THE ART OF PERFORMANCE

# THE CONCEPT OF XJ

XJ is Jaguar's pinnacle saloon car, the perfect combination of cutting-edge technology, sporting vehicle dynamics, and opulent luxury. In the cabin, there's space to stretch out, relax or work using our latest connected technology, Touch Pro. With Touch Pro's new 10.2" Touchscreen and the availability of 4G Wi-Fi Internet, XJ has everything you need to make your journey more productive, entertaining and relaxed.

Always working with you to help keep all occupants safe, is an enhanced suite of Advanced Driver Assist Systems including Lane Keep Assist and Adaptive Cruise Control with Queue Assist. While energy-efficient full-LED headlights, standard on every XJ, produce piercing beams of light with a quality close to daylight for safer driving. Now, the most powerful XJ ever joins the range - XJR575. Its assertive presence only hints at the power within: 423kW and 700Nm of torque can take this luxury saloon to a top speed of 300km/h. XJR575 is XJ at its most dynamic and intense.
