A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and / or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request. Copyright GM Holden Ltd. February 2010. emerstudio WAGUP0110 AD12851

It was a classic birthday surprise: no clues, just a list of what to bring and 30 minutes to get ready. Three hours later, the car door opens and I step into a postcard...

A view, a weekend, a feeling I will never forget. A gift to keep and carry always. They say everyone finds a place that resonates; where you feel at one; where you connect. This was mine.

nothing compares

Practicality. Versatility. Spaciousness. Safety. Performance. You can justify your decision all you like. But your ultimate reason for owning the Sportwagon – and all the reason you need – is that you want one. And have done from the moment you laid eyes on it.

Who can blame you? Turning practical into practi-cool, there has never been a Holden wagon like it. Never one so eye-catchingly sleek and refined. So purposeful and capable looking. So Australian, yet so obviously brimming with world-class automotive sophistication.

But this vehicle has far more going for it than looks. Thanks to Holden's new Spark Ignition Direct Injection technology, Sportwagon now has one of the most advanced locally manufactured 6-cylinder engines on Australian roads today – the all-new SIDI Direct Injection V6. Teamed with an all-new 6-speed automatic transmission with Active Select, it delivers the six-cylinder performance you expect, with some models achieving fuel efficiency and CO₂ emission levels beyond the capability of some smaller four-cylinder cars.

Sportwagon also features a five-adult cabin that's large, luxurious and packed with the latest in driving and entertainment technology. An expandable cargo area meticulously designed to ensure easy and ergonomic access in even the tightest spaces. Linear control suspension to ensure precise, agile handling. And a full complement of advanced safety systems – including Electronic Stability Control (ESC) and six airbags – to deliver 5-Star ANCAP rated safety across the range.

For families on the go. For business on the move. For the sheer pleasure of an endlessly satisfying journey to a destination only you know. Nothing compares with the Holden Sportwagon.

We stay the Sunday night, get up at 5:00am
Monday and drive straight to work: rugged
coastline on our right, rugged bush on our left...

...Most times we don't see another car for an
hour or more. Just the rising sun, slowly waking
the countryside.

once seen,
never forgotten

Your eyes see a wagon. Your mind sees a sports car. Your imagination already has you behind the wheel. At a stroke, Holden design engineers have transformed the traditional wagon into an aerodynamic object of desire. Fluid. Seamless. Peerless. The Sportwagon's streamlined body form sweeps from the tip of its sculpted nose, to the tail of the tapered roof that so cleverly disguises the spacious load area within.

Strikingly sleek and stylish, the vehicle's exquisite proportions are further accentuated by its next generation Commodore design DNA. The muscular wheel arches, the signature fender vents, the motorsport-inspired sloping stance – it's all there to admire, and be admired.

Is it the most stunning wagon to ever grace Australian roads? The answer is right in front of you. Just as it was for the local and international design experts who named Sportwagon the Wheels Automotive Design Category Winner at the 2009 Australian International Design Awards.

Once seen, never forgotten, Holden Sportwagon is an idea whose time has come.

We originally stumbled on the spot by chance, unloaded our bikes and just started exploring...

... Today, we still ride exactly the same route: along the riverside into the township for lunch, a quick nap under the giant Moreton Bay Fig, then, weather permitting, back via the beach for a swim.

accessories

The new Holden Sportwagon range comprises seven striking vehicles, each of which can be further individualised by adding your own finishing touches from the great range of Genuine Holden Accessories and head-turning enhancements. Explore all the possibilities at holden.com.au/genuineaccessories

*always
accommodating*

Because your needs can change from one minute to the next, the always accommodating Sportwagon adapts just as quickly.

Camping trip for two? The 60/40 split rear seats fold flush to give you a continuous storage area that is almost 2 metres long and has a 2000 litre cargo capacity. Family outing? Upright, the rear seats have room and comfort to spare for three adults. Golfing weekend with a couple of mates? Fold down one of the rear seats, stow your gear and go!

But it's not just size and flexibility that wins the space race for Sportwagon. To help reduce back strain, the cargo floor is elevated and

the clever cargo blind[^] can be raised and lowered while fully extended. Load hooks recessed into the floor and side walls combine with the four position cargo net* to ensure secure carrying and easy access. And a load area side lamp lights your way when the sun is down or the cargo blind is extended.

Ergonomics also come to the fore up front. The driving position offers a commanding view of the road. Instrumentation is clear, concise and conveys all essential information at a glance. While centre console controls come to hand effortlessly and operate intuitively.

You'll also take comfort in knowing Sportwagon's seats are generously bolstered, with rear passengers enjoying the added benefit of enhanced side support. And that every model across the range is equipped with a long list of standard features, including air-conditioning, power windows and a CD audio system.

