It is FSC certified mixed source paper which ensures that all virgin pulp is derived from well managed forests and is manufactured by an ISO 14001 certified mill. Accord VTI Luxury shown in Polished Metal on cover.

HON8610

The big car that's big on thinking

Technology

The Accord is one very smart car and no feature is more clever than Variable Cylinder Management (VCM). It means that instead of being a fulltime V6, the Accord's engine can switch to 4 cylinders or even 3, depending on the situation.

Safety

Of course, the Accord is filled with safety features to keep you and your passengers well out of harm's way. That's only half the story though, because the Accord has also been cleverly designed to protect pedestrians, too.

Performance

With a choice of two brilliant engines – a surprisingly powerful 4-cylinder or a high-tech V6 – and an advanced 5-speed automatic transmission with paddle shifters, the Accord will woo even the most discerning driver.

Refinement

Words can never do justice to the Accord's comfort, quietness or incomparable build quality. But from your first drive, you'll know precisely what we're talking about.

Fuel Efficiency

When it comes to performance and fuel consumption, Honda's engineers have one very simple mantra: more from less. And you can't ask for any more than that.

Space

Take to the road in the Accord and you'll enjoy oodles of room to load up and spread out, thanks to a huge 450 litre boot and space for five very spoilt adults.

Accord V6 Luxury shown in Alabaster Silver.

Accord V6 Luxury shown in Urban Titanium.

The journey is the thing

After many years, and more than a few miles under our belts, it eventually dawns that destinations are relatively unimportant – what life really boils down to is the getting there.

It was these words of wisdom that inspired Honda's engineers when bringing to life the latest Accord; a car created for the journey. Big, safe and unapologetically luxurious, it cradles you in uncommon comfort.

This pampering, however, doesn't come at the cost of performance, because the Accord is available with a choice of two engines across three models.

There's a powerful, yet economical 2.4 litre, 4-cylinder, i-VTEC engine, or a 3.5 litre V6 with revolutionary Variable Cylinder Management (VCM) technology that very cleverly uses six, four or even three cylinders as circumstances demand.

How about style?

Well, while it's undoubtedly true that you should never judge a book by its cover, the Accord's imposing road presence makes it something of an exception. A newly designed front bumper and grille, along with rear chrome highlights, add to the effect.

So if the Accord looks confident, that's because it is – and why not, after being a firm Australian favourite for over 30 years?

You'll enjoy an air of easy assuredness, too, courtesy of a host of high-tech safety features to protect and preserve you and, more importantly, your family and friends.

So if you share the wisdom of savouring the journey and not only its end, you've found the perfect car for the road ahead.

Accord V6 Luxury shown in Urban Titanium.

Style without the swagger

A lot of cars, with their flashy fins and foils, scream 'performance' just a little too loudly.

The Accord is not such a car.

While its aggressive stance and sharp character lines lend it an undeniably sporty presence, the driving design ideals are elegance and eloquence.

In short, the Accord displays an understated confidence.

There are bolder touches, of course; hints of chrome on the door handles and grille, for instance.

And large alloy wheels blend the best of aesthetics and athletics.

But these additions never overpower the Accord's sophisticated exterior. In fact, the only thing overpowering about the Accord is its performance.

Accord V6 Luxury shown in Urban Titanium.

Accord V6 Luxury interior shown.

The art of space

Summing up the Accord's interior in the most minimal manner is simple: maximum space and maximum comfort. Twin attributes that make every journey in the Accord – from a quick A to B through to a cross-country cruise – as pleasurable for passengers in the rear as it is for those in the front.

But the Accord is hardly a simple case of bigger is better, because its internal geometry is so ingeniously engineered that it feels even roomier than it is.

It's filled with elegantly thoughtful touches, too. Broad, comfortable front seats are fitted with supportive side bolsters to help keep the driver and front passenger secure during cornering.

And with more than enough legroom for three adults, the rear seat also folds down and includes a pass-through to boost cargo-carrying versatility.

That's quite enough about passengers and practicalities, though – let's talk for a moment, instead, about the Accord as a driver's car. You'll notice this the moment you sink into the front seat and assume the dynamic, intuitive driving position.

