# The Mercedes-Benz Vito.

Born to perform.

The Mercedes-Benz Vito was built to help drive your business to reach its maximum potential. With an outstanding blend of comfort, economy, safety and dynamic profile the Vito has lifted van standards yet again.

The three different models of the Vito – Van, Crew Cab and Wagon – are available with a range of high-performance, hard working Mercedes-Benz engines. There's a choice of four CDI diesel engines with outputs from 70kW to 165kW (95-224hp).\*

Every Vito features a comfortable, ergonomically designed driving position. The stylish and hardwearing cabin features a number of clever refinements such as the loading facility under the front seats, which increases the maximum load length by approximately 200mm.

Born to perform, the Vito has built a reputation for excellence. Get behind the wheel and experience the difference: a vehicle that works as hard as a van, and drives with the comfort only a Mercedes-Benz can offer.

\*Not all engines are available with all body types.

# Tough on the outside, stylish on the inside.

Vito has it covered.

The spacious, bright and welcoming look of the driver's area strikes you the moment you open the door. The driver and front passenger have four-way adjustable seats as standard and ergonomically designed height adjustable head restraints and seat belts. If further seating is required, a front bench seat is also available as an option.

Numerous stowage facilities provide handy accommodation for drinks, logbooks, pens and paper work – all within easy reach.

Its interior sets high standards in practicality and ergonomics, which make good business sense because a happy driver is a better driver.

Audio 20 with Bluetooth® hands-free system.

Cruise control with SPEEDTRONIC.

Air conditioning (TEMPMATIC).

# Safety comes standard.

Expect nothing less.

Safety isn't a luxury, it's a necessity. That's been the Mercedes-Benz way right from the beginning. All our commercial vehicles must meet high standards to ensure driver and passenger safety. When it comes to safety, we think more is better.

## Safety

Our entry level Vito has been given an ANCAP Safety Rating of 4 stars, while a Vito fitted with optional head protecting window airbags has achieved the highest ANCAP Rating available in Australia; 5 stars. This 5 star rating is a first for the Australian Van Market, making the Vito the only van in Australia to have achieved this outstanding result.

## Technology

Standard equipment includes ADAPTIVE ESP®, which combines anti-lock braking (ABS) in combination with acceleration skid control (ASR); Electronic brake force distribution (EBD) and a brake assist system (BAS). Together, these systems help improve directional stability and traction in critical situations.

The safety systems described in this brochure have been developed to enhance active safety and to help van drivers devote their full attention to the situation on the road. Despite their capabilities, these innovative assistance systems cannot defy the laws of physics and do not absolve the driver of the duty to drive safely.

# Torque about performance.

Plenty to talk about.

A Mercedes-Benz Vito is born from the philosophy that driving enjoyment shouldn't be limited to our passenger cars.

Technological refinement and clever engineering make the Vito both reliable and a pleasure to drive.

The four CDI engines available are dynamic and powerful. These units owe their high output and impressive torque to the Common Rail, direct-injection (CDI) diesel technology along with the four valves per cylinder, a 1800 bar injection system and an exhaust turbocharger with a variable nozzle turbine.

Great fuel economy figures complement the power and performance created by these innovative engines. All Vito EURO 5 engines feature an advanced electronic engine management system which communicates with the control units of the transmission and the dynamic handling systems such as ADAPTIVE ESP®.

## Rear-wheel drive.

A key feature of the Vito is its rear-wheel drive layout. This arrangement offers huge advantages for a van's dynamic handling properties, turning circle, climbing and traction, manoeuvrability and safety. It's a proven concept. Rear-wheel drive helps to ensure that good handling characteristics are maintained even when the vehicle is fully laden. This becomes an important safety factor when dealing with permissible gross vehicle weight as high as 3.05t.

Power is nothing without control. In addition to the drive concept, ADAPTIVE ESP® and the independent suspension also play a key role in the Vito's safe handling characteristics.

