

OPEL ASTRA

Wir leben Autos.

INNOVATION TO THE POWER OF TWO.

The new Astra line-up is the best-looking we've ever built. It's also the best-equipped. Whether Hatchback or Sports Tourer, your new Astra is full of technological innovations. It brings category-leading feature options and outstanding design to the compact class. Two new Opel Astras have never turned more heads.

Astra Select Hatch and Astra Select Sports Tourer shown with optional Prestige Package, optional Navigation Package and accessory alloy wheels available at extra cost

THE MILESTONE THAT KEEPS MOVING.

The Opel Astra Hatchback is one of the world's most stylish compact cars, thanks to a dynamic new design. What's more, the name Astra stands for reliability – and has an award to prove it.* It's also packed with innovations. With advanced driver aids like the third-generation Adaptive Forward Lighting (AFL+) system to practical perks like electric park brake, the new Astra has the features that makes a category leader stand out.

**Best individual ranking* 2012 awarded by the DEKRA Used Car Report 2012 to the Astra line-up ahead of 230 other used cars. DEKRA is one of Germany's leading institutes for the assessment of long-term vehicle quality.

Astra Select Hatch shown with optional Prestige Package and accessory alloy wheels available at extra cost

YOUR TURN TO TURN HEADS.

The new Astra Sports Tourer has the style to go with the storage. Its powerful body sculpting lays down a marker in this category, and behind that distinctive tailgate there's a boot that stretches to 1,550 litres. Wherever you look inside and whatever you want to do, the Sports Tourer has an innovation or option to help you do it, including Opel's trademark push-button electric FlexFold rear seat mechanism. The Sports Tourer is a cinch to load and organise but, above all, it's a pleasure to drive.

Astra Select Sports Tourer shown with optional Navigation Package and accessory alloy wheels available at extra cost

MAKE EVERY DRIVE A MOVING MOMENT.

In the compact class, the interior of the new Astra is a class apart. Whichever body style you choose, your everyday ride comes comfort-wrapped. Driver and passengers are cocooned in a roomy, beautifully laid-out cabin designed with just one priority: you. Enhanced materials and the ergonomic dash layout add to the sense of well-being. Especially if you do a lot of driving, the Astra offers optional extras that you don't often find in this category. You can choose ergonomically designed sports seats with AGR certification, or Bi-Xenon headlamps with award-winning AFL+ technology and signature LED daytime running lamps. A standard voice-controlled Bluetooth mobile phone system keeps you connected.

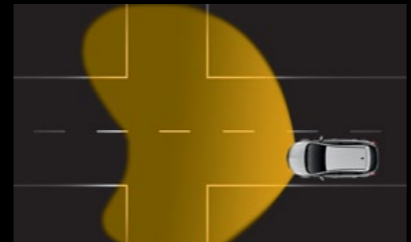

Astra Sport Hatch shown with optional FlexRide adaptive chassis control available at extra cost. iPhone and iPhone docking cable not included

➤ HEADLIGHTS WITH FORESIGHT.

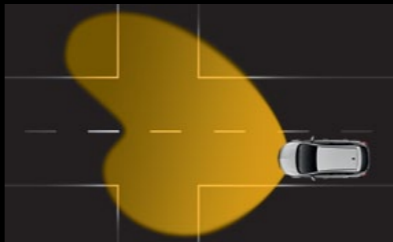

Intelligent driver aids are the hallmark of the new Astra. It's the first car in its class to offer intelligent Bi-Xenon Adaptive Forward Lighting Plus (AFL+¹) headlights, the third generation of the award-winning² AFL+ system from Opel. AFL+ makes driving at night just as comfortable as during the day. It uses a front mounted camera, a rain sensor and the steering to improve visibility and safety, automatically adjusting the direction and strength of your headlights to suit different speeds, manoeuvres, weather conditions and traffic situations.

Daytime Running Lights. LED daytime running lights make driving safer by catching the attention of other road users.

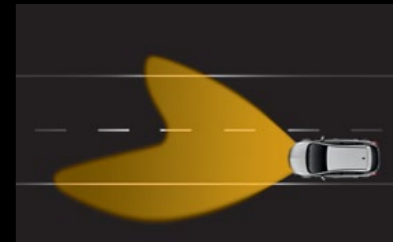

¹Available on Astra Select as part of the Prestige Pack and optional on Astra Sport only.
²The Allianz Genius 2010 safety prize, awarded by German insurer Allianz for technology that makes driving safer by reducing the frequency and severity of road accidents.

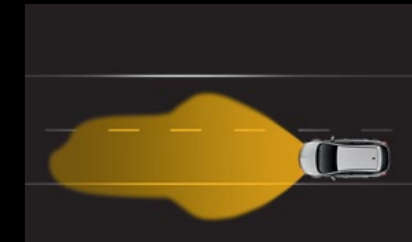

Pedestrian Area Light (up to 30 km/h). Highlights potential hazards with a wider spread of light (an extra 8° left and right).