The information display is logical and easy to read, and the most important instruments are located high, close to your eyeline. Standard on every Accord are automatic dual-zone climate

control air conditioning, a premium audio system, power steering, cruise control, power windows and mirrors, security alarm system and keyless entry.

The VTi Luxury and V6 Luxury also include satellite navigation, sunroof, leather-appointed trim, heated seats, rain sensing wipers and a reversing camera. And it's this gallery of artful touches that puts the Accord into a class of its own.

1.

Your ticket to first-class

Enjoying the journey is so much easier when surrounded by intuitive features that turn every trip into a treat. And it's here that the Accord shines, with an interior that places the driver at the centre of a world of comforts. Fortunate passengers are also brilliantly looked after. So, no matter where your travels take you, the Accord will take you there in high style.

2.

Premium audio

The Accord sounds every bit as good as it looks, thanks to its multifunction audio system. Combining an AM/FM tuner and 6-CD stacker with an auxiliary jack and USB/iPod* integration, it gives you more options to enjoy your favourite tunes.

3.

Electric seats

The electric driver's seat in the Accord VTi Luxury and V6 Luxury lets you create the ideal position with the flick of a finger. (And, the V6 Luxury driver's seat includes two memory settings so it's always perfectly ready with your personal preference).

4.

Reversing camera

The Accord VTi Luxury and V6 Luxury are equipped with this nifty camera that helps you keep a lookout for people and objects behind the car.

5.

Auto dimming rear-view mirror

Courtesy of some very bright thinking, the Accord V6 Luxury's electrochromatic rear-view mirror dims automatically so you're not blinded by glare at night.

6.

Audio and cruise controls

Steering wheel-mounted audio and cruise controls put enjoyable driving, quite literally, at your fingertips. (Audio controls shown).

7.

Bluetooth® phone system*

No matter where your mobile phone is in the Accord, this clever system lets you take calls while you keep your eyes on the road.

8.

Leather-appointed trim

The Accord VTi Luxury and V6 Luxury are aptly named, given appointments like this stylish leather-appointed trim. Another reason every trip in the Accord is a treat.

9.

Climate control

Dual-zone climate control lets the driver and front passenger set their own temperature. And a GPS-linked solar sensor, in the VTi Luxury and V6 Luxury, is bright enough to monitor the sun's position and intensity. So, it knows when the sun is significantly warming one side of the cabin and automatically adjusts to compensate.

10.

Folding flat seats

When it comes to versatile seating, folding flat is where it's at. And the Accord's fold flat rear seat comes with even more cargo-carrying capability via a special lockable pass-through port for longer items, like skis.

1.

Two very smart engines. One very tough choice

6-cylinder

As soon as talk turns to engines, kilowatts and horsepower rear up proudly and the calculation contest begins (and in case you were wondering, the Accord's 3.5 litre, i-VTEC V6 engine pumps out a very impressive 202kW).

But these days the art is to generate maximum performance using the minimum of fuel, and it's here that the genius of Honda's Variable Cylinder Management (VCM) technology lies.

Instead of being a full-time V6, the Accord's engine is sometimes a 4 or even a 3.

When high power is required, for instance, all six cylinders work smoothly and powerfully.

For moderate speed cruising and at low engine loads, the system operates on just one bank of three cylinders.

And for higher speed cruising and not-so-steep hills, the engine operates on four cylinders.

Best of all, this happens smoothly and silently, so unless you happen to glance down at the discreet economy light glowing away happily on your dash, chances are you won't even notice it.

3-cylinder

At cruising speeds and with low engine loads, the VCM engine will run on just one bank of three cylinders.

4-cylinder

Usage drops from six to four at high cruising speeds or on mild inclines.

6-cylinder

The V6 VCM engine will only use all six cylinders when it needs the power, like during start-up, acceleration or when climbing hills.

Typical 'gear hunting' without Grade Logic Control

Optimised gear selection with Grade Logic Control

Shift patterns are examples only.

