

ESCAPE

Go Further

COME OUT AND **PLAY**

**PERFECTLY POISED &
READY FOR ANYTHING**

Escape Titanium shown.

Escape Titanium shown.

Bold. Sporty. Refined. The new Escape's exterior design stands out from the rest – whether in the city or on a long family escape. From bumper to bumper, this family SUV was built to inspire fun and adventure.

IN TUNE WITH YOUR FAMILY

When creating Escape's interior, Ford designers had one lofty goal: Create the perfect family-sized cabin, a space that is completely intuitive to your needs.

Bring the outdoors in, at the touch of a button. Taking up almost 50% of your roof space, the panoramic glass roof brings the outdoors in, at the touch of a button!

Charge your devices on the go and securely stow your essentials with Escape's cleverly designed centre console and media bin.

Extra space for... well, almost anything. Fold down the versatile 60/40 split rear seats to accommodate all types of loads.

Live life in colour. Choose between seven colours and bring ambient lighting to foot wells, door pockets and door handles!

Extra set of eyes. The Escape's wide-angle reverse camera automatically activates when the reverse gear is selected. It gives you a clear view of what's behind you and takes the guess work out of reversing.

1. Available on Titanium models only.

Panoramic Sunroof shown on Escape Titanium!

SMART MEETS STYLE

The Escape is a showcase of Ford innovation. Sync to favourite apps like Spotify and get live traffic updates¹ on the 8 inch capacitive touchscreen.² The intuitive SYNC[®] 3 system is smart and simple. With enhanced voice control and updated commands, even your kids can talk to it.

Say goodbye to the stress of parallel and perpendicular parking. Enhanced Active Park Assist^{3,4} helps you find a park. It then helps to steer you in and even helps you steer out while you work the gears, accelerator and brake.

Goodbye traditional handbrake. Hello extra space. Escape's Electronic Parking Brake allows you to park securely with the touch of a button.

With Lane Keeping Aid^{5,6}, the steering wheel vibrates to warn you if it detects that you inadvertently drift too close to a lane marker. If you still don't react, Lane Keeping Aid can automatically apply steering torque to guide you back into your lane.

Packing made easy. Kick your foot under the rear bumper and the Hands-Free Power Tailgate⁷ opens and closes automatically.

Worry-free hill starts. Take your foot off the brake pedal and Hill Launch Assist⁴ holds the brakes for a few seconds, giving you ample time to smoothly accelerate away.

LANE KEEPING AID

HANDS-FREE TAILGATE

THE WORLD AT YOUR FINGERTIPS

Escape's SYNC® 3¹ system is more intuitive than ever, helping your family stay connected on the go.

Use conversational voice commands to make hands-free phone calls and listen to text messages:²

Seamlessly integrate your compatible smartphone through Apple CarPlay³, Android Auto⁴, or Applink^{®5}, for hands-free control of your favourite apps:²

The 8-inch capacitive touchscreen features a redesigned interface that supports smartphone-like actions, such as swipe and pinch-to-zoom.

1. Not all SYNC 3 features are compatible with all phones. 2. Warning: Local laws prohibit the use of some functions while driving. Check your local road rules before using these functions. 3. Apple CarPlay requires phone with compatible version of Apple iOS, active data service, and connection cable (sold separately). SYNC does not control Apple CarPlay while in use. Apple is solely responsible for their functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. 4. Android Auto requires a phone with a compatible version of Android™ an active data service and a connection cable (sold separately). SYNC does not control Android Auto while in use. Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Android™ is a trademark of Google Inc. 5. Ford Applink® is compatible with select smartphone platforms and may require a genuine USB cable or Bluetooth® to connect.

DRIVE WITH TOTAL CONFIDENCE

Nothing is more important than your family's safety. So when it's time to come out and play, Escape gives you the confidence to say, "Let's go!"

Safety in numbers. Escape's seven airbags – including side curtain airbags – offer 360-degrees of protection for both front and backseat passengers.