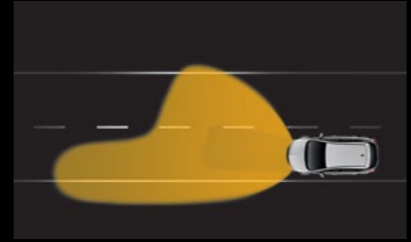

Town Light (30–55 km/h). Spreads the light wider and lower. Activated by vehicle speed and street lighting.

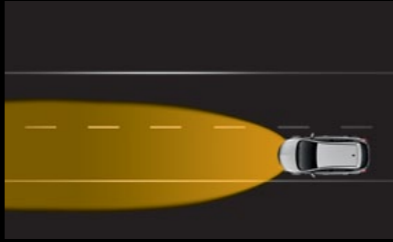

Country Road Light (55–115 km/h). Wider and brighter than normal, for a 70-metre dazzle-free beam.

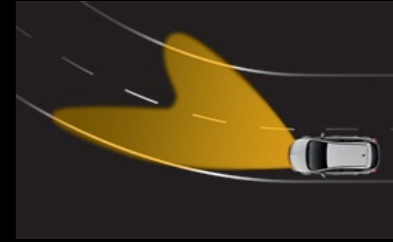

Highway Light (over 115 km/h). Raises, brightens and extends the beam to 140 metres – without dazzling other drivers.

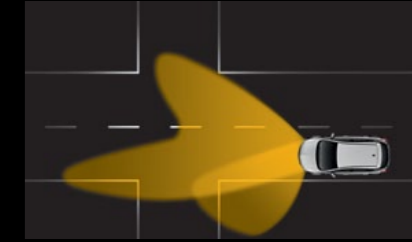

Adverse Weather Light (up to 70 km/h). Activated by wipers or a rain sensor, this setting improves vision in wet weather.

High Beam with Assist (over 40 km/h). AFL+ automatically switches from high to low beam when it detects traffic ahead – and back to high when the road is clear.

Dynamic Curve Light (any speed). The headlights turn into the curve by up to 15°. Activated by steering angle and speed.

Static Cornering Light (up to 40 km/h, also works in reverse). Throws light 90° to the left or right, so you can better see what's around the corner.

➤ SOME THINGS YOU CAN LEAVE TO YOUR ASSISTANTS.

The new Astra line-up offers a host of clever, state-of-the-art electronic driver aids to make driving, parking and hill starts a whole lot easier – and safer too. All are easy to use and designed 100% around you.

Navi900. An available fully integrated satellite navigation system with 3D mapping and voice guidance, displayed on a high resolution 7" colour screen. Also features premium speakers, USB iPod connectivity and a shark-fin aerial.¹

Front and Rear Park Assist. Available front and rear park assist makes parking in any situation stress free.²

Hill Start Assist. Automatically holding your vehicle on an incline until you take off, available automatic Hill Start Assist makes hilly getaways easy.³

¹ Optional on Astra Select models, standard on Astra Sport models
² Optional on Astra, standard on Astra Select and Astra Sport models
³ Standard on Astra Select and Astra Sport models

➤ WE'VE GOT YOUR BACK.

The designers and engineers behind the new Opel Astra line-up put a lot of thought into even the smallest details, and it's those details that make all the difference to your well-being.

Ergonomically designed (AGR) sports seats. These front seats were crafted by Opel and found by independent experts at Germany's prestigious AGR organization to be perfect for your back. They let you separately fine-tune the lumbar cushion in four directions to give your upper body extra support.⁴

⁴ Optional on Astra Select, standard on Astra Sport only

Astra Sport shown with optional FlexRide adaptive chassis control available at extra cost

> A MODE FOR EVERY MOOD.

The ride in every Astra is smooth and stable, and the handling is responsive. If you like to push your car hard through corners, Watt's linkage rear suspension is a given. And if you want to switch ride settings from one trip to the next, FlexRide Adaptive Stability Technology – available as an option on Sport models – adjusts ride settings to suit your driving style.

1. FlexRide technology. With just a touch of the FlexRide button, you can change the whole driving dynamics of your Astra – from 'Sport' to 'Tour' and back again. Using Continuous Damping Control (CDC) technology, FlexRide automatically adjusts the dampers to give you excellent road holding.

In 'Tour' mode, it chooses the best settings for gentler, straight-line driving. Switch to 'Sport' mode and it instantly sharpens the response of the steering, accelerator and automatic transmission (if fitted). It also changes the colour of the ambient instrument lighting – from a cool white to dynamic red.*

2. Superior suspension. For maximum grip and a comfortable ride on curvy roads, your Astra comes standard with a Watt's linkage rear suspension system. Watt's linkage stabilises the rear axle by reducing unwanted lateral movement.

*Optional on Astra Sport only

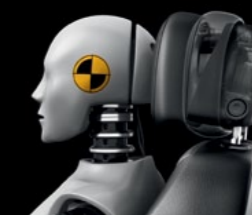

> SAFEGUARD YOUR INTERESTS.