4-cylinder

Here's where the choice gets a little tough, however, because there's also the option of Honda's incredible 2.4 litre 4-cylinder i-VTEC engine.

Perplexingly powerful, it puts out 133kW of power and 226Nm of torque and uses a miserly 8.7L/100km*, an impressive performance matched by impressively low CO₂ emissions.

Regardless of which engine you choose, though, it will be partnered with Honda's famously smooth 5-speed automatic transmission and engaging paddle shifters.

The transmission also includes Grade Logic Control, a unique system that eliminates "gear hunting" by holding and extending the gear range on gradients.

So whether you're going up, down or around, the Accord will tackle it with ease, enhancing both efficiency and performance.

So let the pondering begin.

*Fuel consumption figure based on ADR81/02 combined test results for Accord VTI.

Superbly safe and sound

When driving the Accord, you'll no doubt experience a distinct feeling of total comfort. What's at work here, however, is not simply plush seats or a clever cabin. It's also the Accord's impressive suite of safety features, including:

ABS with EBD

The Anti-lock Braking System (ABS) is arguably the most effective way to maintain steering control during hard braking. So naturally it comes as standard. As does Electronic Brake-force Distribution (EBD); a sensory system that monitors and calculates weight balance and adjusts brake force accordingly.

Pedestrian safety

The Accord protects pedestrians as well as you, with features including windscreen wiper pivots which break away on impact, energy-absorbing front wing mounts and bonnet hinges, and extra space between the bonnet and the engine to give the bonnet room to deform and absorb impact.

Vehicle Stability Assist (VSA) with Traction Control System

The Accord's electronic stability and traction control systems combine to keep you safely on track by watching out for oversteer and understeer, adjusting brake pressure and reducing engine power as needed. And, it's standard on all Accord models.

Airbags

Sitting in the Accord, you're surrounded by the safety of six airbags, including dual front and side airbags. Honda's Occupant Position Detection System (OPDS) prevents the front passenger airbag from deploying if it senses a child or smaller person leaning into the airbag deployment path. Full-length curtain airbags also help lessen the chance of head or neck injuries for front and rear passengers in a lateral collision.

Automatic tensioning seatbelts

If you're involved in a collision, the same sensors that deploy the Accord's airbags automatically tighten the front seatbelts to help hold you securely.

ACE body structure

Part of Honda's unique G-Con technology, the Accord's Advanced Compatibility Engineering (ACE) body structure helps redirect the energy of an impact away from you and your passengers. It also increases the Accord's compatibility with vehicles of different sizes in frontal collisions.

Accord VTi

The Accord VTi comes standard with:

POWERTRAIN

- 2.4 litre DOHC i-VTEC 4-cylinder engine
- 133kW @ 6500rpm and 226Nm @ 4500rpm
- 5-speed automatic with Grade Logic Control
- Drive By Wire (DBW) throttle system

EXTERIOR

- 16-inch alloy wheels
- Full size spare wheel
- Halogen headlights
- Chrome door handles
- Remote keyless entry
- Power door mirrors

INTERIOR

- AM/FM radio, 6-CD stacker (MP3/WMA compatible) with 6 speakers
- Auxiliary jack and USB port (iPod® compatible)
- Bluetooth® phone compatibility*
- Cloth trim
- Cruise control
- Driver's footrest
- Dual zone climate control air conditioning
- Illuminated and lockable glovebox
- Illuminated front vanity mirrors
- Outside temperature display
- Power windows (front with auto up/down)
- Speed-sensitive Volume Compensation (SVC)
- Steering wheel-mounted audio and cruise controls
- Sunglasses holder
- Tilt and telescopic steering column adjustment

SAFETY

- Active head restraints
- Advanced Compatibility Engineering (ACE) body structure
- Airbags: dual front, side and full-length curtain
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Immobiliser system and security alarm
- Vehicle Stability Assist (VSA) with Traction Control System (TCS)

Black cloth seat trim

Accord VTi Luxury

Features over and above the VTi:

