

# OUTLANDER

## ACTIV

LIMITED EDITION

The Limited Edition Mitsubishi Outlander ACTIV is available in both 2WD and 4WD, each with your choice of either a sporty 5 speed manual or CVT 'Sports Mode' automatic transmission. All Outlander ACTIV models deliver the power and fuel economy of a 2.4L MIVEC engine and there's extra versatility with a 7 seat option in the 4WD CVT automatic model. For your protection, ACTIV is packed with safety features including side and curtain SRS Airbags, Active Stability and Traction Control, ABS brakes and Electronic Brakeforce Distribution.

The new Outlander ACTIV has all the value added features to help you enjoy your active life.

# OUTLANDER ACTIV LIMITED EDITION

The Limited Edition Outlander ACTIV model boasts an array of interior and exterior features to help you get through your active day.

**Features include:**

- Bluetooth® 2.0 phone & audio connectivity
- Automatic air conditioning
- Side & curtain airbags
- Unique interior styling package
- Reverse parking sensors
- 18" alloy wheels
- Fog lamps
- Roof rails with cross bars
- Black front centre grille and chrome radiator grille ring
- Chrome exhaust tip
- ACTIV badge

MITSUBISHI  
MOTORS

**OUTLANDER**

love that car

*LOVE THAT CAR.* HERE AT MITSUBISHI, WE LOVE OUR VEHICLES.  
WE LOVE THEIR SUPERIOR QUALITY, WHAT THEY STAND FOR,  
AND *WHAT THEY'RE CAPABLE OF.*

AND WE WANT YOU TO FEEL THE SAME WAY. IT'S WHY WE STRIVE FOR THE HIGHEST STANDARDS IN EVERYTHING WE DO, AND IT'S WHY WE BACK ALL  
OUR VEHICLES WITH OUR MITSUBISHI DIAMOND ADVANTAGE, AUSTRALIA'S BEST NEW CAR WARRANTY, CAPPED PRICE SERVICING AND CUSTOMER CARE.

### STREET PRESENCE

We design attention grabbing vehicles with real street presence. We're focussed on delivering vehicle design that not only defines the best in innovation but embodies the essence of genuine performance, handling dynamics and absolute driving pleasure.

### ADVANCED TECHNOLOGY

We'll continue to develop ground-breaking technology that focuses on better control, performance and lifestyle. This includes innovations such as our MIVEC engine technology, our INVECS Smart Logic transmission system and our leading Mitsubishi Multi Communication System.

### DRIVER CONFIDENCE

We're committed to raising the bar in terms of safety. Outlander delivers with the Mitsubishi All Terrain Technology (MATT™) package and Super All Wheel Control (S-AWC) on V6 models providing advanced control, traction and stability systems for the peace of mind of all occupants.

### SUPERIOR VALUE

We'll constantly strive to deliver the ultimate customer experience at all times. This is reflected by the Mitsubishi Diamond Advantage, Australia's best new car warranty, capped price servicing and customer care, by our feature-packed vehicles, and our ongoing commitment to making our vehicles more cost effective and fuel efficient.

## OUR PROMISE

When you buy a Mitsubishi Outlander, or any vehicle from our range, you're buying a vehicle that's backed by world-class research, technical innovation, and leading performance. In every area of our business, we're continually focussed on four key values. By following these values, we never fail to create superior vehicles that people love.

Whether you're heading out of town for the weekend, driving to the gym, beach, footy-field, or simply running errands about town, the Outlander delivers the comfort, space, versatility and safety you need to get through an active day.

The Outlander is also 4WD capable – making it great for weekend adventures that might be off the beaten track. Mitsubishi's advanced technology systems means Outlander delivers the ultimate in performance, control and safety. Outlander is also available in a 2WD model.

Outside, Outlander has a sporty look with alloy wheels, chrome trim and high definition headlamps – and practical features like roof rails and an easy to load split tailgate. Combined with Smart Key and Bluetooth® technology inside, Outlander infuses style and practicality into one.

So whatever your active life, the Mitsubishi Outlander has the style, versatility and clever technology to make it truly easy.

*THE*  
*MITSUBISHI OUTLANDER*  
*HAS EVERYTHING*  
*YOU*  
*NEED* *TO GET UP*  
*AND GO*  
*WHEREVER YOUR DAY TAKES YOU.*

*ENJOY* TAKING ON **LIFE**  
WITH THE HELP OF THE OUTLANDER'S  
**STYLISH INTERIOR** AND  
**ADVANCED TECHNOLOGY.**

Whether you're zipping around town, or heading away with friends for the weekend, Outlander will always deliver the ultimate in interior comfort and style.

The seats have been designed with ergonomics in mind, so you and your passengers can stay comfortable how ever long the journey. The leather front seats are even heated, which is ideal for those cold winter early morning starts. Add to this the availability of a leather look dash and door trim to give you a premium interior feel.