[^] Optional on Omega and Berlina
* The four position cargo net is standard on Calais and Calais V-Series, and available as an accessory on all other models

Omega with Metro cloth seats

Berlina with Metro cloth seats

SV6 with Onyx cloth seats

SS with Redhot cloth seats

Calais with Metro cloth seats and leather appointed bolsters

SS V-Series with Redhot instruments, dash and leather appointed seats

Calais V-Series with Onyx leather appointed seats

storage

- 1 Cargo blind
- 2 Child restraints
- 3 Flush mounted load hooks
- 4 Shopping bag hooks
- 5 Side mounted loading light
- 6 Side storage and 12V power outlet
- 7 12V power outlet

It's not just how much you can store in the new Holden Sportwagon that will impress, but how easily you store it. Thinking outside and inside the box, Holden engineers have created a superbly functional and ergonomic cargo space that's easier for you to access from both within and out of the vehicle.

268mm Forward hinged tailgate

647mm

Elevated cargo floor

60/40 split rear seating

Cargo blind^

Cargo net*

Tilting cargo blind^

Traditional cargo blinds have one major drawback – the only way to access the cargo underneath is to retract and then re-extend the blind. At best an annoyance, at worst unwanted stress on the back caused by over-reaching.

But the Sportwagon's rear cargo blind is different. With its innovative, two-way tilt mechanism, you simply raise the extended cargo blind up, access your cargo, then lower it back into place. A flick of the wrist is all it takes.

Even better, a side-mounted load area light is strategically positioned below the blind height. Day or night, you'll never need to grope around in the dark when retrieving cargo items.

Four position cargo net

Used in conjunction with the Sportwagon's flush mounted load hooks on the cargo floor and side walls, the four position cargo net* keeps everything in its place, in any of four places:

- at the very front of the cargo area, within easy reach of rear passengers
- in the centre of the cargo floor, or
- out of the way, against the left or right cargo area wall.

More space for smart ideas

There are plenty more examples of Sportwagon's smart storage ideas to be found in the cargo area, including:

- On each side wall, just inside the tailgate, flush fitting shopping bag hooks spring into view when touched.
- Toward the rear on the driver's side, an integrated storage compartment holds smaller cargo items, and is also home to a 12 Volt power outlet. Another 12 Volt outlet is located on the centre console at the front of the cabin.

Forward hinged tailgate

Traditional wagon designs have the tailgate hinged toward the end of the roofline. By moving the hinge point forward, and thus enabling the tailgate to swing up more steeply, Holden engineers have unleashed a raft of practical, everyday advantages for owners.

To open the Sportwagon's tailgate, for example, you require just 268mm – less than a foot – of clear space behind. So you can park close to walls or other cars and load or unload the vehicle without inconvenience. The forward hinge point also creates more head room for you when leaning into the cargo area. And when open fully, the tailgate has a high ground clearance, eliminating the risk of accidental head knocks for all but the tallest people.

Elevated cargo floor

The Sportwagon's cargo floor is appreciably higher than previous Holden wagons. This means less need to bend when putting down or picking up cargo items, and less stress on your back as a result.

Flush folding 60/40 split rear seating

At 895 litres, the Sportwagon's rear cargo space should accommodate most of your needs. But for those times when big isn't quite big enough, you can extend the space to 2000 litres in an instant by folding down all rear seats. What's more, because the seats fold flush, you're presented with a single, continuous floor. No ridges. No gaps. Just a flat cargo area that allows you to slide items into place, rather than reach, lift and lower them.

Side storage and 12V power outlet

^ Optional on Omega and Berlina
* Standard on Calais and Calais V-Series, and available as an accessory on all other models

Performance

First it was Active Fuel Management. Now to the Sportwagon range of Ecoline alternative fuel and fuel-saving technology comes another first for Holden – the Spark Ignition Direct Injection V6 petrol engine.

Available in 3.0 and 3.6 litre variants, the all-new SIDI Direct Injection V6 is one of the most technically advanced 6-cylinder engines on Australian roads – and one no other local manufacturer can match for fuel economy. For the first time, you can enjoy the spaciousness, comfort and practicality of a true family-sized car while experiencing petrol bills normally seen on some smaller 4-cylinder cars.

The Sportwagon powertrain line up also includes the iconic 6.0 litre Gen IV V8 with Active Fuel Management†. Switching automatically from eight to four cylinder operation during certain driving conditions, you get full V8 performance when it's needed, and improved fuel economy when it's not.

SIDI technology injects fuel directly into the cylinder, increasing power while saving fuel

SIDI Direct Injection V6

A quantum leap in V6 engine design, Holden's all-new SIDI Direct Injection technology delivers a wish list of performance breakthroughs.

Increased fuel economy. Increased power and smoother power delivery over a broader rev range. Lower CO₂ emissions. The list goes on.

