THE ART OF PERFORMANCE

THE CONCEPT OF F-TYPE

The new Jaguar F-TYPE is the latest in a distinguished bloodline of powerful, agile and distinctive sports cars. Combining exhilarating performance, accomplished handling and cutting-edge technology, it delivers an exceptional driver-focused experience.

F-TYPE's latest enhancements ensure it remains as up-to-date as it is special. Jaguar's most advanced infotainment system, Touch Pro, is standard with a highly responsive 8" Touchscreen, improved navigation options and 10GB of personal media storage. Connect Pro* offers enhanced connectivity and a range of InControl Apps to make journeys quicker and easier.

New LED headlights help drivers distinguish objects more clearly with a quality of beam that is closer to daylight. Exterior styling updates ensure F-TYPE is as striking as when it won 'Design of the Year' at the 2013 World Car Awards. Inside, new slim seats save weight and give more space and comfort, while new finishers on interior details allow even more personalisation. And now, the new F-TYPE range features a 221kW 4-cylinder 2.0 Litre Turbocharged Ingenium Petrol engine, the most advanced and efficient engine ever found in an F-TYPE. While new driver assistance features including Lane Keep Assist and Driver Condition Monitor keep you even safer on every drive.

F-TYPE is a truly cutting-edge expression of the Art of Performance.
