Aurion Touring embarks on any driving challenge with graceful agility. You could say, it feels effortless. However, what lies beneath is a considered approach where intelligent design choices seek only to complement and enhance performance.

From the sleek refined lines of the exterior to the premium finishes on the inside, each journey you begin will be one you look forward to never ending.

Aurion Touring takes on an aggressive stance with the sports grille proudly positioned front and centre. Next to the grille are the front fog lamps, which are strategically placed to give you greater visibility in difficult driving conditions.

This vehicle is a true testament to understated class thanks to a collection of subtle touches like the unique rear spoiler, which accentuates its powerful stance. Reinforcing the car's sporty personality and performance are the 17" alloy sports wheels with 5-spoke design.

The premium features continue throughout the interior. The 4-spoke steering wheel with electric power assistance makes handling those straight runs and tight turns a pleasure. And with the addition of alloy sports pedals you can now sit back and immerse yourself in a racing-inspired drive.

Test drive Aurion Touring – a car that is confident in exceeding expectations.