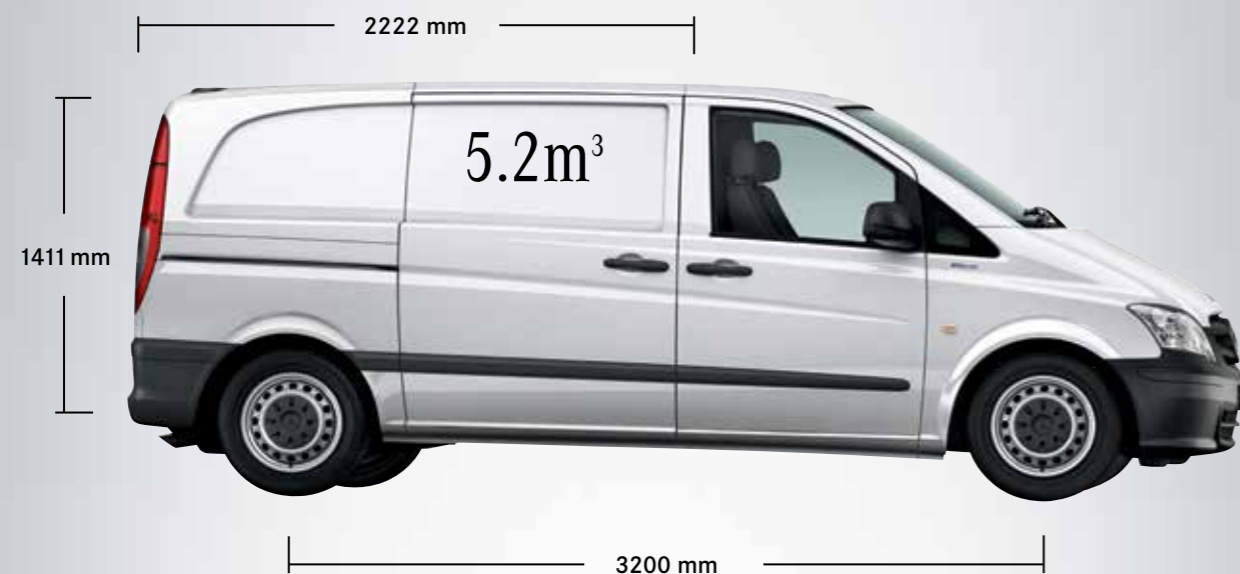

# Born to perform.

Whatever your business.

The Vito Van works hard to deliver for your business. Functional and comfortable, the Vito Van's versatility is an asset to your team. Whether you need your crew or cargo on the road, the Vito Van gets the job done. Its large load capacity offers you all the space you need. And the combination of practicality and exceptional design means your passengers will travel in ultimate comfort.

▼ SWB

# Vito Van.

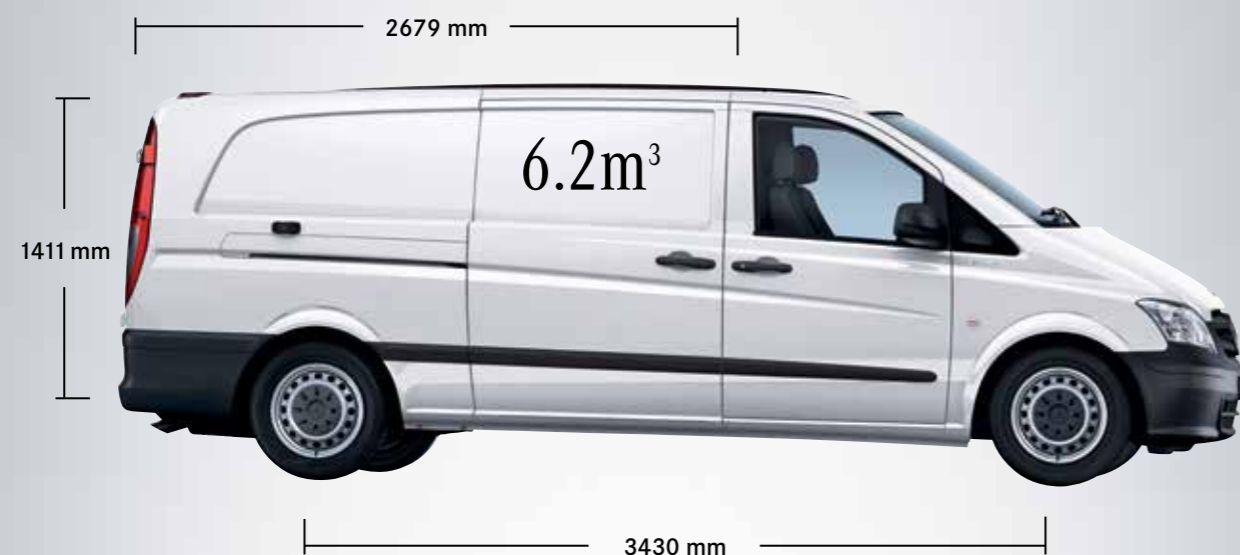

Fits your business.

