Be seduced by the enticing glow of the Forester cabin. With comfort features and contemporary connectivity that invite you to plug in and breathe out. Relax and recharge. Knowing that you are in control.

LIVE GENEROUSLY

A generosity of space, cultivates a generosity of spirit. Maybe that's why Forester is Australia's favourite AWD SUV. A luxurious SUV with a cult-like status and a passion that's contagious.

COMFORT ZONE

The Forester delivers a spacious cabin with a level of soft touch interior luxury that belies its rugged performance. Up front, the ergonomically designed cockpit puts the driver in the perfect position for the Multi-Function Display and rear view reverse camera. Generous storage throughout includes moulded door pockets with bottle holders and a rear retractable centre armrest with integrated cup holders. Rear passengers can enjoy ample leg room, while the reclining rear seat function provides additional levels of comfort. Heater ducts in the rear are also standard and there's a retractable centre console on all models. The cargo area offers abundant space for all your cargo needs, plus the versatility to fold the rear seats flat or in 60/40 configuration should you need to move something sizeable.

For ultimate comfort, Forester 2.5i-S, 2.0XT Premium and 2.0D-S boast leather¹ seats coupled with heated front seats, an eight-way power adjustable seat for the driver, push button start and a powered rear gate for easy access to your cargo at the push of a button, no effort required – so you can save your energy for climbing those mountains or shopping up a storm.

ADVENTURE SEEKING

Born from the mud, sweat and cheers of the world rally circuit straight to your driveway. The fourth generation Forester has been race bred and fine tuned over thousands of kilometres of gravel and bitumen. Refined with precise handling, the Forester sets a new benchmark in SUV performance.

A WINNING PERFORMANCE

If ever you needed an excuse to take the longest route from A to B, this is it. The Forester takes adventure in its stride. Choose your level of excitement and control with Forester variants including Lineartronic™ Continuously Variable Transmission (CVT) or an easy to drive, six-speed manual transmission developed to deliver improved driveability and a quieter ride.

When the going gets tough, engage Forester's new X-Mode, standard on all CVT models, and the vehicle takes control to adjust the speed on steep slopes for better grip and traction in slippery conditions. Also designed to let you select your driving mode of choice is Subaru Intelligent Drive (SI-Drive), available on selected models. In Forester 2.0XT and 2.0XT Premium SI-Drive offers three distinctive driving modes. Intelligent (I) mode for everyday, Sport (S) for enhanced acceleration or SportSharp (S#) for an exhilarating drive.

Auto Stop Start engine technology, standard on all naturally aspirated petrol models, takes petrol engine efficiency to a new level while meeting EURO5 emission standards by automatically stopping the engine and then restarting it in a fraction of a second with no driver intervention required. The fuel savings and engine stop time delivered by this system can be monitored on the Multi-Function Display.

For the ultimate thrill-seeker, the Forester 2.0XT and 2.0XT Premium delivers the ride you're looking for. With a high performance turbocharged direct injection Subaru Boxer engine, superior aerodynamics, striking 18" alloy wheels, and sports styling, the XT models are the pinnacle of the Forester range.

CLOCKWISE:

- X-Mode enhances off-road ability - available on all Lineartronic™ CVT models
- Paddle gear shift (Forester 2.5i-L, 2.5i-S, 2.0XT and 2.0XT Premium), SI-Drive (Forester 2.0i-L, 2.5i-L, 2.5i-S, 2.0XT and 2.0XT Premium) and cruise controls (all models) on steering wheel
- Distinctive 18 inch alloy wheels - Forester 2.5i-S, 2.0XT, 2.0XT Premium and 2.0D-S
- Premium Multi-Function Display
- Tail pipe cover - Forester 2.0i-L, 2.5i-L, 2.5i-S, 2.0XT, 2.0XT Premium and 2.0D-L, 2.0D-S

THINK OUTSIDE THE BOXER

Solid. Brave. Proven. Subaru's Boxer engine design lies at the heart of the Forester. However the innovation doesn't stop there. Every inch of the Forester is a tribute to the boldness of Subaru's visionary engineers.