Traditional engines inject fuel into the inlet port where it mixes with air prior to entering the cylinder. But with Spark Ignition Direct Injection, fuel is injected under high pressure into the cylinder directly; the inlet port carries air only, and the two mix inside the cylinder. The impact is profound:

- Fuel delivery is more precisely controlled
- More air can be introduced into the cylinder
- Fuel evaporates faster and more uniformly, cooling the air and enabling the cylinder compression ratio to be increased

All of which converts fuel into higher engine outputs with far greater efficiency; and because less fuel is required, fewer CO₂ emissions are produced.

Other key SIDI engine features include:

- Aluminium engine block and cylinder heads
- Quad cam phasing with variable timing on both inlet and outlet valves, and
- Optimised exhaust manifolds with close-coupled catalytic converters

3.0 Litre SIDI V6

Far and away the most fuel-efficient V6 engine in its class, yet powerful enough to haul a 1.6 tonne tow load with ease, the 3.0 litre SIDI Direct Injection engine delivers effortless V6 performance as standard on both Sportwagon Omega and Berlina.

- 5.5 Greenhouse rating and 4 stars from greenvehicleguide.gov.au

3.6 Litre SIDI V6

With over 200kW of smooth and seemingly endless free-flowing power, plus torque to spare across the range, the 3.6 litre SIDI variant is the engine of choice for the Sportwagon SV6, Calais and Calais V-Series.

Generation IV Alloy V8

Standard with the Sportwagon SS and SS V-Series, and optional with the Calais V-Series, this engineering masterwork develops a staggering 270kW* of power and 530Nm# of torque with manual transmission, and 260kW*/517Nm# with auto.

With that legendary muscle now goes the intelligence of Active Fuel Management† (AFM). An important new Holden technology, AFM temporarily de-activates four of the eight engine cylinders in certain driving conditions when less engine power is required.

You can look forward to gains of up to one litre per 100km and potentially more under certain circumstances. Cylinder de-activation and re-activation takes less than 20 milliseconds and is virtually imperceptible.

Other key engine features include:

- Aluminium alloy construction, creating a lightweight engine for a smoother ride
- Less weight in the front end, allowing more precise steering response, which translates into more agile handling
- A one-piece induction system made from composite materials, for smooth airflow and superior breathing

Teamed with your choice of the 6-speed manual transmission or 6-speed auto with Active Select, the Gen IV delivers astonishing performance and exceptional towing capabilities.

3.0L SIDI V6 – 6 speed Auto

power# 190kW at 6700rpm

torque# 290Nm at 2900rpm

3.6L SIDI V6 – 6 speed Auto

power# 210kW at 6400rpm

torque# 350Nm at 2900rpm

GEN IV V8 – 6 speed Manual

power# 270kW at 5700rpm

torque# 530Nm* at 4400rpm

GEN IV V8 – 6 speed Auto

power# 260kW at 5700rpm

torque# 517Nm at 4400rpm

Transmissions

All new 6-Speed automatic with Active Select for SIDI V6 engines

Six meticulously spaced gears allow this silky smooth all-new transmission to maintain optimum engine economy across a wide range of driving conditions. Available on the Omega, Berlina, SV6, Calais and Calais V-Series for the first time, it also offers Active Select for DIY shifting when the mood strikes.

6-Speed manual

Designed with a super smooth short throw for more spirited driving, the 6-speed manual transmission has the ideal first gear launch feel and low cruising revs in sixth. Standard on the SS and SS V-Series, it's the obvious choice for those who prefer a 'hands-on' approach.

6-Speed automatic with Active Select for Gen IV V8

Paired perfectly to the Gen IV Alloy V8 engine, the optional 6-speed automatic transmission has a truly world class shift feel, with the added advantage of one touch switching between automatic or manual gear shifting via Active Select. It's available as an option on Sportwagon SS, SS V-Series and Calais V-Series.

Maximum figures as per ECE regulations

* Figures quoted using 98 RON (PULP)

† Automatic transmission only

Safety

Protecting what you can't afford to lose – what can't be replaced – that's what vehicle safety is all about, and where Holden Sportwagon is unsurpassed.

Every vehicle in the range has been independently assessed by the government-endorsed Australasian New Car Assessment Program (ANCAP). Every one received a 5-star ANCAP safety rating – the absolute highest rating possible on Australian roads.

