HYUNDAI. NEW THINKING. NEW POSSIBILITIES.

At Hyundai, we understand that life is about continual change. Our progress as a company isn't measured by our actions in the past but by how we respond to our environment and listen to our customers.

Our focus today is on producing cars that embody quality, variety, innovation and individuality – cars that are underpinned by 5-star quality in design, build, features, accessories and safety.

And as a testament to our worldwide commitment to quality, Hyundai is now one of the world's fastest growing automotive brands. Our aim is to challenge and question the way things are done to create bigger new ideas and better quality solutions to enrich our customers' life experiences. Only by re-imagining what tomorrow's world will bring, can we meet our customers' needs now and into the future. We invite you to join us on our journey.

A NEW BENCHMARK IN SERVICE AND SUPPORT

Your i40 ownership is supported by all the benefits of the Hyundai iCare program, which demonstrates our commitment to back every vehicle we build and to make Hyundai ownership an enjoyable, worry-free experience. iCare includes:

- The peace-of-mind of Australia's first five-year unlimited kilometre warranty*
- Hyundai iCare Capped Price Service#, which further reduces the cost of owning a Hyundai
- The confidence of Hyundai Roadside Assist for up to 7 years*
- The convenience and exclusive benefits of myHyundai
- The support of our 24/7 Customer Care Centre
- The assurance of a complimentary 1,500km vehicle inspection
- The satisfaction of having your vehicle serviced by qualified Hyundai factory-trained technicians using only Hyundai Genuine Parts
- The timeliness of updated mapping and content for factory installed satellite navigation through the 3 years NAVTEQ MapCare™ Plan^

For terms and conditions refer to accessories section. For full details visit www.hyundai.com.au/owners/terms

i40

i40 Sedan Premium in Titanium Silver and i40 Tourer Premium in White Crystal.

MAKE AN IMPRESSION.

Combining emotive design with intelligent practicality, the i40 range brings together luxury looks and style with all the substance and performance you demand, whether driving in the city or cruising through the countryside.

The i40 range offers uncompromised comfort for driver and passengers yet also presents exceptional versatility in seating, storage and load capacity.

Engineered to exacting standards and built strong with ultra-high tensile strength steel, the i40 range provides the highest levels of safety while leveraging cutting-edge technology to maximise driving ease and the enjoyment of every journey.

Elegant and sophisticated, the i40 range commands a striking and individual presence on the road that makes a lasting impression.

i40 Tourer Premium in Blue Spirit and i40 Sedan in Titanium Silver.

i40 Tourer Premium in Blue Spirit and i40 Sedan in Titanium Silver.

i40 Tourer Premium in Blue Spirit.

LED Daytime Running Light

AN OBSESSION WITH BEAUTIFUL DESIGN.

With every flowing line and sculpted curve reinforcing bold and confident looks, the i40 range evokes admiration and awe.

Based on Hyundai's new signature 'fluidic sculpture' design language the i40 range's sleek and aerodynamic styling cues create vehicles that are both beautiful and practical. Each design distinction, inside and out, clearly echoes the highly regarded skills of Hyundai's European design team, located in Russelsheim, Germany.

EFFORTLESSLY STYLISH.

The i40 range's exciting design aesthetics have been skilfully combined with a desire to achieve practicality and functionality. For example bold, yet highly efficient cat-eye shaped headlamps with LED Daytime Running Lights create a striking impression enhancing visibility. The full-length panorama glass roof adds to the sense of luxury in motion and floods the cabin with light (Premium only). Aerodynamically sculpted, electric folding side mirrors include LED repeater lights for safer lane changes and turns.

BUILT TO BE DRIVEN AND ADMIRERD.

Thoroughly modern, and reflecting your sense of style, the i40 range has been designed and built tough and strong to meet the needs of a wide variety of lifestyles.

The careful selection of premium materials, immaculate bodywork and uncompromising build quality, ensure that your pleasure of owning and driving such a well-appointed and comfortable vehicle extends long into the future.

i40 Sedan Premium in Blue Spirit.

GRAND, AGILE AND RESPONSIVE DRIVING.

