LOUDER, PROUDER

Australia's best-selling sports car of 2018* is now even better, with a new, sleeker design, more advanced technology and greater performance. From every angle, the 2019 Mustang makes a powerful impression. There's a wider, more aggressive mesh grille, re-profiled bumper, new air extractor bonnet vents and new LED headlights with signature tri-bar lighting.

5.0L V8 Engine

Expertly engineered to help maximise power from every compression, the Mustang GT's 5.0L V8 engine utilises a dual-fuel, high-pressure direct injection and low-pressure port injection system. Boasting 339kW² of power and 556Nm² of torque, this is the stuff of legends.

10-Speed Automatic SelectShift[®] Transmission

This is the best automatic transmission in any Mustang ever. Designed for optimum ratio progression and efficiency, it provides more accurate, quicker upshift and downshift capability. Now optional in the Mustang with steering wheel-mounted shift paddles included.

Pre-Collision Assist with Pedestrian Detection³.

Autonomous Emergency Braking is designed to help you detect if the car in front has unexpectedly stopped or a pedestrian steps out onto the road and can automatically apply the brakes if you don't.

DRIVE THE LEGEND

Nothing else offers the unique combination of classic style and exhilarating performance quite like the Ford Mustang. Whether it's the Fastback or Convertible, 5.0L V8 or EcoBoost Turbo, the Mustang has a heritage few other cars can match.

LED Lighting

The Mustang now features all-LED lighting including signature tri-bar DTRLS, low and high beams, indicators, fog and tail lamps. There's even a 30 percent reduction in power consumption over the HID's from the prior model year.

Forged Aluminium Wheels

The Mustang GT's optional 19" Forged Aluminium Wheels not only provide a sporty look, but are stronger and lighter to improve handling.

RECARO® Sports Seats