Consistent across the Forester range is the famous Subaru Boxer engine that has been designed to sit lower and flatter in the engine bay than traditional engines. Due to this unique design it delivers less noise and vibration to the cabin, while the lowered centre of gravity improves stability, cornering and traction with the road. Coupled with the Forester's symmetrical drivetrain, this configuration delivers superior handling confidence, better balance, smoothness and ultimately, outstanding driver enjoyment.

The intelligent drive systems incorporated into the Forester include Electronic Throttle Control (ETC) which seamlessly translates commands from the driver's right foot to automatically select the optimum throttle position for an effortless performance. The ETC system also considers the environment optimising exhaust gas emissions and fuel economy.

Each petrol engine in the Forester range has also been finely tuned to deliver optimum fuel economy, power and torque, via Subaru's Active Valve Control System.

- Forester 2.0i and 2.0i-L feature a 2.0-litre four-cylinder DOHC petrol engine with a Dual Active Valve Control System (Dual AVCS).
- Forester 2.5i, 2.5i-L and 2.5i-S feature a 2.5-litre four-cylinder DOHC petrol engine with Active Valve Control System (AVCS).
- Forester 2.0XT and 2.0XT Premium feature a 2.0-litre direct injection turbocharged, four-cylinder DOHC petrol engine with Dual Active Valve Control System (Dual AVCS).
- Forester 2.0D, 2.0D-L and 2.0D-S feature a turbocharged, 2.0-litre four-cylinder DOHC Diesel engine.

1,000KM¹/1 TANK

MODEL SHOWN: Forester 2.0D-S

Enjoy the weekend adventure and one tank of diesel is all you need to get there – and back again. The grunty performance and legendary fuel economy all add up to a diesel that's All 4 the Driver.™

NO STOPPING

Whether you're exploring the beauty of the coast or roaring down the freeway, the turbocharged horizontally-opposed Boxer Diesel engine means less stops and more fun. With outstanding fuel economy, and an extraordinary driving range, the Forester is capable of travelling over 1,000km¹ on a single tank. All while caring for the environment, by meeting EURO5 emissions standards.

The four-cylinder Double OverHead Cam diesel engine delivers a spirited performance with strong pulling power, while the six-speed manual transmission lets you effortlessly select the right gear for the situation. The sporty Forester Diesel range comes in three variants; Forester 2.0D, 2.0D-L and 2.0D-S.

ALL WHEELS,
ALL OF THE TIME

MODEL SHOWN: Forester 2.0XT Premium

Scientifically conceived. Rigorously tested for the last 40 years. Subaru's iconic Symmetrical All-Wheel Drive system is the pinnacle of superior Japanese technology. Technology that sets you free.

CONFIDENCE UNDER ALL CONDITIONS

The sign of a true performer, is good balance. And when it comes to driving a Subaru, superior balance equals superior vehicle control. That's why Subaru has built its reputation on its Symmetrical All-Wheel Drive (SAWD) system and a symmetrical drivetrain that deliver an innate sense of balance from the ground up.

SAWD delivers engine power to all four wheels simultaneously. Having power distributed across all four wheels, rather than two on conventional vehicles, gives you twice the grip capacity. So under acceleration there's more grip for cornering and more capacity to keep on track through the corners. Ultimately, having the driving force spread across all four wheels means greater control and confidence under all conditions.

The traction and control delivered by SAWD is further enhanced by the Forester's suspension. The wide track rigid front suspension produces more responsive steering and cornering, while the double wishbone rear suspension ensures a smooth, controlled ride with outstanding handling, comfort and quietness.

For you, the driver, it all adds up to an agile and responsive vehicle with optimum balance, control and confidence in a variety of driving conditions.

ANCAP
Safety ★★★★★

SAFETY AS ACTIVE AS YOU

The life you've longed for is active, adventurous, unpredictable. The best times are often those that happen, when nothing's planned. That's because Subaru has planned everything for you. Building active and passive safety into every aspect of your Forester.

