

DS 3

# ANTI - RETRO

CITROËN is for the curious – the ones that refuse to conform. It's been that way since 1919. We've spent over 90 years innovating and producing industry firsts. The CITROËN DS Line continues this tradition by breaking free from established cues with sophisticated styling and refinement, as the CITROËN DS 3 makes vividly clear. Here, every unique flourish, fresh innovation, bold curve and sensual finish reflects the inspiration of its creators.

This is why it looks like no other car; why an audacious 'shark fin' form rises dramatically from the waistline, why the roofline appears to float above the glass house and body, and why you can walk around the CITROËN DS 3 again and again spotting fresh, pleasing details. Here is a unique distillation of what makes Citroën so different.

But the CITROËN DS 3 is also about you, because through the huge range of personalisation options, they allow you to fine tune a car that reflects your character more clearly and stylishly than ever. CITROËN DS 3 takes freedom of expression to the next level.

# MOTORSPORT PROVEN

You never know your limits until you push them. That's why CITROËN uses the World Rally Championship as a testing ground. Since 2001, we've claimed eight Manufacturer's Titles, with Sébastien Loeb & Daniel Elena winning nine Championships behind the wheel of a CITROËN DS 3.

We test our vehicles up to 4 million km before we launch a new model, and we don't stop there. The WRC and local ARC are great testing grounds, too DS 3s will be put through their paces again during the 2015 Australian Rally Championship under the banner of Team Citroën Australia.
