

FALCON

Go Further

Performance meets luxury

Combining a formidable driving experience with the kind of features and comforts you'd expect to find in a luxury car, the new Falcon makes a bold statement.

G6E Turbo shown in Smoke and XR6 Turbo shown in Kinetic.

Beyond expectations

The G-Series offers plenty in the way of luxury and comfort, without ever compromising on power and driving pleasure.

G6E Turbo shown in Lightning Strike.

Setting the bar higher

Set your pulse racing with the XR6. Power, performance and superb handling combine to create a truly exhilarating drive.

XR6 shown in Vanish.

Smarter on the inside

Smart driving technologies and the latest in comfort and entertainment sit neatly within the Falcon's interior.

G6E Turbo interior shown.

A truly exhilarating drive

Enjoy a superior driving experience with advanced new engine technologies and the latest in high performance engineering and tuning.

XR6 Turbo shown in Silhouette.

1. Virtual Pivot Control Link front suspension.

Designed specifically to suit Australian conditions and roads, the Virtual Pivot Control Link front suspension combines precise steering control and maneuverability with excellent levels of comfort.

2. Monotube shock absorbers.

Improving the vehicle's connection to the road while providing improved handling and a more responsive drive.

3. Performance brakes.

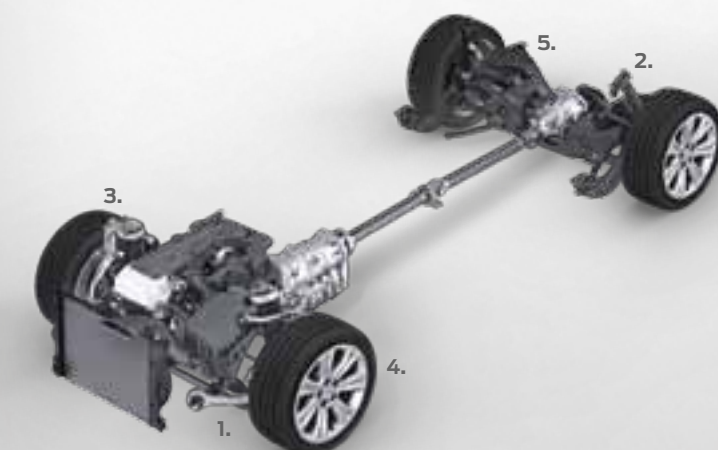

Standard on G6E Turbo and XR6 Turbo, these larger diameter brakes feature vented discs to deliver outstanding stopping performance.

4. Specially tuned tyres.

Precision tuned tyres and a clever new wheel design reduce road noise for an enhanced driving experience.

5. Control Blade Independent Rear Suspension (IRS).

One of the most advanced suspension systems on any Australian built car, IRS promises greater handling ability and enhanced ride comfort.

ZF 6-speed automatic transmission.

Employing advanced mechatronic units that deliver precise control and refinement to all 6 gears, the ZF transmission ensures smooth delivery of power and torque for a thoroughly enjoyable drive.

Ford offer a range of smart, high-tech engines from the performance packed 4.0L I6 and I6 Turbo, to the cleaner, greener EcoLPi and EcoBoost engines. Each are built to the highest specifications for dynamic drive quality.

Lower emissions.

By injecting small amounts of highly pressurised fuel into the combustion chamber, the EcoBoost engine increases fuel efficiency by over 14% and reduces emissions by over 14% when compared to the I6 petrol engine. It's yet another example of Ford's smart engine technologies.

EcoBoost performance

Enjoy the same levels of power and performance you're used to, but with improved fuel economy and reduced environmental impact.

G6 shown in Smoke.

Imagine an engine that delivers all the Falcon performance you'd expect, but with even better fuel efficiency and reduced emissions. The new 4-cylinder EcoBoost engine does just that, delivering 6-cylinder performance with an impressive 353Nm of torque. Bringing injection technology and turbo-charging to a petrol engine, EcoBoost provides plenty of power at an economical fuel consumption rate of 8.1L/100km*. The EcoBoost engine is available in XT, G6 and G6E models.

*Figures obtained from controlled tests using ADR 81/02 (combined), based on XT with 6-speed automatic transmission.

ULP Fuel Consumption

LPG Fuel Consumption

Save 40%

Fuel cost comparisons.

