## LIMITED NUMBERS. UNLIMITED ACTION.

Performance comes in two new packages. The limited edition GXP range delivers 317kW of HSV power in the shape of the new ClubSport GXP and Maloo GXP. Both pack 550Nm of torque behind their striking Daytime Running Lamps (DRLs) and shockwave inspired front grilles. To translate all that grunt into real-life driving, the intelligent engine control system adjusts every 6.25 milliseconds. GXP is a rare opportunity. And it won't last long, because only 400 of the sedan and 350 of the ute will be made.

- PROJECTOR HEADLAMPS WITH AUTOMATIC MODE

\*ClubSport GXP only. \*Maloo GXP only. \*Satellite navigation optional.

Like every HSV, the GXP range is designed to let a spirited driver enjoy the road safely. Both feature cruise control and when the fixed head 4 piston Brembo brake package on the front and single piston sliding calipers on the back come into play, your 19" Deep Dish alloys will grip the bitumen through Bridgestones. The Electronic Stability Control (ESC) and Anti-lock Braking System (ABS) have been calibrated by HSV, to keep your drive just as exciting as you want it to be. Your ClubSport GXP or Maloo GXP is ready for you now. If you're ready too, it's time to take action.

If you've never taken the leather wrapped, multi-function Sports steering wheel of an HSV before, discover why so many Australian drivers say 'I just want one'. 4-way electric adjustment on the driver's seat will help you be as one with the machine, with vital information displayed on the HSV Sports instrument cluster with tachometer and Sports triple centre gauges. A multi-function 6.5" colour LCD screen displays information from the stereo, heating and air conditioning and is compatible with satellite navigation\* systems. But of course the most exciting interaction between car and driver happens where your right foot meets the alloy faced pedals.
