**>> As unmistakable as ever
and now even more expressive.**

With thousands of ideas compressed into 2.69 metres and millions of fans all over the world, the smart fortwo has redefined urban mobility. Today it is a familiar sight on the roads of cities around the world. Now the great smart fortwo concept has been made even better with the dynamic design giving it an even more expressive look – from every perspective.

>> Think big, drive small.

The smart fortwo online is sportier than ever. Its extra-wide air inlets and the special honeycomb structure lend striking contours to the new smart face. The smart logo now takes pride of place in the new silver radiator grille.

**>> A whole
new character.**

A car like no other. The enhanced dynamic styling gives the smart a more powerful road stance. This self-assured look is further enhanced by its striking side skirts, silver rear trim strip and rear heat shield with a honeycomb structure. It leaves other drivers wanting more.

>> Urban elegance at its best.

The smart fortwo online is now more stylish than ever, making it just the thing for taking the city by storm. Featuring silver accents on the radiator grille, exterior mirrors and rear trim strip to ramp up the style. What's more, the 9-spoke alloy wheels never fail to catch the eye. Experience a new look that sets new standards!

>> The interior: looks big, feels huge.

The smart is surprisingly spacious. Its black fabric transforms the entire interior into a feel-good zone. The seats, door trim and kneepads boast high-quality fabric elements co-ordinating with the upholstery and contrasting with the components in pearl grey.

>> A car designed for connoisseurs. Just like you.

The body panels are available in four different colours, making your smart fortwo every bit as individual as you are. The signature smart biocolour look is created by the contrasting paintwork of the tridion safety cell. With the smart fortwo, you really are what you drive.

The body panels: in crystal white, deep black, rally red or silver metallic.

The tridion safety cell: the silver tridion safety cell is available with red or black body panels. The black tridion safety cell is available with white or silver body panels.

Soft top colour from smart: tritop soft top only available in black.

>> The perfect match?