Inside, there is plenty of room for you and all of your passengers and luggage.

As the driver, you also benefit from innovation at your finger tips including the Mitsubishi Multi Communication System (MMCS) which controls a raft of features including GPS as well as displaying useful vehicle information. Cruise control will help you relax on the open road, and audio controls mounted on the leather steering-wheel mean setting the track to your active life couldn't be easier.

EQUIPPED WITH  
**SUPERIOR ENGINE TECHNOLOGY** HELPING YOU  
**STAY IN CONTROL,** NO MATTER WHAT THE CONDITIONS OUTSIDE.  
WITH THE CHOICE OF TWO POWERFUL MIVEC ENGINES YOU CAN ENJOY EXCELLENT  
**FUEL EFFICIENCY, AND LOW EMISSIONS,** WITHOUT COMPROMISING ON  
**DRIVABILITY** OR POWER.

**MIVEC ENGINES**

With Mitsubishi's MIVEC Engine technology (Mitsubishi Innovative Valve timing Electronic Control) Outlander has a lighter engine with intelligent valve timing technology. This delivers fuel efficiency and lower emissions, yet still provides excellent driveability and towing power. It minimises fuel consumption at lower revs while increasing airflow at high revs for greater power and performance.

**2.4L MIVEC ENGINE**

Choose the 2.4 litre 4 cylinder MIVEC engine for economical performance.

- 125kW of power
- 226Nm of torque
- 5 speed manual or CVT automatic

**3.0L V6 MIVEC ENGINE**

Choose the powerful 3.0 litre V6 MIVEC engine for superior performance.

- 169kW of power
- 291Nm of torque
- 6 speed automatic with Smart Logic

**SPORTS MODE AUTOMATIC TRANSMISSION**

Available across both engines, Sports Mode means you can switch between the ease of an automatic and CVT auto or enjoy the control of a manual without a clutch. The clutch free operation reduces the rev and torque loss usually associated with engaging gears, meaning you can maintain momentum in off-road situations.

**PADDLE SHIFTS**

When the gear shift is in Sports Mode position, paddles on the Outlander steering wheel allow you to make lightning quick gear changes without your hands leaving the wheel.

**COMPARISON OF SHIFT RESPONSE**

Available on both engines

**SMART LOGIC**

The Smart Logic transmission system learns and adapts to each driver's preferences by recording engine and foot brake data. The control logic then adapts the gearshift timing to suit your style. This means it adapts to your driving style.

**ADAPTIVE SHIFT CONTROL DURING ACCELERATION**

**CONTINUOUSLY VARIABLE TRANSMISSION (CVT)**

CVT offers infinitely variable gear ratios that allow the engine to always operate at optimum RPM, irrespective of the vehicle's speed. This maximises power and economy helping to ensure a smooth, stable ride with seamless gear changes.

Mitsubishi Outlander 4WD brings you the latest in superior safety and four wheel drive technology. Outlander boasts MATT™ (Mitsubishi All Terrain Technology). A sophisticated combination of many four wheel drive and safety systems, designed to work together to deliver you the versatility and peace of mind to enjoy all an active life offers. Whether it's within the hustle and bustle of the city or enjoying the freedom of a weekend escape Outlander has the whole package.

### ALL WHEEL CONTROL (AWC)

With the Outlander 2.4 litre 4-cylinder 4WD comes AWC, which allows you to switch instantly at speeds of up to 100km/h between '2WD' for fuel efficiency, '4WD' for increased traction on sandy or gravel roads and 'Lock' for when roads can become unpredictable.

### ELECTRONICALLY CONTROLLED COUPLING (ECC)

The ECC within the rear differential distributes driving force to the rear wheels depending on the driving conditions. This automatically increases driving performance.

### SUPER ALL WHEEL CONTROL (S-AWC)

The constant All Wheel Drive V6 comes with the S-AWC system, which provides greater cornering control, traction and improved stability. S-AWC integrates Active Front Differential, Yaw Rate Feedback Control, Active Stability Control and Anti-lock Braking System to provide optimal handling on all road surfaces. Switch instantly at speeds of up to 100km/h between 'Tarmac' for paved roads, 'Snow' for when roads can become slippery and 'Lock' for steady control on rougher roads.

### YAW RATE FEEDBACK CONTROL

Processing driving information this system has an enhanced calculating speed and accuracy to provide optimal control of the front differential and electronically controlled coupling. If unstable vehicle behaviour is detected the system adjusts driving force to four wheels, delivering better stability.

### ACTIVE FRONT DIFFERENTIAL (AFD)

Using the electronically controlled clutch the AFD limits speed difference and controls driving force distribution between the right and left front wheels. This provides a higher level of cornering and stability performance and enables quicker automatic response for changes in road surfaces.