Whatever your needs, the Vito Van can handle the job with ease. Both body lengths – short wheel base (SWB) and long wheel base (LWB) – offer generous load capacity. The doors open wide for easy access and the low ride height makes loading from the rear and dual side sliding doors a straightforward task.

The load width between the wheel arches is designed for pallet access while the lashing eyelets integrated into the compartment floor allow your loads to be safely secured. With load volumes ranging from 5.2m<sup>3</sup> to 6.2m<sup>3</sup> and payloads up to 1160kg – the Vito is fit for any job.

122 CDI	n/a	•

▼ LWB

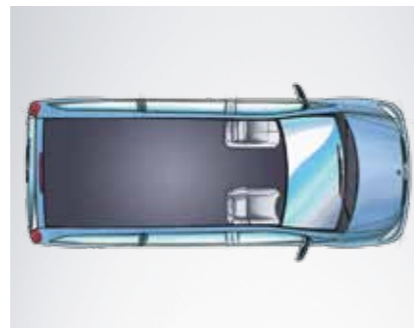

# Vito Crew Cab.

Carry more than cargo.

Sometimes the job requires you to carry more than cargo. With the optional ability to carry up to six occupants as well as a sizeable load of cargo, the Vito Crew Cab is the business. And because the Vito Crew Cab is designed with passengers in mind, it offers them interior appointments and ride comfort along with the levels of safety that only a Mercedes-Benz can deliver.

Second row of seats can be removed to create more cargo room.

Ample cargo space with seats removed.

Easy pallet access from the back of the vehicle.