With petrol prices rising, it's a good time to consider the alternatives. With EcoLPI you could save more than 40%* on fuel costs compared with a petrol model, without sacrifice to power and torque. The EcoLPI engine delivers an exhilarating 198kW of power and 409Nm of torque to ensure you continue to get the performance you've come to expect in Falcon. And as an LPG user, you may be eligible for a \$2000 government rebate.#

EcoLPI smart engine technology

Enjoy outstanding power and torque and reduced carbon emissions while taking advantage of lower fuel costs.

XR6 shown in Swift.

Ford never stops looking forward and the Falcon's new EcoLPI engine is yet another example of thinking smarter to create a solution, in this case utilising low cost LPG fuel. The EcoLPI delivers more power and torque than a petrol engine, as well as outstanding LPG savings and lower carbon emissions. What's more with the new EcoLPI engine there is no compromise to boot capacity, it's as generous as ever.

*Fuel costs and savings calculated using ADR 81/02 fuel consumption figures of 9.9L/100km (Falcon XT with 4.0L petrol engine and 6 speed auto) and 12.3L/100km (Ford Falcon XT with optional EcoLPI engine and 6 speed auto). Estimated fuel costs are calculated using the average fuel price for the five major Australian capital cities of 0.64c/L (LPG) and 1.40c/L (unleaded petrol) from January 2011 to December 2011. Source: www.motormouth.com.au. The estimated fuel cost savings are based on fuel costs to travel 20,000km and are: Falcon XT 4.0L petrol \$2,778 and Falcon XT EcoLPI \$1,563. Fuel cost savings are true for the example given and changes in unleaded petrol and LPG prices will alter the cost savings calculations. Optional EcoLPI engine not available on Falcon XR6 Turbo or G6E Turbo. #From 1 July 2011 the LPG Vehicle Scheme has been capped at 25,000 eligible claims paid in each financial year for the duration of the scheme to 30 June 2014. Should the 25,000 cap be reached before the end of the financial year, application processing will continue and eligible claims will be paid in the following financial year. Grant amounts for eligible applications will be determined from the date of new LPG vehicle purchase. For further information regarding the LPG Vehicle Scheme please visit www.ausindustry.gov.au

USB integration.

With USB integration now standard across the range, simply insert your USB stick into the port to control and play all of your MP3 music files.

iPod™ integration.

Play your favourite music and control it all through the vehicle's audio system.

Human technology

Intuitive controls put the driver in full command of comfort, climate and a whole range of driving aids and information.

Human Machine Interface (HMI).

Incorporating the Interior Command Centre (ICC), steering wheel controls and multi-function display, the HMI allows for simple operation of various vehicle functions. This greatly increases safety by bringing driving information and audio controls together on the 8" colour touch screen,* ensuring your eyes spend more time on the road than off it.

Dual-zone climate control.‡

Travel in complete comfort with a climate control system that allows the driver and passenger to set and maintain the optimal temperature for the trip.

Multi-function display.

The easy-to-read multi-function display allows you to check everything at a glance, from speed and journey distance to temperature, vehicle warnings and more.

G6E Turbo interior shown.

Satellite navigation.‡

With keyword search, Traffic Message Channel (TMC)* and easy-to-read colour maps, you can get where you need to be quickly and efficiently.

From the hands-free convenience of Bluetooth®* with steering wheel button control, to full iPod™ integration which lets you take your music where ever you go, the technology on-board the Falcon is at your fingertips for easy control. What's more, the satellite navigation system‡ will get you to your destination quickly and efficiently, no fuss.

*iPod is a trademark of Apple Inc. Please refer to ford.com.au for iPod compatibility. †Standard on all models except Falcon XT. Optional on Falcon XT. ‡Standard on G6E and G6E Turbo. Optional as part of Luxury Pack on XR6 and XR6 Turbo. Not available on Falcon XT or G6. #Ford has an arrangement to provide the Suna Traffic Channel broadcast for a minimum of 5 years from the time of vehicle manufacture. Coverage includes Melbourne, Sydney, Brisbane, Canberra, Adelaide, Perth and Gold Coast metropolitan areas. Refer to www.sunatrafic.com.au for full details. *Bluetooth® is a registered trademark of Bluetooth SIG Inc., and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the Bluetooth® system prior to making a purchase decision. Please visit www.ford.com.au/compatibility for compatible devices.

Safety is paramount

The Falcon employs the most advanced technologies to ensure that you and your family travel in upmost safety and security.

DSC.*

Dynamic Stability Control (DSC)* strengthens your connection to the road and helps you avoid the problems of over-steer and under-steer. DSC tracks the vehicle's movement and then works in tandem with Traction Control and ABS to help keep the vehicle under control.

Follow-me-home lighting.