### S-AWC DISPLAY

This displays the selected control as well as the status of driving torque control to the right and left front wheels. This is according to left or right hand turning. The status of driving torque to the front and rear wheels is then displayed in the centre of the meter.

Mitsubishi's unique 4WD and safety technology.

# PEACE OF MIND

EVERY TIME YOU SIT BEHIND THE WHEEL. THE OUTLANDER FEATURES SEVERAL IMPORTANT SAFETY INNOVATIONS TO PROTECT

YOU AND YOUR PASSENGERS— IN ADDITION TO MITSUBISHI'S LEADING MATT™ SYSTEM, WHICH ENSURES A STEADY AND STABLE RIDE.

## HSC

### Hill Start Control

This technology makes it easier to start off a steep uphill slope by preventing the vehicle from rolling backwards. It maintains the braking force for two seconds while you move your foot from the brake to the accelerator.

## ASC

### Active Stability Control

Maintains stability and control when cornering, by automatically recognising under-steer and over-steer. It applies brakes to the appropriate wheels to keep you online through corners.

## ATC

### Active Traction Control

Helps you maintain traction on the most slippery or rugged of surfaces. This intelligent system automatically controls the engine output, so driving wheels are prevented from spinning. Sensing loss of traction in an independent wheel, it applies braking force to that wheel and sends extra power and torque to other wheels with traction to keep you moving.

## ABS

### Multi-mode Anti Lock Braking System

This allows you to manoeuvre around objects under heavy braking conditions. Outlander's intelligent 4-channel, 4-sensor braking system works in conjunction with the drive mode to monitor different wheel speeds and activate brakes to individual wheels when required to deliver superior control.

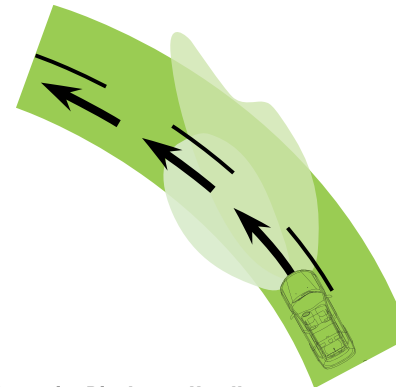

## EBD

### Electronic Brakeforce Distribution

This technology reduces stopping distances by detecting passengers or heavier loads and automatically increases rear-braking force.

## HID/AFS

### High Intensity Discharge Headlamps with Adaptive Front Lighting System

Clever self levelling HID headlamps offer brighter illumination for night time driving and AFS provides increased illumination of corners when the car is turning.

### SRS AIRBAGS

To provide ultimate protection in the event of a frontal collision, the Outlander range is fitted with driver and front passenger Supplementary Restraint System (SRS) airbags, with side and curtain airbags available across the range.

### RISE SAFETY

RISE, Mitsubishi's Reinforced Impact Safety Evolution body design system with integrated chassis, is a highly rigid one-piece shell. The super strength cabin will cocoon your family and provide outstanding protection in the event of an accident. The RISE body integrates a rigid ladder frame, side impact bars, and collision absorbing joints to keep you safe. An aluminium roof reduces weight and lowers the centre of gravity for greater stability and better cornering, offering a sedan-like driving experience.

### REVERSING CAMERA & REVERSING SENSORS

The MMCS reversing camera supports the driver's rear field of view, automatically appearing on screen when the reverse gear is engaged. In conjunction with the reversing sensors, which alert you when you are getting close to objects, it makes parking in tight spots a breeze. It also offers safety and peace of mind when you are backing in and out of driveways.

### DUSK SENSING HEADLAMPS

Help you stay focused on the road at all times. A sensor on the windscreen automatically sends a signal to your lights and they will turn on when it gets dark or when you're travelling through a tunnel.

### AUTO RAIN SENSING WIPERS

A sensor automatically detects moisture on the windscreen and according to the amount of rain present the system will activate the wipers at the appropriate speed.

# FITS WITH YOUR WAY OF LIFE

WHETHER CARRYING A CAR-FULL OF PEOPLE, CARGO OR BOTH.

IT'S AS BIG ON **INNOVATION**  
AS IT IS ON **SPACE.**

SEATS MOVE AND FOLD AWAY EFFORTLESSLY. THE LARGE LUGGAGE SPACE  
MEANS BULKY ITEMS GO IN EASILY AND LOADING UP IS A BREEZE.

## FLEXIBLE, SMART STORAGE

Clever storage areas throughout the cabin ensure there's plenty of room for everything you could need. It includes a range of smart storage options, including front and rear cup holders, rear underfloor storage, and even a hot-cold thermo box – so you can keep drinks warm or cool.

## FIT UP TO SEVEN PEOPLE WITH EASE

Outlander offers the option of a third row seat – which means you can comfortably seat up to seven passengers.