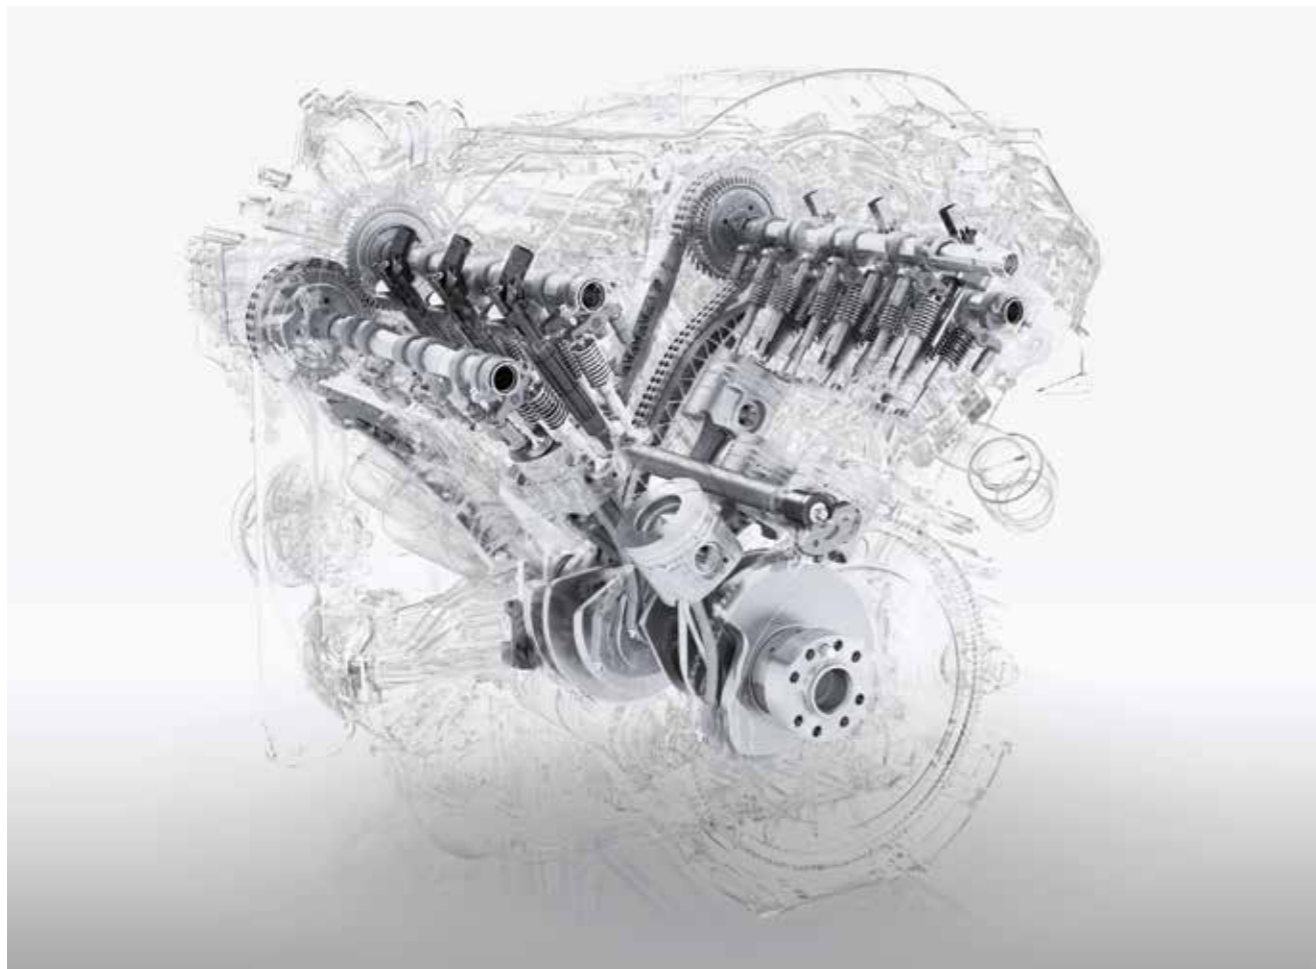

# Vito 122 CDI.

The most powerful diesel van in Australia.

With its 3.0L V6 multi-stage turbo diesel engine cranking out 165 kilowatts and 440Nm, the Vito 122 CDI is the most powerful diesel van in Australia. The Vito 122 CDI is the first turbocharged V6 diesel van in the one tonne market.

It comes standard with a 5 speed automatic gearbox, 17" five spoke alloy wheels fitted with 225/55 tyres, colour coded bumpers, a leather wrapped steering wheel and gear stick. The Vito 122 CDI is a strong performer that makes a powerful statement on the road.