CRUNCH TIME

Because you never know what's around the corner, Subaru have made safety an integral part of every vehicle. By incorporating the very latest safety technology, every vehicle in the Subaru range proudly carries the maximum five-star ANCAP¹ crashworthiness rating for occupant safety. The ring-shaped passenger cell is made from high-tensile strength steel, which directs impact energy around the passenger compartment, not through it.

Thanks to Subaru's electronic driver assist system, called Vehicle Dynamics Control (VDC), a range of stability and braking technologies step in to maintain safety in extreme situations. By automatically acting on information transmitted from a sophisticated array of sensors, the factors influencing the Forester's stability are constantly monitored to help the driver stay in control.

Subaru Vehicle Dynamics Control incorporates:

- Electronic Stability Control (ESC)
- Traction Control System (TCS)
- TCS Limited Slip Device (LSD)
- Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Brake Assist

Active safety features on the Forester are complemented by an optimum blend of passive safety, designed to enhance driver and passenger protection:

- The Boxer engine sits low in the engine bay to help protect occupants by sliding below the cabin - not into it - in the event of a severe frontal collision.
- Ring-shaped passenger safety cell combines rigid reinforced sections with crumple zones designed to absorb impact energy and reduce injury.
- Seven SRS² airbags - dual front, dual front side, curtain and driver knee airbags.
- Front seatbelts feature pretensioners and load limiters.
- Automatic Emergency Locking Retractors on all rear seatbelts.
- Height adjustable headrests throughout the cabin.
- Rear view reverse camera.

EYESIGHT™ - DRIVER ASSISTANCE VISION

AVAILABLE ON FORESTER 2.5i-L (OPTIONAL),
2.5i-S AND 2.0XT PREMIUM ONLY.

Subaru's renowned technologies now include a new 'driver assist system' called EyeSight™. EyeSight™ is a second pair of eyes that monitors the road ahead and recognises potentially dangerous driving situations. Using three-dimensional images captured by cameras mounted at the top of the front windscreen, EyeSight™ provides audible and visual warnings to prompt the driver to take action. Apart from these built-in driver alert functions, EyeSight™ will also apply automatic braking intervention, when necessary, to help avoid or reduce the severity of a detected frontal collision.

EyeSight™ driver assist features include:

- **PRE-COLLISION BRAKING** provides automatic braking to help avoid or reduce the severity of detected frontal accident impacts. Should the driver be distracted, or just not register the risk of a collision, braking will be automatically applied when a potential frontal collision is recognised by EyeSight™.
- **PRE-COLLISION BRAKE ASSIST** recognises a potential frontal impact, alerts the driver and assists the driver by applying full braking force in a detected emergency-braking situation.
- **PRE-COLLISION THROTTLE MANAGEMENT** reduces available acceleration in situations where the system detects objects in front of the vehicle which the vehicle is likely to impact. The engine output is restricted to reduce the possible impact force and frontal impact damage, and to help minimise injury should the driver mistakenly accelerate when an object directly in front of the car is recognised by EyeSight™.
- **ADAPTIVE CRUISE CONTROL** maintains the speed set by the driver, but also regulates the vehicle's speed in order to maintain a set distance from the car in front. The driver can select from three different distances, based on time and speed, and then the EyeSight™ system will automatically use braking and monitoring technologies to regulate the vehicle's speed in line with the traffic flow.
- **LANE SWAY AND DEPARTURE WARNING** monitors the vehicle's position within the road lane markings and sounds a warning to the driver when it recognises the potential for the vehicle to unintentionally move out of its lane, or when swaying within the lane, is recognised by EyeSight™.
- **LEAD VEHICLE START ALERT** prompts the driver that the vehicle in front is moving away, after being stopped. This effectively alerts the driver, if their vehicle does not start moving, that the traffic ahead is moving again.

EyeSight™ works with Subaru's acclaimed collision avoidance and collision protection technologies, working together to provide improved protection for you and your family.

