DESIGN

Some cars are built. Some are engineered. A Jaguar is created. A rare blend of art and performance, science and beauty. A new Jaguar is one of the most technologically advanced and luxurious cars ever made.

Even standing still, the new XK looks fast. Coupe or Convertible, ultra-efficient new 5.0 Litre V8 or thrilling new 375kW supercharged, its sweeping, athletic lines and muscular rear haunches exude immense visual energy. Fast has never looked this seductive. Visual energy is created by an aluminium skin stretched taut over the light, yet strong and immensely rigid body structure that gives the new XK its remarkable agility.

It's the energy that comes from the XK's purity of design, with sculpted surfaces created to cut the air with aerodynamic efficiency, delivering the visual promise of breathtaking performance and driving excitement. It's the purity that comes from the XK's exquisite, precision detailing. Complex mesh surfacing for the front grille openings. Bold, technically-advanced headlamps. Elegant and distinctive side power vents.

The sculpted nose now features a dramatic new front bumper design with chrome detailed air intakes, heightening the look of power and performance. This is the beauty of a car that so effortlessly fulfils the dual roles of sophisticated, luxurious Grand Tourer and exhilarating, dynamic sports car. This is the new XK. This is the new Jaguar.

PERFORMANCE

Beneath its aluminium skin, the new XK's racing heart beats faster, stronger, courtesy of two all-new advanced and highly efficient 5.0 Litre AJ V8 GEN III engines.

It's a combination of aerospace-derived lightness, greater power and engineering excellence that delivers even more exhilarating performance with exceptional efficiency. Whilst the technology is complex, the reason we pioneered aerospace all-aluminium construction is simple: less weight, coupled with high strength and rigidity, is the key to making a truly great sports car. In fact the XK's all-aluminium monocoque bodyshell is fundamental to the way it performs.

And now, with the introduction of two all-new 5.0 Litre direct injection V8 engines offering substantial increases in power and torque, performance is shifted from merely exceptional to truly extraordinary. Jaguar's new naturally aspirated 5.0 Litre V8 powers the XK models. It produces 283kW and delivers acceleration from 0-100kph in just 5.5 seconds.

The high performance XKR is powered by the new supercharged 5.0 Litre V8. This remarkable engine delivers a muscular 375kW and can take XKR from 0-100kph in a breathtaking 4.8 seconds.

The responsiveness of our new engines is matched only by the smoother, more refined, more eager performance of an all-new, class-leading ZF 6HP28 automatic transmission. This lightning-fast six-speed represents the very latest in transmission technology, incorporating innovative features such as a fully adaptive shift system, to smooth out and refine the shift quality, and enhance the driving experience. For maximum driver involvement and total control, gears can be selected manually using paddle shifters mounted behind the steering wheel.

It's a driving experience designed to be exceptional.