# Vito Wagon.

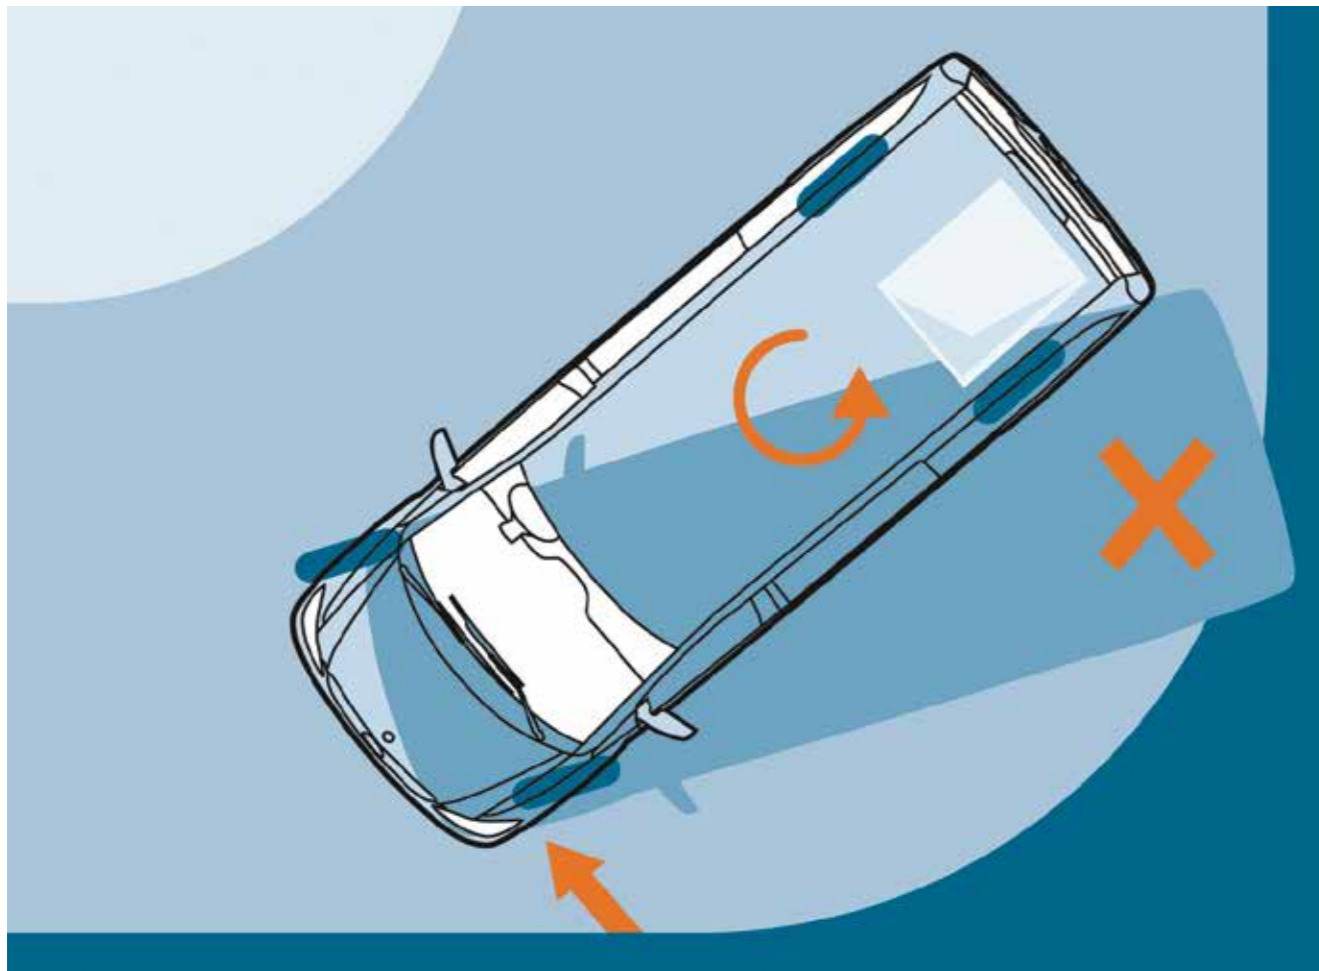

Now you can upgrade everyone to business class.

Moving people safely and in style is where the Mercedes-Benz Vito Wagon excels - with the flexibility to transport up to nine passengers\* in superior comfort.

Inside, the cabin boasts a range of creature comforts, such as:

- Storage compartments
- Front and rear air conditioning
- Front power windows
- Vanity mirrors
- Flexible seating

\*Nine seats optionally available at extra cost with three front seats.

# Vito Wagon.

When it comes to safety, it's no option.

Mercedes-Benz Vito Wagon has an ANCAP 5 star safety rating, giving you the peace of mind that you are driving in Australia's safest van. Additional safety features that come standard in the Vito Wagon include:

- 3 point seat belts, with pre-tensioners for the driver and front passenger\*
- Driver, passenger and window airbags
- Four wheel disc brakes
- Height and reach adjustable steering wheel
- Height adjustable head restraints
- Seat belt warning signal
- Rear centre stop light
- Front and rear brake pad wear indicators
- Child safety locks

For more information on van safety, or to compare safety ratings, please visit [www.howsafeisyourvan.com.au](http://www.howsafeisyourvan.com.au)

\*Seat belt pre-tensioner not available for front centre passenger in conjunction with nine seat option.

# Van and Crew Cab standard features.

The tools you need to help run your business.

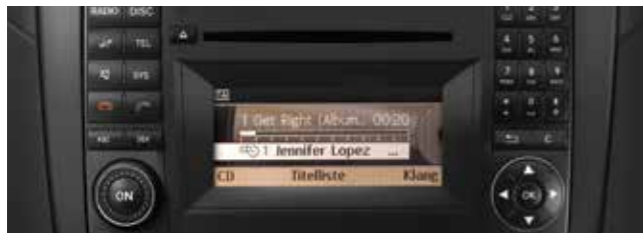

## Cruise control with SPEEDTRONIC

Cruise control allows the driver to set a desired cruising speed. SPEEDTRONIC helps to assist the driver in adhering to speed limits by setting a maximum speed.

## Multifunction steering wheel

The multifunction steering wheel can control the audio system without having to take your hands off the steering wheel.

## Audio 20 sound system

Featuring a 12.7cm TFT colour display and single CD player, the Audio 20 sound system is also MP3 and WMA compatible. Includes Bluetooth® interface with hands-free function and telephone keypad.