Whether you're heading across town or taking off for a few days in the country, the i40 range delivers a stylish and effortless driving performance.

With more than enough power under the bonnet you'll always feel in command, and with the steering and suspension system fine-tuned for Australian conditions, you'll reach your destination feeling relaxed and refreshed.

Available in both petrol and diesel variants, the i40 driving experience is enhanced by an array of intelligent driver assistance technologies - such as the sophisticated adaptive front lighting system that bends when driving through a curve (Premium only), and the innovative Drive Mode Select function which allows you to customise your steering to the environment you are in. Normal mode is perfect for day-to-day driving; Sport mode enhances your drive on the open road; while Comfort mode provides a lighter steer and easier manoeuvrability in slow moving inner-city traffic.

i40 Tourer Premium in White Crystal.

i40 Tourer Panorama glass roof (Premium only).

i40 Premium shown.

i40 Elite shown.

EVERY JOURNEY IS A FIRST CLASS EXPERIENCE.

Step inside the i40 range and it's immediately clear that the high-level design, workmanship and attention to detail that distinguish the outside have been carried through to the interior.

Sit down and notice how everything has been thought of. The driver's power seat support is adjustable in ten different directions (Elite & Premium only), and includes an integrated memory function that enables you to store your preferred setting (Premium only). A deluxe centre armrest is not simply a comfortable place to rest your arm, but also opens up to reveal different storage compartments. Every instrument, gauge and driving indicator can be viewed at a glance, and all switches and controls are ergonomically designed and logically placed for ease of use. Throughout the interior, the use of premium materials adds an extra sense of luxury and refinement.

Lean back and soak in the atmosphere of the full-length panorama glass roof, as it gently bathes the entire cabin with sunlight to transform the mood and connect your driving experience to the beauty of the world around you (Premium only).

WHERE BEAUTY & FUNCTION MEET

A. Electric parking brake

The new-style brake with Hill-start Assist Control (HAC) frees up precious cabin space.

B. IMS and control functions¹

The driver's Integrated Memory Seat is a handy option for remembering favourite seat positions. Power lumbar support is also available for both driver and front passenger seats. Front and rear seat warmers are also offered.

C. Deluxe centre armrest

The central armrest opens to different compartments providing a place for everything from CDs to other small items... all within a comfortable place to rest your arm.

D. Storage box and cup holder

Handy container for storing those little odds and ends. A sliding cover helps keep a neat appearance.

¹Premium only.

A NEW DIMENSION IN TECHNOLOGY AND SPACE.

On looks alone, the i40 Tourer makes a compelling statement for consideration. Even more impressive, its beauty is complemented by the technology-rich features that provide even greater comfort and convenience to the driver and passengers.

- Push Button start lets you fire up the engine while the key is still in your pocket or bag (Elite & Premium only)
- Steering wheel-mounted controls enable fingertip operation of audio, Bluetooth® and cruise control functions
- The comprehensive audio package as well as MP3 playback capability and iPod® connectivity^
- Fully automatic climate control air conditioning enables the front seat passenger and driver to select separate temperature settings (Elite & Premium only)

THE VERSATILITY OF SECOND ROW SEATS.

The i40 Tourer is synonymous with space. Through the application of clever design techniques the interior is spacious, with the 506-litre cargo area offering ample room for luggage, golf bags and all the assorted gear you might want to take when heading away for a few days. A floor rail feature helps keep your luggage safely secured.

When you need to carry more, the 60:40 folding rear seats make it easy to include both cargo and passengers, while increasing the cargo volume to as much as 1672 litres!

Unloading is easy with the Smart tailgate (Tourer Premium) which offers hands-free functionality, automatically opening the power tailgate when the proximity smart key is within 50-100cm of the boot of the car for 3 seconds or more.

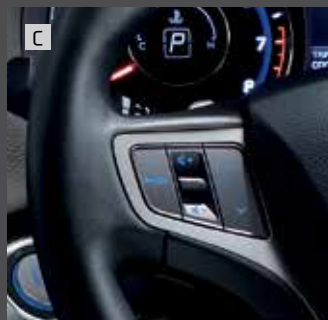

Bluetooth® is a registered trademark of Bluetooth SIG, Inc. ^Please check your Bluetooth® device's capabilities to ensure compatibility.

i40 Tourer Premium shown.

