

BUILT FOR **OWNING THE CITY**

Whatever you're doing, wherever you're going, do it in style with the Mitsubishi ASX. Built for the working week as much as the weekend, the compact ASX has stacks of storage, super smart technology, zippy performance and effortless style. Owning the city has never been this much fun.

ASX, BUILT FOR THE TIME OF YOUR LIFE.

Since 1917 Mitsubishi Motors has been at the forefront of technological innovation. Having launched the inventive Super-Select 4WD system and the world's first Pluq-in hybrid electric SUV, our vehicles have been tested, trialled and triumphant in some of the earth's toughest terrain including the Dakar rally. These engineering milestones, together with our commitment to reliability and ingenuity sets us apart. As we continue to move forward, pushing the boundaries of innovation, you can rest assured your Mitsubishi has been built for the time of your life.

ASX is part of the all-thrilling, ever reliable Mitsubishi SUV range.

CUT THROUGH THE CRAWL

Don't get angry at the traffic, stay cool inside the comfortable, tech surrounds of your ASX.

Snuggle back into your seat and enjoy the balance of comfort, spaciousness, style and intelligent design that includes:

- + Smartphone Link Display Audio (SDA)[^], a true extension of your smartphone via Android Auto™¹ or Apple CarPlay². Connected to a 7" touchscreen, you can access your phone's compatible apps and get direction, make calls, send and receive messages and listen to music from any source including DAB+ radio. With a smartphone storage tray and USB connectors in the centre console, everything is taken care of.
- + Find your perfect driving position with a soft touch leather, adjustable steering wheel with built in phone, audio and cruise control switches.

- + Generous legroom with space for five adults and 60/40 split fold rear seats for added flexibility.
- + Key-free convenience with Smart Key" that unlocks the doors and tailgate. Perfect for when the key is still in your pocket or purse, or your hands are full with shopping.
- + LS and Exceed models also let you power up your ignition with the touch of a button thanks to One Touch Start*.
- You can also experience warm indulgence with Exceed's heated front seats* and leather seat facings*.

Exceed model shown. *Exceed model only. *Exceed and LS models only. ^Smartphone Link Display Audio (SDA) supports Android[™] 5.0 or higher/iOS 8.0 or higher for use with Android Auto[™] / Apple CarPlay. Smartphone Link Display Audio will not operate in areas with no service signal and may not operate in supported areas where the signal is weak. Users are responsible for all charges incurred using smartphones and iPhones to connect to Android[™] and CarPlay respectively. Some functions may not be available for use depending on the user's location. Only compatible Apps can be used. Android[™] and Android Auto[™] are trademarks of Google Inc., registered in the US and other countries.

DISTINCTIVE LIKE YOU

Looking good and feeling good is what Mitsubishi ASX is all about. From its fashionable front grille and shimmering chrome highlights to its black wheel arch-garnished 18" alloy wheels and LED Daytime Running Lamps, ASX turns heads while you turn those tight city streets.

LET THE GOOD TIMES ROLL

- + Pirouette on a 10 cent piece and score that precious park. The ASX's agility and manoeuvrability puts you wherever you want to be, without compromising on cargo or cabin space.
- + Let in the sun or the city lights with the Exceed's spectacular panoramic glass roof with electric retractable sunshade and LED mood lighting*.

- + Add a little bite to your style with a sleek, aerodynamic shark fin antenna.
- + Light your way and stay visible with halogen headlamps, LED Daytime Running Lamps and Automatic High Beam[^].
- + Beat the rain with automatic rain sensors* that detect water on your windscreen and activate your wipers at just the right time and speed.
- + There's no twilight zone or dark tunnel vision with ASX's dusk sensing headlamps#.
- + Keeping your rear passengers UV protected with rear privacy glass.

BUILT FOR ESCAPE

Conquer the country with ASX's power and performance. Those city manoeuvres become freeway cruises with your choice of manual or CVT 2WD models powered by a 2.0L MIVEC petrol engine.

ZIPPY AND ECONOMICAL

The urban-friendly 2.0 litre 4 cylinder MIVEC engine is perfect for responsive city driving, boasting fuel economy combined with 110kW of power and 197Nm of torque.

EFFORTLESS AND STABLE

ASX automatic models are equipped with continuously variable transmission (CVT). It means the gear ratios are infinitely variable, and effortlessly attuned to operating at optimum RPM for greater power and economy, whatever your speed.