CRAFTSMANSHIP

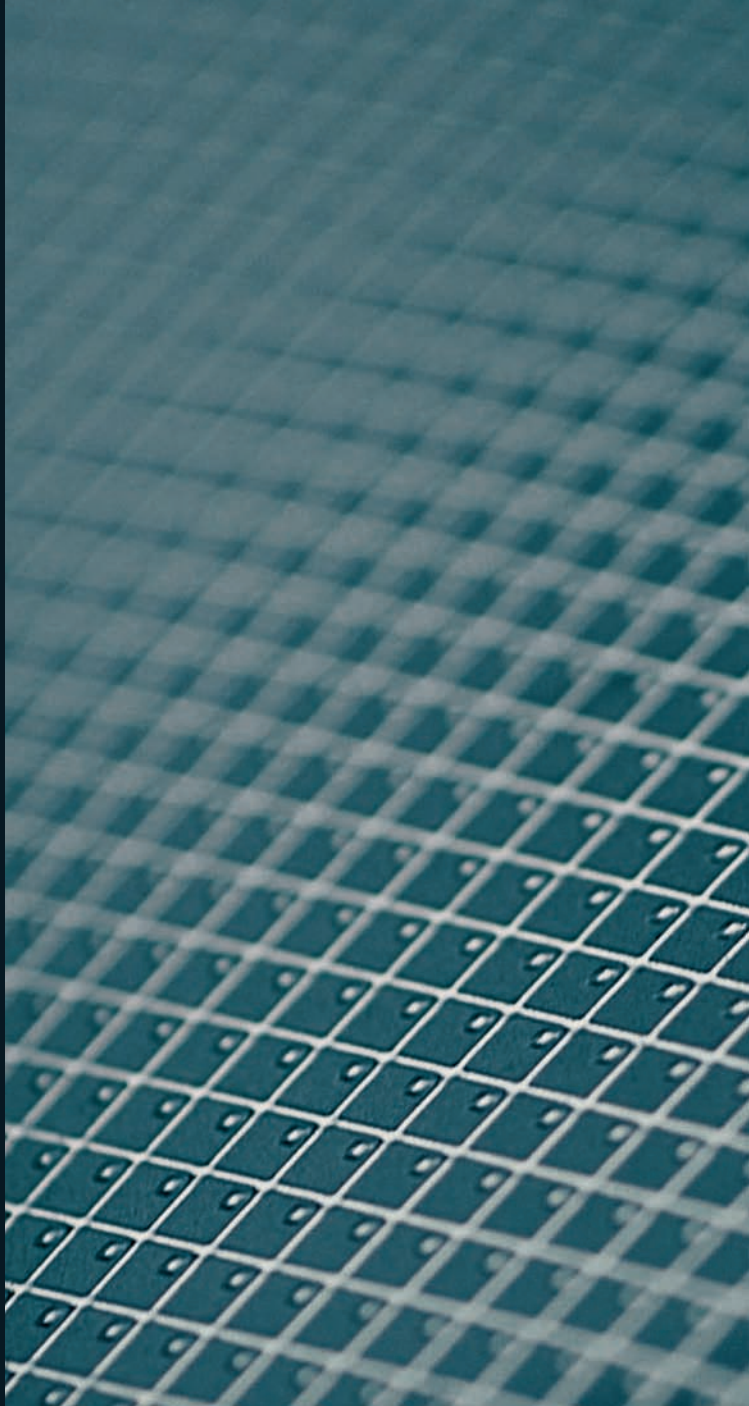

With an interior rich in craftsmanship, style and technical innovation, the new XK takes the sports car experience to a thrilling new level.

Craftsmanship takes a modern turn in the XK. You see it in the elegant centre console featuring the precision-made JaguarDrive Selector™ with its rotary shifter. Press the pulsing 'start' button on the new console, and this cylindrical cast alloy shift control rises up into the palm of your hand. To select a gear, simply twist.

It replaces the traditional gear lever with a sleek, space-efficient, ergonomic design that's compact, elegant. And beautifully crafted. Another bold example of advanced Jaguar design. Craftsmanship in the new XK also comes in the form of gorgeous wood and technical finishes. Like the modern, straight-grained Rich Oak, or Aluminium Knurled pattern. Or the stunning Dark Oak veneer and Dark Mesh Aluminium for the XKR.

And craftsmanship with bespoke luxury reaches a new pinnacle with the XK. It features the richest, twin-stitched Softgrain leather for the seats, upper facia and doors, along with warm Suedecloth headlining, premium carpet mats and a new Figured Ebony veneer. In convertible models, there's flawless craftsmanship in the sophisticated fabric roof. Triple-lined to deliver hushed, top-up cruising, it can be powered up or down in less than 18 seconds. And when lowered, it retracts completely into the bodywork beneath a rigid tonneau cover, so as not to compromise the XK's seductive lines.

We describe this combination of exquisite craftsmanship, luxurious finishes and technical excellence one way: Jaguar Sporting Luxury.

TECHNOLOGY

Intuitive design is about using advanced technologies to empower the driver, not to over-power. It's about creating a driving experience that excites and exhilarates.

We believe the driver should be left to enjoy the drive and not worry about mastering complex technologies or illogical controls. It's why the new XK features a crystal-clear 7-inch Touch-screen that sets the benchmark for simple, intuitive operation. Its menu-based system lets you control many of the car's key interior functions – climate control, entertainment, satellite navigation, Bluetooth® telephone connectivity, even the settings on your iPod. To make a selection, simply touch the screen.