Overseas model shown.

A. Air ventilated seats

Stay cool and dry with air ventilated driver and front passenger seats. Under-seat fans blow a gentle stream of cooling air through the miniature perforations in the leather seats. (Premium only)

B. iPhone®, iPod® and USB port

Connection ports are provided to connect most types of personal music players including USB memory devices. iPhone®/iPod® connection cable is available as an accessory. (iPod® and connection lead not included)

C. Steering wheel remote control

For more convenient and safer driving, the remote switches provide controls over the audio system and cruise control, encouraging the driver to always keep both hands on the wheel.

Overseas model shown.

A. 6-speed automatic transmission

The new six-speed automatic transmission is compact and durable, providing a smooth drive and quiet gear changes. Paddle shifters enable fingertip up and downshifting for even greater control and a sportier driving feel.

DEVOUR THE ROAD WITH CONSUMMATE EASE.

The i40 Tourer is available in two new-generation engine choices that both deliver a smooth and quietly outstanding driving performance. Long journeys are effortless and when you need to accelerate quickly, the i40 Tourer offers a very satisfying level of passing power.

A compact six-speed transmission and Dual Continuously Variable Valve Timing (Dual CVVT) help it achieve exceptional fuel economy for a vehicle of its size and class, while also reducing other running costs (Petrol only).

Pi 2.0 GDi engine

U2 1.7 CRDi Diesel engine

TRAVEL UP TO 1,250KM ON ONE TANK OF FUEL.[^]

Delivering exceptional fuel efficiency has been a core aim in developing the i40 range's powertrains, which centre around either an all-new 2.0 litre Pi direct injection petrol engine with Dual Continuously Variable Valve Timing (Dual CVVT), or an all-new U2 1.7 litre Turbo Diesel engine featuring smart common rail Diesel technology.

Designed, engineered and built by Hyundai, these engines are small and lightweight, but supremely durable, responsive and produce more power with greater efficiency.

	1.7 CRDi Diesel	2.0 GDi Petrol (Tourer)	2.0 GDi Petrol (Sedan)
Displacement	1,685 cc	1,999 cc	1,999 cc
Maximum Power	100 kW @ 4,000 rpm	130 kW @ 6,500 rpm	131 kW @ 6,500 rpm
Maximum Torque	320 Nm @ 2,000 – 2,500 rpm	213 Nm @ 4,700 rpm	214 Nm @ 4,700 rpm
Fuel Consumption* (combined) (Active only)	5.6L/100km	7.5L/100km	
CO ₂ (g/100km) (Active only)	149	159	

*Source: Australian Design Rule 81/02 static laboratory combined average city and highway cycle test for Active manual diesel variants. Fuel consumption will vary depending on a combination of driving habits and the condition of the vehicle. [^]Based on Australian Design Rule 81/02 static laboratory combined average city and highway cycle test for i40 Active CRDi.

SAFETY IS THE HIGHEST PRIORITY.

At Hyundai, we are driven by our aim to build the safest cars on the road today. To achieve this, we have made substantial investments in developing some of the most advanced safety technologies as well as cutting-edge engineering and construction techniques.

The i40 range incorporates such a high level of safety features that it has achieved the highest occupant safety rating for a vehicle in Australia - 5-Star ANCAP.

Hot stamping method

Premium ultra-high tensile strength steel is used in key body areas to maximise strength. But the steel is so hard it must first be pre-heated to 900 °C before stamping. This Hyundai innovation offers more protection to the driver and passengers in the event of a collision.

Ultra-high tensile strength steel

No ordinary, run-of-the-mill steel, the ultra-high tensile strength steel is a high performance special steel alloy applied to safety-critical areas of the body shell where additional strength reinforcement is required. The benefit is superior crashworthiness.

Brake Assist System

BAS measures the speed with which the brake pedal is depressed. When panic braking is detected, the Brake Assist System automatically develops maximum brake boost in order to mitigate a drivers tendency to brake without enough force.

