goal to reach for those who complete our Intensive and M Dynamic Driving Experience courses. Drivers apply all of the skills they have learned in previous courses, and have one-to-two tuition with our highly trained BMW Driving Experience Instructors.