SMOOTH OPERATOR

Bumps and potholes suddenly seem less jolty thanks to the MacPherson strut front and multi-link rear suspension. In your ASX, shock absorbers and stabilisers are perfectly tuned for a sporty, comfortable ride.

GUIDE. PROTECT. CONNECT.

MITEC

Mitsubishi Motors Intuitive Technology or MiTEC, is an integrated system[^] of brilliant innovations in action, working in unison to guide and protect, alert and connect, even entertain. It thinks like you, reacts like you, before you even know it. MiTEC delivers unsurpassed safety and next generation features to the modern-day driver.

These significant safety features coupled with Mitsubishi's Reinforced Impact Safety Evolution (RISE) body have earned ASX the maximum ANCAP safety rating of 5 stars so you can rest assured you're driving one of the safest cars on the road.

Blind Spot Warning^{#1} and Lane Change Assist^{#1}

Mitsubishi's Blind Spot Warning and Lane Change Assist helps you change lanes with confidence. The Lane Change Assist system sounds an audible alert and displays a blinking warning in the door mirror when the system detects a high collision probability with a vehicle coming from behind moving to the same direction within 3.5m from your vehicle's side or 70m from its rear bumper.

^Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving. #ES ADAS and Exceed models only. 1. The detection and control capabilities of BSW and LCA are supplementary only and do not warn you of vehicles in blind spot every situation. BSW and LCA may not activate in some situations.

Rear Cross Traffic Alert*2

Mitsubishi's Rear Cross Traffic Alert system helps detect a moving vehicle when reversing. It alerts you via a buzzer sound, and an indicator light appearing in the combination meter and blinking light in the side door mirror.

Lane Departure Warning[^]

Mitsubishi's Lane Departure Warning uses a camera to issue an audible alert and shows a warning on the multifunction display if your vehicle drifts from its lane while the turn signals are not operating.

Forward Collision Mitigation³

Mitsubishi's Forward Collision Mitigation system detects obstructions ahead and issues a visual and audio alert when there is a danger of collision, automatically applying the brakes to avoid collision or reduce impact.

Active Stability Control

Mitsubishi's Active Stability Control intuitively recognises when you over-steer or under-steer and applies the brake force to appropriate wheels to keep you stable through corners.

Active Traction Control

Mitsubishi's Active Traction Control helps maintain traction on most slippery or rugged surfaces. Active Traction Control automatically controls the engine output – so driving wheels are prevented from spinning. Sensing loss of traction in independent wheels it then applies braking force to that particular wheel and sends extra power and torque to other wheels with traction, to keep the vehicle moving and in control.

Steep city streets or congested shopping mall ramps are no longer a problem with Mitsubishi's Hill Start Assist technology. It prevents the car from rolling backwards by maintaining braking force to give you time to move your foot from brake to accelerator.

Reverse Camera and Parking Sensors[^]

Mitsubishi's Reverse Camera and Parking sensors assist when parking in tight spots. Sensors detect and warn you if you're getting too close to objects behind you when reversing into a parking space.

Electronic Brakeforce Distribution

Mitsubishi's Electronic Brakeforce Distribution works hand-in-hand with your cars Anti-lock Braking Systems computer to assess load and distribute braking force between the front and rear wheels. When you have a load in the rear, it helps you stop in a shorter distance than standard brakes.

Anti-lock Braking System

Mitsubishi's Anti-lock Braking System allows the driver to maintain steering control of the vehicle and manoeuvre around obstructions in heavy braking situations.

Auto Dusk Sensing Headlamps[^]

Mitsubishi's Dusk Sensing Headlamps automatically illuminate in fading light or when travelling through a tunnel, allowing you to keep your hands on the wheel and your focus on the road ahead.

Auto Rain Sensing Wipers[^]

Mitsubishi's Rain Sensing Wipers activate automatically when moisture is detected on the windscreen, allowing you to keep your hands on the wheel and your focus on the road ahead.

Auto High Beam[†]

Mitsubishi's Auto High Beam detects both the headlights of oncoming vehicles and the tail lights of vehicles ahead, automatically switching between high or low beams.

#ES ADAS and Exceed models only. ^ES ADAS, LS and Exceed models only. † LS and Exceed models only. 2. Do not rely solely on this system, which may not detect all moving vehicles in certain conditions. 3. The detection and control capabilities of FCM are supplementary only and do not prevent collisions in every situation. Please read the operation manual carefully and be aware of these limitations.
