

HYUNDAI. NEW THINKING. NEW POSSIBILITIES.

At Hyundai, we understand that life is about continual change. Our progress as a company isn't measured by our actions in the past but by how we respond to our environment and listen to our customers.

Our focus today is on producing cars that embody quality, variety, innovation and individuality... cars that are underpinned by 5–star quality in design, build, features, accessories and safety.

And as a testament to our worldwide commitment to quality, Hyundai is now one of the world's fastest growing automotive brands. Our aim is to challenge and question the way things are done to create bigger new ideas and better quality solutions to enrich our customers' life experiences. Only by re-imagining what tomorrow's world will bring, can we meet our customers' needs now and into the future. We invite you to join us on our journey.

A NEW BENCHMARK IN SERVICE AND SUPPORT

Your i45 ownership is supported by all the benefits of the Hyundai iCare program, which demonstrates our commitment to back every vehicle we build and to make Hyundai ownership an enjoyable, worry-free experience. iCare includes:

- The peace-of-mind of Australia's first five-year unlimited kilometre warranty*
- Hyundai iCare Capped Price Service[†], which further reduces the cost of owning a Hyundai
- The confidence of Hyundai Roadside Assist for up to 7 years**
- The convenience and exclusive benefits of myHyundai
- The support of our 24/7 Customer Care Centre
- The assurance of a complimentary 1,500km vehicle inspection
- The satisfaction of having your vehicle serviced by qualified Hyundai factory-trained technicians using only Hyundai Genuine Parts
- The timeliness of updated mapping and content for factory installed satellite navigation through the NAVTEQ™ MapCare™ Plan^

For terms and conditions refer to accessories section. For full details visit www.hyundai.com.au/owners/terms

Lines of pure beauty inspired by nature

Designed to challenge perceptions and push boundaries, the i45's stunning design exudes an air of luxury and refinement that immediately identifies it as a vehicle with true individuality and character.

The organic flowing lines that create its sporty silhouette are based on Hyundai's "Fluidic Sculpture" design language. Inspired by nature, this design philosophy considers the interplay of natural, fluid elements with the more rigid surface and structures of the vehicle to create the impression of constant, graceful motion.

While the exterior styling emphasises the i45's sensual low profile, its athletic design produces an interior that's spacious for all occupants.

The i45's aerodynamic shape delivers an incredibly low drag coefficient of just 0.28, enabling it to cheat the wind and

A fluid form that glides with ease

hug the road to deliver even greater fuel economy.

With its smoked chrome radiator grille connected by character lines that sweep all the way to the vehicle's rear, the i45 conveys a sporty stance. Sleek cat-eye shaped headlamps provide a crisp bright light for enhanced night-time vision while large power-fold side-view mirrors that fold in and up, further enhance its unmistakable style and refinement.

An abundance of natural light and fresh air

Unlike many vehicles with a low silhouette, the i45 provides excellent visibility for all occupants, including those seated at the rear. For the driver, a wide windscreen and narrow side columns give an excellent forward view, while lowering the rear seat has enhanced the driver's rear vision.

The Premium also features a full length three-piece panorama glass roof with power tilt/slide adjustment that produces a fresh light-filled driving experience. Motorised roller blinds provide UV protection and help reduce heat build-up within the vehicle.

Surprising space with amazing comfort

Whether you're behind the wheel or travelling in the back seat, the i45's elegant interior provides generous space and exceptional comfort. Leg, head and even shoulder-room dimensions in both front and rear seats exemplify its roominess, while a versatile 523 litre boot space is one of the largest in its class.

Technology that enhances driving confidence

Throughout the i45 a myriad of cutting edge technologies are constantly at work, making the driving experience easier, safer and more satisfying.

Steering wheel mounted paddle shifters* provide you with greater control upshifting and downshifting — all without taking your hands off the wheel.

When stopped on a steep incline, Hill-start Assist Control (HAC) technology helps by momentarily holding the vehicle while you move your foot from the brake to the accelerator.

Similarly, the Brake Assist System (BAS) comes into play in an emergency stopping situation, reducing braking distance by applying the maximum brake pressure.

Other technologies such as a Start Stop Button and Proximity Smart Key entry, offer greater convenience and increased security.