Astra is a showcase for Opel's high-tech safety features, with active and passive technology delivering invaluable peace-of-mind.

Astra combines advanced electronic options with proven safety features like front, side and curtain airbags and reinforced passenger safety cell with pre-defined deformation zones. Standard kit includes active-safety front seat head restraints and a Hill Start Assist feature on some models; this helps prevent you inadvertently rolling back on a slope by keeping the brakes applied until just the right moment. Dual front seatbelt pre-tensioners and Opel's highly effective pedal release system appear on all versions.

Active-safety front seat head restraints.

Minimise the risk of whiplash injury and guard against other head and upper body injuries.

ENGINES AND TRANSMISSIONS.

For Astra drivers, the wide choice of engines is one of the attractions of the new line-up. With 2 petrol and a diesel variant to choose from, the next decision would be what moves you. An efficient engine that helps cut your CO₂ emissions or a more powerful unit. Whichever Astra engine you choose, reliable German engineering is guaranteed.

ENGINES

WHEELS AND TYRES.

5-spoke, 10-spoke, aggressively sporty or luxuriously elegant. Just like with the Astra engines, there's an impressive choice of wheels to match your Astra's style-led body.

Alloy wheel, 6.5 J x 16", tyres 205/60R16 (with petrol) or 215/60R16 (with diesel) (RRZ). Standard for Astra

Alloy wheel, 7 J x 17", 10-twin-spoke design, tyres 215 (225)/50R17 (PXS). Standard for Astra Select. Standard on Astra Select from production Sep 7 onwards. Optional as part of luxury package on Astra

Alloy wheel, 7 J x 17", 10-spoke design, tyres 215/50R17 (with petrol) or 225/50R17 (with diesel) (PGQ). Standard on Astra Select until production Sep 7

Alloy wheel, 8 J x 18", tyres 235/45R18 (PTW). Standard on Astra Sport

Alloy wheel, 8 J x 19", 5-spoke design, tyres 235/40R19 (Q1D). Optional on Astra Sport

EXPRESS YOUR INDIVIDUALITY.

Genuine Opel accessories are the right choice for your Astra. Whatever you're into, we're certain there will be an Opel Accessory with your name on it, all fitted by trained Opel professionals. We've only featured a small selection of what's available here, so please check with your Opel dealer for information on full accessory availability or visit our website at www.opel.com

1. Cargo tray. Protect your Astra's load area against messy loads with this sturdy boot liner. Specially designed for a tailored fit, it provides maximum protection yet is easily removed for cleaning.

2. Load-restraining floor net. Safeguard your load area and its contents: our elastic restraining net attaches to built-in lashing eyes and is designed to stop large items sliding around in the luggage area.

3. Thule surfboard carrier. Used in conjunction with the Opel base carrier, these quality systems, manufactured by Thule, open up a range of attachments from roof boxes to surfboard carriers to be transported on the roof without damaging your vehicle.

4. Floor mats. Both rubber and velour floor mats (illustrated) are available for your Astra. Both styles sport an Astra logo and have unique fixing points which help keep them firmly in place.

5. Rear Roof Spoiler. This rear roof spoiler is available to add a sporty flair to your Astra.

Further accessories include:

- Smoker Pack
- Front passenger seat net
- Alloy wheels
- Alloy wheels locking nuts
- Alloy look sports pedals
- Door sill covers
- Rear parking distance sensors

Opel Service.

Australia-wide Customer Service.

Throughout Australia, our Opel dealerships are ready to provide professional, quality and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. Each dealer has invested in facilities, training and equipment, as well as dedicated staff to ensure that you can enjoy your Opel motoring with 'total peace of mind'. The dealerships' factory trained technicians know and understand your Opel, better than anybody else. You can be confident that your vehicle's service and maintenance requirements are being looked after in the best possible way. This includes using only Opel Genuine Parts with any service or repair, as well as coming with the assurance of the nation-wide Opel dealer warranty on both parts and labour.

Opel Service Plus.

Your new Opel comes with our complete service package – Opel Service Plus. Opel Service Plus covers the scheduled servicing of your Opel for the first three years, or 45,000kms of travel (whichever comes first). Opel Service Plus gives you the confidence of knowing what the scheduled servicing costs will be for the next three years, combines with the knowledge that your Opel is being looked after by the Opel Service network.

Opel Service Plus

Opel Assist Plus.

Every new Opel comes with Opel Assist Plus, our complimentary premium three year Roadside Assistance program. No matter where you are, you will be covered 24 hours, 7 days a week, with services such as breakdown assistance, vehicle towing, or changing a tyre.

New Vehicle Warranty.

The details of your new vehicle warranty coverage may be found on the Opel Australia website www.opel.com

Parts and Accessories Service.

Opel parts and accessories are available at your local Opel Dealership, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.
