BMW M2 Coupé

The Ultimate
Driving Machine

bmw.com.au

THE ALL NEW BMW M2 COUPÉ.

SPECIFICATION GUIDE.

BMW EfficientDynamics
Less consumption. More driving pleasure.

MODELS.

	Transmission	Cylinder / Capacity cm ³	Power / Torque	Combined fuel consumption l/100km	Acceleration 0-100km/h
Petrol Models					
M2 Pure	6-speed manual	6-cylinder 2,979	272 kW 465 Nm	8.5	4.5 sec
M2	7-speed Dual Clutch with Drivelogic	6-cylinder 2,979	272 kW 465 Nm	7.9	4.3 sec

BMW recommends the use of RON 95 super unleaded petrol. Unleaded 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON98 fuel. All engines meet the EU5 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EU), which consists of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment (e.g. wider tyres) can have a significant impact on fuel consumption.

■ Standard

While BMW Group Australia has endeavoured to ensure that all information, representations, illustrations and specifications contained in these materials are accurate at the time of publication (23 December 2015), the information is general in nature only. STANDARD EQUIPMENT.

	M2 Pure	M2
Transmission and technology		
6-speed manual transmission , incl. shift point display in instrument cluster	■	
7-speed Double-Clutch transmission with Drivelogic , incl. Launch Control, Stability Clutch Control, Creep on Demand and Smokey Burnout		■
Active M differential , electronically controlled multi-disc clutch, optimised power transmission and traction in all driving situations	■	■
Auto Start/Stop function , reduces fuel consumption by switching off the engine when the vehicle comes temporarily to a stop	■	■
M TwinPower Turbo 6-cylinder in-line petrol engine with a technology package comprising one TwinScroll turbocharger, High Precision Injection, Valvetronic variable valve control and Double-VANOS variable camshaft control	■	■
Brake Energy Regeneration , improves fuel efficiency and ensures that the full power of the engine is available for acceleration	■	■
Brake-pad wear indicator	■	■
Condition Based Service , inspections are scheduled to suit the way in which the car is driven	■	■
Double-joint spring strut front axle and multi-arm rear axle	■	■
Driving Experience Control , enables adjustment of driving dynamics settings, including throttle response, shift times of M dual-clutch transmission (excludes M2 Pure), power steering assistance and Dynamic Stability Control (DSC)	■	■
M Dynamic Mode , M-specific switchable functions of Dynamic Stability Control (DSC)	■	■
M-specific running gear	■	■
Electric Power Steering with M Servotronic	■	■
Electronic differential lock , active in DSC Off mode	■	■
Start/Stop button , with keyless ignition	■	■
Safety		
Airbags : driver and front passenger airbags, head airbags in the front and rear, side airbags for driver and front passenger	■	■
Alarm system with remote control		■
Brakes : compound brake discs at the front and rear, inner-vented, drilled	■	■
Central locking with electronic immobiliser, crash sensor; fuel tank filler cap integrated into central locking system	■	■
Dynamic braking lights , flashing brake lights and hazard indicator under extreme braking	■	■
Dynamic Stability Control (DSC) incl. Antilock Braking System (ABS), Automatic Stability Control (ASC), Dynamic Traction Control (DTC), Dynamic Braking Control (DBC), Cornering Brake Control (CBC), pull-away assistant, dry braking and braking readiness	■	■
Headrests on all seats	■	■
Safety body shell : deformation zones at the front and rear, easily-replaceable deformation elements that absorb impacts at speeds up to 15 km/h; integrated side impact protection in doors	■	■
Seat belts : three-point seat belts for all rear seats; three-point inertia-reel seat belts in the front with belt tensioners and belt force limiters	■	■
Warning triangle and first aid kit	■	■
Wheels and tyres		
19" M light alloy wheels double-spoke 437 M , Black with 9 J × 19 / tyres 245/35 R 19 front, 10 J × 19 / tyres 265/35 R 19 rear tyres	■	■
Locking wheel bolts	■	■
M mobility kit	■	■
Tyre pressure monitor , electric monitoring system, displays each tyre pressure and warns of loss at 3 different stages	■	■

GENUINE BMW SERVICE.

When you buy a BMW, you can look forward to superb service and comprehensive customer care, with a network of dealerships Australia-wide ready to assist you at any time.

