Renault MEGANE Hatch

Designed trackside

Stylish design. Innovative technology.

Combining French design and attention to detail with European technology, engineering and driving dynamics, Renault Megane Hatch brings the flair and performance this segment has been waiting for.

Renault Megane Hatch is a true driver's cars that is just as happy performing your daily driving duties.

Stunning inner beauty.

As you would expect from a French car brand, the attention to detail within the cabin is very deliberate with meticulous design. The dash is sleek with a non-scratch and soft-to-touch finish. Upper door panels and the console are all presented with either supple leather or light-weight Alcantara padding.

Although there's little chance you'll ever let someone else drive, there is excellent rear leg and head room – plenty of room for two adults should you need it.

Stand out from the crowd

1.

MEGANE R.S. performance

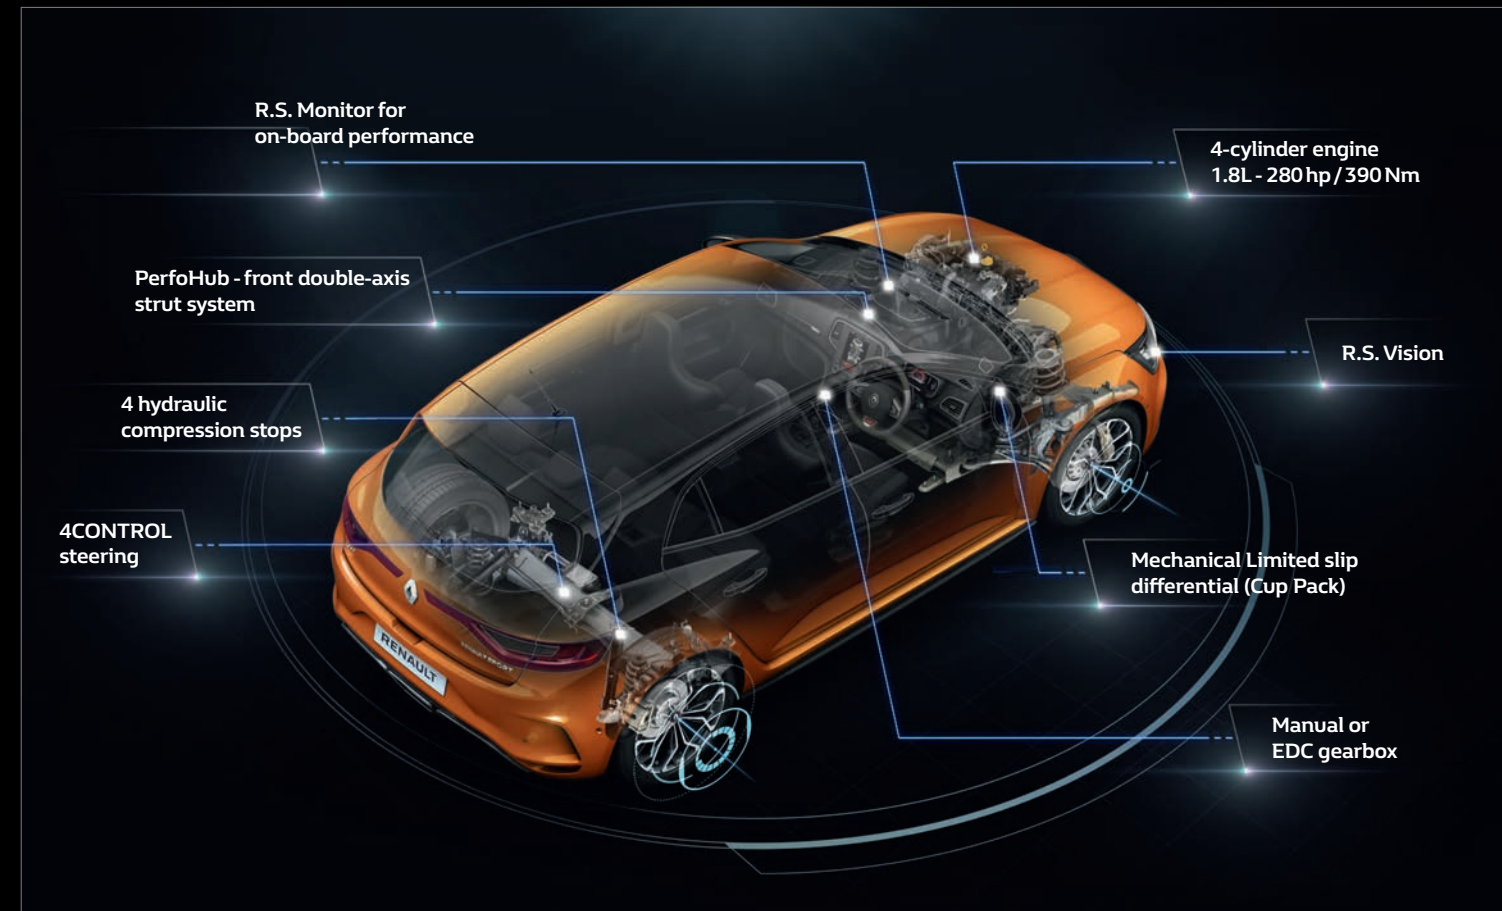

New Renault MEGANE R.S. benefits from the know-how of Renault Sport in adapting motorsports technologies to production sports vehicles. It features in-car equipment on a par with the best in class and a range of driving aids for any type of road and any situation.

1. Suspension with hydraulic compression stops: With the integration of four hydraulic compression stops, the shock absorbers absorb impact better. This technology delivers spectacular results in terms of progressive control, comfort and performance.

2. New Torsen® limited slip differential: associated with the Cup Pack, it has an asymmetrical transfer rate for acceleration and deceleration to improve acceleration power and cornering speed.

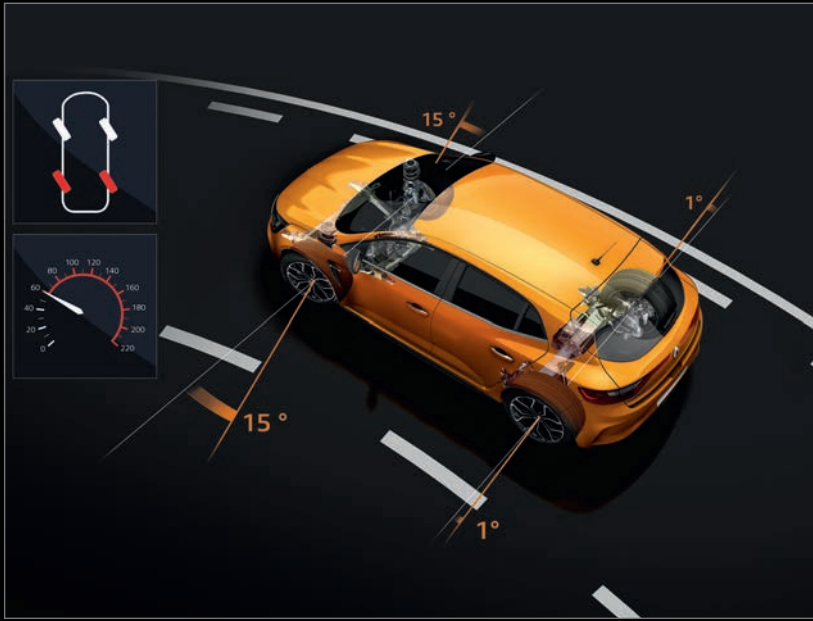

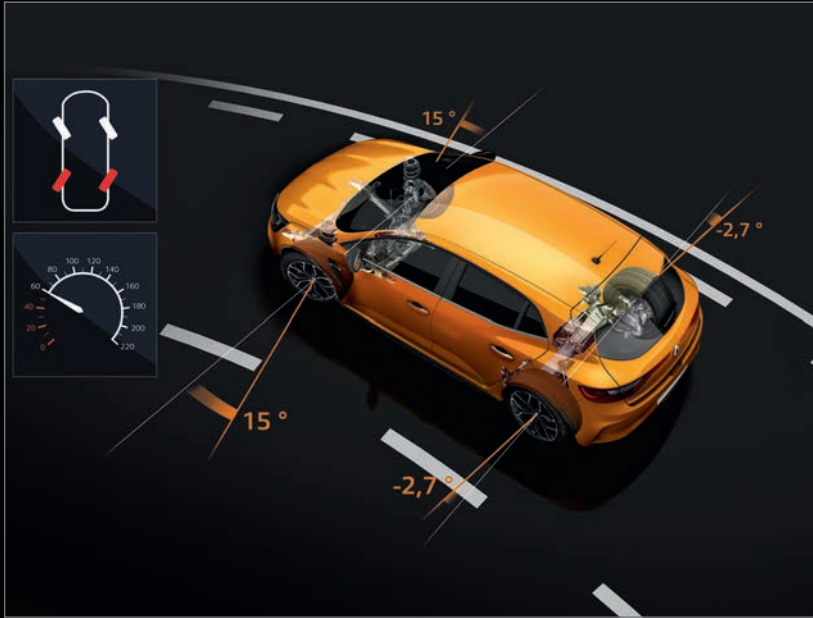

2.