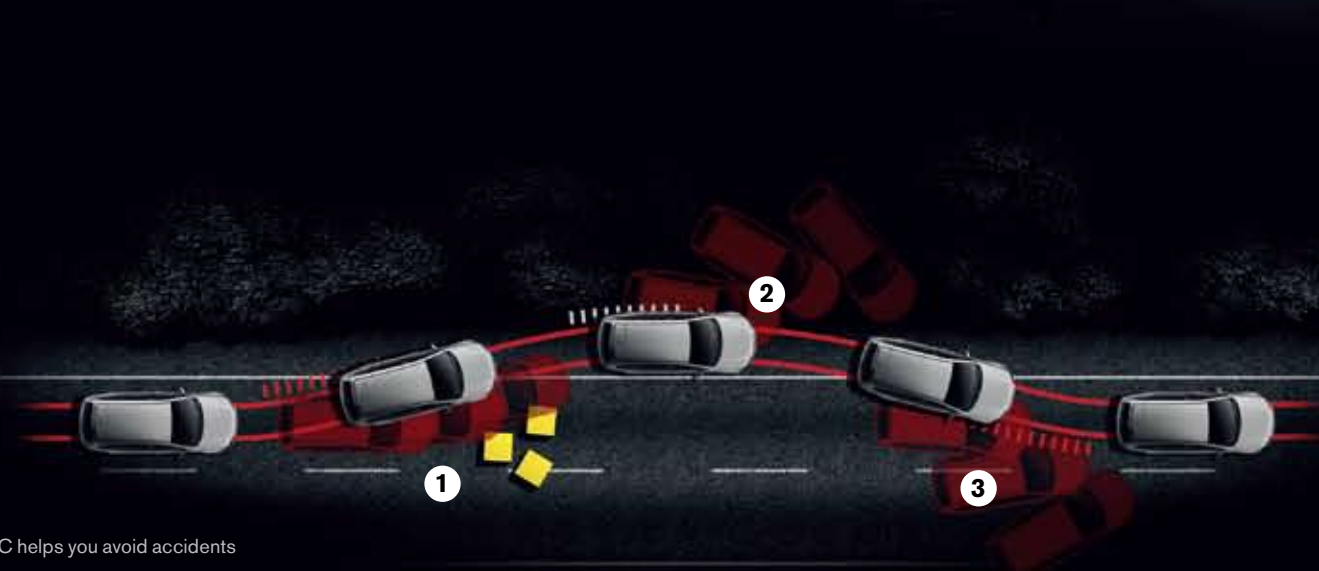

Every time you get behind the wheel, everywhere you drive, your Sportwagon surrounds and safeguards you and your family with comprehensive state-of-the-art active and passive safety systems.

To help you avoid an accident, there is everything from Electronic Stability Control (ESC) and 4-wheel disc brakes with ABS Anti-lock braking, to Traction Control, Electronic Brake Assist and Electronic Brakeforce Distribution.

Should a collision occur, the vehicle instantly determines the severity and direction of impact and activates any required occupant protection systems, which includes seat belt pretensioners and six airbags – dual-stage for front driver and passenger, front side and side curtain.

Front and rear crumple zones further maximise your safety, as do the multiple chassis load paths that help channel impact energies, and the vehicle's safety cell, which is reinforced with ultra high strength steel.

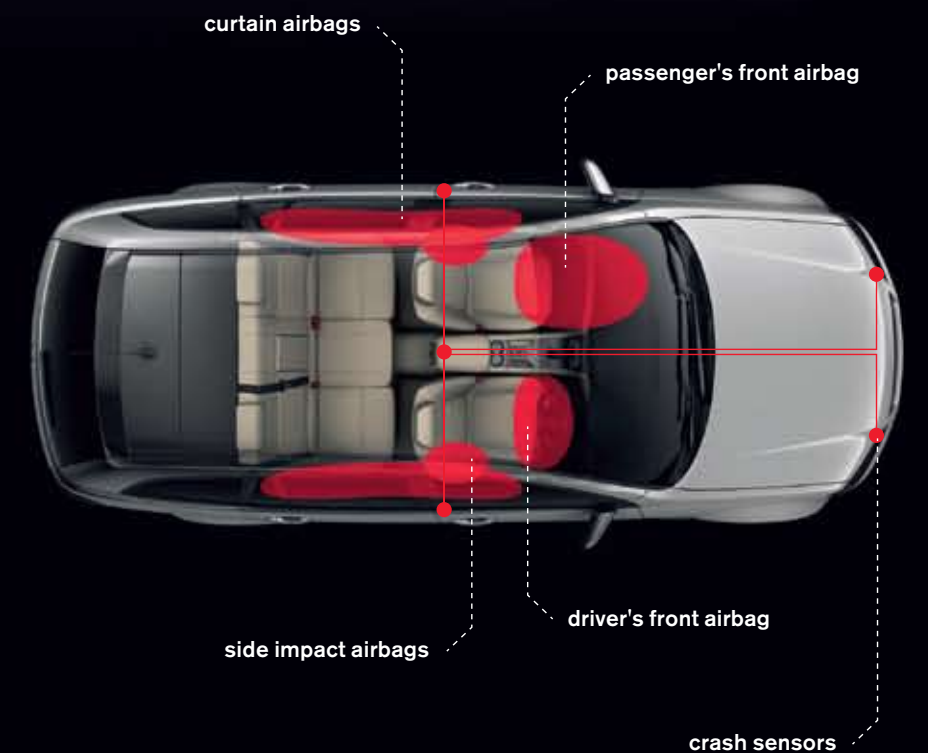

Omega, Berlina, SV6, SS or SS V-Series, Calais or Calais V-Series. Whichever Sportwagon you drive, all of these safety measures come standard.

