

RENAULT KANGOO

FITS ANYWHERE. DOES EVERYTHING.

DRIVE THE CHANGE

Overseas model shown

KANGOO CAN DO

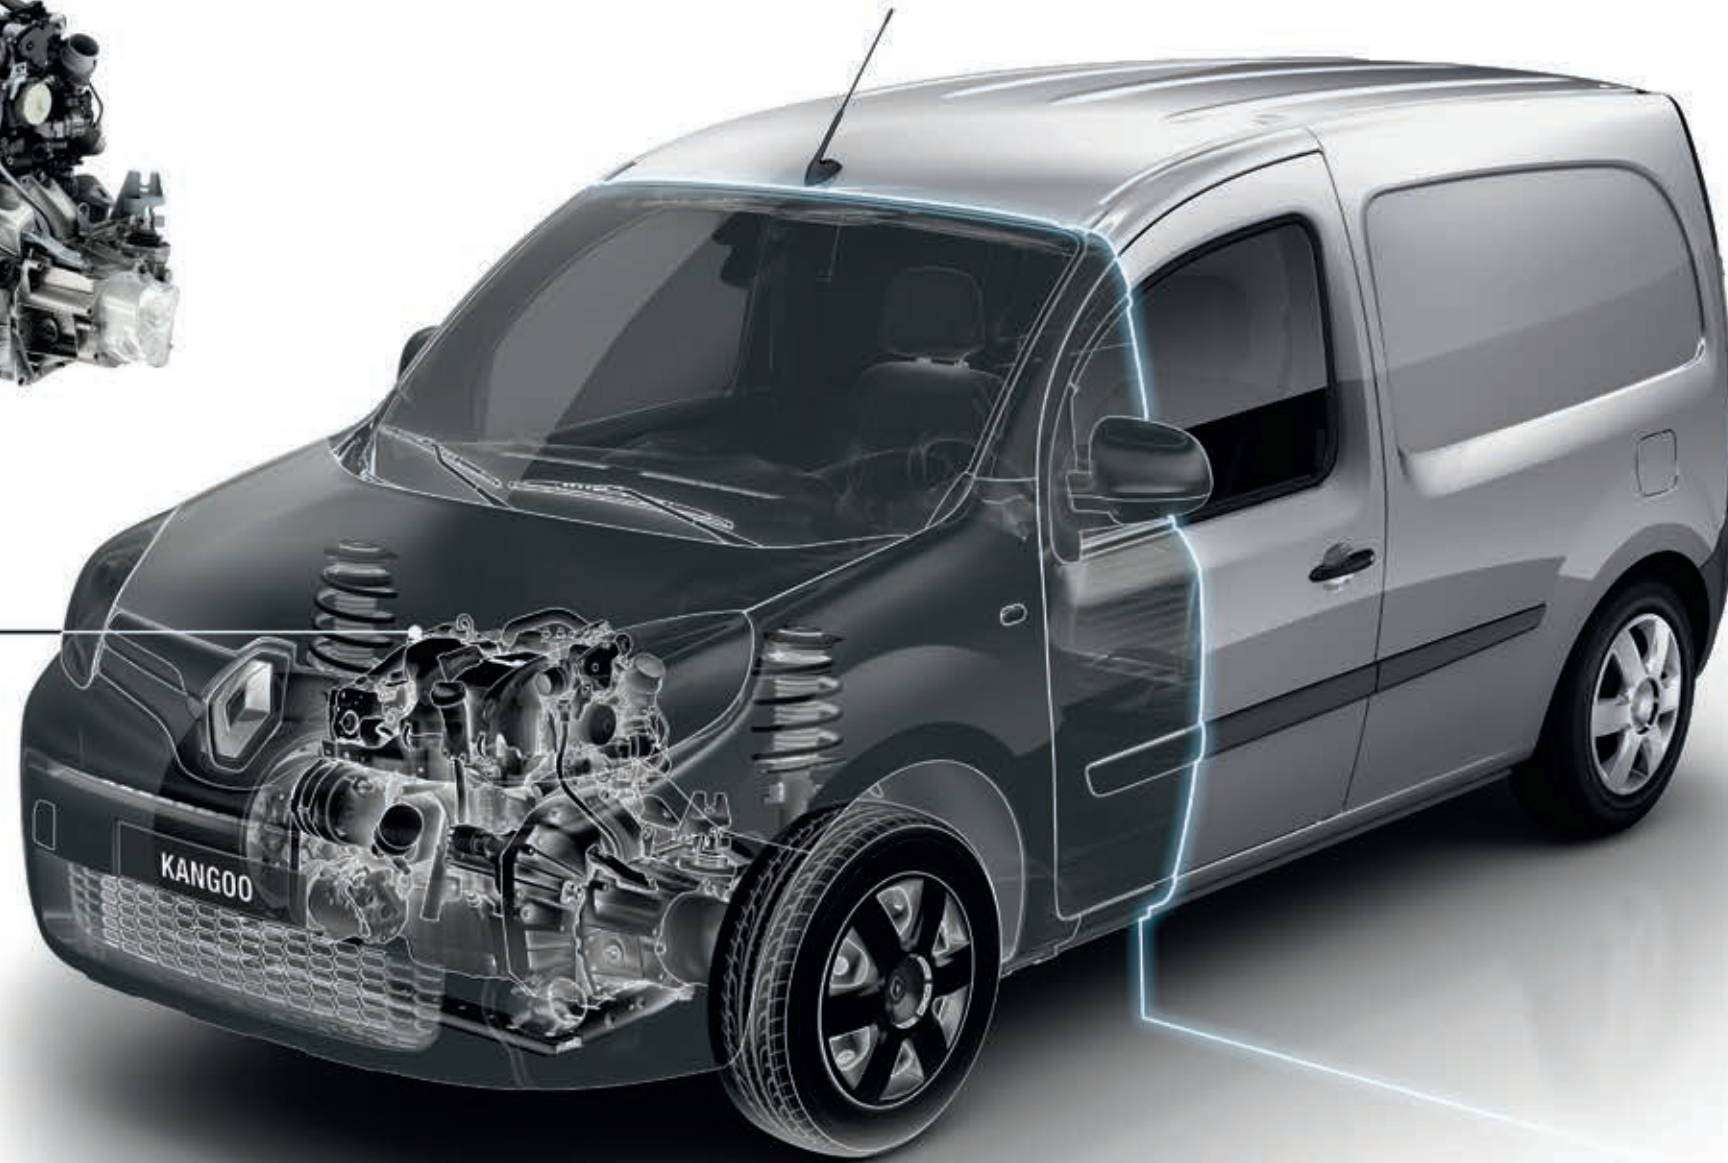

MADE BY THE LARGEST LIGHT COMMERCIAL VEHICLE MANUFACTURER IN EUROPE, IT'S NOT YOUR AVERAGE COMPACT VAN. WITH ITS MODERN STYLING AND GLOBAL CREDENTIALS, THE NEW RENAULT KANGOO IS ANYTHING BUT STANDARD.

The Renault Kangoo was designed to make working in highly urbanised areas easier, safer and more comfortable. Renault was born and bred in Europe, where the cities are renowned for their high density, narrow streets and complex, often chaotic layout. So Renault strove to develop a commercial vehicle that made driving in this environment as stress-free as possible.

The new Renault Kangoo has a small turning circle, vast visibility and wider, shorter body for ease of parking. It's also incredibly comfortable, because in any big city, you could be sitting in traffic for a while. All of the features that make the Renault Kangoo such a stand-out commercial vehicle throughout Europe make it perfect for Australia's busy cities, too. It's even great to drive on longer distances or freeways.

It also comes with all of the technology, practical equipment and safety features essential for a comfortable, safe and productive day behind the wheel. You've got the choice between two wheelbase options, Short Wheelbase and Maxi, for extra load space or extra convenience.

SAVE PRECIOUS RESOURCES: MONEY & TIME

THE NEW RENAULT KANGOO IS A SMALL VAN WITH A BIG WORK ETHIC. IT IS BUILT WITH AN ENGINE THAT IS POWERFUL ENOUGH TO TOW A TRAILER, YET FUEL EFFICIENT FOR URBAN DRIVING.