Agility and Stability

4CONTROL, standard on the Megane GT and Megane R.S contributes to incisive steering and optimised roadholding for a precise, surefooted drive. At low speeds, the system turns the rear wheels in the opposite direction to the front wheels. At speeds of over 60kph, all four wheels turn in the same direction.

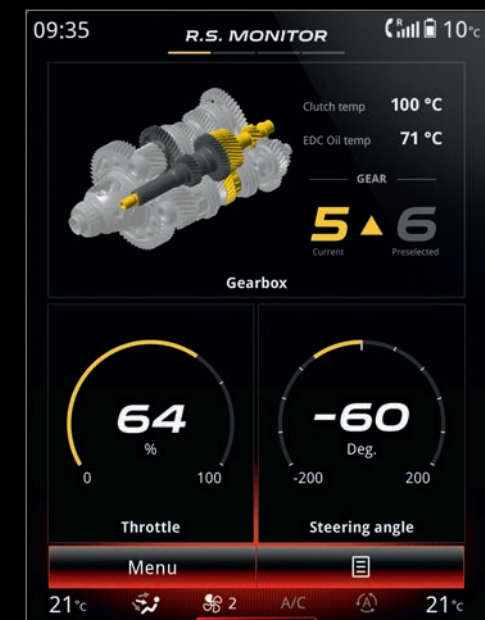

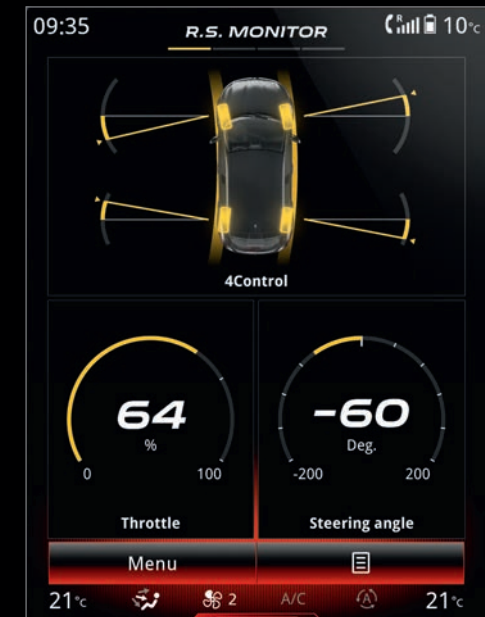

Real time telemetry

Your driving talents deserve to be recognised! The onboard R.S. Monitor[^] stores your vehicle telemetry in real time on the 8.7" portrait touch screen. From 4CONTROL wheel angle to recommended gear changes for maximum engine performance - the New MEGANE R.S. keeps you ahead of the game.

[^]R.S. Monitor only available on Megane R.S.

Sporty and safe

With its many driving aids, Renault MEGANE allies sporting performance with safety. It also features parking sensors, lane departure warning and emergency braking assistance.

1. LED daytime running lights with 3D Edge effect.

2. Blind Spot Warning: uses sensors on either side of the front and rear bumpers to warn you of a vehicle entering your blind spot.

3. Adaptive Cruise Control: Easily maintain the appropriate safe following distance between you and the vehicle in front. The adaptive cruise control is activated between 50 km/h and 140 km/h. The system applies the brakes when the distance is too short and the accelerator when the road is clear again.

Comprehensive Warranty

Renault has been building and racing motor vehicles for more than 120 years, creating a legacy of invention, innovation and a competitive spirit that drives us to excel. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell. We're so confident that your new Renault will provide you with many years of reliable and enjoyable driving that we're backing our quality promise with a comprehensive 5 years unlimited kilometre warranty.

24/7 Roadside Assistance

As a new Renault owner, you are backed by Renault's 24/7 Roadside Assistance for up to four years when you service your vehicle with Renault, regardless of how many kilometres you travel. Simply call 1800 009 008 and we'll provide the support you need. Available 24/7, 365 day a year, all across Australia.

Servicing

For easy budgeting, enjoy Capped Price Services for the first 3 scheduled maintenance services. Plus, to minimise disruption to your business, authorised Renault dealers also have low-cost loan vehicles available to use. Authorised Renault Dealers have Registered Renault Factory Trained Technicians (COTECHs) and only use genuine Renault parts, equipment and tools specially designed for your Renault. There is also a 1 year parts and labour guarantee on all repairs. With a clear, simple and transparent pricing structure for all servicing, Renault provide reassurance, when you need it most.