- 17-inch alloy wheels
- Automatic on/off halogen headlights
- Electric sunroof
- Front fog lights
- Automatic rain sensing wipers
- Power driver's seat with lumbar support
- Heated front seats
- GPS-linked temperature control
- Leather-appointed interior
- Rear parking sensors
- Reversing camera
- Satellite navigation
- Subwoofer
- Trip computer

Ivory leather-appointed**

**Ivory only available on Crystal Black Pearllescent.

Accord V6 Luxury

Features over and above the VTi Luxury:

- 3.5 litre SOHC i-VTEC V6 engine
- 202kW @ 6200rpm and 342Nm @ 5000rpm
- Variable Cylinder Management (VCM)
- Active Noise Cancellation (ANC)
- Active Control Engine Mount (ACM)
- Automatic dimming rear-view mirror
- Automatic on/off Xenon HID headlights
- Dual chrome exhaust
- Front corner parking sensors
- Mirror-mounted indicators
- Power driver's seat with memory function and lumbar support
- Power front passenger seat

This time it's personal

Style is highly individual, so there's a whole range of Genuine Honda Accessories available to mix and match to make your perfect Accord. And being genuine, you can be sure they'll fit perfectly and perform flawlessly. To find out more, simply contact your local Dealer or visit honda.com.au/accord

Modulo

Designed to complement and accentuate the Accord's sophisticated styling, the Modulo Sports Pack lets you choose the full kit or your own unique combination.

Modulo Sports Pack

(For VTi and VTi Luxury only):

- Front under spoiler
- Rear under spoiler
- Side skirt set
- Rear wing spoiler
- Chrome grille
- Sports pedal set

Rear wing spoiler, chrome grille and sports pedal set also available on V6 Luxury.

Accord VTi Luxury model shown with accessory alloy wheels and Modulo Sports Pack including front under spoiler, rear under spoiler, side skirt set, rear wing spoiler and chrome grille.

Sports pedal set

Engineered from aluminum, clear coated and finished with moulded rubber studs, these performance pedals provide grip during acceleration and braking. Clean, cool looks are an added bonus.

Rear ducktail spoiler

Add some understated attitude to your Accord with an aerodynamic boot spoiler, perfectly matched to your car's body colour.

Rear wing spoiler

If you're looking to lend your Accord a touch more sporty styling, this colour-matched rear wing spoiler is the perfect pick.

Door sill garnish set

Featuring an Accord logo, these four-piece door sill garnishes combine stand-out style and stainless steel protection. They're available in Illuminated Blue^o (pictured left) and Non-Illuminated Metal-Style Finish (pictured right).

Alloy wheels

Created to perfectly compliment the Accord's sleek body lines, these sporty alloys will help set your pride and joy apart. (For VTi Luxury only).

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months - whichever is greater - provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

^oThe Illuminated door sill garnish set includes Illuminated front door and Non-Illuminated rear door sill garnishes.

To protect and serve

These Genuine Honda Accessories make things easier to store, and help protect your Accord from damage, all while looking as suitably slick as anything you'll find in a Honda. For details, simply contact your local Dealer or visit honda.com.au/accord

Other accessories available:

- Boot organiser box
- Car body cover
- Dust and pollen filter
- Leather maintenance kit
- Rear chrome garnish set
- Rear lower chrome garnish set (Not compatible with accessory rear under spoiler)
- Roof rack attachments
 - Bike
 - 5-row ski and snowboard
 - Surfboard
 - Kayak
 - Roof Box (36kg weight capacity)
- Tongue and towball storage bag
- Touch-up paint
- Wheel lock nut set

Roof rack set[‡]

No matter what you're into, chances are there'll be an accessory to suit, with bike, ski and snowboard, surfboard, kayak and roof box attachments available. So load up and free up space inside your Accord to give you and your passengers a clearer, more comfortable ride. (Holds up to 50kg in weight).

Mud guards

Colour coded mud guards complement the Accord's good looks and help keep its paintwork pristine. (Front and rear set sold separately. Front mud guards not compatible with accessory side skirt set. Rear mud guards not compatible with accessory rear under spoiler).