Front headlights that remain lit for a short period after the vehicle is locked, providing lighting to guide you to your door.

Intelligent Safety System.

In the event of an accident occurring, information is fed to the Advanced Restraints Module which instantly deploys the appropriate safety technologies.

Reverse sensing system.

Assists drivers in reversing with greater accuracy by providing a proximity warning tone when unseen obstacles are close.

Passenger safety cell.

Incorporating ultra-high strength steel for greater all round strength and protection, the safety cell greatly reduces the likelihood of injury.

Airbags.

A set of 6 airbags, including curtain airbags, are arranged around the vehicle to enhance protection of the driver and passengers in the event of a crash.

Australia's highest safety rating.

In addition to a long list of standard features, you have added peace of mind knowing that the entire Falcon range has a 5-star ANCAP safety rating.

*DSC also known as Electronic Stability Control.

Reverse camera.*

Make rear blind spots a thing of the past with a camera that automatically activates when reverse gear is selected providing a 130° wide angle view up to 10 metres behind the car.

*Standard on G6E and G6E Turbo.

Fatigue warning.

Tackling one of the largest hazards to road safety, this feature sounds a warning to drivers to rest after prolonged periods of continuous driving.

Beltminder.™

A simple but effective system that offers an audible reminder for front passengers to fasten their seatbelts, increasing safety at all speeds.

Side curtain airbags.

Providing increased driver and passenger protection in the case of impact, side curtain airbags drop down from the roof to cover the vehicle's side windows. These are standard across the range.

Meet the family

From sports performance to luxury and comfort, the Falcon range delivers it all to put the thrill into driving.

FALCON XR

G-SE RIES

FALCON XT

XT interior shown.

Falcon XT

The Falcon XT provides the perfect balance between on-the-road performance and interior comfort and control.

XT standard features

- 16" alloy wheels
- Reverse sensing system
- Driver and front passenger airbags
- 4-way power driver's seat
- iPod™ integration
- Single-zone automatic climate control
- Front seat side thorax airbags*
- Automatic headlamps ON/OFF feature
- Bluetooth®* integration
- Cruise control
- Side curtain airbags
- Dynamic Stability Control
- Driver's side carpet mat
- USB integration

*iPod is a trademark of Apple Inc. Please refer to ford.com.au for iPod compatibility. *Bluetooth® is a registered trademark of Bluetooth SIG Inc., and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the Bluetooth® system prior to making a purchase decision. Please visit www.ford.com.au/compatibility for compatible devices. #Driver and front passenger only.

XT shown in Lightning Strike.

iPod™ integration.

Play your favourite music and control it all through the vehicle's audio system.

Bluetooth®

Enjoy hands-free communication while you're driving.

Reverse sensing system.

Assists drivers in reversing with greater accuracy by providing a proximity warning tone when unseen obstacles are close.

Cruise Control.

Steering wheel mounted controls conveniently place smoother driving and even speed right at your fingertips.

Airbags.

A set of 6 airbags, including side curtain airbags, are arranged around the vehicle to enhance protection of driver and passengers in the event of an accident.

USB integration.

With USB integration now standard across the range, simply insert your USB stick into the port to control and play all of your MP3 music files.

G6E interior shown.

G-Series

Luxury lovers need look no further. Incorporating the latest Ford smart technology, the G-Series provides the ultimate in comfort and luxury.

G6

G6E

G6 standard features (In addition to XT)

- 17" alloy wheels
- Prestige audio system
- Leather wrapped steering wheel
- Front fog lamps
- 8" colour touch screen

G6E standard features (In addition to G6)

- 18" alloy wheels
- Dual-zone climate control*
- Satellite navigation* with TMC#
- Leather detailed seat inserts
- Reverse camera*

G6E Turbo standard features (In addition to G6E)

- Premium audio system
- 8-way power driver's seat
- Projector headlamps*
- Front LED position lamps
- Perimeter alarm
- 19" alloy wheels
- 270kW/533Nm turbocharged engine
- Rear lip spoiler

Details make the difference

Get exactly what you want from your Falcon, by picking the perfect features and accessories to tailor it to your needs and requirements.

Rhino-Rack® Luggage Box. Next time you take a trip, enjoy even more storage space with this strong, durable, roof mounted luggage box.

XR waterproof seat covers. Fighting daily wear and tear, these cleverly designed neoprene covers protect your seat fabric from dirt, sand, liquid and anything else your family throws at them.

Ski and snowboard carrier.* With soft rubber padding and lockable fastenings, you can transport up to five pairs of skis safely and securely.

