NISSAN PULSAR HATCH

THE NISSAN PULSAR IS BACK. ALL-NEW AND BETTER THAN EVER

AFTER 7 YEARS AWAY, IT'S CHANGED A LOT. The all-new Nissan Pulsar returns to Australia with a new and unprecedented combination of next-generation technology and bold, sophisticated style. With cutting-edge responsiveness, standout fuel economy, a striking, modern exterior and spacious interior, the all-new Nissan Pulsar is uncompromised sophistication at an affordable price. In every way, it defies convention to bring you technology, features and comfort you'd expect from a far more expensive vehicle.

SSS model in Polar White

IT'S THE HATCH - BUT NOT AS YOU KNOW IT

Australia's most loved hatch is back with a renewed vengeance. The all-new Nissan Pulsar Hatch will win you over with its perfected combination of style, functionality and versatility. Integral to its elegant, sporty style are a statement rear spoiler*, high mounted LED rear stop light, razor indicator lights*, and front fog lights* to illuminate the road in challenging conditions. When it comes to performance and fuel efficiency, there are no compromises, delivered in your choice of either a 6 speed manual transmission, or the new and improved Continuously Variable Transmission (CVT[^]). Add to this ultimate combination ergonomically designed interior comfort and space, and it's hard to believe it's a hatch.

*Available on ST-L, ST-S and SSS models only. [^] CVT is optional on ST and ST-L and CVT with M-Mode (Manual Mode) is optional on ST-S and SSS

THE NISSAN PULSAR SSS IS HERE

Fans, it's the one you've been waiting for. The highly anticipated, latest and greatest incarnation of the Nissan Pulsar SSS Hatch. Sporty, sassy and turbo charged, our top of the range model is champing at the bit to get going. A powerful Direct Injection Gasoline (DIG[®]) Turbo charged engine will set pulses racing as it roars to life unleashing 140kW of power and 240Nm of torque.

Want the luxury of an auto but the performance and control of a manual – why not have both?

With the optional CVT with M-Mode[^] (Manual Mode) experience seamless shifting or choose Manual mode (M-Mode) for total driver control. As gorgeous as it is gutsy, the SSS is packed with features including Dusk Sensing Xenon Headlights, Intelligent Key and Push Button start/stop functionality, Integrated Satellite Navigation with Eco Route function and more. Australia's sportiest and most loved hatch is back – right here, right now.

SSS model in Cayenne Red.

SOMETIMES LOOKS ARE EVERYTHING

The new Nissan Pulsar Hatch doesn't just pack a punch in the performance department, there's plenty to look at too. Of course it all starts with the sweeping, aerodynamically curved body and distinctive racy contours, but there's a lot more to love – including 17-inch sports alloys,* rear spoiler[^] and front, side and rear body skirts** for that extra-sleek and super-slinky low look. Inside there's sophisticated styling, a spacious cabin design and leather accented trims* creating an inviting and exciting interior.

*Leather accented features and upholstery may contain synthetic material. Available on SSS model only.

*Available on ST-S and SSS models only. [^]Available on ST-L, ST-S and SSS models. **Available on SSS model only.

SSS model in Brilliant Silver.

MORE THAN FOUR WAYS ABOUT IT

The all-new Nissan Pulsar Hatch comes with 60/40 split fold seating, giving you versatility and more space. With a roomy interior to start with, the 60/40 split fold seating delivers a host of options that enable you to ferry all manner of things, whether its a Great Dane, a mass of Scandinavian flat packs, or everything you need for a big family holiday. However you choose to configure the seats to suit your load, or create more space, you've got plenty of room to play with.

SSS model in Brilliant Silver.

MORE CAPACITY, MORE CREATURE COMFORTS

From the moment you're seated in the all-new Nissan Pulsar Hatch you'll experience interior design and styling that far outclasses anything offered by competitors. Immediately apparent, and possibly the greatest luxury of all, is the premium we all crave: space. The generous new cabin design gives both driver and passengers an abundance of headroom and legroom that will be appreciated on every journey. Throughout you'll discover a range of thoughtful design features with exceptional finishes, including incredibly comfortable ergonomically designed seats, dual zone climate control* for the individual comfort of both driver and passengers. Whenever you're on the go, and wherever you're going, you'll enjoy the journey in style.

*Available in SSS model only.

SSS interior shown.

The image shows the interior of a car from the driver's perspective. The dashboard is dark with a central infotainment screen displaying a blue interface. The steering wheel is black with the Nissan logo in the center. The front seats are black with a perforated texture. The car is moving, as indicated by the blurred background of a city street with buildings and trees. The sun is shining brightly from the right side of the frame, creating a lens flare effect.

I SPY WITH MY LITTLE EYE... A BIGGER VIEW

The all-new Nissan Pulsar Hatch doesn't just look great on the outside, the view from inside is spectacular as well. The all-new interior design and expansive windows give you an incredible level of visibility, and as you settle into the supremely comfortable seats, you'll notice an intuitive dash with everything you need in clear view and easy reach. Driver ease and comfort has been intelligently implemented, with air conditioning, cruise control, dual-zone climate control* and speed sensing wipers. The SSS comes with Xenon headlights that automatically turn on for dusk/night time driving or while driving through tunnels.

