# ALMERA

# THE ALL NEW NISSAN ALMERA

**THE SPACIOUS SEDAN FOR THOSE WHO WANT TO LIVE LARGE.**

Everything you thought you knew about owning a small car is about to change. No longer do smaller sedans need to stand in the shadow of their larger cousins. No longer will you have to compromise style for space or form for function. You will never have to choose between performance and practicality or pay a premium to transport your family around in style, safety and comfort. Now you can have it all. Introducing the all new Nissan Almera.

# SPACIOUS COMFORT

Welcome to a bright new day, where legroom can be boasted about, where headroom is never short on supply and even the taller amongst us can stretch out in comfort. Thanks to the revolutionary design of the Nissan Almera owners can expect class defying space, comfort and versatility. The Nissan Almera provides the perfect balance of driver space, extra room for passengers and superb luggage space, all in one small car that's truly big enough for everyone. Think premium space minus the premium price tag.

## BIG ON BOOT SPACE

The boot space in the Nissan Almera is truly something to behold. With 490 litres of boot space, the Nissan Almera will see you through almost any shopping trip, sporting event or holiday. Just load it up and away you go.

Nissan Almera Ti in Brilliant Silver.

## PERFORMANCE AND ECONOMY

The Nissan Almera is powered by an impressive 1.5 litre petrol engine. It delivers 75kw of power and 139Nm of torque, enough to get you from A to B in a jiffy. Now while the Nissan Almera feels like a big car on the inside, it still offers small car fuel efficiency. How does 6.3 litres per 100km\* (manual ST model) or 600kms\*\* on a single tank sound? When it comes to performance and standout fuel economy, the Nissan Almera really is the intelligent choice for those looking for big car value at a small car price.

\*Manual ST model. Figures have been calculated in accordance with ADR81/02. \*\*Actual fuel consumption will vary depending on driving conditions, driver behaviour, the condition of your vehicle and the accessories fitted.

# SAFETY

The Nissan Almera comes with an impressive array of safety features that are designed to keep you and your loved ones safe and sound. Take for instance the advanced Vehicle Dynamic Control (VDC) system, also known as Electronic Stability Control (ESC), that senses if your vehicle is about to lose traction and acts to help you regain it. For further peace of mind, the Anti-lock Braking System (ABS) found within the Nissan Almera exists to prevent wheel lockup during heavy braking thereby allowing the driver to steer the car. Electronic Brake Force Distribution (EBD) will also send extra force to the rear brakes if and when it senses additional weight in the back of the vehicle.

The list of safety features doesn't stop there. Child restraint anchorage points, 3 point ELR seatbelts for all passengers, not to mention rear park assist and front fog lights on the Ti model for that added peace of mind.

To ensure you're always safe the Nissan Almera comes equipped with 6 airbags that include driver and front passenger front and side SRS airbags, as well as front to rear curtain airbags, all designed to ensure that you and your family are completely secure.

# INTERIOR

The interior in the Nissan Almera delivers confident and modern sophistication that is not only practical, but ergonomic, functional and aesthetically pleasing. A well designed cabin layout puts all the controls you need, from audio controls to boot release, powered mirror control to remote central locking, all right at your fingertips. This includes Bluetooth® handsfree phone connectivity with user-friendly steering wheel controls.

With a roomy glovebox, centre console, door pockets and more, storage and space within the Nissan Almera is nothing short of abundant. High quality finishings complement the vehicle's stylish design while easy to read dials keep those behind the wheel up to date with important information. The Ti model also sports a rear centre arm rest with cupholders and rear adjustable head rests.

To top it all off, thanks to the advanced design in the Nissan Almera, wind and road noise is dramatically reduced within the cabin, even at speed. Now that sounds good.

# INTERIOR TECHNOLOGY

The Multi-Function Drive Computer in the Nissan Almera puts all the information you need right at your fingertips and is all shown through the fine vision instrument display.

**FUEL ECONOMY.** Know how well your fuel consumption is performing.

**DRIVING RANGE.** Always know how much is left in the tank with the driving range function.

**SERVICE REMINDER.** Stay on top of things with the handy service reminder.

**PUSH BUTTON START/STOP.** Simply push the button to start the Nissan Almera and away you go (Ti model only).

**CLIMATE CONTROL.** The Nissan Almera Ti model brings comforts to the world of the small sized sedan with climate control air-conditioning designed to keep you comfortable, rain, hail or shine.

**AUDIO.** The 4-speaker audio system with an MP3 player auxiliary jack sounds nothing short of fantastic.

Nissan Almera Ti in Burning Red.

## my nissan

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

### **3 YEAR/100,000KM WARRANTY.**

Receive assurance with a 3 year/100,000kms warranty with the option of extending further for up to 6 years.
