DUALIS+2

SHIFT the way you move

The Nissan DUALIS, the car that shifted what you could expect from a hatch, has shifted again. We've made the DUALIS+2 a little longer and given it seven seats; for more passengers, more cargo, and a whole lot more versatility. The DUALIS+2 will shift your expectations; it will shift your possibilities; it will **shift the way you move.**

The Nissan DUALIS+2 is ready for your life now and for whatever the future may bring. **The third row of seats** offers a 50/50 split-fold which, when combined with the 40/20/40 split-fold second row seating, provides an astonishing level of passenger and cargo choices. Whether you're trying to fit in your kids, their friends and all their sporting equipment, or transporting a load of flat pack cupboards home from the furniture store, the DUALIS+2 is more than up to the task. The second row of seats slides back and forth to allow easy entry and exit for third row passengers, as well as letting you choose the legroom you need for each row.

Should you choose a Nissan DUALIS+2 Ti model, you'll be rewarded with the following comprehensive list of additional features. The Intelligent Key lets you open the door and start the car without the key ever leaving your pocket or purse. Rain sensing front wipers, automatic headlights and the dual-zone automatic climate control take care of themselves. Leather seat trim, heated front seats and rear privacy glass provide added luxury, while the **panoramic glass roof** allows light to pour into the car for an added feeling of spaciousness. Of course, a power shade will slide across the roof at the push of a button.

**There's no other vehicle exactly like the Nissan DUALIS+2.** It's a hatch but it has a high driving position unlike many other hatches. It has seven seats but it's far more stylish than a people mover. It has the flexibility and functionality of an SUV but it's much more agile. This vehicle is truly in a class of its own. The styling is sleek and contemporary with smooth, aerodynamic lines and fashionable alloy wheels (16" on the ST and 18" on the Ti models). LED tail lights add to its smart appearance, while roof rails offer even more luggage options. The DUALIS+2 proves that a car for a family doesn't have to look like a traditional family car.

Blade Ti Hatch.

Slide into the driver's seat and you'll immediately notice how the **high driving position** gives you a greater sense of control. You can see further down the road so you have a better idea of what's up ahead. Now glance across the driver-focused cockpit; clear, stylish gauges keep you fully informed. You'll notice controls for the audio and Bluetooth® handsfree phone systems on the steering wheel along with the cruise control. An AM/FM single CD player (6 CD auto-changer in the Ti) will fill your world with sound, or you can use your iPod® via the auxiliary MP3 player input jack.

Ti interior shown. ^iPod is a registered trade mark of Apple Inc.

Ti Hatch interior shown.

The Nissan DUALIS+2 comes standard with an automatic Xtronic CVT transmission with 6-speed Manual Mode (M-Mode). Under the bonnet is a lightweight aluminium 2.0 litre engine that offers excellent fuel economy and low CO<sub>2</sub> emissions. On the Ti models you can choose the 2WD version or the AWD with ALL MODE 4x4 system. At the twist of a knob, this system allows you to set the car to drive in 2WD, 4WD or AUTO. In AUTO, the DUALIS+2 will stay in 2WD for the best fuel efficiency unless it senses the need to change to 4WD for slippery conditions. The DUALIS+2 is just as impressive when it comes to safety. Six airbags – dual front, side and curtain – are ready to deploy when necessary. To help you avoid dangerous situations in the first place, there are a variety of driving and braking systems to keep you in control.

**Vehicle Dynamic Control (VDC)** compares the actions of the driver with the current behaviour of the vehicle and selectively brakes individual wheels and manages engine power to keep the car on its intended path. The **Traction Control System (TCS)** constantly monitors all four wheels and when the system senses one wheel is spinning faster than the others, it automatically reduces engine power and pumps the wheel's brake to reduce speed and lessen slip. The **Anti-lock Braking System (ABS)**, Brake Assist (BA) and Electronic Brakeforce Distribution (EBD) work together to help you retain control when braking, apply additional braking in an emergency situation and optimise handling by sensing the load conditions of the vehicle.

Magnetic Red Ti Hatch.

myNissan is a **complete ownership experience**, which helps you get the most out of your Nissan. As part of myNissan, you will receive a 3 year/100,000km warranty and have access to 24-Hour Roadside Assistance for 3 years. No matter what journey you're planning, you'll have the peace of mind in knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge. You can also take the option to extend your warranty for up to 6 years.

We recognise that buying a car is a significant investment and the extensive network of Nissan Dealers will help you maintain and protect it. That's why, as part of myNissan, you're entitled to 6 years or 120,000kms\* of **Capped Price Service**. This means you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer, Australia wide. What's more, Nissan technicians are factory-trained experts that utilise dedicated diagnostic equipment and genuine parts to keep your vehicle in top condition. Thereby giving you the peace of mind that your Nissan is in the safest of hands.

The myNissan **iPhone app** is the perfect addition to any family. It lets you plan trips, search for locations and log journeys to assist you with written ATO log book requirements, request roadside assistance plus set registration, service and parking expiry reminders.

Nissan offers a variety of **Nissan Genuine Accessories** to protect, enhance and personalise your DUALIS+2. Cross Bars on Ti models will allow you to transport even more when the seven seats are already carrying your precious cargo. Ask your Nissan Dealer about the entire list of DUALIS+2 accessories. **Nissan Financial Services** has a range of finance options at very competitive rates and terms as well as various insurance solutions to protect you and your vehicle.

Nissan has introduced **Blue Citizenship**, a new way for us to look at our business, which reflects our desire to be a model corporate citizen and play a role in aiding the sustainability of our earth and its resources. Blue Citizenship involves contributing to communities, promoting diversity, delivering mobility to more people all over the world and helping to protect the environment.