The efficient and flexible 1.6L four-cylinder petrol engine in the Renault Kangoo SWB models is coupled to either a 4-speed automatic or 5-speed manual transmission. It is tuned to deliver 79kW of power and 148Nm of torque at low speeds and mid-range, with a combined cycle of just 7.7L/100km (manual).[^]

The Renault Kangoo Maxi variant features an economical yet powerful 1.5L diesel engine producing 81kW and 240Nm with a 6-speed manual transmission and impressive combined cycle of only 4.7L/100km.[^]

In a first for an Australian Renault commercial vehicle, the new Kangoo Maxi comes with ECO Mode, a fuel-saving system that improves economy by reducing engine torque and altering the accelerator pedal mapping for more conservative throttle response. Switch ECO Mode on to improve fuel economy in the city by up to 10%. The gear change indicator on the dash alerts you when it's the optimum time to change gear.

As you'd expect from the biggest-selling light commercial manufacturer in Europe, great care has been taken to ensure the Renault Kangoo costs as little to maintain and service as possible. The Renault Capped Price Service program is your reassurance that your services will cost one flat fixed amount for the first three years or 45,000km of your Kangoo's life.

Service intervals are once every 12 months or 15,000km, whichever comes first, which means less time off the road. On top of that, a comprehensive 3-year/200,000km warranty is your assurance that your Renault Kangoo is a valuable, reliable and trustworthy part of your business.

Overseas model shown.
[^]Vehicle tested in accordance with ADR 81/02 based on combined urban/extra urban driving. Actual fuel consumption and CO₂ emissions depend on factors such as traffic conditions, vehicle condition and how you drive.

READY FOR WORK

THE RENAULT KANGOO HAS SIMILAR EXTERNAL DIMENSIONS TO A MID-SIZE SUV, YET ITS INTERIOR SPACE HAS BEEN DESIGNED FOR YOUR WORKDAY, WITH A ROOMY REAR THAT'S EASY TO LOAD AND UNLOAD.

The compact dimensions of the Renault Kangoo make it easy to park, manoeuvre and load. The low 1.8m roof height means easy access to underground car parks, even with a roof rack fitted. The Renault Kangoo Maxi provides an extra 384mm in length and an extra cubic metre of load space. If you need a little extra space at the rear for carrying tall or long objects in the SWB model, the optional Girafon rear roof hatch is the answer.

The Renault Kangoo SWB has a 10.7 metre turning circle, smaller than that of many passenger cars, so performing even the trickiest U-turn is no problem. Both Maxi and SWB models have dual side doors for maximum parking flexibility and safer unloading or loading away from traffic. Choose between tailgate or rear barn doors.

The sturdy construction and highly efficient power of the Renault Kangoo enables a payload of up to 830kg and 4.0 cubic metres of load space in the Maxi and 3.0 cubic metres of load space and up to 611kg payload in the SWB. If you need to tow a trailer, the Renault Kangoo provides 1050kg of pulling power. An impressive 1.22m width between wheel arches in both variants means a full sized pallet can be loaded through the rear doors.

IN SAFE HANDS

CUSTOMERS, DEADLINES, THE NEXT JOB...
 YOU'VE GOT ENOUGH TO WORRY ABOUT AT
 WORK. IF YOU'RE ON THE ROAD EVERY DAY,
 YOU WANT TO BE SURE YOUR VEHICLE GOES
 ABOVE AND BEYOND TO KEEP YOU SAFE,
 SECURE AND WORRY-FREE.

- 2. Cruise control with speed limiter*
- 3. Electronic Stability Control
- 4. Hill Start Assist*
- 5. Security mesh*

*Maxi only
 *Accessory

The new Renault Kangoo is equipped with a high level of safety features. Standard equipment includes Electronic Stability Control (ESC) with ASR (Traction Control), which detects even momentary loss of control and applies individual brakes to the required wheel to correct your trajectory in an instant.

Hill Start Assist on the new Renault Kangoo Maxi makes steep city streets a breeze. Hill Start Assist holds the vehicle's brakes on for up to 2 seconds after the brake is released, making acceleration on steep inclines significantly easier to control and reducing the risk of rolling back.

The Maxi also features Extended Grip, an advanced traction control system that optimises the traction of the front wheels, even when each wheel is on different surfaces for example mud and gravel.

In all Renault Kangoo models, both driver and passenger are protected by airbags and powerful, responsive ABS braking, with extra stopping power when you need it thanks to Brake Assist. The Renault Kangoo's large, wide windscreen provides optimum visibility of hazards and other road users. 'On the move' door locking automatically locks the doors at speeds of 30km/h.

Because the Renault Kangoo knows the importance of staying in contact with head office and clients, the hands-free Bluetooth® system connects to your compatible smartphone allowing simple making and answering of phone calls on the road – legally and safely.