How ESC helps you avoid accidents

Imagine you have to avoid an unexpected obstacle in the road. You end up with two wheels on the gravel verge and need to brake suddenly...

- 1 ESC brakes the left rear wheel momentarily to avoid understeer
- 2 TCS reduces torque to the left rear wheel to reduce slip
- 3 ESC brakes the right front wheel momentarily and reduces engine power to correct oversteer

Complementing Sportwagon's advanced safety systems and superior new engine technology is a long list of driver-oriented innovations. Technology, not for technology's sake, but to create a driving experience richer and more rewarding than ever before.

Work. School. Holidays. Home. Doesn't matter where your journey takes you, your time behind the wheel of a Sportwagon will always be time well spent thanks to features like these:

Priority key

Stores radio station presets, trip computer preferences and other personal settings – including seating position on some models – that take effect the moment you unlock your vehicle.

Rain sensing wipers*

Automatically detect rain on the windscreen, monitor how heavily it's falling and adjust wiper speed accordingly.

Integrated Bluetooth® connectivity*

Steering wheel mounted controls let you receive calls hands-free with compatible mobile phones.

Integrated DVD player*

Incorporated into the roof for use by rear passengers, the system comes complete with wireless headphones and a remote control.

Satellite navigation†

Provides full colour mapping on the centre console, plus audible instructions, all operated via steering wheel mounted controls.

Trip computer

Displays any combination of the following depending on your preferences: trip distance, average speed, average fuel usage, distance to go, time to go and range, plus overspeed warnings and rest reminders every two hours of driving time.

Front and Rear Park Assist†

Audible and visual warnings help simplify parking in tight spaces, with the visual warnings showing both the proximity and direction of potential obstacles.

MP3 Player connectivity

The centre console mounted auxiliary input jack connects external music sources, such as your MP3 player, to the vehicle's audio system.

Location of features when fitted

- 1 Satellite navigation GPS transmitter
- 2 Steering wheel mounted scroll wheel and buttons for controlling satellite navigation, trip computer, audio system, personalising settings and hands-free phone calls using Bluetooth®
- 3 Centre driver display for messages such as satellite navigation directions, trip computer data and more
- 4 Centre console screen displays full audio system data and optional full-colour mapping when satellite navigation is fitted on SS V-Series, Calais and Calais V-Series
- 5 Microphone for hands-free Bluetooth® mobile phone calls
- 6 Audio system auxiliary input jack for connecting MP3 players
- 7 Optional integrated DVD player

Priority key

Rain sensing wipers*

Integrated Bluetooth® connectivity*

Integrated DVD player*

Satellite navigation†

Trip computer

Front and rear park assist†

Auxiliary input jack

+ Available only on Calais V-Series

† Available only on SS-V Series, Calais and Calais V-Series

* Please refer to the features section of this brochure to determine the availability of these technologies (as standard or optional features) in models across the Sportwagon range

Omega

Omega in Sandstorm

For work. For family. For undeniable pleasure. Destined to go places, and quickly, the new Omega Sportwagon puts excitement back into practicality with a mix of style, effortless, sedan-like driveability and the cargo space you expect from a true, full sized wagon. With a level of standard safety features that's anything but standard, it comes at a price you'll find hard to believe, and even harder to resist.

Key features include:

- 3.0 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- 16" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Cruise control
- Front and rear power windows
- 6 speaker CD audio system with auxiliary input jack
- 4-way electric adjustment of driver's seat
- 2 priority keys

Intuitive controls

Clear, concise markings, rubberised grips and intuitive operation enable fast, simple and accurate adjustment of centre console controls, with visual verification of settings provided by the adjacent multifunction display.

Customisable trip computer

The on board trip computer lets you monitor your choice of real time data on the centre driver display, including trip distance, average speed, average fuel usage, distance to go, time to go, distance to empty, odometer and speed, as well as overspeed and underspeed warnings.

Priority key

Your personal radio station presets, trip computer preferences and other individual vehicle settings are all stored on your priority key, and all take effect the moment you unlock the vehicle.

Rear Park Assist

Electronic park assist takes the hassle and guesswork out of parking in tight spaces by using audible warnings to indicate the proximity of potential obstacles.

