

SHIFT_

NAVARA

Whether you're hard at work or hard at play, you need a tough mate to help you out. The latest Nissan Navara range is more powerful and rugged enough to take on nearly any job. At the same time, the entire range offers a long list of innovative features to make your job a little easier and your time off a little more fun. The Nissan Navara will shift the way you work. It will **shift the way you move.**

A RANGE OF POWERFUL ENGINES

Whatever sort of work you've got to do, there's a Nissan Navara with the right sized engine to get it done.

V6 TURBO-DIESEL

Available in the ST-X and ST-X 550 Dual Cab models, this powerhouse of an engine serves up 550Nm of torque and 170kW of power. It's the only V6 available in a Dual Cab, so it's no wonder it's called Australia's Most Powerful Tradie. In addition to all the power, it offers excellent fuel economy and low emissions.

140kW TURBO-DIESEL

The ST Dual Cab 4WD is more powerful than ever. It now delivers 140kW of power and 450Nm of torque, for the grunt you need onsite as well as effortless highway driving. So whether you're loaded up with work gear or loaded up with kids on the weekend, it's ready to go.

120kW TURBO-DIESEL

The ST Dual Cab now comes in 2WD, with 120kW of power and 403Nm of torque providing the driving comfort all Navara models are renowned for.

126kW TURBO-DIESEL

This engine is available in a variety of Nissan Navara models; RX 4x4 Dual Cab Pickup and Cab Chassis, RX King Cab 4x4 Cab Chassis, and ST-X King Cab Pickup and Cab Chassis. This engine delivers the fuel economy and low-down torque that the Nissan Navara is renowned for.

106kW TURBO-DIESEL

Available in the RX Dual Cab 4x2 and RX Single Cab 4x4, this is your tough workhorse with more than enough power to get the job done. Tough, reliable and hard-working, this is a workmate you'll be happy to have onsite.

ANTI-LOCK BRAKING SYSTEM (ABS)

Every Nissan Navara features ABS, which provides optimum braking performance to help prevent wheel lock-up in panic-braking situations.

ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

EBD automatically varies the amount of force applied to each of the vehicle's brakes depending on road conditions, speed and loading.

AIRBAGS

All variants have front driver and passenger SRS airbags, while the ST, ST-X and ST-X 550 Dual Cab models have the added safety of side impact SRS airbags and front to rear SRS curtain airbags; giving you the protection of six airbags in total.

SAFETY CONSTRUCTION

Front and rear crumple zones plus door intrusion bars create a safety cocoon for the driver and passengers in the event of a collision.

VEHICLE DYNAMIC CONTROL (VDC)

VDC, also known as Electronic Stability Control, is a safety system to help keep you on your intended path. If VDC senses that your vehicle is starting to oversteer or understeer, the engine power is reduced or braking power applied to specific wheels to help you maintain control (excluding 4x2 ST Dual Cab).

TOWING

Justifiably famous for its 4WD ability and towing power, all Nissan Navara 4x4 models are capable of pulling a massive 3,000kg (trailer with brakes). So whether you're transporting a cement mixer for work or taking a jetski to the beach, towing is an absolute breeze.

4WD SYSTEM

The dashboard rotary dial makes it easy to change between three modes while driving: 2WD High, for normal dry conditions, sends power to the rear wheels only; 4WD High locks the transfer case to split drive equally front and rear when tackling more demanding conditions; 4WD Low is for serious off-road conditions like deep mud or sand.

Altitude Blue ST Dual Cab 4x4.

BLUETOOTH® HANDSFREE PHONE SYSTEM

Link your compatible mobile phone to make and receive calls safely. Steering wheel controls come standard on the ST, ST-X and ST-X 550 Dual Cab models.

AUDIO SYSTEM

All models feature a CD player, iPod* connectivity via USB port and an auxiliary input jack for MP3 player connection.

AUDIO SYSTEM WITH BOSE® SPEAKERS*

Choose the top of the line ST-X 550 and enjoy the crispness and depth of sound provided by an extraordinary audio system with Bose® speakers, a CD player and AM/FM radio. You can load your favourite tracks into a 9.3GB Music Box Hard Drive and then listen to them through the 6 speakers and a subwoofer.

8-WAY POWER ADJUSTABLE DRIVER'S SEAT*

Achieve your perfect driving position at the touch of a button.

LEATHER INTERIOR*

You'll really appreciate the extra comfort provided by the leather-trimmed heated seats (Front seats heated only).

SATELLITE NAVIGATION*

Get where you're going quickly and easily. The HDD satellite navigation system with 3D mapping appears on the 7" integrated colour display with touch screen.

REAR-REVERSING CAMERA*

The rear camera with Predictive Path Technology makes parking easy by ensuring you avoid obstacles when reversing.

