A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and / or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request. Copyright GM Holden Ltd. Realise your dreams

At Holden, we dream large. Dreams now stunningly realised through two new performance vehicles of unprecedented sophistication and luxury – the new Series II Caprice and Holden's new flagship marque, the Caprice V-Series. More technologically advanced, more comprehensively equipped and more boldly styled, they fuse pure automotive refinement with sheer on-road exhilaration like no other. It's where complete luxury comes standard.

| 00:32 | 00:34 | 00:36 | 00:38 | 00:40 | 00:42 | 00:44 | 00:48 |

A touch of class

This new Series II Caprice will literally change the way you drive. Its next generation dash features the revolutionary touch-screen Holden-iQ System, which centralises control of most functions, and interfaces seamlessly with your digital devices and mobile phone via USB and Enhanced Bluetooth®. At a touch, you can activate your Satellite Navigation or get live traffic updates. Pick and play tunes from your iPod®. Access your compatible phone's address book and call lists, or dial on-screen then talk hands-free. It even displays what's behind the car when you select reverse gear. Fast, smart and intuitive, Holden-iQ ensures everything you need for the journey is already at your fingertips.

Holden-iQ.

Caprice V-Series with Onyx leather appointed seats

Total exhilaration

The first time you experience the new Series II Caprice or Caprice V-Series is the last time you'll be satisfied driving anything less. Equipped with Holden's phenomenal Generation IV V8 – an engine that runs both on petrol and performance-boosting E85 Bio-ethanol – the irresistibly powerful V-Series is a superbly engineered vehicle, and combines razor sharp handling with a true, five-star ride. Low slung on unique 18" alloys, and sports-inspired from its sculpted nose to the tips of its quad exhausts, it is the ultimate luxury for the discerning driver.

| 01:22 | 01:24 | 01:26 | 01:28 | 01:30 | 01:32 | 01:34 | 01:36 | 01:38 | 01:40 | 01:42 |

The balance of power

Balancing performance with enhanced fuel economy, the 210kW* SIDI Direct Injection V6 powered Series II Caprice rewards you with the best of both luxury motoring worlds. Sitting low on 18" alloy wheels, its sports-tuned suspension delivers precise, intuitive handling and a superbly composed ride. While its silky six-speed automatic transmission features Active Select for hands-on gear shifting and an even more engaging driving experience.

* Maximum figures as per ECE regulations

Caprice in Mirage Glow

Caprice V-Series with Onyx leather appointed seats

Sublime sophistication

The epitome of style and embodiment of sporting intent, Caprice's signature four-seat cabin is a masterwork of automotive sophistication. Sublimely understated, yet stunningly appointed, its detail-perfect craftsmanship combines modern leather luxury with a wish list of technologies and driver-focused features, including Satellite Navigation, rear camera, dual zone climate control, front and rear park assist and of course, the all-new Holden-iQ System.

| 03:40 | 03:42 | 03:44 | 03:46 | 03:48 | 03:50 | 03:52 | 03:54 | 03:56 | 03:58 | 04:00 |

Unprecedented luxury

Surpassing all expectations as only a truly exceptional vehicle can, the Caprice V-Series interior sets the absolute and undisputed new benchmark in sports luxury refinement. Complete with Bose® sound system, tri-zone climate control, sunroof and dual screen rear seat DVD player, its equipment levels are unprecedented. While its urbane design aesthetic showcases the highest quality finishes and fittings, including sumptuous, twin needle stitched Nappa leather seating.

