

Camry

Australia's outstanding performer.

toyota.com.au

TOYOTA

Oh what a feeling!

The confidence that comes with quality.

Built in Australia, for the Australian lifestyle, Camry has earned its reputation as the nation's favourite mid-sized sedan.

Smart, spacious and packed with the latest technology, every inch of the 7th generation Camry has been designed for comfort, performance and safety. From the athletic lines and aerodynamic body

shape to the clever technology and quality finishes, this is a driving experience to savour.

There are six Camry models to choose from – four petrol and two hybrid. Whichever you choose, and wherever you're headed, you can rely on Camry to get you there in style.

Crafted to impress.

Sleek, sophisticated and stylish, Camry has been shaped for powerful performance and athletic good looks. The lower front grille and forward sloping wedge shape, for example, boost aerodynamic performance, while the character lines and sharp contours give Camry a striking appearance. And on Atara models, the front sports grille and rear dual

exhaust further accentuate the agile but muscular aesthetic.

Alloy wheels add to the visual appeal and driving dynamics of Camry, while strategically placed aero fins generate a powerful vortex effect to enhance steering response, grip and the all-round driving experience.

Atara SX model shown

Settle in for the ride.

Take a seat in Camry and you'll immediately appreciate the sense of comfort, control and space that only comes from intelligent design and a commitment to quality. From the driver's seat of the Atara SX you're able to appreciate race-bred sports pedals, while Atara SL, Atara SX and Hybrid HL feature a leather accented interior that takes quality and comfort to all new levels.

Beginning your journey has never been easier thanks to keyless Smart Entry and Start system¹, which set the benchmark for technological advancement for the Camry range.

Camry is packed with a range of hi-tech features, including touch screen audio display¹ and surround sound, MP3 and Bluetooth^{®2} connectivity across the range. In the Atara SL and Hybrid HL you will also find a JBL Premium audio system with 7" screen display, Digital Radio³, Satellite Navigation⁴ and traffic avoidance system⁵. So it doesn't matter whether you're driving around the corner or across the state, you're sure to enjoy the experience.

Once you're on the move, it's easy to ensure everyone is travelling in comfort thanks to dual-zone climate control air conditioning¹ and a clever design that provides ample legroom for all passengers. Whether you're travelling alone or as a family, this sense of space and attention to detail will make every journey a pleasure.

2.5 litre Dual VVT-i petrol engine

Start your engines.

The 7th generation Camry is available in two engine types – petrol and hybrid. Whichever you choose, you'll love the Camry's power and fuel efficiency.

Petrol

With a powerful 2.5 litre Dual VVT-i engine producing up to 135kW, and a 6-speed sequential shift transmission, there's plenty of grunt when you need it.

In Atara models, there's also paddle-shift technology and sports mode for faster gear changes and a more engaging driving experience.

Hybrid

Toyota's Hybrid Synergy Drive® (HSD) combines the powerful 2.5 litre petrol engine with an innovative electric motor producing the combined power of 151kW, for maximum output and optimal fuel efficiency of 5.2L/100km⁹.

The Hybrid system can seamlessly adjust the proportion of power from each source depending on the driving situation and automatically switches between the two power sources, optimising the driving experience whether you're accelerating, cruising on the open road, braking or handling stop-and-go city traffic.

Drive mode switches
HL model shown

2.5 litre Atkinson cycle
4-cylinder petrol engine

Efficiency, without compromise.

Built around the world's leading, most tried and tested hybrid technology, Toyota's Hybrid Synergy Drive® (HSD) comes standard in Camry Hybrid models and delivers remarkable fuel efficiency without compromising performance. The intelligent energy management system seamlessly synergises the car's petrol engine with its electric motor so each power unit either supports the other or takes over completely, depending on the driving situation.

The electric motor in the Hybrid Synergy Drive® (HSD) system generates enough power to drive the car on its own, meaning the petrol engine isn't needed at ignition or low speed. It kicks in whenever you call for more power, accelerate hard, or cruise at high speed.

And because the battery is kept charged through normal driving and recaptures energy from braking and deceleration, it provides all the power the electric motor needs.

4 key benefits

HYBRID
SYNERGY
DRIVE

Quietness.

The peaceful performance of the electric 'EV' mode, combined with the high-performance soundproofing materials throughout the engine and passenger compartments, delivers a uniquely tranquil driving experience.

Emissions.

By ensuring high-level fuel efficiency, Hybrid Synergy Drive® helps minimise the output of CO₂ and other harmful emissions. All of Toyota's hybrid vehicles are designed to comply with relevant global exhaust emissions regulations.

Fuel economy.

The aerodynamic styling of Toyota's hybrid vehicles, and clever pairing of an electric motor and robust petrol engine, deliver significant fuel economy. Each vehicle also provides ongoing feedback via its Multi Information Display, so you can actively evaluate and change the way you drive for even greater efficiency.

Power.

Hybrid Synergy Drive® combines the power of two energy sources to deliver powerful, smooth acceleration. Your vehicle can be powered by electricity, petrol, or a combination of both – and it's discreet and seamless.