Rear park assist

You'll navigate the most challenging of parking spaces with ease thanks to these neatly integrated rear parking sensors which warn you with a beep when you get too close to another vehicle or object. (For VTI only).

Tailored mat set

Show off and protect your Accord's interior with this stylish tailor-made four-piece deluxe carpet mat set. Available in grey or ivory to match your interior colour. All-weather rubber mat set also available.

Accord VTI model shown fitted with fog lights, bonnet protector, headlight protector set, deluxe door visor set, mud guard set (front and rear), front lower chrome garnish set, lower door chrome garnish set and roof rack set.

Front lower chrome garnish set not compatible with accessory front under spoiler.

Tow bar kit

Designed to Honda's strict specifications, this tow bar gives you various options to broaden your horizons.

Styling guards[†]

These colour-matched door and corner styling guards not only look sporty, they help protect your Accord from door dents and scrapes. (Sold separately).

Multi-media player

An all-in-one DVD, CD and MP3 player with wireless headphones, SD card slot and USB port. You can also plug a games console or digital camera straight into the unit.

Luggage area protector tray

Specifically designed to fit the Accord's boot, this tray lets you enjoy a day of adventure in the great outdoors and help keep your Accord's interior spotless, too.

Rear bumper and bootlip protector

Help keep your Accord's rear end in perfect condition with this practical posterior protector.

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months – whichever is greater – provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

[‡]In the interest of aerodynamics, Honda recommends roof rack set be removed when not in use. [†]Front corner styling guards not compatible with accessory front under spoiler. Rear corner styling guards not compatible with accessory rear under spoiler.

You're never alone in a Honda

Buy an Accord and you'll be amazed at how well you'll be looked after.

The care starts with a 3-year/100,000km warranty and 6-year rust perforation warranty.[§]

And for a small extra investment, you can enjoy peace-of-mind with Honda Warranty Plus including Premium Roadside Assist.[™]

Plus, as an Accord owner you're entitled to a five year subscription to *Honda. The Magazine* and access to our exclusive HondaONE website. This secure site gives you all the important information you never knew where to find, like up-to-date service history, vehicle records, maintenance tips and personalised service reminders.

And by using your Honda Dealer, you'll also be sure that they'll protect your investment by using Honda Genuine Parts.

So with all these benefits, your Accord will be as pleasurable to own as it is to drive.

Insurance

If you're looking for cover every bit as reliable as your Accord, you really need Honda Motor Vehicle Insurance.

You'll enjoy a range of benefits, including:

- 3-year new replacement if your Honda is a total loss
- Genuine Honda approved parts for the first five years
- Lifetime guarantee on authorised repairs.

Approved applicants only. Normal underwriting and excess payment rules apply.^Δ

Finance

Whether you're buying a Honda for yourself or a business, we have a wide range of flexible finance and leasing options.

So see your Honda Dealer to find a financial solution that suits you as perfectly as your Accord does.

What's next?

As an Accord owner, you're part of a brand that's always doing something new.

Because if there's one thing Honda prides itself on, it's always asking, 'What's next?'

It was this inventive spirit that led to developing the ingeniously clever Variable Cylinder Management system.

It also produced the new CR-Z, the world's first sporty hybrid.

And that's not our first 'world first' either.

There's the FCX Clarity, which is powered by a hydrogen fuel cell and whose only emission is water vapour.

Or the unique CIGS solar cells that produce twice as much energy than they take to make.

Then of course there's ASIMO, the world's most advanced humanoid robot and the incredibly fuel-efficient Hondajet with its unique above-the-wing engine design.

And now there's a glimpse of the future with the altogether different U3-X, a personal mobility device that takes you in any direction by simply shifting your weight.

All of these things, which were once dreams, are now realities thanks to Honda.

So what's next?

[§]Honda warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the vehicle's owners manual. Please refer to Honda's warranty documentation for exclusions and conditions. [™]Conditions apply. Refer to Honda's warranty documentation for details. ^ΔHonda motor vehicle insurance is issued by GIO General Limited ABN 22 002 861 583 (GIO). Conditions and exclusions apply.