Reassuringly cold to the touch, accents of genuine pressed aluminium engender the Caprice V-Series cabin with a bold and modern aesthetic

Complete with internal retracting sunblind, the expansive tinted glass of the Caprice V-Series electric sunroof tilts up or slides open into any of six preset positions

The 220 Watt Bose® audio system employs 10-speakers to deliver true audiophile quality surround sound for Caprice V-Series drivers

The Caprice V-Series' remote controlled DVD player shows DVDs on LCD screens integrated into the back of the front seat headrests, with sound channelled through wireless stereo headsets

The Holden-iQ System centralises control of Satellite Navigation (with live traffic updates), audio and mobile phone functions via an intuitive touch-screen interface, and enhanced Bluetooth® capability

Eye-catchingly bold and unique to the Caprice V-Series, these distinctive 10-spoke, 18" alloy wheels complete the vehicle's sports-inspired exterior styling

Sports-inspired performance at its breathtaking best, from a sophisticated, spacious and stunningly equipped, world-class luxury vehicle – this is the unsurpassed driving pleasure that awaits, behind the wheel of your new Series II Caprice or top-of-the-range, Caprice V-Series.

Performance

The latest innovation from our Ecoline range of alternative fuel and fuel-saving technologies gives the Series II Caprice V-Series even more power to reduce your emissions while delivering uncompromising Holden performance.

Because now – for the first time – you have the flexibility to run your Caprice V-Series on petrol or Bio-ethanol.

A cleaner burning, energy source that contains up to 85% ethanol, Bio-ethanol not only shrinks emissions, it actually enhances engine performance.

Gen IV V8 powertrains are Bio-ethanol compatible. In addition to its Bio-ethanol capability, Holden's famed 6.0 litre Gen IV features Active Fuel Management (AFM) on automatic transmission equipped Caprice V-Series model. Switching automatically from eight to four cylinder operation according to driving conditions, it gives you full V8 performance when it's needed, and improved fuel economy when it's not.

Bio-ethanol

Bio-ethanol, also known as E85, can contain up to 85% ethanol and 15% petrol.

Ethanol is currently derived from sorghum as well as by-products linked to the agricultural production of wheat and sugar.

During growth, plants absorb significant amounts of CO₂ from the atmosphere. Engine combustion of Bio-ethanol effectively 'recycles' this CO₂, making it available for new crops to grow. As a result of this renewal process, use of Bio-ethanol has the potential to significantly reduce vehicle CO₂ emissions when compared to petrol.

Next generation production technology promises even greater environmental benefit, as it will derive ethanol directly from everyday household rubbish, substantially reducing landfill at the same time.

Bio-ethanol also increases vehicle performance. Which is why you can now take advantage of this increasingly popular fuel in Caprice V-Series model powered by the Gen IV V8 engines.

SIDI Direct Injection V6

A breakthrough in V6 engine design, Holden's Spark Ignition Direct Injection (SIDI) technology produces greater power and smoother power delivery over a broader rev range, with increased fuel economy and lower CO₂ emissions.

Key SIDI engine features include:

- More precisely controlled fuel delivery
- Increased cylinder air intake
- Increased cylinder compression ratio
- Aluminium engine block and cylinder heads
- Quad cam phasing with variable timing on both inlet and outlet valves, and
- Optimised exhaust manifolds with close-coupled catalytic converters.

3.6 Litre SIDI V6

With smoothly delivered, seemingly endless reserves of free-flowing power, plus torque to spare across the range, the 3.6 litre SIDI variant is the engine of choice for the Caprice.

- 210kW* of power @ 6,400rpm
- 350Nm of torque @ 2,900rpm

Generation IV Alloy V8

Standard with Caprice V-Series model, this superb engine develops a phenomenal 260kW* of power and 517Nm* of torque when teamed with the 6-speed auto with Active Select.

Either way, the Gen IV will reward you with astonishing performance and exceptional towing capabilities. With auto transmission you also benefit at the bowser, thanks to the engine's Active Fuel Management (AFM), which temporarily de-activates four of the eight engine cylinders in certain driving conditions when less engine power is required. Cylinder de-activation and re-activation take less than 20 milliseconds and are virtually imperceptible.

Other key engine features include:

- Bio-ethanol compatibility
- Aluminium alloy construction, creating a lightweight engine for a smoother ride.
- Less weight in the front end, allowing more precise steering response, which translates into more agile handling.
- A one-piece induction system made from composite materials, for smooth airflow and superior breathing.

