# The CLA Coupé

#### ENERGIZING packages.

In better form at the end of your journey than when you set off? That's what happens with the ingenious ENERGIZING packages. Depending on the precise specification, a range of comfort systems are linked to create individual programmes.

Available as optional equipment as part of the AMG Exclusive Package or Exclusive Package.

#### The AMG Line.

With the AMG Line as standard equipment you are making a clear statement in favour of performance, both inside and out. The AMG bodystyling above all, with its special front and rear aprons, takes visual cues from the AMG models. The technical features too, including a lowered, sportily tuned suspension and the Direct-Steer system, serve to intensify the driving experience.

#### Head-up Display.

The driver's undivided attention remains on the road and the current traffic conditions, because the head-up display projects key information in front of the windscreen. This is less tiring on the eyes, as they are not constantly having to switch between near and far.

Available as optional equipment as part of the Communications Package.

### Smartphone Integration package.

Smartphone Integration connects the mobile phone with the media system via Apple® CarPlay® and Android Auto®, thereby giving convenient access to the most important applications on the smartphone. Apps from third-party service providers such as Spotify® are likewise quick and easy to use.

#### YOUR GATEWAY TO THE DIGITAL WORLD OF MERCEDES-BENZ

Wireless charging system for mobile devices: driving time becomes charging time. With just a simple hand movement your smartphone can be fixed in place in the centre console where it is charged wirelessly. Wireless charging feature only compatible with devices that support the Qi standard. Check the compatability of your device and vehicle in Australia at www.mercedes-benz-mobile.com/au/en for your device manufacturer.

### Ambient lighting.

Showcases the interior according to your personal preferences or current mood.

With 64 colours, the ambient lighting system allows the creation of some stunning colour schemes, for example in the illuminated air vents, doors or the instrument panel.

### Burmester® surround sound system.

The high-performance speakers develop first-class surround sound. This can be specifically optimised for the front and rear seats for an intensified audio experience. A level of quality that is also visible, thanks to the high-quality Burmester lettering.

Available as optional equipment as part of the Communications Package.

