

NEW PEUGEOT RCZ

FORCE AND **DISTINCTION**

A perfect combination of elegance and power, the New RCZ has evolved into a truly sleek and exclusive vehicle. Maintaining the audacity it demonstrated as a concept car, it has reinvented its uniqueness with strength and subtlety. The New RCZ is the ultimate combination of mechanical strength and sophistication.

STYLE AND SEDUCTION

The New RCZ adopts an even more dynamic and distinctive style than its predecessor. Signature LED lights complement the new-shaped Xenon headlights; and a redesigned front face is crowned by a double bubble roof and distinctive roof arches. Details you just won't find on any other car.

The muscular rear bumper of the New RCZ is a perfect companion to the sporting rear tailpipe and active rear spoiler. The RCZ GT demonstrates yet more sporting finesse with stunning 19" alloy wheels.

A landscape photograph of a golf course. In the foreground, a dark, blurred green fairway leads to a light-colored sand bunker. Behind the bunker is a lush green fairway, and further back is a dense line of trees. The sky is filled with dramatic, dark, and textured clouds, creating a moody atmosphere.

PURITY AND **EMOTION**

PRECISION AND **AGILITY**

The New RCZ delivers precision handling and absolute driving pleasure at the highest level. Immerse yourself in the New RCZ's elite cabin and feel its low centre of gravity, giving you more responsive steering and control on corners. An active rear spoiler also optimizes agility and strengthens downforce.

FEELING AND COMFORT

Inside, the New RCZ perfectly matches its sophisticated exterior. Stylish sports seats give the feeling of being in perfect harmony with the car. The stunning soft-touch steering wheel and perfectly positioned instruments enhance the sense of control and comfort. This atmosphere is further augmented by the sound quality of the acoustics making the comfort level remarkable.

A high-angle, close-up photograph of the driver's side interior of a Peugeot RCZ. The steering wheel is black with a silver Peugeot lion logo in the center and 'AIRBAG' printed below it. Behind the wheel, the instrument cluster features several analog gauges with blue backlighting and a central digital display showing '0'. To the right, the dashboard and center console are visible, including a 7-inch touchscreen navigation system at the top, circular air vents, and a control panel with various buttons and knobs. The seats are upholstered in black leather with tan leather accents on the lower portions. The overall lighting is dim, highlighting the textures and metallic accents of the interior.

REFINEMENT AND PLEASURE

Your journey begins the moment you sit in the refined cockpit of the New RCZ. The sleek and fluid lines of the dashboard tie-in beautifully with the car's sultry exterior and leather trim further accentuates the curves. The indulgence levels of the New RCZ rise when you combine the above with fully interactive satellite navigation, a high-res 7" screen, plus USB connection and Bluetooth.

QUALITY AND **DETAIL**

In the New RCZ, sophistication is everything. You'll sit low on luxuriously comfortable electrically-heated leather seats. Meticulous care and attention ensures that every aspect of the New RCZ is of a high standard.

Aesthetic qualities are combined with practical ones in the New RCZ. Two back seats are perfect for the occasional 3rd or 4th passenger. Their carefully sculptured design is in harmony with the front seats, while the double bubble roof accentuates the space available.

AESTHETICS AND **SPACE**

DESIGN AND **VOLUME**

The boot of the New RCZ offers further practicality, with a generous amount of space (384 litres), as well as under floor storage, making it perfect for weekends away. This can be further increased to 760 litres by folding down the rear seat.

1.6 Litre THP 147kw 6 Speed Manual

This engine works perfectly with the car's chassis. With its maximum torque of 275Nm at 1,700 rpm and maximum power of 147kw at 5,500 rpm the New RCZ offers exhilarating acceleration, with fuel consumption of 6.9L per 100km on a combined cycle plus emissions of 159 grams of CO₂ per km.

1.6 Litre THP 156 bhp 6 Speed Automatic

For drivers who prefer an automatic transmission, the 115kw direct injection turbocharged petrol engine finds a great balance between performance and economy.

2.0 Litre HDi FAP 163 bhp 6 Speed Manual

Our diesel engine option has a maximum power of 120kw at 3,750 rpm and maximum torque of 340Nm from 2,000 rpm. To achieve performance, it features a variable geometry turbocharger with low inertia, high pressure pump and solenoid injectors. This advanced engine achieves fuel consumption of 5.3L per 100 kilometres on a combined cycle, and CO₂ outputs of just 139 grams per kilometre.

DIESEL

SPORTS AND PERFORMANCE

The New RCZ features a range of performance engines, offering torque, power, controlled fuel consumption and surprisingly low CO₂ emissions.

PEUGEOT AND THE ENVIRONMENT

Peugeot is a leading manufacturer of low-emission vehicles* with more than half its global sales for vehicles emitting less than 140g of CO₂ per km. This performance is based on proven technology: the Diesel Particulate Filter.

Launched in 2000, and now equipped in more than 2.1 million vehicles, it reduces particle emissions by 99.99%. Peugeot has also led the way on other breakthrough technologies, including Stop & Start and a new generation of HDi engines.

HDi FAP

This environmentally friendly diesel engine combines HDi technology with a highly efficient emission control system with a Particulate Filter. A self-cleaning device, it processes the gases emitted from the combustion of diesel in the engine. The filter helps to cut down diesel particles, reducing them to the measurable limit (0.004 g/km).

