NISSAN MURANO

THE 2014 NISSAN MURANO. ALWAYS IN STYLE

You want performance without being showy. Style and substance, not just one or the other. You expect comfort without compromise, and the latest technology without the song and dance. And you need a vehicle that's as comfortable in the city as it is out on the open road, or the high plains. The 2014 Nissan Murano delivers all this and more. Sleek and stylish, you can expect intuitive performance, interior luxuries and a host of the latest smart driving features. If you're looking for a vehicle to drive you seamlessly from work to play and everything in between, the Nissan Murano is ready to take you there.

ST model in Tempest Blue.

Ti model in Ivory Pearl.

SERENITY BEHIND THE WHEEL

Arising from a sturdy passenger car derived platform, the Nissan Murano affords its occupants serene handling, extremely low noise vibration and suspension that imparts a feeling of effortless motion. But the interior comforts and driver experience don't stop there. Whether you're early to work or gliding through misty morning scenery, heated front seats banish the cold. Rain-Sensing Technology activates windscreen wipers at the first sign of rain. Vehicle Speed Sensitive Hydraulic Power Steering makes for light touch parking, and adjusts to give you a 'firmer' feel at speed. The Ti features a Memory Driver's Seat for you and a second driver, automatically reverting your seating, mirrors and steering column to the preferred position. Plus a Dual Panel Sunroof lets both front and rear passengers take in the view through a glass panoramic sunroof. And that's just for starters.

INTUITIVE AND INTELLIGENT

You'll feel instantly and comfortably in command behind the wheel of your Nissan Murano, with everything you need intuitively at hand. From cup holders to steering wheel audio controls, there's an array of smart creature comforts there when you need them.

BLUETOOTH® HANDSFREE PHONE SYSTEM Make and receive calls safely and legally, using the steering wheel-mounted phone controls.

BOSE® AUDIO SYSTEM Enjoy rich, clear sound from the extraordinary quality of Bose. Complete with a 7" colour display, you can load up your music library (2GB on ST and 9.3GB on Ti), enjoy iPod® connectivity and a total of 11 speakers (including 2 subwoofers).

INTELLIGENT KEY AND PUSH BUTTON START Forget fumbling for keys. The Intelligent Key stays in your pocket or bag while you open the door by pushing a button. Once inside there's no need to put the key in the ignition; just push the start button on the dash.

REAR REVERSING CAMERA A rear camera with Predictive Path Technology makes parking simpler and safer by helping to ensure you avoid obstacles when reversing.

A STEP AHEAD OF THE REST

Pack up cumbersome maps and forget the stress of navigation nightmares. You'll never be lost in the Nissan Murano Ti, fitted with the latest generation HDD Satellite Navigation System. Complete with steering wheel controls, it comes with 3D mapping, showing clean, clear and simple graphics via a 7" colour display screen. Integrated Traffic Monitoring supplies live traffic updates directly to the navigation system, so if there's a delay or obstruction on your planned route, where possible, the navigation system will automatically re-plot an alternative route to help avoid the problem and keep you moving.

Ti interior shown.

NEW LEVELS OF SPACIOUSNESS

Whether your cargo is people or flat packs, the Nissan Murano has plenty of room for everyone and everything. Generous and plush padded seats give you and your passengers plenty of legroom and headspace, but when it's time to load up, the 60/40 split folding seats give you a generous expanse to play with. Plus, in the Nissan Murano Ti you can return seats to their original positions at the touch of a button. The great outdoors meets the great indoors thanks to the dual glass panoramic sunroof. And if you spend half your life loading essentials in and out of the hatch, the Ti makes it easy again, with a Power Tailgate that opens automatically via your Intelligent Key remote. A real timesaver.

*Ti model only

Power flip-up rear seats.*

Power tailgate.*

Dual glass panoramic sunroof.*

SMOOTH AND SEAMLESS PERFORMANCE

The Nissan Murano has a 3.5 litre V6 engine to avail you of 191kW of power and an impressive 336Nm of torque, giving you powerful and responsive acceleration whenever you need it. Despite its power, the engine is remarkably quiet, instantly delivering the speed you need, without the unnecessary noise. Excellent fuel efficiency delivers even more charm by reducing trips to the bowser. Complementing the seamless performance of the engine is the Murano's Continuously Variable Transmission (CVT), which gives you a virtually infinite number of gears. Instead of lurching between limited numbers of gears, the CVT smoothly takes you to your desired speed, so you can enjoy a fluid drive.

Ti model in Tinted Bronze.

ALL NEW STANDARDS IN SAFETY

In the 2014 Nissan Murano Ti you'll find an incredible suite of brand new safety features designed to keep you, and everyone else on the road safer than ever before.

BLIND SPOT WARNING* This reduces the need to constantly perform awkward head checks. It works via a sound alert and a 'warning indicator' fitted to your passenger side mirror – your blind spot. If a vehicle in your blind spot enters the warning zone (as pictured here), the system instantly alerts you.

LANE DEPARTURE WARNING* A safety feature that makes certain a moment's distraction doesn't become a catastrophic error, by ensuring that you'll never unintentionally drift out of your lane. Should you veer off course you'll be instantly alerted by both a display indicator, and an audible warning.

MOVING OBJECT DETECTION* Yet another brilliant safety device to assist you, and protect others. Moving Object Detection automatically engages whenever you're in reverse, activating the rear view monitor to show what's behind you on your display screen. You can choose between a standard or wider view, but regardless, if any movement is detected behind you, both a visual and audio alert are given.