*Available on SSS model only.
SSS model shown.

SERIOUSLY SMART TECHNOLOGY

The all-new Nissan Pulsar Hatch presents you with a stylish instrument cluster and sophisticated Multi-Function Drive Computer, which places all key information at your fingertips. All it takes is one quick glance at the fine vision meter to assess your fuel consumption, driving range and the temperature outside.

BLUETOOTH® HANDSFREE PHONE SYSTEM AND AUDIO STREAMING*

The smartest and safest way to stay in touch when driving, a Bluetooth® system enables hands-free connectivity and Bluetooth® audio streaming* when you link your compatible mobile phone.

*Available on SSS model only. SSS model shown.

INTELLIGENT KEY AND PUSH BUTTON START/STOP*

Forget fishing around for your keys. The Intelligent Key stays in your pocket or bag and will automatically unlock the vehicle when you press the button on the door handle. Once you're in, simply push the start/stop button to have the engine purring immediately.

INTEGRATED SATELLITE NAVIGATION*

An integrated next generation satellite navigation system delivers a compiled graphic 3D bird's-eye view, via a 5.8" colour touchscreen. It's also fitted with an Eco Route function that identifies the most fuel-efficient route to your destination.

REAR-REVERSING CAMERA*

You'll never have to worry about unseen rear obstacles again. A rear-reversing camera features distance guidelines, and delivers a 130 degree side-to-side view and a 92 degree top-to-bottom view to ensure smarter, safer, smoother reversing.

POTENT POWER, ENHANCED EFFICIENCY

The all-new Nissan Pulsar Hatch is raring to go, with the very latest in automotive technology; an outstanding, brand-spanking new 1.8 litre 4-cylinder engine, delivering 96kW of power and 174Nm of torque, featuring Twin Continuously Variable Timing Control (C-VTC), beehive valve springs, power valve and high tumble intake ports. Nissan's next-generation Xtronic Continuously Variable Transmission (CVT)[^] with Auxiliary gearbox produces seamless, responsive acceleration, as the stepless transmission's almost infinite number of gear ratios eliminates the shift shock between gear changes usually experienced with automatic transmissions. The result is super smooth, responsive acceleration with no loss of power. Add to all that impressive fuel economy of just 6.7 litres per 100km*, (over 700km on a single tank**), and you've got an engine that not only delivers powerful acceleration and effortless cruising, but incredible efficiency as well. Perfection.

ST model in Cayenne Red.

[^] Optional on Nissan Pulsar Hatch ST, STL and CVT with M-Mode (Manual Mode) optional on ST-S and SSS

* CVT ST model. Figures have been calculated in accordance with ADR81/02.

** CVT ST model. Actual fuel consumption will vary depending on driving conditions, driver behaviour, the condition of your vehicle and the accessories fitted.

SAFETY, LEAVE NOTHING TO CHANCE.

The all-new Nissan Pulsar Hatch possesses the latest safety technologies designed to assist in the prevention of collisions and to protect you and your passengers should an accident occur.

6 AIRBAGS

Dual front, dual side and dual curtain SRS airbags will protect the driver and passengers in the case of a front or side impact.

VEHICLE DYNAMIC CONTROL (VDC)

VDC compares the actions of the driver with the current vehicle behaviour and selectively brakes individual wheels and controls engine power, to help keep the car on its intended path.

TRACTION CONTROL SYSTEM (TCS)

On low friction surfaces to help prevent wheel slip, TCS responds by reducing throttle or applying brake pressure to help improve traction.

ANTI-LOCK BRAKING SYSTEM (ABS)

In the event of an emergency situation, ABS modulates the brakes to help the driver maintain stability and steering control as well as preventing the brakes from locking.

BRAKE ASSIST & ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

Brake Assist senses emergency braking and automatically helps to apply maximum braking pressure if needed. Meanwhile, Electronic Brakeforce Distribution automatically varies the braking force in accordance with load distribution to maximise stopping power.

my nissan

A complete ownership experience to help you get the most out of your Nissan. It includes the following:

3 YEAR /100,000KM WARRANTY.
Receive assurance with a 3 year/100,000km warranty with the option of extending it further for up to 6 years.

THE SIMPLY OUTSTANDING SEDAN

The all-new Nissan Pulsar is also available as a sleek and stylish Sedan. Distinguished new contours and striking new profile character lines, highlight chrome window surrounds and door handles, all of which are set off by slender side mirrors with embedded razor indicators. The Nissan Pulsar Sedan ST and ST-L feature 16" alloy wheels, while the Nissan Pulsar Sedan Ti is equipped with 17" alloys, rear privacy glass, LED-bordered Xenon headlights (which automatically turn on for dusk, night or tunnel driving) and a statement rear spoiler. Across the range, the imposing exterior design belies powerful performance and functionality, with the redesigned contours working to dramatically reduce drag and ensure quieter, and more efficient running. The all-new Nissan Pulsar Sedan is the embodiment of seductive design and stand out performance.