## ADAPTIVE ESP®

The ADAPTIVE ESP® (Electronic Stability Program) helps ensure your vehicle remains steady and on course, even when the road surface changes.

## Highline instrument cluster

Chrome finish gauges.

## Driver and front passenger airbags

When triggered, the airbags deploy within fractions of a second and in conjunction with the seat belt pre-tensioners. The airbags help to provide a high level of protection giving this vehicle a 5 star ANCAP safety rating, if optioned with window airbags.

# Van and Crew Cab optional features.

Personalise your Vito Van and Crew Cab to suit your needs. Some of the many options available are shown below.

## PARKTRONIC\*

A highly advanced system that helps make parking even easier. Visual and audio warnings are provided upon detection of obstacles at the front and rear of the vehicle.

## Barn doors

Barn doors for ease of loading.

## Luxury driver & passenger bench seat

Increased comfort and capacity to carry an additional passenger.

## Metallic paint

Available in a variety of colours, metallic paint will ensure you are moving your passengers in style.

## Thorax airbag\*

In conjunction with a fastened seat belt, the thorax airbag helps to aid the reduction of torso injuries to the driver and co-driver in the event of a serious accident involving a side impact.

## Light and rain sensor

Detects changes in ambient luminosity and adjusts the headlights accordingly. Rain sensors automatically activate the windscreen wipers while your hands remain on the steering wheel.

## Alloy wheels

17" light alloy wheels (standard on the 122 model).

## Bi-Xenon headlights

Bi-Xenon headlights with LED daytime driving lights (includes headlight cleaning system and is standard on the 122 model).

All options available at extra cost.  
\*Not in conjunction with comfort passenger bench seat.

# Vito Wagon standard features.

The tools you need to help run your business.

## 5 speed fully automatic transmission

5 speed automatic offers smoothness and well-spaced ratios.

## Cruise control with SPEEDTRONIC

Cruise control allows the driver to set a desired cruising speed. SPEEDTRONIC helps to assist the driver in adhering to speed limits by setting a maximum speed.

## Dual air conditioning with rear controls

Enables a more agreeable climate throughout the vehicle with evenly distributed air throughout the rear section. Dehumidification helps to prevent fogging in cold, damp weather.

## Multifunction steering wheel

The multifunction steering wheel can control the audio system without having to take your hands off the steering wheel.

## Driver, front passenger and window airbags

When triggered, the airbags deploy within fractions of a second and in conjunction with the seat belt pre-tensioners, helps to provide a high level of protection giving this vehicle a 5 star ANCAP safety rating.

## Audio 20 sound system

Featuring a 12.7cm TFT colour display and single CD player, the Audio 20 sound system is also MP3 and WMA compatible. Includes Bluetooth® interface with hands-free function and telephone keypad.

## ADAPTIVE ESP®

The ADAPTIVE ESP® (Electronic Stability Program) helps ensure your vehicle remains steady and on course, even when the road surface changes.

# Vito Wagon optional features.

Personalise your Vito Wagon to suit your needs. Some of the many options available are shown below.

## Thorax airbag\*

In conjunction with a fastened seat belt, the thorax airbag helps to aid the reduction of torso injuries to the driver and co-driver in the event of a serious accident involving a side impact.

## Metallic paint

Available in a variety of colours, metallic paint will ensure you are moving your passengers in style.

## PARKTRONIC\*

A highly advanced system that helps make parking even easier. Visual and audio warnings are provided upon detection of obstacles at the front and rear of the vehicle.

## Light and rain sensor

Detects changes in ambient luminosity and adjusts the headlights accordingly. Rain sensors automatically activate the windscreen wipers while your hands remain on the steering wheel.

## Luxury driver & passenger bench seat

Enables the Wagon to seat up to nine passengers.

## Dual electric sliding doors

Automatic, quiet opening/closing of the sliding passenger compartment doors without jolting or jarring. Allows opening from a short distance, e.g. for rapid access in wet weather or when carrying packages by simply pressing a button on the key.

## Alloy wheels

17" 5-spoke light alloy wheels.

All options available at extra cost.  
\*Not in conjunction with comfort passenger bench seat.

# Genuine accessories.

**Standard basic carrier bars** B6 656 1044  
Bolted onto the roof channel. Maximum roof load of up to 100kg. Robust, square profile. Adding a third crossbar increases maximum roof load to 150kg for vehicles with a standard roof.