While EyeSight™ can assist drivers in avoiding or reducing the severity of a detected frontal collision, there is naturally no substitute for driver vigilance, awareness and responsibility. EyeSight™ will see and recognise most objects within its field of vision, however its accuracy may be affected by external conditions and it should not be relied on to detect every potential road traffic hazard.

TO SEE HOW EYESIGHT™ WORKS, VISIT SUBARU.COM.AU TO WATCH THE VIDEO DEMONSTRATIONS. OR FOR ALL OF THE FINE DETAIL, PLEASE REFER TO THE OWNER'S MANUAL.

You catch a fleeting vision in your mind's eye.
Is it intuition? A premonition?
Or is it Subaru EyeSight™ – driver assist technology
designed to act like a second pair of eyes.

SUBARU NEW CAR WARRANTY - THREE YEARS / UNLIMITED KILOMETRES

Whether you're off the beaten track or cruising the open highway, you can rest assured knowing that your new Subaru is covered by a three year unlimited kilometre manufacturer's national warranty.

That's three full years of worry free driving!

For full details and our latest new car warranty information, visit subaru.com.au/service/warranty

But why stop there, when you're sure to have your Subaru for much longer? Protect your investment by purchasing an additional two year Subaru Assured New Vehicle Warranty. Ask your Subaru Retailer for more information.

DATADOT™s®

Every Subaru is fitted with advanced engine immobilisers and the DataDot Theft Deterrent System - DATADOT™s®. Approximately 7,000 microscopic dots are laser-etched with your vehicle's unique Vehicle Identification Number (VIN) - making your Subaru a much less attractive target for potential thieves. DATADOT™s® is a theft deterrent not a theft prevention mechanism. Through publicity, word of mouth and stickers on the vehicle, thieves are discouraged from stealing Subaru vehicles due to the higher chance of successful prosecution when the vehicle or part is found.

SUBARU ASSURED USED VEHICLES

Owning a Subaru that has already traversed highways and byways is like travelling with an old friend. Every Subaru Assured Used Vehicle has passed a 116-point

quality inspection and comes with a one year unlimited kilometre Subaru Assured Warranty - to complement the balance of a new vehicle warranty or the statutory warranty that remains - from participating Subaru Assured Retailers.

MY SUBARU OWNER'S PROGRAM

Purchasing a Subaru is more than just gaining a shiny new vehicle. You're joining a club - one that comes with a range of perks and access to a number of benefits which begin the moment you proudly drive your new Subaru out of the showroom.

MY SUBARU OWNER'S PROGRAM INCLUDES:

→ Subaru Capped Price Servicing

With our first ever range-wide Capped Price Servicing Program you'll be in complete control on, off and beyond the road. Subaru Capped Price Servicing applies for every standard scheduled service during the lifetime of

your vehicle. This means you'll now know the maximum amount you will have to pay for the lifetime of your vehicle's scheduled servicing¹. All with the peace of mind that specialist Subaru technicians will be looking after your pride and joy using only Genuine Subaru parts. Subaru Capped Price Servicing is only available at participating Subaru Retailers.

1. Prices are subject to change. See subaru.com.au for latest capped price information applying to your vehicle.

→ 3-Year Service Plans

With a Subaru Service Plan you will have control over your scheduled service costs by paying upfront. This locks in the price for your first 4 Scheduled Service for a Subaru BRZ 3-Year/60,000Km Service Plan, with no Consumer Price Index increases and no increase in parts and labour charges for the life of the plan.

→ Your 1-Month Health Check & Chat

The 1-Month Health Check & Chat is a free consultation within the first month after delivery of your new Subaru. It allows our factory-trained technicians to provide quick vehicle checks, as well as answer any of your questions, to help ensure an ongoing, worry-free experience.

→ My Subaru - Online Owner's Destination

My Subaru is an online destination for owners which provides access to exclusive benefits, tailored content and much more. Here you can also update your contact information and see your vehicle ownership history.

→ Subaru Roadside Assistance

A peace-of-mind, Australia-wide Roadside Assistance program run in partnership with your local state Motoring Club.