OVERSEAS MODEL SHOWN

## SMART KEY

Smart Key is Mitsubishi's advanced security transmitter, which means completely key-less operation. Thanks to Smart Key, Outlander can recognise the key within a 70cm radius. So, you can lock and unlock the doors, open the tailgate and even start the engine, all whilst the Smart Key is still tucked in your pocket or bag. The days of searching and fumbling for keys are no longer in your new Outlander.

#### EASY LOADING REAR TAILGATE

Loading up just got a whole lot easier. A strong and convenient fold-down tailgate gives a lower load-in height so bulky items fit and slide in more easily.

#### CREATE MORE SPACE WITH THE TOUCH OF A BUTTON

The Outlander features unique, electronic roll-and-tumble seats – which roll forward to create vast interior storage space. This makes it incredibly easy to throw in items like bikes, prams, surfboards, bulky packages, or luggage - all with the flick of a switch. In fact, once the seats are folded back, there's a massive 1691 litres of storage volume.

At the rear of the Outlander, there is a cargo blind which can add extra security and help you keep precious luggage hidden away when you need it.

HANDLING IT WITH **STYLE.**

OUTLANDER HAS A RAFT  
OF NEXT GENERATION

# TECHNOLOGY TO MAKE YOUR ACTIVE LIFESTYLE

MUCH EASIER

FROM HANDS FREE BLUETOOTH® 2.0 MOBILE PHONE OPERATION, SO YOU CAN TALK WITHOUT HAVING TO PULL OVER, USB AND IPOD CONNECTIVITY SO YOU CAN LISTEN TO YOUR FAVOURITE TRACKS AND THE STATE OF THE ART MITSUBISHI MULTI COMMUNICATION SYSTEM (MMCS) THAT ALLOWS YOU TO STAY IN GREATER CONTROL OF YOUR ACTIVE LIFE.

## MITSUBISHI MULTI COMMUNICATION SYSTEM (MMCS)

MMCS is an integrated communication and media system that provides satellite navigation, audio control, DVD function and a host of other features, controlled via the 7" full colour in dash touch screen. MMCS allows you to customise features such as dusk sensing headlamp sensitivity, wiper speed and room lamp shutdown delay.

## VOICE ACTIVATED BLUETOOTH® PHONE CONNECTIVITY

Outlander has the latest hands-free phone system technology, with voice activated Bluetooth® phone connectivity. This allows you to make calls with simple voice commands and receive them at the touch of a button. All this is integrated through the vehicle's audio system, allowing you to stay focused on the road. Bluetooth® 2.0 also allows you to stream songs straight from your compatible mobile.

## CONNECT YOUR OWN MUSIC

Incorporating the latest technology to make every drive a pleasure, the Outlander is iPod compatible – which means you can connect and charge your iPod/MP3 player. Got your favourite music stored on a USB? The Outlander is USB compatible – so you can connect and play MP3s wherever you like.

## ROCKFORD FOSGATE® STEREO SYSTEM

Delivering a massive 710 watts with 9-surround sound speakers and integrated 10-inch subwoofer, Outlander has the sound to match its looks.

## MULTI INFORMATION DISPLAY

The LED Multi Information Display provides handy vehicle information such as fuel consumption, a trip computer and outside temperature functions. You can configure the display to show you exactly the information you want.

## REAR ENTERTAINMENT DVD SYSTEM

Outlander rear seat passengers can enjoy sophisticated in-car entertainment with their very own 9-inch full colour DVD screen. Games console compatible, it includes one set of infra red cordless headphones. As the passengers watch a DVD, the rest of the car can listen to the music, or simply tune out and take in the surrounding scenery.

	LS	LS/XLS	VR/VRX
Ratio	-	2.349 - 0.394	-
first	3.538	2.349	4.199
second	1.913	1.517	2.405
third	1.333	1.105	1.583
fourth	1.028	0.857	1.161
fifth	0.820	0.680	0.855
sixth	-	0.394	0.685
reverse	3.583	1.750	3.457
Final Gear Ratio	4.562	6.466	3.571

Fuel System	2.4L Manual	2.4L CVT Auto	3.0L Auto
	2WD / 4WD	2WD / 4WD	4WD
Fuel Consumption <sup>^</sup> (ADR 81/02) litres per 100km	9.2 / 9.5	9.0 / 9.3	10.4
Fuel Tank Capacity (L)	63 / 60	63 / 60	60
Fuel Supply Equipment	Electronically controlled multi-point fuel injection		

<sup>^</sup>These figures are obtained from controlled laboratory tests conducted by Mitsubishi Motors to Australian Design Rule ADR81/02 and are provided to assist you in comparing the fuel consumption of Outlander with other vehicles. The actual fuel consumption you achieve will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use.