Transmissions

6-Speed automatic with Active Select for SIDI V6

This silky smooth transmission maintains optimum engine economy across a wide range of driving conditions, and offers the added advantage of one touch switching between automatic or manual gear shifting via Active Select. It's standard on the Caprice and Caprice V-Series.

Safety

You may not notice Series II Caprice's advanced safety technology when driving, but rest assured, it's watching over your every moment behind the wheel.

To help you avoid an accident, the vehicle's active safety systems feature everything from Electronic Stability Control (ESC) and 4-wheel disc brakes with Anti-lock Braking System (ABS), to Traction Control System (TCS), Electronic Brake Assist (EBA) and Electronic Brakeforce Distribution (EBD).

Should a collision occur, its passive safety systems instantly determine the severity and direction of impact, then activate any required occupant protection measures, including seatbelt pretensioners and six airbags – dual-stage front airbags for the driver and front passenger, side impact airbags for the driver and front passenger, and side curtain airbags.

Front and rear crumple zones further maximise your safety, so too the multiple chassis load paths that help channel away impact energies, and the vehicle's safety cell which is reinforced with ultra high strength steel.

The result is a 5-star ANCAP rating – the maximum possible – and the peace of mind that comes with owning one of the safest vehicles available in Australia today.

How ESC helps you avoid accidents

Imagine you have to avoid an unexpected obstacle in the road. You end up with two wheels on the gravel verge and need to brake suddenly...

To experience the Series II Caprice is to appreciate just how far automotive technology has advanced, and why your every journey will be the richer and more rewarding because of it.

You'll notice it in small but important ways, through features that anticipate your needs, and free you to focus on the task of driving. Like rain sensing wipers, or your priority key, which activates your personal preferences and settings when you unlock your vehicle.

But most of all, you'll see it in a big way, each time you use Series II Caprice's revolutionary vehicle information and entertainment innovation – the All new touch-screen Holden-iQ System

A multimedia centre and multifunction controller, its intuitive full colour touch-screen display integrates operation of everything from the dual zone climate control system, Satellite Navigation, park assist and rear camera, to your mobile phone, MP3 player, iPod®, AM/FM radio, CD player and the vehicle's internal flash drive.

Getting where you're going in life has never been easier, or more enjoyable.

Telephone, iPod®, USB, Bluetooth® and auxiliary functionality of the Holden-iQ System will depend on the level of compatibility of your device.

Visit holden.com.au for a list of telephone and iPod® compatible devices.

Multimedia audio

Equipped with USB, Bluetooth® streaming and auxiliary inputs, the Holden-iQ System integrates fully with MP3 players, iPod®, USB devices, and compatible mobile phones, including touch-screen viewing and control of playlists and folders.

Internal flash drive – CD ripping

Forget about forgetting your favourite driving music – upload up to 15 CDs of your best loved tracks onto the Holden-iQ System's internal flash drive and they'll always be ready to play.

Front and rear park assist[^]

Audible and visual warnings help simplify parking in tight spaces, with the visual warnings showing both the proximity and direction of potential obstacles.

Rear camera

Select reverse gear and the view behind your vehicle automatically appears on the Holden-iQ System screen, complete with colour-coded proximity guides.

Satellite Navigation, including live traffic updates

Operated via steering wheel mounted or touch-screen controls, the Satellite Navigation system provides full colour mapping with integrated voice guidance, plus real time traffic information with automatic journey re-routing, visual/audible alerts when nearing locations such as school zones and railway crossings, and a points of interest finder that can take you to virtually any type of business, tourist attraction or public facility.

Enhanced bluetooth® connectivity

Holden-iQ System gives you access to your mobile phone's address book, missed and recent call lists and on screen dialling, plus high quality audio reproduction on all your hands-free calls.

Integrated DVD player^{*}

Incorporated into the roof for use by rear passengers, the system comes complete with two headphones and a remote control. When the vehicle is stationary, DVDs can also be viewed on the Holden-iQ System screen.

Steering wheel mounted controls

Operate the Satellite Navigation, trip computer, multimedia audio system, a Bluetooth® connected mobile phone, personal preferences settings and other Holden-iQ System functions without taking your hands from the wheel.