A COCOON OF 9 AIRBAGS

To help safeguard you and your passengers during a collision, the i40 range chassis has been enhanced by the use of premium ultra-high tensile strength steel to reinforce safety critical areas of the body shell. And in the event of an impact the i40 range has nine airbags to provide even greater protection.

A. 9-Airbags Protection

With nine airbags, including each driver and passenger airbags, two side curtain airbags and four thorax airbags at the outboard seating positions plus a new airbag offering driver knee protection, i40 takes every possible precaution to reduce the risk of serious injury.

B. Knee Airbag

Installed just below the steering column, this new airbag is designed to reduce the risk of serious injuries to the driver's legs and knees in the event of a frontal collision.

C. Hill-Start Assist Control

This technology brings peace of mind and ends all anxieties about the vehicle rolling backwards when the foot is taken off the brake after a stop on a steep hill.

D. Electronic Stability Control (ESC) and Vehicle Stability Management (VSM)

Electronic stability control (ESC) improves the safety of a vehicle's stability by detecting and minimising skids. When ESC detects loss of steering control, it automatically applies the brakes to help "steer" the vehicle where the driver intends to go. Vehicle Stability Management (VSM) system helps maintain control of the vehicle by applying counter-steering assistance, guiding you to the correct steering position.

E. Rear View Camera

To provide greater safety when reversing, an image of the area behind the vehicle shows on the 7" LCD satellite navigation screen (Elite & Premium only).

F. Park-Assist System

Sensors in the front and rear bumpers help you park with greater ease and safety, by providing an audible alert when you are getting too close to objects around the vehicle.

SOPHISTICATED TOUCHES AND TECHNOLOGY-RICH FEATURES.

LED Daytime Running Lights
The distinctive LED Daytime Running Lights serve as a highly visible safety feature.

HID Dusk Sensing Headlamp
Automatic light control switches on the headlights at dusk or when encountering low light areas such as tunnels and car parks. High Intensity Discharge (Xenon) headlamps provide brighter and clearer illumination. (Premium only)

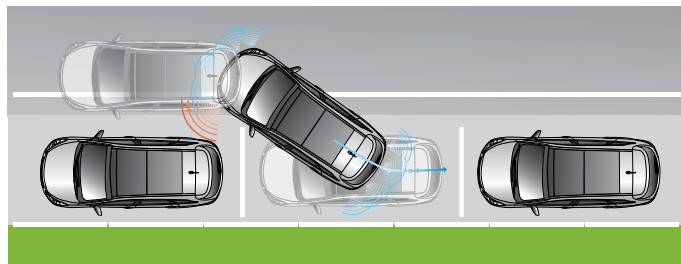

Fog Lamps
Front fog lamps feature clear lenses and an extra low mounting point for maximum penetration in foggy driving conditions. (Elite and Premium)

LED-Type Rear Combination Lamps
Large, wraparound rear combination lamps are sculpted and use an LED array for maximum brightness, saving energy and enhancing safety. By lighting up a split second faster than conventional lamps, they alert the following driver sooner.

i40 Tourer Premium in Blue Spirit.

Smart Park Assist#

Smart Park Assist uses sensors on either side of the vehicle to search for parallel parking spaces that are the correct size. Once a location is found, the i40 can take complete control of the steering while the driver controls the vehicle speed, guiding the i40 into the selected space.

Lane departure warning with lane keeping assist system

Activated above 60km/hr, LDWS uses a camera to scan the road ahead and will alert the driver if it senses the vehicle is unintentionally veering from its current lane. If also combined with LKAS, the system will also assist by applying steering input to help keep the vehicle between the lane markings. It's designed to prevent those moments when a lapse of concentration can cause the vehicle to stray outside the lane.

Rain Sensing Wipers

The rain sensing wipers give you one less thing to worry about by automatically activating the wipers when moisture is detected on the windscreen. (Elite and Premium)

Push Button Start and Smart Key

The end of fumbling for misplaced keys. If the key is with you, the doors unlock and the engine starts at the push of a button and depress of the brake pedal. (Elite and Premium)

Bluetooth® Hands-Free Capability*

i40 features Bluetooth® with steering wheel mounted controls, built-in microphone, audio streaming capability and telephone hands free.