Like all Renault vehicles, the Kangoo's handling is both predictable and responsive. Its compact shape and stance provides extra stability and manoeuvrability with low body roll, keeping your gear safe and secure no matter how out-of-the-way your next job is.

Overseas model shown

A COMFORTABLE OFFICE ON THE MOVE

IF YOU'RE ALWAYS ON THE ROAD, IT'S IMPORTANT TO BE COMFORTABLE, AND THAT'S WHY THE RENAULT KANGOO HAS BEEN DESIGNED WITH COMFORT AS A PRIORITY. ITS SUPREME ERGONOMICS AND ATTENTION TO DETAIL ARE WHY DRIVERS AROUND THE WORLD LOVE THEIR RENAULT KANGOO.

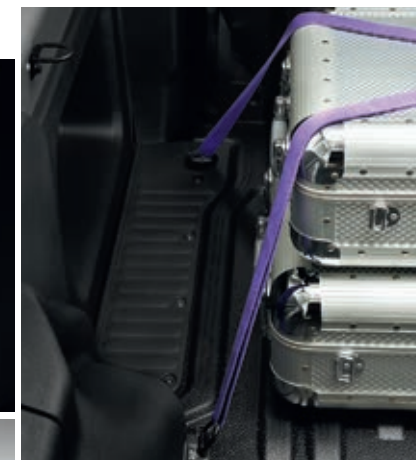

The car-like driving position and controls in the Renault Kangoo are designed for effortless usage and total comfort. The driver's seat is fully height, rake and lumbar adjustable. In the Renault Kangoo SWB, choose between the 5-speed manual transmission that transitions smoothly between gears, or the 4-speed automatic transmission that anyone can get behind the wheel of.

You're protected from driving noise thanks to extensive engine and chassis sound deadening. Suspension in the seats make even rough or unsealed streets feel smooth.

OUR QUALITY: YOUR PEACE OF MIND

WHEN YOU PURCHASE A NEW RENAULT WORK VEHICLE, YOU CAN BE SURE IT WILL GIVE YOU YEARS OF ENJOYABLE, WORRY-FREE MOTORING, BACKED BY A TRUSTED AND RELIABLE BRAND.

COMPREHENSIVE WARRANTY

Renault has been building and racing motor vehicles for more than 100 years. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell.

We're so confident of the quality of your new Renault Kangoo, we back it with a 3-year/200,000km warranty.

24/7 ROADSIDE ASSISTANCE

Renault's 24/7 Roadside Assistance is there to help you for the length of your new vehicle warranty. Just call 1800 009 008 and we'll arrange the assistance you need to get back on the road. The service is available 24 hours a day, 365 days per year and covers you right across Australia.

Your Renault Kangoo comes with 3 years of 24/7 Roadside Assistance.

REPAIR & SERVICE COURTESY VEHICLES

To minimise your inconvenience while your vehicle is undergoing maintenance or repairs, our authorised Renault Dealers have low cost loan vehicles ready and waiting for you. Simply book a loan vehicle in advance when you book your Renault in for service with your dealer.

EUROPE'S LEADING LCV MANUFACTURER 15 YEARS AT NO. 1

With over 115 years at the forefront of automotive expertise, Renault has extensive LCV manufacturing expertise and the largest LCV market share in Europe, with over 300,000 buyers per year.

Renault Light Commercial Vehicles are so popular because every vehicle has been carefully designed to combine practicality, productivity and style, and add value to our customers' businesses.

CAPPED PRICE SERVICING

Enjoy lower maintenance costs for your first 3 years behind the wheel of your Renault Kangoo thanks to Capped Price Servicing. One flat rate of \$349 covers the cost of all genuine parts, lubricants and labour required for standard scheduled maintenance services.

And because your vehicle is your business, Renault light commercial vehicles only require servicing once every 12 months or 15,000km (whichever occurs first), not every six months like many other manufacturers, to minimise time off the road.

RENAULT EXPERTISE

Everywhere, at every stage in your vehicle's life, the Renault dealer network is with you. We provide:

- Personalised reception and advice
- Registered Renault Factory Trained Technicians (COTECHs)
- The use of only Genuine Renault parts
- The Renault 1-year parts and labour guarantee for all repairs carried out by a Renault dealership
- Equipment and tools specially designed for your Renault
- Clear, simple and transparent pricing structures