**Loading roller for standard basic carrier bars.** B6 6560638

**Loading roller for cargo rack**  
Designed to make loading the cargo rack - particularly with ladders, rods or other long items - easier and safer. Available on request.

**COMAND APS** A 169 900 2500  
Our innovative multimedia system combines contemporary in-vehicle hi-fi technology with an intelligent hard-drive based navigation system. The 17.7cm colour screen with high resolution map depiction and dynamic route guidance takes into account congestion information provided via TMC to ensure optimum driver performance. Up to 4GB memory offers space for your favourite music in MP3 format, and of course COMAND APS also plays audio or video DVDs. COMAND APS can be operated via the multifunction steering wheel. Available with DVD changer as an option.

**Navigation DVD for COMAND APS** A219 827 2456

**Cargo rack** e.g. compact: B6 656 0875\*  
Carrier bars and luggage rack in one: the cargo rack is a robust solution for transporting bulky items. Maximum roof load of up to 150kg. Available for all roof lengths. Suitable for standard roof.

**Towbars** e.g. basic B6 431 6490\*  
Our range of towbars allows you to choose between various system versions and components to suit your individual requirements.

**Storage box for centre console** A639 810 0404  
Fitted between the front seats, this box offers space for all sorts of items, including 1.5-litre bottles. Nets attached to the outside provide extra space for documents or newspapers. Comes with removable nylon bag.

\*Metallic and non-metallic colour paint finishes available as options at extra cost.

# Finance solutions.

Mercedes-Benz Financial Services.

**Our finance products include:**

- Agility (Guaranteed Future Value)
- Operating lease
- Asset-hire purchase
- Asset loan
- Finance lease
- Consumer Loan

## Agility Finance Programme.

Guarantee the future value of your vehicle.

**The benefits of Agility:**

- Enjoy peace of mind with the future value of your vehicle guaranteed by Mercedes-Benz<sup>+</sup>
- Stay in control with the flexibility to trade, retain or return at the end of the agreement<sup>^</sup>
- Benefit from the ability to increase your deposit or trade-in to reduce monthly repayments
- Available to both business and private customers<sup>^</sup>

For further information regarding finance solutions from Mercedes-Benz Financial please contact your authorised Mercedes-Benz Vans dealership or call 1300 730 200.

Mercedes-Benz Financial

# Insurance solutions.

Insurance solutions by Mercedes-Benz Financial Services.\*

**Mercedes-Benz Van Insurance features:**

- Customer choice of repairer
- Two year new vehicle replacement in the event of a total loss
- Original Mercedes-Benz genuine replacement parts
- Sign writing costs included
- Optional cover for hire car costs following an accident

**Finance GAP Insurance.**

In cases of 'total loss', Mercedes-Benz Finance GAP Insurance can help to cover the financial gap between the insured value of your vehicle and the total amount owed to your financier.

For further information regarding insurance solutions from Mercedes-Benz Financial please contact your authorised Mercedes-Benz Vans dealership or call 1300 730 200.

\*Guaranteed Future Value is subject to vehicle maintenance in accordance with the manufacturer's specification, Fair Wear and Tear conditions and Excess Kilometre charges calculated at \$0.15/km in excess of the agreed annual allowance. <sup>+</sup>Finance is restricted to approved customers of Mercedes-Benz Financial Services Australia Pty Ltd ABN 73 074 134 517, Australian credit licence 247271 and is subject to standard credit assessment and lending criteria. Please contact an authorised Mercedes-Benz dealer for further details (including vehicle eligibility). <sup>^</sup>Before purchasing any insurance products please refer to the Product Disclosure Statement and Policy Wording booklet for full terms and conditions. Mercedes-Benz Van Insurance provided on behalf of Allianz Australia Insurance Limited ABN 15 000 122 850, AFSL 234708 (Allianz). In arranging this insurance Global Transport & Automotive Insurance Solutions Pty Ltd ABN 93 069 048 255 AFSL 240714 (Global Transport) act as agents of Allianz, whereby Mercedes-Benz Financial Services Australia Pty Ltd ABN 73 074 134 517 AFSL 247271 (MBFS) and its authorised dealers act as agents of Global Transport and not as your agent. Finance GAP Cover is underwritten and issued on behalf of QBE Insurance (Australia) Limited ABN 78 003 191 035 AFSL 239545 and administered by MBFSAu.