Easy-to-use, logically positioned controls

The i45's ergonomically designed driver's cockpit doesn't just look good, it makes driving easier.

Steering wheel audio controls and centre stack temperature controls are positioned according to the most logical way they'll be used. That means you can change stations or turn up the volume without your eyes leaving the road, while even first time passengers can easily adjust the climate settings as required.

A strategically positioned Supervision Cluster that features sporty dual-gauges and vacuum fluorescent display, provides an instant overview of all important vehicle performance indicators using a large, clear display that's easy to comprehend with just a quick glance.

It's the little things that enhance the journey

Whether you're just travelling across town or heading out for a few days in the country, we've given attention to all the details that add up to an enjoyable journey.

The driver's power seat with adjustable lumbar support provides eightway adjustment to maximise driver comfort and minimise fatigue (Only on Premium model). The front passenger seat is fitted with four-way sliding and reclining functions while adjustable rear seat headrests provide extra comfort and safety.

With an integrated six-speaker audio system that incorporates a CD and MP3 player, as well as connectivity for devices such as an iPod®, you can take your tunes with you. Similarly, a fully automated air conditioning system* ensures a comfortable climate for everyone on board.

*Available on Premium and Elite models only.

Built-in quality delivers maximum safety

In designing and building the i45, accident prevention and occupant safety have been our main priority. With an abundance of active and passive safety technologies, the i45 proudly boasts a maximum 5-star ANCAP safety rating — the highest possible crash test safety rating.

Active safety considerations include Electronic Stability Control (ESC) which helps keep the vehicles on track during sudden braking or turning, while Hyundai's Traction Control System (TCS) monitors your grip, reducing wheel spin so that you can accelerate on slippery or uneven road surfaces.

Similarly, the Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) prevents your brakes from locking up and distributes braking force according to your vehicle's load.

Other available active safety technologies include Hill start Assist Control* (HAC) to minimise backward rolling on steep ascents, a reverse detection warning system to help guard against unseen objects behind the vehicle, and auto dusk sensing headlights. And they're just the start...

A rigid body shell

The use of ultra-high tensile-strength steel and the application of a thermal stamping method that increases material strength by 300%, has resulted in a tougher more rigid body shell.

Similarly, side impact beams, integrated front and rear crumple zones, strengthened window sills and safety engineered doors with internal guard beams significantly increase occupant protection.

Electronic Stability Control (ESC)

ESC comes into its own when braking or turning leads to an unexpected lack of control. ESC senses wheel speed, the manner in which the car is turning, the angle of the steering wheel and input from the pedals and applies braking to each wheel individually to restore stability and directional control.

An advanced 6-airbag system

The i45 features dual front airbags, front seat-mounted side-impact bags and front and rear side curtain airbags. Active front head restraints move instantly up and forward during a rear-end collision to help cushion the head to provide extra protection against whiplash injury.

A host of quality inclusions

The i45 incorporates an array of rich technologies and cutting-edge innovations to help make driving safer, easier and more enjoyable.

Leather/Leatherette*

Cloth/Leatherette

*Finishes specified as leather and/or leatherette may contain elements of genuine leather, polyurethane leather (leather substitute) or man-made materials, or a combination thereof.

Behind you all the way

The i45 is backed by Australia's First 5 Year Unlimited Kilometre Warranty. It's Hyundai's standard promise of excellence. In addition, i45 comes with 12 months Hyundai Premium Assist — a 24 hours, 365 days a year roadside assistance service that will never leave you stranded.*

*Conditions apply. For full details visit www.hyundai.com.au

HYUNDAI GENUINE ACCESSORIES

While the i45 offers a comprehensive range of quality inclusions, you can further enhance your driving pleasure and ownership pride by choosing from a wide range of Hyundai Genuine Accessories that reflect your personality and add extra ease and enjoyment to your

Importantly, Hyundai Genuine Accessories are an astute way to help keep your new i45 in original showroom condition and further enhance its already high levels of built-in occupant safety.

All Hyundai Genuine Accessories are backed by a 5 year warranty if purchased at the time of a new Hyundai vehicle and fitted by an authorised Hyundai dealer.