Luggage mat. Protects the carpet in the boot from the wear and tear of everything from the weekly grocery shop to the trip to the hardware store.

Garmin Nüvi portable satellite navigation systems. A widescreen display offers easy map viewing and gives you clear directions to your destination.

Cargo swing net. Attaches to the sides of the cargo area to help prevent loose items moving around during transit.

Boot scuff guard. With cartons, cases and shopping regularly passing in and out, the scuff guard protects the lip or your boot from scratches and scuffs.

Towpack.** The heavy duty towpack (including load levelling kit) enables you to tow up to 2,300kg.

Scuff plates. Enhance the appearance of your Falcon with these sporty alloy scuff plates.

Carpet mats.‡ Protect your passenger seating wells from dirt, mud and outdoor muck with a set of four smartly designed mats.

Headlamp guards. Keep your headlamps clear and bright with these durable acrylic headlamp guards that help deflect stones and other objects.

Go Technologies reversing camera. Assists safe parking and manoeuvring by providing a wide-angle view from the rear of the vehicle on a neat 4.5" screen.

*Attaches to Genuine Ford carry bars (sold separately). **This accessory is a Supplier Branded Accessory and is not manufactured or warranted by Ford. The warranty is provided by the manufacturer of the accessory. Contact your authorised Ford Dealer for details of the accessory manufacturer's warranty applicable to this accessory. ‡Set of three.

S = Standard. O = Optional. P = Part of optional pack. - = Not available. A = Accessory available at any time.

15. Set of four. 16. Wheels and tyres sold separately. 17. If spare wheel, rim or tyre size differs from the other wheels fitted, or if the temporary mobility kit utilised, the vehicle should be driven with caution, do not exceed 80km/h and the standard wheel and tyre should be fitted as soon as possible. 18. No cost option on EcoLPi. 19. Spare wheel matches road wheels. 20. Towbar sold separately when factory fitted. Only available as an accessory with optional EcoLPi engine on XT, XR6, G6 and G6E. 21. Prestige audio system standard when optional 8" colour touch screen is selected on XT. 22. Ford has an arrangement to provide the Suna Traffic Channel broadcast for a minimum of 5 years from the time of vehicle manufacture. Coverage includes Melbourne, Sydney, Brisbane, Adelaide, Perth, Canberra and Gold Coast metropolitan areas. Refer to www.sunattraffic.com.au for full details. 23. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is used under licence. Customers should consult their Ford Dealer on the ability of their mobile phone handset to integrate with the Bluetooth® system prior to making a purchase decision. Please visit www.ford.com.au/compatibility for compatible devices. 24. iPod is a trademark of Apple Inc. Please refer to ford.com.au for iPod compatibility. 25. Driver and front passenger only. 26. Dynamic Stability Control also known as Electronic Stability Control.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.#

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

12 months/15,000km service intervals.

Under normal driving conditions service intervals are 12 months or 15,000km, whichever occurs first.

Running a fleet?

Our Ford Fleet team is available to assist fleet customers with information on Ford products and services. Call 1300 13 13 30 or email askfleet@ford.com

Want to contact us?

For answers to your questions, or help with any concern, contact our Customer Relationship Centre on 13 FORD (13 3673) or email customers@fordcrc.com.au

Visit us on the web.

If you want more information on Ford or our entire product range, visit us at ford.com.au

myFord Capped Price Servicing.

Your new Ford vehicle now gives you access to myFord Capped Price Servicing, which means it makes even more sense to have your Ford looked after by the people who know your Ford back to front, inside and out. With myFord Capped Price Servicing, Ford will publish the maximum price you will pay for a standard A or B logbook service at participating Authorised Ford Dealers for all vehicles built from 2007 up to 6 years or 105,000 kilometres, whichever comes first.

In addition, when vehicles are serviced under myFord Capped Price Servicing, Retail and Small Business Customers will also receive 12 months myFord Standard Roadside Assistance (RRP \$90).

For more details visit your local Ford Dealer or visit www.ford.com.au/myfordcps for full terms and conditions.

myFord Roadside Assistance.

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide 1 year myFord Roadside Assistance for all Ford Falcon models. Wherever and whenever you need emergency roadside assistance, help is available 24 hours a day, 365 days a year. If your vehicle breaks down and cannot be repaired, we will organise to transport your vehicle to the nearest Ford Dealer or approved service centre for repair. myFord Roadside Assistance is valid for 1 year from the vehicle's first registration.

This brochure details specifications and features of the FG Falcon MkII. Please consult your Ford Dealer for the most recent specifications and availability information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