Berlina

Prefer the finer things in life? Settle back into the deeply cushioned driver's seat of the Berlina Sportwagon. With its spirited performance, refined road manners, enhanced equipment levels and thoughtful extra touches throughout its elegant and spacious interior, Berlina has the unmistakable air of a true luxury vehicle. A premium package in every respect, except the price tag.

Key features include:

- 3.0 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- 17" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Cruise control
- Leather wrap steering wheel with illuminated controls
- Front and rear power windows
- 6-disc CD audio system with MP3 compatibility and auxiliary input jack
- 7 speakers. Total 80 watts
- Dual-zone electronic climate control
- 4-way electric adjustment of driver's seat
- Front fog lamps
- Bluetooth® for compatible mobile phones
- 2 priority keys

Shopping bag hooks

Conveniently positioned next to the tailgate on both sides of the cargo area, the Sportwagon's spring loaded bag hooks extend on touch to hold your shopping upright for the drive home.

Integrated Bluetooth® connectivity

Press a button on the leather wrap steering wheel and the audio system automatically mutes while you make or answer a call hands-free on your compatible mobile phone.

MP3 player connectivity

Even your longest journey can be accompanied by an uninterrupted sound track, thanks to the CD player's auxiliary input jack, which allows you to play music from an external source through the vehicle's 7-speaker sound system.

6" multifunction console display

Large, bright and angled for easy reading, the centre console screen displays full audio system details at a glance, plus dual-zone climate control settings for both driver and front passenger.

SV6

Hard to forget. Impossible to ignore. The SV6 Sportwagon never fails to make an impression. With its sports body kit, high output V6 engine, sports suspension and sports style instrumentation, the SV6 is more than just a step up, it's a bold leap into the realm of high performance motoring.

Key features include:

- 210kW*, 3.6 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- 18" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Leather wrap steering wheel with illuminated controls
- 7 speaker CD audio system with auxiliary input jack
- Sports instrumentation
- Dual chrome exhaust outlets
- Sports body kit with fog lamps
- Sports suspension
- Bluetooth® for compatible mobile phones
- 2 priority keys
- 4 way electric adjustment of driver's seat

6-speed automatic transmission with Active Select

The undeniable convenience of automatic transmission, and the unbeatable 'hands on' driving pleasure of rapid manual shifting – with this Active Select equipped 6-speed gearbox, the choice is always yours.

Sports instrumentation cluster

The sports style analogue instruments are complemented by a 'programmable' centre screen that displays information according to your personal preferences, including audio system settings, trip details, warnings, reminder indicators and Bluetooth® phone status.

12 Volt power outlets

Whether you're on a daytrip to the beach or a camping holiday miles from anywhere, you can run your 12 Volt creature comforts from the power outlets conveniently located in your Sportwagon's centre console and rear cargo area.

Audio and climate control operation

The primary controls for the audio and climate control systems feature chrome dials ringed with tactile soft rubber for easy gripping. Settings for both are verified on the large display mounted high on the centre stack.

SS

Harness its power. Unleash its potential. With 270 kilowatts of eight cylinder exhilaration under the bonnet, the signature SS cockpit before you and the open road ahead, you have only one choice – go for it. From its menacing front end to the tip of its quad chrome exhausts, the SS Sportwagon is a model of motorsport-inspired perfection.**

Key features include:

- 6.0 litre Generation IV Alloy V8 engine and 6-speed manual transmission or optional 6-speed automatic with Active Select and Active Fuel Management (AFM)
- 18" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Embroidered SS sports seats
- Leather wrap steering wheel with illuminated controls
- 6-disc CD audio system with MP3 compatibility and auxiliary input jack
- 7 speakers. Total 80 watts
- Sports instrumentation
- Quad chrome exhaust outlets
- Sports body kit with fog lamps
- Sports suspension
- Bluetooth® for compatible mobile phones
- 2 priority keys
- 4 way electric adjustment of driver's seat

6-disc, MP3 compatible in-dash audio system

With its high fidelity in-dash audio system carrying up to six discs at the one time – CD, or MP3 – the SS ensures listening to tracks is as rewarding as making them.

Rear cargo side storage

Positioned close up to the tailgate for easy access, the recessed side storage compartment features elastic netting to ensure stowed items remain securely in place.

Signature sports seats

Embroidered with the most famous initials in Australian sports motoring, the cockpit style front seating of the SS maximises driver comfort and support.

6-speed automatic transmission with Active Select

Let the smooth shifting transmission manage changes for you, or take control in Active Select mode and use the sports style shifter to power through the full six gear range yourself.