Trip computer

Displays any combination of the following depending on your preferences: trip distance, average speed, average fuel usage, distance to go, time to go and range, plus overspeed warnings, underverspeed warnings and rest reminders every two hours of driving time.

[^] Standard only on Caprice V-Series
^{*} Only available as an option on Caprice

Genuine Holden Accessories

From stunning exterior and on-board interior enhancements, to high tech vehicle security options and immensely practical storage solutions, the great range of Genuine Holden Accessories includes everything you need to create a vehicle as individual as you are.

Using Genuine Holden Accessories to add that personal touch also adds up to a whole range of extra advantages for you and your vehicle...

Integration

Genuine Holden Accessories are designed and manufactured in conjunction with the vehicle, which means materials, finishes and colours all match seamlessly.

Quality

Each and every item in the Genuine Holden Accessories range is comprehensively tested by Holden Engineers in accordance with Holden's own demanding standards and Australian Design Rules (ADRs).

Warranty

You automatically receive a three-year/100,000km* warranty on every Genuine Holden Accessory fitted by your Holden Dealer or HSVi prior to taking delivery of your new vehicle.

Convenience

Only Genuine Holden Accessories are sold and supported by the Australia-wide Holden Dealer Network. No matter where you are, or where you're headed, you'll never be far from help or advice should you need it.

Put simply, nothing will go better with your new Holden than Genuine Holden Accessories. So start thinking now.

Genuine Holden Accessories Warranty Every new Genuine Holden Accessory fitted at the time of purchase of a new Holden vehicle comes under the New Vehicle Warranty, and is covered for 3 years from the date of first registration or 100,000 kilometres, whichever comes first. Subsequent purchases of Genuine Holden Accessories are covered for 2 years from the date of purchase or 50,000 kilometres, whichever comes first. Refer to the owner's handbook or see your Holden Dealer for full terms, conditions and exclusions.

customer care

Easy purchase options	Insurance	Holden Insurance offers a range of competitively priced insurance products, providing tailor-made protection, at the level of cover you need. For more information, call the Holden Insurance hotline on 1300 784 026. ¹
	Holden Leasing	Businesses of all sizes are now accessing vehicle leasing options with Holden Leasing. We operate nationally through the Holden Dealer Network and our dedicated service and support team. Our people are responsive professionals who understand your business and what it means to deliver total fleet management solutions. To find out how Holden Leasing can help you, call us on 1800 022 077.
Ownership benefits	Holden Service	With one of the largest Service Networks in the country, Holden Dealers can supply an enviable level of customer care. Only Holden Dealership technicians have access to regular Holden factory training and equipment.
	Holden New Vehicle Warranty	Every new Holden comes with a New Vehicle Warranty, covering your Holden for 3 years ² or 100,000 kilometres, whichever comes first. This factory backed warranty covers items including the engine, transmission, interior and exterior components. Refer to your Owner's handbook or see your Holden Dealer for full terms, conditions and exclusions.
	Holden Extended Factory Warranty	Holden also offers Holden Extended Factory Warranty. Holden Extended Factory Warranty is a complete extension of your New Vehicle Warranty, giving you peace of mind because your car is factory backed for up to 3 additional years. The very same items covered under the New Vehicle Warranty will continue to be covered without exclusion. The Holden Extended Factory Warranty can be purchased through your local Holden Dealer at the same time as your Holden vehicle purchase. See your Holden Dealer or call 1300 632 407 for full terms and conditions.
	24 Hour Roadside Assistance	Provided for the first year of your new Holden's life ² . Holden Roadside Assistance is one of Australia's most comprehensive assistance packages with over 3,000 Roadside Assistance patrols nationwide ³ . There to help with even the smallest service, the toll-free Roadside Assistance hotline is always open, 1800 817 100.

¹ Subject to approval

² From date of first registration

³ In remote or sparsely populated areas you may experience delay in obtaining Roadside Assistance. Refer to the Customer Care brochure in your glovebox for full terms and conditions of this service