The intelligent BMW Condition Based Servicing (CBS) system monitors the individual components of your vehicle's service requirements and notifies you in advance when a service is due. In conjunction with BMW Teleservices, your vehicle then sends all relevant servicing data captured by CBS directly to your preferred BMW dealer.* Your BMW dealer will contact you to arrange an appointment at a convenient time and can efficiently prepare for your visit by ordering spare parts in advance.

No one knows the innovative technology in your BMW quite like the authorised BMW dealer network. Using the latest sophisticated BMW diagnostic tools, you can rest assured that your BMW will receive the highest level of attention from specialist BMW-trained technicians using only Genuine BMW Parts.

Your BMW service experience can also extend to a BMW Service Inclusive package, which covers your scheduled servicing costs^ for 5 years/80,000kms (whichever comes first) in a single, once-off advanced payment. With BMW Service Inclusive, you can enjoy every second of driving pleasure knowing that your BMW is always getting the service it deserves. BMW Service Inclusive is also fully transferable to future owners and includes a two year manufacturer's warranty on all parts replaced.

All in all, quality and safety are the essence of a Genuine BMW Service. Find out more at bmw.com.au/service

BMW ROADSIDE ASSISTANCE & ACCIDENT MANAGEMENT.

To ensure your BMW delivers you with years of uninterrupted driving pleasure, it comes with the one of the most comprehensive roadside care programmes in Australia. This service is complimentary for three years, so you can rest assured in the knowledge that assistance is at hand 24 hours a day, 365 days a year.

Should you require assistance, simply dial BMW Roadside Assistance & Accident Management on the exclusive toll-free number: **1800 808 111**.

*Preferred Authorised BMW dealer must be registered and configured in the BMW ConnectedDrive portal.
^Normal wear and tear and other exclusions apply.

BMW FINANCIAL SERVICES.

Finance, Lease & Insurance.

BMW Group Financial Services is your one stop shop for all your Finance, Leasing and Insurance needs. Each BMW dealership has a dedicated Business Manager who can put together a tailored finance and insurance package, to make getting into your next BMW even easier.

*BMW Financial Services is a division of BMW Australia Finance Limited. Australian credit licence 392387. Fees, charges, terms, conditions and approval criteria apply to BMW Financial Services finance products.

BMW DRIVING EXPERIENCE.

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driving Experience course is for you. If you've ever wondered what an Ultimate Driving Machine is capable of, this is the Ultimate test-drive.

Sign up for a BMW Driving Experience course and you will learn what these remarkable vehicles can really do. More importantly, you will also acquire essential skills that will enhance your driving ability and safety.

BMW Driving Experience was introduced in 1977, the first of its kind initiated by an automotive manufacturer to improve the skills, reactions and awareness of drivers.

Today more than ever, the 3-stage programme offers drivers a positive, exhilarating experience, along with an excellent education and an enthralling opportunity to accelerate their driving abilities. This is all conducted behind the wheel of an efficient and dynamic range of Ultimate Driving Machines.

The aim of the programme is to enhance each participant's driving ability by developing attitudes and skills through a structured sequence of courses. Each course takes participants through an increasingly challenging mix of low and high speed driving exercises, that help them respond effectively in emergency situations and become progressively more confident, safe and enthusiastic drivers.

Our courses are conducted at Australia's leading facilities, including the world renowned Phillip Island Grand Prix Circuit. All BMW Driving Experience courses are supervised by highly-trained instructors under the stewardship of Le Mans and Bathurst winner, Geoff Brabham.

BMW Driving Experience offers a range of courses, from the entry-level Intensive course, to the more advanced and exhilarating M Dynamic. The final BMW Driving Experience course on offer is the pinnacle of all, our exclusive Fascination course.

BMW Intensive Driving Experience

An exciting introduction into performance driving, designed for confident drivers.

BMW M Dynamic Driving Experience

After completing our Intensive Training course, drivers can take their skills to another level with this high-performance course designed to test their ability to the fullest.

BMW Fascination Driving Experience

The last course offered in the BMW Driving Experience Programme. Fascination is the goal to reach for those who complete our Intensive and M Dynamic Driving Experience courses. Drivers apply all of the skills they have learned in previous courses, and have one-to-two tuition with our highly trained BMW Driving Experience Instructors.

To find out more about BMW Driving Experience courses and dates, please call **1800 000 269** or email **bmw-drivingexperience@bmw.com.au** or visit **bmw-drivingexperience.com.au**