It's why the XK's new 6-speed automatic transmission is designed to provide continuous adaptation of its shift changes to suit your driving style; more responsive when you're pressing on, more relaxed when you're not. And a touch of a button is all that's needed to engage JaguarDrive Control™ and bring out the true sports car character of the XK.

In Dynamic Mode, the system will hold the lower gears longer, kick down more readily, firm-up the suspension, and send your pulse racing. JaguarDrive Control™ even offers a winter mode to give you more confidence tackling icy conditions. And to heighten the thrill of driving the new XK even further, the remarkable Adaptive Dynamics system monitors body movement 100 times a second, adjusting damping to deliver legendary Jaguar ride comfort coupled with pure sports car handling.

As you'd expect, the supercharged XKR takes cornering ability to an even higher level. Its new, fully-automatic, electronic Active Differential Control provides enhanced traction to sharpen the car's agility through the curves. Illuminating the XK's path through those curves is Active Front Lighting which points the car's Bi-Xenon headlamps in the direction you're turning.

This is Jaguar Technology making the new XK easy to enjoy, truly exhilarating to drive.

iPod is a trademark of Apple Computer Inc. registered in the US and other countries.

⁽¹⁾ Requires Burr Walnut veneer and Warm Charcoal non-contrast stitch

XK interior theme

XK Softgrain Luxury Sport seats with contrast stitch (16/16 way). Driver's and passenger's electric adjustment, variable manual headrest, variable heated and cooled, includes 4 way power lumbar, driver and passenger memory, front cushion length adjust, variable bolster and perforated (front and rear). Softgrain contrast stitch leather on steering wheel, doors, rear side panels, instrument pack and centre console with twin stitch detail. (No contrast stitching to Ivory seats). Nubuck edged premium carpet mat set with Jaguar script and logo, and Jaguar Suedecloth premium headlining. Six trim choices including Slate with Ivory contrast stitch.

R interior theme

XKR Softgrain Luxury Sport seats with contrast stitch and R branding (16/16 way). Driver's and passenger's electric adjustment, variable manual headrest, variable heated and cooled, includes 4 way power lumbar, driver and passenger memory, front cushion length adjust, variable bolster and perforated (front and rear). Softgrain contrast stitch leather on steering wheel, doors, rear side panels, instrument pack and centre console with twin stitch detail. (No contrast stitching to Ivory seats). Nubuck edged premium carpet mat set with Jaguar script and logo, and Jaguar Suedecloth premium headlining. R logo on head restraints, steering wheel and tachometer also with red pointers. R graphic in Touch-screen.

Jaguar Smart Key System™

With the Jaguar Smart Key in your pocket or bag, the car automatically unlocks as you pull the door handle. Simply push the ignition button to start the engine. Upon leaving, simply press a button on the door handle to lock the car or use the Jaguar Smart Key.

JaguarDrive Control™

Interacts with the DSC (Dynamic Stability Control) engine and transmission management systems to change the characteristics of engine mapping, transmission shifts and brake interventions. It offers different modes selectable by a button and is designed to optimise the vehicle response depending on driving conditions and style.

Winter Mode

Softens the responsiveness of the engine and modifies the gear change strategy to improve traction in icy or slippery conditions. The vehicle performs in a more gentle and controlled manner, allowing more confident progress. When active, Winter mode selects 2nd gear for pulling away on level ground (no incline).

Dynamic Mode

Designed to optimise vehicle systems to deliver a more involving driving experience. When Dynamic mode is selected, Trac DSC is automatically engaged, and engine torque delivery characteristics and gear shift points are modified to further improve responsiveness. When selected while the transmission is in full manual mode, transmission up-shifts are fully controlled by the driver, with no automatic up-shift when the rev limit is reached.

Roll-Over Protection System

Two automatically deployable hoops which are designed to activate in a roll-over event (convertible only).

Navigation system⁽¹⁾ ⁽²⁾

7-inch Touch-screen display with DVD mapping and destination entry on the move.

7-inch full colour Touch-screen display

Display with controls for audio, climate control, Bluetooth® telephone connectivity and navigation. Includes clock.