* Maximum figures as per ECE regulations

Figure quoted for manual transmission (auto transmission is 260kW#)

SS V-Series

Everything you dare to dream. Every performance enhancement. Every race-bred detail. It's all here, ready to go. Supreme 6.0 litre Gen IV V8 power. Road gripping 19-inch alloys. Quad exhaust. Alloy pedals. Leather appointed sports seats, shifter and steering wheel. One with the lot and then some, the SS V-Series puts the sport into Sportwagon with a capital 'S'.

Key features include:

- 6.0 litre Generation IV Alloy V8 engine and 6-speed manual transmission or optional 6-speed automatic with Active Select and Active Fuel Management (AFM)
- 19" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Embroidered SS leather appointed sports seats
- Sports profile leather wrap steering wheel with illuminated controls
- Leather wrap gear selector
- Alloy faced pedals
- 6.5" multifunction colour LCD screen
- 6-disc, MP3 compatible CD system with auxiliary input jack.
- 9 speakers. Total 150 watts
- Dual-zone electronic climate control
- Colour coded SS sports instrument cluster
- Quad chrome exhaust outlets
- Sports body kit with fog lamps
- Sports suspension
- Projector headlamps
- Bluetooth® for compatible mobile phones
- 2 priority keys
- 4 way electric adjustment of driver's seat

Multifunction leather wrap steering wheel

Leather wrapped to provide more positive grip, the SS V-Series' steering wheel allows you to control the audio system and trip computer, and make and take calls with compatible Bluetooth® enabled mobile phones. All without once removing your hands from the wheel.

Alloy faced pedals

Motorsport inspired, these stunning looking alloy faced pedals are designed to give you sure footed control of the accelerator, brake and clutch.

Multifunction colour LCD display

The centre console mounted full colour screen displays full audio system details and the dual-zone electronic climate control settings for driver and front passenger. It also provides full colour mapping when the optional satellite navigation is installed and, when the vehicle is stationary, acts as a second DVD display if the optional DVD player is fitted.

Colour coded instrument cluster

Combined with your choice of matching dash panels and leather appointed seats, the colour coded tachometer and speedometer give the SS V-Series cabin a striking individuality.

Calais

It's a name synonymous with leadership in sports luxury motoring. Now, for the first time in a decade, its exhilarating and irresistible blend of power and refined handling, indulgent comfort and the very latest in innovative technology is available in a wagon. The Calais Sportwagon – for discerning drivers, there is no other choice.

Key features include:

- 210kW*, 3.6 litre SIDI Direct Injection V6 engine and 6-speed automatic transmission with Active Select
- 17" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Rear Park Assist
- Cloth seat trim with leather appointed bolsters
- Leather wrap steering wheel with illuminated controls
- Leather wrap gear selector
- 6.5" multifunction colour LCD screen
- 6-disc CD audio system with MP3 compatibility and auxiliary input jack
- 9 speakers. Total 150 watts
- Dual-zone electronic climate control
- 6-way electric adjustment of driver's seat and 4 way electric adjustment for front passenger
- Projector headlamps
- Bluetooth® for compatible mobile phones
- 2 priority keys

6-way electric adjustable driver's seat
Adjustable for seat height, slide and tilt, the electric driver's seat let you find your preferred driving position at the touch of a button.

Centre multifunction colour display
In addition to presenting audio and dual-zone climate control settings, this large, easy-read screen provides full colour mapping with the optional satellite navigation installed. When the vehicle is stationary, it also doubles as a second DVD display if you opt for the roof-mounted rear seat DVD player.

Advanced instrumentation
Designed to communicate quickly and clearly while minimising driver distraction, the instrument cluster comprises four analogue dials and a display capable of providing a range of additional information according to your personal preferences.

Quality finishes
The Calais interior abounds with luxury, style and superb quality finishes, including the smooth sophistication of satin chrome door handles.

Calais V-Series

A compelling fusion of pure power and benchmark-setting automotive sophistication, the Calais V-Series Sportwagon is equipped with almost every luxury feature you care to imagine, 18-inch alloy wheels and optional six litre V8 powertrain. With room for everything except compromise, it is more than just Australia's ultimate wagon, this is sports luxury at its pinnacle – refined, brutally powerful and endlessly rewarding to drive.

Key features include:

- 210kW*, 3.6 litre SIDI V6 engine and 6-speed automatic transmission with Active Select or optional 6.0 litre Generation IV Alloy V8 engine with 6-speed automatic transmission with Active Select and Active Fuel Management (AFM)
- 18" alloy wheels (4)
- Electronic Stability Control (ESC)
- 6 airbags including:
 - Dual-stage front airbags for driver and front passenger
 - Side impact airbags for driver and front passenger
 - Side curtain airbags
- Front and Rear Park Assist
- Rain sensing windscreen wipers
- Heated exterior mirrors with 'puddle' lamps and position memory
- Leather appointed seats
- Sports profile leather wrap steering wheel with illuminated controls
- Leather wrap gear selector
- Roof mounted DVD player with colour LCD screen
- 6-disc CD audio system with MP3 compatibility and auxiliary input jack 9 speakers. Total 150 watts
- Dual-zone electronic climate control
- 8-way electric adjustment of driver's seat and 4 way electric adjustment for front passenger. Driver's seat with memory for 3 settings
- Projector headlamps
- Bluetooth® for compatible mobile phones
- 2 priority keys

Front and Rear Park Assist
The combination of audible and visible warnings – the latter displaying both the proximity and direction of potential obstacles on the vehicle's centre multifunction colour display – make parking a breeze in even the tightest spaces.

