With ESC & ABS for an actively safer drive

S16 FLX – START SOMETHING COOL

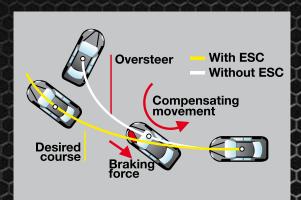

Stand out with the perfect balance of playfulness and cool safety features. The S16 FLX will surprise you with a host of brand new standard features across the range, an absolute joy to drive through the twists and turns of ownership. Plenty of space within for your family and friends. Come on, keep up with cool; there's no better way to go.

SAFETY FEATURES

ESC - ELECTRONIC STABILITY CONTROL

Safety is increased due to the vehicles intelligence to stabilise through detection and reduction of traction loss. Feel safer and in control with ESC across the entire range.

S16 FLX – CVT

CVT - CONTINUOUS VARIABLE TRANSMISSION

The CVT makes each and every gearshift silky smooth. With the added bonus of reduced engine wear, improved fuel economy and eco-friendly emissions.

HOW DOES CVT WORK?

CVT uses a belt rather than fixed gears to turn engine torque into power. This absence of gears means power delivery is incredibly smooth, even under hard acceleration.

Simulates the feel of a standard 6-speed automatic transmission.

ABS – ANTI-LOCK BRAKING SYSTEM Helps keep the car stable under hard braking to prevent accident and injury.

STRUCTURAL INTEGRITY
A stronger, stiffer body shell for your protection.

SRS DUAL FRONT AIRBAGS Reduce the risk of severe injuries in the event of collision.

SPECIFICATIONS & FEATURES

	GX 5 Speed Manual	GX 6 Speed CVT	GXR 5 Speed Manual	GXR 6 Speed CVT
Powertrain				
Engine	Campro IAFM+, 4-Cylinder, DOHC 16V MPI			
Bore & Stroke (mm)	76.0 x 88.0			
Total Displacement (cc)	1,597			
Compression Ratio	10:1			
Maximum Power (kW @ rpm)	80 @ 5,750			
Maximum Torque (Nm @ rpm)		15	0 @ 4,000	900000