GLOSSARY

Bowers & Wilkins 525W premium sound system

Based on the Jaguar 525W premium sound system with 120 Watt per channel (525 Watt total power output) low-distortion Dolby® Pro Logic® II surround sound, 3 channel stereo, dedicated Bowers & Wilkins speaker system, high output, low distortion Kevlar® mid-range speakers, specially designed aluminium dome tweeters and unique amplifier.

Windows Media® Audio (WMA) and MP3 compatibility

Enables the CD player to play CDs which contain WMA and MP3 files.

Bluetooth® telephone connectivity⁽³⁾

A Bluetooth® equipped Jaguar, enables hands-free use of your mobile phone at any time when the phone is in the car. Bluetooth® is compatible with a selected range of mobile phones from a number of different manufacturers - ask your dealer or visit jaguar.com.au for more details.

Portable Audio Interface⁽⁴⁾

Allows the connection of an iPod, MP3 player or a USB Mass Storage Device to the in-car sound system and control via the 7-inch Touch-screen.

Jaguar Sequential Shift™

Provides the choice of Drive, Sport Automatic or Manual gearshift modes, with one touch paddles mounted behind the steering wheel to control gear changes manually.

Adaptive Dynamics

Designed to provide the optimum balance between low speed ride comfort and high speed handling precision, analysing body movement, steering and road wheel inputs up to 500 times a second and continuously adjusting the suspension settings through electronically controlled dampers.

Active Differential Control

An electronically controlled, active differential with handling functionality that limits the slip between the rear wheels to improve traction and stability in different driving conditions, working in harmony with the Traction, ABS and DSC systems.

DSC Dynamic Stability Control (with Trac DSC mode)

Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

Active Front Lighting with dynamic pivoting headlamps

Sensors react to the car's speed and steering input, and the system can deflect the headlight beams by up to 15 degrees casting light deeper into corners, and giving added confidence at night.

Automatic climate control

With humidity control, air filtration and dual temperature control for driver and front passenger and automatic air recirculation with 5 settings.

Valet mode

When Valet mode is enabled, the vehicle can be parked by a parking attendant who can lock the vehicle, but cannot open the luggage or glove compartments. Valet mode can be enabled and disabled through a secure function in the Touch-screen.

THE XK OWNERSHIP EXPERIENCE.

Service, assurance, and peace of mind are all part of the pride of owning your XK.

THE JAGUAR ACCESSORY RANGE

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XK to suit your personal style.

BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or approved service centre can ensure that Jaguar trained, specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your Jaguar dealer or approved service centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your XK model.

JAGUAR ROADSIDE ASSISTANCE†

All Jaguar vehicles purchased in Australia benefit from complimentary Jaguar Roadside Assistance service for the length of the new car warranty. This covers you Australia-wide 24 hours per day, every day.

WARRANTY†

3 year/100,000km* mechanical warranty together with a 3 year unlimited kilometre Paint Surface Warranty and 6 year unlimited kilometre Corrosion (Perforation) Warranty.

JAGUAR MAGAZINE†

Bringing to life Jaguar's racing heart, Jaguar Magazine is our owner publication. It combines features on our legendary performance, the inside track on our products and company, along with news and events from the world of Jaguar.

JAGUAR.COM.AU

Dedicated to you and your XK, the interactive jaguar.com.au website features helpful tools such as the dealer locator, model specifications – allowing you to see the car tailored to your specification and colour – and price lists; the latest information on all the Jaguar models and a fascinating look into the passion and legacy that infuse the Jaguar name.

IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications. Jaguar Australia reserves the right to alter these specifications at any time. This brochure does not constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited and have absolutely no authority to bind Jaguar Cars Limited by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras.

Comparisons are based on manufacturer's own data and testing.

ENVIRONMENTAL NOTICE

Jaguar Cars Limited has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life, with corporate citizenship at the very heart of our company. Environmental responsibility is a core value in Jaguar, and it is our policy to continually improve our environmental standards in all areas of business activity.

This brochure is produced using paper stock, which contains 50% recycled post consumer waste and controlled wood material from well managed forests. Pulps used are Elemental Chlorine Free.

ENVIRONMENTAL CHOICE

The innovative use of aluminium construction is one tangible example of the commitment by Jaguar Cars Limited continually to pursue technologies that support efficiency and sustainability.