## Servicing and repairs.

We're with you all the way.

Choosing the best van for the job is an excellent start, but it's just the beginning. Making sure that your Mercedes-Benz Van, or fleet, is working at the optimum level is critical. A Mercedes-Benz authorised workshop is staffed and equipped for excellence and will assist to keep your Van or fleet operating as intended. Mercedes-Benz technicians complete training and retraining every year to ensure they are up-to date with technology. Genuine Parts are available at every Mercedes-Benz workshop. Every Genuine Part has been tested to exacting standards for maximum reliability supported by a two year, and unlimited kilometre warranty.

## You're covered.

On the road and off.

### **Warranty.**

Our comprehensive Mercedes-Benz Vans Warranty means peace of mind for three years or until the vehicle has travelled up to 200,000km for new Mercedes-Benz Vans purchased from authorised Mercedes-Benz dealers in Australia. You're covered for parts and labour charges incurred in rectifying a manufacturing defect relating to materials or workmanship.

### **Roadside Assist.**

In the unlikely event of needing assistance, all you have to do is call. Mercedes-Benz Van Road Care is designed to provide you with assistance in case of a breakdown anywhere in Australia - 24 hours a day, 365 days a year. Standard cover comes at no extra cost on a wide range of vehicles\* during the manufacturer warranty period and can be upgraded depending on your needs.

For further information visit [www.mercedes-benz.com.au/vans](http://www.mercedes-benz.com.au/vans)

\*Please note, some vehicles are excluded from the Road Care program, please see the Road Care brochure for full terms and conditions. Upgrades to the standard Road Care package are available at additional cost.

# Service programmes.

Putting you in control.

## Service Plans.

Our Service Plans are designed to protect your vehicle and your business from unexpected operating costs. Through our Service Plans, the Mercedes-Benz authorised dealer network carries out maintenance and repairs according to an agreed schedule and pre-determined costs.

## Benefits include:

- Scheduled Servicing – A planned service and mechanical repair schedule
- Operational Reliability – Reduce the risk of vehicle downtime through regular scheduled servicing and repairs
- Nationwide Service – Programme is supported by a comprehensive network
- Simplified Fleet Maintenance – Service and payment schedules making forecasting easy
- 24-Hour Emergency Contact – Vehicle support anytime, anywhere in Australia
- Available for up to five years – The programme can be amended to reflect changes in the operation of each vehicle
- Great Rates – Preferential rates on genuine parts and labour
- Flexibility – Choose from three levels of cover designed to suit your individual needs

# Van and Crew Cab.

Permissible rear axle load	1550
Gross vehicle mass (GVM)	3050
Kerb weight <sup>1</sup>	2030
Payload capacity	1020
Trailer load with brakes <sup>2</sup>	2000
Trailer load without brakes	750
Dimensions (mm)	
Wheelbase	3200
Length	5008
Width	1901
Height	1875
Rear overhang	1010
Floor loading height	524
Load compartment (LxWxH) <sup>3</sup>	725 x 1630 x 1338
Load volume (m <sup>3</sup> )	0.73
Sliding door opening (WxH)	985 x 1259
Tailgate opening (WxH)	1396 x 1220
Other Specifications	
Turning circle (m)	11.8
Rim (inches)	6.5Jx16
Tyre profile	205/65 R16
Battery	12V/95Ah
Alternator	14V/180A

\*Fuel consumption (litres/100km) - The above fuel consumption values are determined in accordance with ADR 81/02 under the Motor Vehicles Standard Act 1989.

Note: drawings are general arrangement drawings only and should not be relied upon. Contact your local dealer if you require more specific information. 1. Kerb weight - Includes 75kg Driver, spare wheel jack, tools, and all operating fluids and fuel tank 90% full. Weights are intended as a guide only. For accuracy the actual vehicle should always be weighed to determine the exact weight for the specification ordered. Weight tolerance of up to +5% in production, and additional weight of optional equipment must be taken into consideration. 2. 2000kg aggregate trailer mass with 200kg ball load.3. Load compartment (LxWxH) - Additional load length available under front seats. Note: Drawings are general arrangement drawings only and should not be relied upon. Contact your local authorised dealer if you require more specific information.

# Wagon.

## Standard equipment

	113
<b>Exterior Features</b>