DVD PLAYER*

When you're not being entertained by the sheer joy of driving a Nissan Navara, you can enjoy some other entertainment provided by the DVD player.

STORAGE OPTIONS

A dual level lower lockable glovebox offers you extra security to store personal items while the centre console and centre dashboard storage tray provide even more storage solutions.

60/40 SPLIT-FOLD REAR SEAT

The ST, ST-X and ST-X 550 Dual Cab models add to your cargo options with part or all of the rear seats folding flat to fit in larger items.

UNDER-SEAT STORAGE

The ST-X and ST-X 550 Dual Cab models feature a rear under-seat storage compartment with net cover.

REAR FOLD-UP SEATS

The King Cab models include two fold-up seats in the spacious rear area for added flexibility.

ST-X Dual Cab 4x4 interior showing rear bench seat in flipped up position and under seat storage with net cover.

TRAYS

With a Nissan Navara, what you can get in the back is just as important as what you can get inside. On Dual Cab and ST-X King Cab Pick Up models, the rear tray bed is long, deep and wide to provide a large and versatile load carrying space. The RX Single Cab, RX/ST-X King Cab and RX Dual Cab Chassis models give you the option to carry your own customised tray to suit the job at hand.

UTILI-TRACK SYSTEM™

The ST, ST-X and ST-X 550 Dual Cab models feature an ingenious five channel Utili-Track System™ that makes loading simple, quick and safe. You can move the heavy-duty cleats along channels to wherever you need a tie-down point. Lock the cleats into place and you're able to carry just about any kind of load securely.

Altitude Blue ST-X Dual Cab 4x4.

MYNISSAN

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

3 YEAR/100,000KM WARRANTY

Receive assurance with a 3 year/100,000kms warranty with the option of extending further for up to 6 years.

24-HOUR ROADSIDE ASSISTANCE FOR 3 YEARS

No matter where you're planning to journey, you'll have the peace of mind of knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge†.

CAPPED PRICE SERVICE

For 6 years or 120,000kms* you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer.

FACTORY-TRAINED TECHNICIANS

Using dedicated diagnostic equipment and genuine parts they'll keep your vehicle in top condition.

MYNISSAN IPHONE APP

Request roadside assistance and advise of your location using your phone's GPS, plan trips, search for locations, plus set registration, service and parking expiry reminders.

NISSAN GENUINE ACCESSORIES

Your Nissan Dealer can show you a variety of accessories to protect, enhance and personalise your Nissan Navara.

FINANCIAL SERVICES

Choose from a range of finance options at very competitive rates and terms, as well as various insurance solutions to protect you and your vehicle.

NAVARA LOAN VEHICLE

In the unlikely event that your Nissan Navara is off road for more than 24 hours due to repair, we'll provide you with a loan vehicle until it's back on the road.^

my nissan

our comprehensive ownership experience

†Terms and conditions apply, please visit nissan.com.au/roadsideassistance.
*Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies to the first 12 X 10,000kms scheduled service intervals for up to 6 years/120,000kms (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit nissan.com.au/cpstcs for full terms and conditions.
^Offer is subject to availability as well as terms and conditions of use.

ST-X 550 4X4 DUAL CAB

- 170kW 3.0 litre V6 turbo-diesel with 550Nm of torque
- 17" alloy wheels
- Privacy glass
- Front fog lights
- Power folding door mirrors
- Smoked bonnet protector
- Black satin finish sports bar
- Side steps
- 5 channel Utili-Track System™
- Protective tub liner and rear tailgate lock
- 3,000kg braked towing capacity (trailer with brakes)
- 7-speed automatic transmission with manual mode
- 60/40 split-fold and flip-up rear seats
- Rear under seat storage with net cover
- Leather seat trim
- 8-way power adjustable driver's seat
- Front heated seats

- Front, side and curtain airbags
- Three child restraint anchorage points
- Three-point seatbelts for all passengers
- Anti-lock Braking System (ABS) and Electronic Brakeforce Distribution (EBD)

150kg	Reduced loaded vehicle mass to below GVM** by 110kg
200kg	Reduced loaded vehicle mass to below GVM** by 180kg

Opt
 Optional
 Not available
 Standard

If the loaded vehicle's rear mass is reduced as shown in the tables, the towball download can be increased correspondingly. Accordingly, if the laden mass is 180kg less than the GVM** a towball download of 200kg is approved (2WD). Different trailer types and different trailer manufacturers have varying towball downloads. The customer will need to contact the trailer manufacturer for information as to the download. Nissan is not able to make any recommendation on the use or suitability of load-levelling or weight distribution devices to be fitted to the vehicle. Customers should contact the manufacturers of these devices for further information.