Rear cargo net
Standard with the Calais V-Series Sportwagon, the flexible rear cargo net can secure items large and small against the load floor, rear seat backs or either side of the rear cargo area.

Rain sensing, flat blade wipers
Not only does Calais V-Series detect rain on the windscreen, it determines how heavily it's falling, and adjusts wiper speed accordingly. Because the wipers utilise flat blades, screen clearing ability is also improved over traditional wiper design.

Integrated DVD player
Providing entertainment on the go for rear seat passengers, the roof-mounted DVD player includes a fold down colour screen, remote control and dual wireless headphones. When the vehicle is stationary, front seat occupants can also watch via the centre multifunction display.

easy purchase options

Insurance
Holden Insurance offers a range of competitively priced insurance products, providing tailor-made protection, at the level of cover you need. For more information, call the Holden Insurance hotline on 1300 784 026.¹

Holden Leasing
Businesses of all sizes are now accessing vehicle leasing options with Holden Leasing. We operate nationally through the Holden Dealer Network and our dedicated service and support team. Our people are responsive professionals who understand your business and what it means to deliver total fleet management solutions. To find out how Holden Leasing can help you, call us on 1800 022 077.

GM Holden Card
The GM Holden Card can assist you to get into a new Holden sooner. 10% of your credit card purchases go towards a Rebate of up to \$3,000 on your new Holden² (depending on model). That's up to \$1 saving on your new Holden for every \$10 spent. There are a range of extra features including up to 45 days interest free³ on credit card purchases and a competitive interest rate. Apply⁴ online at www.holden.com.au/mastercard, or call the GM Holden Card helpline on 131 200.

ownership benefits

Holden Service
With one of the largest Service Networks in the country, Holden Dealers can supply an enviable level of customer care. Only Holden Dealership technicians have access to regular Holden factory training and equipment.

Holden New Vehicle Warranty
Every new Holden comes with a New Vehicle Warranty, covering your Holden for 3 years⁵ or 100,000 kilometres, whichever comes first. This factory backed warranty covers items including the engine, transmission, interior and exterior components. Refer to your Owner's handbook or see your Holden Dealer for full terms, conditions and exclusions.

Holden Extended Factory Warranty
Holden also offers Holden Extended Factory Warranty. Holden Extended Factory Warranty is a complete extension of your New Vehicle Warranty, giving you peace of mind because your car is factory backed for up to 3 additional years. The very same items covered under the New Vehicle Warranty will continue to be covered without exclusion. The Holden Extended Factory Warranty can be purchased through your local Holden Dealer at the same time as your Holden vehicle purchase. See your Holden Dealer or call 1300 632 407 for full terms and conditions.

24 Hour Roadside Assistance
Provided for the first year of your new Holden's life⁶. Holden Roadside Assistance is one of Australia's most comprehensive assistance packages with over 3,000 Roadside Assistance patrols nationwide⁶. There to help with even the smallest service, the toll-free Roadside Assistance hotline is always open, 1800 817 100.

For more information contact
Holden Customer Assistance on 1800 033 349
Monday to Friday 8am to 7pm or Saturday 9am to 1pm EST
or visit www.holden.com.au

¹ Subject to approval. ² The maximum GM Holden Card 'Core Rebate' (plus additional 'Bonus Rebate' accumulated via participating Holden Dealers) applicable for each vehicle, accrued over a maximum of five years may be applied per eligible vehicle purchased. For the maximum Rebate applicable for each vehicle refer to the 'Maximum Rebate Levels' table at www.westpac.com.au/holden. Vehicle sales for which a fleet allowance is paid are not eligible for GM Holden Card Rebate. Earning and redemption of Rebate towards a new Holden is subject to the GM Holden Card Rebate Program Rules. ³ The interest-free period applies where the card account is fully paid by the due date each month. ⁴ GM Holden Card is approved by Westpac. Applications are subject to Westpac's normal lending criteria. ⁵ From date of first registration. ⁶ In remote or sparsely populated areas you may experience delay in obtaining Roadside Assistance. Refer to the Customer Care brochure in your glovebox for full terms and conditions of this service.