SYNC® 3¹ is there for you when you need it most. If you're in an accident that deploys the airbags or activates the fuel pump shut off, Emergency Assistance uses your paired and in range mobile phone, to dial emergency services and provide them with your precise GPS coordinates.

Are your kids old enough to borrow the car? Program Escape's MyKey™ to limit top speed and regulate stereo volume.

Australia's highest safety rating. You have added peace of mind knowing that the entire Escape range has a 5 star ANCAP safety rating.

¹. Not all SYNC® 3 features are compatible with all phones.

Bi-Xenon HID Headlamps on Escape Titanium shown.

BI-XENON HID HEADLAMPS

BLIS

PEACE OF MIND LOTS OF IT

The new Escape range delivers a suite of available advanced driver assist features, so you can focus on the journey ahead and leave your worries at home.

See what you can't see. Blind Spot Information System (BLIS)^{1,2,3} is designed to detect when a vehicle enters your blind spot and alert you with a warning light in your side mirror.

Enhanced Active City Stop.^{1,2,4} At speeds of up to 50 km/h, Enhanced Active City Stop can detect if the car in front unexpectedly stops and can automatically apply the brakes to help avoid a rear-end collision.

See more at night. Adaptive Bi-Xenon HID Headlamps⁵ can adapt beam patterns for optimal illumination of changing road conditions. They even help you see around corners by directing light into a bend when you turn.

Forward Collision Alert!^{1,2} If an imminent rear-end collision is detected, the system can help to mitigate the collision by alerting you and pre-loading the brakes for enhanced stopping power.

Adaptive Cruise Control!^{2,6} Cruise Control is great on the open road, but even there you can find traffic. So instead of having to turn Cruise Control on and off, the Adaptive Cruise Control adapts. Sensors are designed to scan the traffic ahead, updating their positions 20 times a second. If it senses traffic is slowing, it slows. When the traffic clears, it goes back to your pre-set speed.

Adaptive Bi-Xenon HID lighting patterns.

Escape Titanium's shown.

ADAPTIVE CRUISE CONTROL

ACTIVE CITY STOP^{1,2,4}

1. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. Driver-assist features may not operate in some driving and road conditions or adverse weather. 2. Part of an Optional Technology Pack available on Trend and Titanium models. 3. Designed to operate at speeds above 10km/h. 4. Enhanced Active City Stop is a driver-assist feature that may help avoid or minimise impact of a collision with a moving vehicle between speeds of 3.6km/h and 50km/h. Driver-assist features are supplemental and do not replace driver's attention, judgement and need to control the vehicle. Function may not operate in some driving and road conditions or adverse weather. 5. Available on Titanium Model only. 6. Adaptive Cruise Control is a driver-assist feature which is supplemental and does not replace driver's attention, judgement and need to control the vehicle. Function may not operate in some driving and road conditions or adverse weather.

POWER TO DO MORE

Escape's 1.5L EcoBoost and twin-scroll 2.0L EcoBoost engine options combine turbocharging and direct injection technology to maximise power, while helping you save on fuel. Enjoy all the low-end torque you could ever need to effortlessly tow and haul any family-sized load.

2.0L
EcoBoost
Power 178kW¹
Torque 345Nm

1.5L
EcoBoost
Power 110kW - 134kW¹
Torque 240Nm

Escape Titanium shown.

Designed for all life's twists and turns. For enhanced control on winding roads, Torque Vectoring Control¹ transfers torque to the wheels with the most grip.

Why waste fuel at idle? Escape knows when you're stopped in traffic and shuts down the engine automatically.² Simply lift your foot off the brake and the engine restarts.

1. Available on AWD models only. 2. Deactivation does not occur in all circumstances. 3. Available on auto models only.

AUTO
START STOP

LET CURIOSITY BE YOUR GUIDE

Responsive, nimble, and more than capable of tackling tough road conditions – almost nothing is off limits to Escape. A host of fuel-saving technologies designed to ensure you'll spend more time exploring and less time at the fuel pump.