#### MULTIBEAM LED.

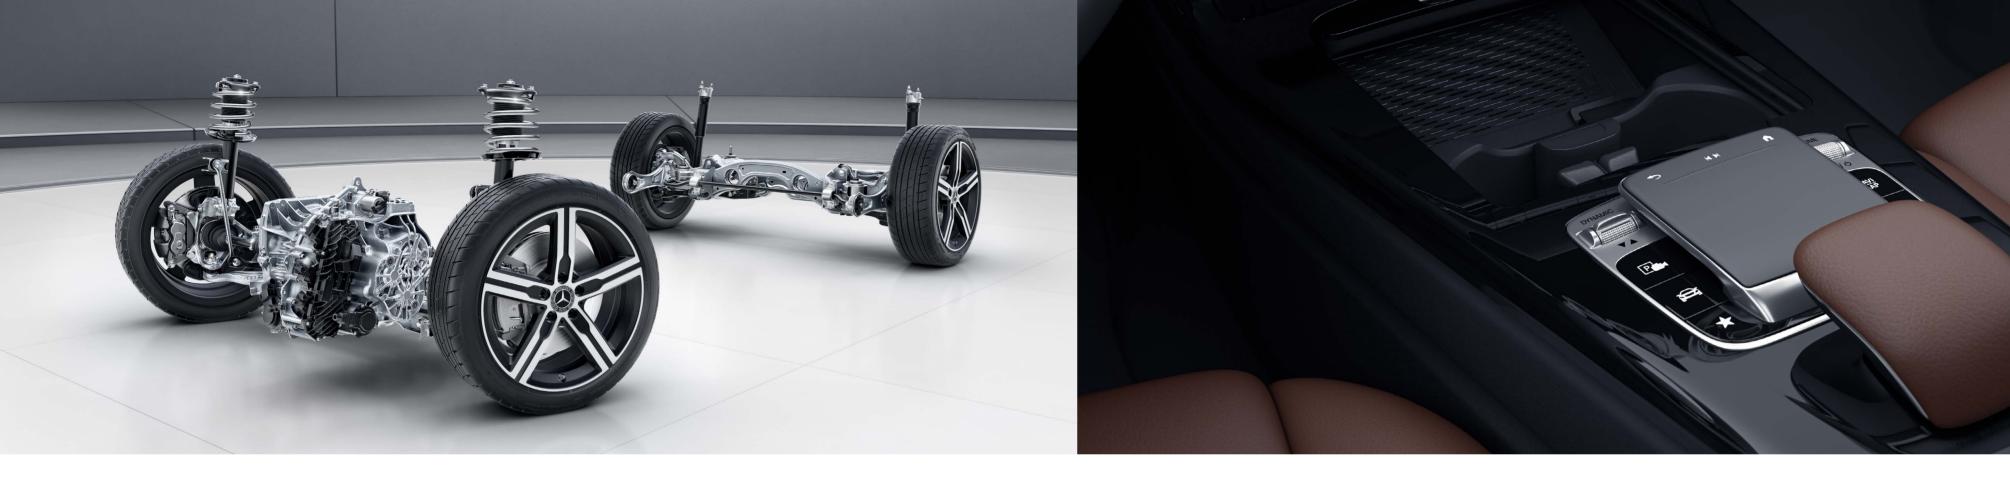

For perfect visibility: the adaptive MULTIBEAM LED headlamps react with individually controllable LEDs to the traffic situation. Partial main beam masks out other road users without dazzling them. The cornering and active light functions also illuminate the field of vision optimally, allowing faster identification of hazards.

Available as optional equipment as part of the Vision Package.

### Wheels of up to 19 inches in size.

Ready to conquer the roads: the new optionally available 48.26 cm (19-inch) wheels do not only look incredibly good, they also provide for a more full-on, sporty feeling at the wheel.

Available as optional equipment.

# Suspension with Adaptive Damping System.

If you so wish, the damping will adapt fully to your driving style and to the road via the suspension settings and can actively support the CLA's driving dynamics.

The weight- and noise-optimised components are designed to combine agile handling characteristics, driving safety and comfort as ideally as possible.

Available as optional equipment as part of the AMG Exclusive Package.

#### DYNAMIC SELECT.

From a whisper to a roar. The optional suspension with Adaptive Damping System can be adjusted at the touch of a button. There is a choice between the drive programs Eco, Comfort, Sport and Individual.

The best for the engine: Mercedes-Benz genuine engine oils. The declared fuel and energy consumption figures are determined by testing under standaard laboratory conditions to comply with ADR 81/02. Real world fuel consumption is influenced by many additional factors such as fuel quality, individual driving style, load, traffic, and vehicle condition. The devlared fuel consujm-ption figure should only be used for the purpose of comparison amongst vehicles. For more technical data, please visit www.mercedes-benz.com.au.

### Dimensions.

All figures in millimetres. The illustrated dimensions are mean values. They are valid for vehicles in basic specification and in unladen condition.

# SPORT - F O R -GOOD

Mercedes-Benz is one of the founding partners of the worldwide "Laureus Sport for Good Foundation", which was established in 2000. It is the Mercedes-Benz brand s most important social initiative. Laureus Sport for Good supports children and young people in need through social sports projects, opening up new perspectives and imparting important values such as team spirit, respect and determination. "Change the Game for Kids" is our mission statement which we wish to share with you. In buying a Mercedes-Benz you are supporting the "Laureus Sport for Good" movement.

Please note: changes may have been made to the product since the editorial deadline (15.05.2019). The manufacturer reserves the right to make changes to the design, form, colour and the product specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. The illustrations may show accessories and items of optional equipment which are not part of standard specification. This publication is distributed internationally. For current and more specific information, please contact your nearest authorised Mercedes-Benz retailer.
