THE POWER TO GO AND TOW

And if the going gets tough, you can call on advanced safety technology including **Trailer Sway Control, Hill Start Assist and Descent Control System. Shift on the fly 4WD and a five-link live axle rear suspension further add to the go anywhere attitude of the Colorado 7.**

500NM OF TORQUE

The Duramax 2 Diesel with 6-speed automatic transmission as standard produces 500Nm of torque at 2000rpm. That's up there with the best, delivering smooth responsive overtaking.

FIVE-LINK LIVE AXLE REAR SUSPENSION

Teamed with double wishbones at the front, the five-link live axle rear suspension actively smooths out the varying angles of off-road driving. Letting you take on the harshest terrain – no problems.

SHIFT ON THE FLY 4WD

Shift on the fly 4WD gives you the option to shift between 4x2 and 4x4 modes. This is a huge plus if you encounter rapidly changing road conditions on your journey.

DRIVEN BY 500NM OF TORQUE, THE COLORADO 7 HOOKS YOU UP TO AN AWESOME 3 TONNE OF PULLING POWER. SO WHEN IT COMES TO TOWING, IT MAKES LIGHT WORK OF MOVING A TRAILER, BOAT OR EVEN A CARAVAN.

Colorado 7 LTZ in Satin Steel Grey with Genuine Holden Accessory Tow Bar

DESCENT CONTROL SYSTEM

Descent Control System allows for a smooth and controlled hill descent in rough terrain. It controls the speed of the vehicle without the need for brake input from the driver.

HILL START ASSIST

Taking on a steep incline or decline is made easier with Hill Start Assist. It engages automatically when a gradient is detected; then acts to hold the Colorado 7 stationary after the brake is released to give you time to apply the throttle.

ELECTRONIC STABILITY CONTROL (ESC)

From snow on the High Country to a rogue kangaroo on the Nullarbor – Aussie roads can throw anything at you. Electronic Stability Control (ESC) helps you control oversteer or understeer when demanded, especially in evasive action situations.

TRAILER SWAY CONTROL

Whether pulling a trailer or caravan, this cutting edge feature activates the brakes and reduces engine torque if it detects any towing instability; again, making you safer behind the wheel.

REAR PARK ASSIST

Great at keeping you out of trouble, the rear parking sensors help you get in and out of tight spots; an audible warning alerting you when you're getting close to an object.

REAR VIEW CAMERA

It's always good to know what's behind you, especially when reversing into a parking space or out of a driveway. So, when you shift into reverse, the Rear View Camera instantly comes to life on the large colour touch-screen.

TECHNOLOGY EVERYWHERE YOU LOOK

Colorado 7 LTZ

WHEREVER THE COLORADO 7 TAKES YOU, YOU'LL ALWAYS HAVE THE LATEST TECHNOLOGY RIGHT WHERE YOU NEED IT. LIKE HOLDEN'S MYLINK* KEEPING YOU TUNED IN TO YOUR FAVOURITE MUSIC, NEWS, ENTERTAINMENT AND MAPS. OR TECHNOLOGY THAT LOOKS OUT FOR YOU SUCH AS SIRI® EYES FREE† FUNCTIONALITY AND REAR VIEW CAMERA AS STANDARD.

The road ahead just got even better with the extensive entertainment features of MyLink*. Use your smartphone to connect into built-in apps such as Pandora® Internet Radio, Stitcher™ SmartRadio and TuneIn™ Radio, giving you access to your favourite music, news, entertainment and podcasts. Watch movies or view

images while the vehicle is stationary. And in Siri® Eyes Free† mode accessed via your compatible iOS device, ask Siri® to take care of things like making calls, sending texts and playing tracks. It's all possible with MyLink. For more information visit holden.com.au/colorado/mylink