An Active Grille Shutter opens and closes to reduce aerodynamic 'drag' and help cool the engine.

Make smooth, effortless gear changes with the racing-car inspired Paddle Shifters³ on Escape's steering wheel.

Intelligent All-Wheel Drive! For greater control in challenging conditions, the Intelligent All-Wheel Drive system is designed to monitor Escape's performance and adjusts the delivery of torque to each wheel every 16 milliseconds.

arrangement with Intelematics Australia Pty Ltd. cease for any reason, the ongoing provision of traffic information cannot be guaranteed. 12. The Bluetooth[®] word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc. and any use of such marks by Ford is under license. 13. Enhanced Active City Stop is a driver-assist feature that may help avoid or minimise impact of a rear-end collision with a moving vehicle between speeds of 3.6km/h and 50km/h. Driver-assist features are supplemental and do not replace driver's attention, judgement and need to control the vehicle. Function may not operate in some driving and road conditions or adverse weather. 14. Adaptive Cruise Control is a driver-assist feature which is supplemental and does not replace driver's attention, judgement and need to control the vehicle. Function may not operate in some driving and road conditions or adverse weather. 15. Designed to operate at speeds above 10km/h. 16. Lane Keeping Aid does not control steering. LKA is a driver-assist feature which is supplemental and does not replace the driver's attention, judgement and need to control the vehicle. Designed to operate at speeds over 65 km/h on multi-lane roads with clearly visible lane markings. Function may not operate in some driving and road conditions or adverse weather. 17. Part of the Optional Technology Pack for Trend. Standard on Titanium. 18. Approximate kerb (unladen) mass based on a full tank of fuel and assuming driver at 75kg.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

State Auto Club Roadside Assistance and Membership.

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide a 12 month Roadside Assistance package including State Auto Club Membership for all Retail and Blue Fleet Customers (with fleets less than 5 vehicles).

This package gives you access to the largest network of roadside assistance providers in the country, so you can be assured that you have non-stop coverage every day of the year.

The benefits of being a member are not limited to the peace of mind of 24/7 roadside assistance. You also have access to a wide range of member benefits including Show Your Card & Save. In addition, you will maintain any benefits accrued through your existing years of membership (where applicable).

State Auto Club Roadside Assistance & Membership is valid for eligible Ford vehicles and is available from participating Authorised Ford Dealers only. Visit your local Ford Dealer or refer to ford.com.au for more information and full terms and conditions.

Warranties & Service.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.#

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

12 months/15,000km service intervals.

Under normal driving conditions, service intervals are 12 months or 15,000km, whichever occurs first.

FORD SERVICE

At Ford, we are committed to providing an outstanding ownership experience. For example, we think you should always know what you're going to pay for a standard service, before you go in. So we offer a Service Price Promise for the life of your car, which means we'll publish the maximum price you'll pay for your next A or B logbook service at participating Authorised Ford Dealers on all vehicles built from 2007.

However our service doesn't end at the service garage. With each standard service at a participating Auto Club Dealer, Retail and Small Business

Customers (fleets of less than five vehicles) will also receive up to 12 months Auto Club Membership (including Roadside Assistance), for up to seven years. Eligible customers will even have access to a loan car included with any scheduled service, through participating dealers. Why do we do all this? Because at Ford, we think that's what service should be.

For more details visit your participating local Ford Dealer or visit ford.com.au/service/t-and-c for full terms and conditions.

Ford For Good

From supporting national causes to community volunteering, we take our social responsibility seriously. Find out more at ford.com.au/about/community

#Conditions and exclusions apply. For more information consult your authorised Ford Dealer.

This brochure details specifications and features of the Escape. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Not all features will be available on the entire Escape model range. Please visit our website www.ford.com.au for more information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Image and Illustrations are for information purposes and are indicative only. Because of changes in conditions and circumstances Ford® reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