*PSA European leader in terms of CO₂ emissions, with an average of 122.9 grams of CO₂ per km.

CONSUMPTION AND EMISSIONS

Standardised fuel consumption, measured by ADR 81/02	Petrol		Diesel
	1.6L THP 147 kW 6MT	1.6L THP 115 kW 6AT	2.0L HDi FAP 120 kW 6MT
Urban consumption (litres/100 km)	9.1	10.3	6.8
Highway consumption (litres/100 km)	5.6	5.5	4.5
Combined consumption (litres/100 km)	6.9	7.3	5.3
Mixed emission of CO ₂ (g/km)	159	168	139

SAFETY

Braking system and ESP®

To maintain an optimal balance while preserving driving pleasure in difficult situations, the New RCZ has a complete braking system that combines several functions:

- ESP® (Electronic Stability Program / Dynamic Stability Control) with its traction control system (ASR), which acts on the brakes and engine control to limit wheel spin if grip is lost.
- Dynamic Stability Control (DSC) compares stability information continuously to detect any understeer or oversteer; and works to correct it.
- The Anti-lock Braking System (ABS) helps you better control any loss of traction during emergency braking.
- Electronic Brake Force Distribution (EBFD) works wheel by wheel for greater efficiency, particularly when braking in curves.
- Assistance Emergency Brake Assist (EBA) increases the effectiveness of braking when necessary.

Intelligent Traction Control

This ingenious traction control system reinforces classic traction control with a new feature. It helps to identify situations that could hinder grip and the progress of the vehicle on icy or snowy roads. In these circumstances the Intelligent Traction Control system replaces ASR to reduce wheel spin and promote good traction.

Active Rear Spoiler

The New RCZ has an active rear spoiler, which extends automatically as a function of the vehicle's speed or the driver's request, to optimize the flow of air and improve downforce.

Airbags

The New RCZ is equipped with 4 airbags for a high level of driver and passenger protection.

TRIM

FRISSON BLUE/MISTRAL BLACK INTEGRAL LEATHER*

This two-tone leather with a fine and smooth grain and elegant grey and black, echoes the elite sporting world. Mistral black leather covers side portions of the seat while the grey leather Frisson inside visually enhances the appearance of the

bucket seats. The dashboard is covered with leather and enhanced with aluminium inserts creates a contemporary, elegant and stylish interior.

*Option. See price and specification guide for details from your Peugeot dealer.

MISTRAL BLACK LEATHER*

Includes seats, and door panel bands in fine-grained and smooth Mistral black leather, to reinforce the sporty and refined beauty of the New RCZ.

*Option. See price and specification guide for details from your Peugeot dealer

PEUGEOT AND YOU

When it comes to peace-of-mind servicing for your new Peugeot there is no substitute for certainty. Therefore every new Peugeot comes with Assured Capped Price Servicing for 5 years or 75,000km (whichever comes first), which sets a maximum price for each of the first five scheduled service operations. Actual prices may vary from dealer to dealer, but you will not have to pay more than the applicable capped price. Ask your Peugeot Dealer for terms and conditions.

DRIVING DOWN THE COSTS OF SERVICING

Peugeot petrol and diesel engine cars need servicing every 15,000kms or every 12 months, whichever comes first. Technical improvements in Peugeot engine design and lubrication have been passed on, resulting in less time spent in the maintenance bay and fewer service visits. While Peugeot can predict the maintenance needs of engine and other major components, the wearing of certain components such as tyres and brake pads is less predictable and is affected by driving style and conditions. Terms and conditions apply.

3-YEAR /100,000 KM WARRANTY

Should any part of the vehicle require repair or replacement as a result of a manufacturing or material defect within the warranty period, the part will be repaired or replaced completely free of charge by your authorised Peugeot Dealer, regardless of any change of ownership during the period covered. The warranty does not cover items replaced during normal service and maintenance operations, which are subject to wear and tear. During the period you will also automatically receive Peugeot Assistance cover for complete peace-of-mind (subject to the conditions outlined in the Service and Information Booklet).

12-YEAR ANTI-CORROSION WARRANTY

Peugeot vehicles are renowned for their durability and longevity. This is due in part to the sophisticated measures taken during the production process to optimise long-term protection from the elements. Peugeot backs this advanced technology with a 12-year warranty against corrosion-perforation of your car's bodywork (subject to the conditions outlined in the Service and Information Booklet). This is one of the longest body warranties available in the world today.

PEUGEOT ASSISTANCE

Whatever it takes to get you going again, in the unlikely event of a breakdown or emergency, assistance is only a single free phone call away. Peugeot Assistance is free for Peugeot new car owners. The programme includes 24-hour roadside assistance, vehicle recovery, technical advice, message service, home assistance and accident or theft co-ordination. Your Peugeot Dealer has full details of all terms and conditions.

PEUGEOT GENUINE PARTS PROMISE

If your car is in for a service or repair, the parts required to keep your car on the road are Peugeot genuine parts. Using specifically

designed and manufactured parts ensures your Peugeot can operate at peak performance at all times.

IMPORTANT NOTICE

This is a manufacturer's advertisement. Peugeot Automobiles Australia offers this brochure as a general guide to product specifications. Photographs and illustrations in this brochure are for illustrative purposes only. The only difference between the models shown and the models available are that images shown are of left-hand drive vehicles.