Smart Tailgate†

The Smart Tailgate offers hands-free functionality, automatically opening the power tailgate when the proximity smart key is within 50-100cm of the boot of the car for 3 seconds or more. (Tourer Premium only)

Bluetooth® is a registered trademark of Bluetooth SIG, Inc. *Please check your Bluetooth® device's capabilities to ensure compatibility.
 #Smart ParkAssist is designed as a driver aid and should not be a substitute for a driver being aware of their vehicles surroundings.
 †Please refer to your owner manual for full details and instructions on how to properly use your smart park assist feature.
 †Available from October 2013 production only.

SOPHISTICATED TOUCHES AND TECHNOLOGY-RICH FEATURES.

i40 range Premium in Blue Spirit shown.

Panorama Glass Roof

The full-length panorama glass roof floods the cabin with sunlight to transform the mood. Includes retractable blinds and a wind deflector. (Premium only)

Paddle Shifters

Steering wheel-mounted paddle shifters enhance safety and add a sports-car touch to your drive by letting you control when to upshift or downshift the six-speed automatic.

Speed Limiters & Cruise Control Switch

The Speed Limiter function is within the cruise control system. The driver simply specifies the desired maximum speed via the steering wheels controls, with the figure displayed in the trip computer.

Drive Mode Select

This exciting new Hyundai innovation enables you to customise your steering to your environment, by choosing Normal, Sport or Eco mode.

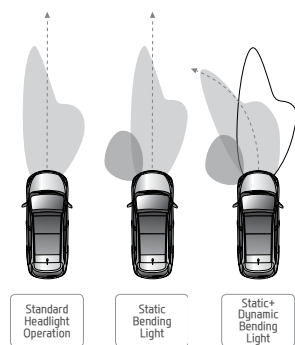

Satellite Navigation

The new satellite navigation system on Elite and Premium models comes integrated with a rear view camera display, 4 speakers, 2 tweeters, and a woofer, external amplifier, and Bluetooth® / digital iPod® connectivity*. The navigation system incorporates live SUNA™ traffic updates and a comprehensive Point of Interest (POI) database. Also, due to the changing state of the road network in Australia, if you service your i40 with a Hyundai dealer you will be entitled to 3 years NAVTEQ Mapcare™ updates for the navigation system to ensure there aren't any surprises around the next corner

Heated Seats

Front seats feature three-stage heated seat cushions and heated backrests. Rear seats are also heated. (Premium only)

Adaptive Front Light System (AFLS)

Night driving visibility and safety is enhanced with AFLS headlights which swivel in steering direction. The dynamic beam pattern is able to adapt to different road conditions. (Premium only)

Climate Control

Driver and front passenger have their own individual temperature controls. The System is able to automatically maintain pre-set temperatures for the two zones. (Elite and Premium)

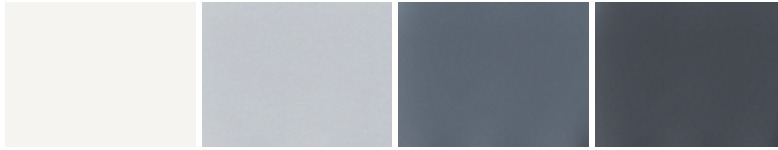

Luggage Net and Hook

Unsecured cargo can pose a threat to driving safety. The luggage net provides a fast and easy solution. (Tourer Premium only)

*SUNA™ Traffic channel coverage is available in the following metropolitan areas only: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. †Please check your Bluetooth® device's capabilities to ensure compatibility. iPod® is a registered trademark of Apple Inc., registered in the US and other countries.

^MapCare™ Plan only applies to new vehicles with factory-fitted satellite navigation. NAVTEQ and MapCare™ are registered trademarks of Nokia Corporation. Maximum number of 2 updates, delivered on an annual cycle within 3 years of the vehicle's initial purchase. Free map updates only apply if the vehicle is serviced at a participating authorised Hyundai dealer.