KEEPING YOU SAFE AND IN CONTROL

Every Nissan Murano is fitted with a range of safety essentials designed to give you, your family and other road users the utmost protection we can provide. From our height adjustable front and rear seatbelts, to our bolted child restraint anchors fitted in every model, we believe safety comes first.

6 AIRBAGS Dual front, dual side and dual curtain SRS airbags protect the driver and passengers in the case of a front or side impact.

VEHICLE DYNAMIC CONTROL (VDC) Compares the actions of the driver with the current vehicle behaviour. Selectively brakes individual wheels and controls engine power, to help keep the car on its intended path.

TRACTION CONTROL SYSTEM (TCS) Sensing when a front wheel is spinning, TCS responds by reducing throttle or applying brake pressure to help improve traction.

ANTI-LOCK BRAKING SYSTEM (ABS) In the event of an emergency situation, ABS modulates the brakes to help the driver maintain stability and steering control, as well as preventing brake lock.

BRAKE ASSIST AND ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD) Brake Assist senses emergency braking and automatically helps to apply maximum braking pressure if needed. Meanwhile, Electronic Brakeforce Distribution automatically varies the braking force in accordance with load distribution to maximise stopping power.

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

3 YEAR/100,000KM WARRANTY

Receive assurance with a 3 year/100,000kms warranty with the option of extending further for up to 6 years.

24-HOUR ROADSIDE ASSISTANCE FOR 3 YEARS

No matter where you're planning to journey, you'll have the peace of mind of knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge[†].

CAPPED PRICE SERVICE

For 6 years or 120,000kms* you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer.

FACTORY-TRAINED TECHNICIANS

Using dedicated diagnostic equipment and genuine parts they'll keep your vehicle in top condition.

MYNISSAN IPHONE APP

Request roadside assistance and advise of your location using your phone's GPS, plan trips, search for locations, plus set registration, service and parking expiry reminders.

NISSAN GENUINE ACCESSORIES

Your Nissan Dealer can show you a variety of accessories to protect, enhance and personalise your Nissan Murano.

FINANCIAL SERVICES

Choose from a range of finance options at very competitive rates and terms, as well as various insurance solutions to protect you and your vehicle.

[†]Terms and conditions apply, please visit nissan.com.au/roadsideassistance. *Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies to the first 12 X 10,000kms scheduled service intervals for up to 6 years/120,000kms (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit nissan.com.au/cpstcs for full terms and conditions.

Black leather accented* trim. Available on all ST and Ti.

Ivory leather accented* trim. Available on Ti in Vienna Garnet, Black Obsidian and Ivory Pearl.

ST Features

- 3.5 litre V6 engine that delivers 191kW of power and 336Nm of torque
- Push button engine start function
- Double stitched leather accented* seat trim
- Leather accented* steering wheel and shift lever
- Cruise control with steering wheel controls
- Dual zone automatic climate control air-conditioning with rear vents
- Front heated seats
- BOSE® audio system
- 2.0GB music box hard drive
- Reversing camera with Predictive Path Technology
- Bluetooth® handsfree phone system
- iPod^ connectivity via USB connection
- Central locking with remote keyless entry and panic alarm
- Tilt and telescopic adjustable steering column
- Sunglasses holder
- Rear privacy glass
- Black roof rails
- Rain-sensing technology
- Six airbags including dual front, dual side and dual curtain SRS airbags
- ALL MODE 4x4
- Vehicle dynamic control (VDC)
- Traction control system (TCS)
- Brake assist (BA) and electronic brake force distribution (EBD)
- Anti-lock braking system (ABS)

^iPod is registered trademark of Apple Inc.

Ti Features

- 20" Alloy wheels
- Blind Spot Warning (BSW)
- Lane Departure Warning (LDW)
- Moving Object Detection (MOD)
- Satellite Navigation with 3D mapping, traffic monitoring and 7" integrated colour display with touch screen and steering wheel controls
- Dual panel glass panoramic sunroof
- Driver's seat memory, with two settings
- 9.3GB music box hard drive
- Tilt and telescopic electrically adjustable steering column
- Silver roof rails
- Electric folding heated door mirrors with memory
- Power assisted opening and closing tailgate
- Power flip-up 60/40 split-fold rear seats

Genuine Nissan Extended Warranty	Opt	Opt

[†] Leather accented features and upholstery may contain synthetic material.

[^]Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.

[∞]GVM = Gross Vehicle Mass. GVM includes the driver, 4 passengers, full fuel tank and luggage.

Δ Figures have been calculated in accordance with ADR81/02. Actual fuel consumption will vary depending on driving conditions, driver behaviour, the condition of your vehicle and the accessories fitted.

+ iPod is a trademark of Apple Inc.

Towball download	Vehicle Mass
25kg	GVM (All Variants)
50kg	Reduced loaded vehicle mass below GVM* by 40kg
100kg	Reduced loaded vehicle mass below GVM* by 100kg
150kg	Reduced loaded vehicle mass below GVM* by 160kg

If the loaded vehicle mass is reduced as shown in the table, the towball download can be increased correspondingly. Accordingly, if the laden mass is 160kg less than the GVM*, a towball download of 150kg is approved.

Different trailer types and different trailer manufacturers have varying towball downloads. The customer will need to contact the trailer manufacturer for information as to the download.

Nissan is not able to make any recommendation on the use or suitability of load-levelling or weight distribution devices to be fitted to the vehicle. Customers should contact the manufacturers of these devices for further information.