How the hybrid system works.

Starting off

The electric motor is used primarily and power stored in the battery is used to turn the motor.

Full acceleration

Power is provided by the petrol engine in addition to the electric motor. Power output is maximised for a very powerful acceleration.

Deceleration

The electric motor functions as a generator during deceleration and braking. Regenerated energy is used to recharge the battery.

At rest

Braking to a stop at a traffic light, the petrol engine is cut off and the car is brought to a gentle stop. The system automatically avoids wasteful idling to conserve fuel and stop CO₂ emission.

Seven SRS airbags including driver's knee airbag
Image for illustration purposes

Traction Control (TRC) and Vehicle Stability Control (VSC)

Blind Spot Monitor (BSM)
HL model shown

Playing it safe.

Whether you're heading to the shops or off on an adventure, it's comforting to know you're driving a car that's been awarded the maximum 5-Star ANCAP safety rating.

Safety starts with an intelligent Anti-lock Braking System (ABS), Electronic Brake-force Distribution (EBD) and Brake Assist (BA) (which work together when you need to stop in a hurry), as well as Traction Control (TRC) and Vehicle Stability Control (VSC). And with Blind Spot Monitor (BSM)⁷ in Atara SL and Hybrid HL to let you know when there are vehicles in your blind spot, you can rest assured there's a range of active safety features helping you steer clear of trouble.

And should a collision ever occur, the seven SRS airbags (including driver's knee airbag) will help to minimise the impact.

Choose your Camry.

Left to right: Atara S, Atara SX, Altise and Atara SL models shown

Altise – The Altise sets the stage for the Camry experience.

- 2.5 litre Dual VVT-i petrol engine
- 6-speed automatic transmission with sequential shift
- Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
- Vehicle Stability Control (VSC) and Traction Control (TRC)
- Electric power steering
- Tilt and reach adjustable steering wheel
- Cruise control
- Front and rear power windows
- Electronically adjustable exterior mirrors with side indicators
- Trip computer and 'ECO' indicator
- Gear position indicator
- Manual air conditioning
- Seven SRS airbags – dual front, front side and full length curtain airbags and driver's knee airbag
- Seat belt warning indicator
- Three child-seat anchorage points
- Rear child-proof locks
- Immobiliser and alarm
- Speed-sensing auto door lock
- LCD display audio with CD and AM/FM tuner
- Six speakers
- USB input with iPod®⁸ connectivity
- Steering wheel mounted audio controls
- Bluetooth®² hands-free phone and media streaming
- Ten beverage holders
- Sunglass holder and lockable glove box
- 60:40 split fold rear seat
- 16" alloy wheels

Atara S – Get set for an exhilarating ride. With the features of the Altise, as well as:

- Sports driving mode with quick response paddle-shift technology
- Dual exhaust
- Electronically adjustable driver's seat
- Sports combimeter
- Automatic dual-zone climate control air conditioning
- Reversing camera
- Rear parking sonars
- Smart Entry and Start system
- 6.1" screen audio display with CD player and AM/FM tuner
- Front fog lamps
- Sports grille and front bumper
- 'Atara' door scuff plates
- 17" alloy wheels

Atara SL – The ultimate in comfort and pure driving pleasure. With the features of the Atara S, as well as:

- Electric rear sunshade
- Electro chromatic rear-view mirror
- Electronically adjustable driver's and front passenger seats and driver's seat memory function
- Rain sensing wipers
- Reversing camera with back guide monitor
- Blind Spot Monitor (BSM)
- JBL premium audio with 7" screen display, Digital Radio,³ Satellite Navigation⁴ and SUNA™ Traffic Channel⁵
- Ten speakers
- Automatic high beam

Atara SX – Meet the sportiest member of the family. With the features of the Atara S, as well as:

- Leather accented sports seats
- Sports body kit including rear lip spoiler and sports rear bumper
- Sports headlamps
- Sports pedals

Camry Hybrid models

Left to right: H and HL models shown

Hybrid H – The first hybrid car built right here in Australia, Camry H combines unwavering performance with superb economy.

- 2.5 litre VVT-i petrol engine
- Hybrid Synergy Drive® (HSD) technology
- 151kW combined hybrid power output
- 5.2L/100km⁶ fuel economy and 121g/km⁶ CO₂ emissions
- Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)
- Vehicle Stability Control (VSC) and Traction Control (TRC)
- Hill-start Assist Control (HAC)
- Rear parking sensors
- Tilt and reach adjustable steering wheel
- Cruise control
- Trip computer and 'ECO' indicator
- Electronically adjustable driver's seat with lumbar support
- Automatic dual-zone climate control air conditioning
- Seven SRS airbags – dual front, front side and full length curtain airbags and driver's knee airbag
- Reversing camera
- Rear child-proof locks
- Smart Entry and Start system
- Steering wheel mounted audio controls
- Bluetooth®² hands-free phone and media streaming
- 6.1" screen audio display with CD player and AM/FM tuner
- Six speakers
- 60:40 split fold rear seat (60% folds)
- 16" alloy wheels

Hybrid HL – The ultimate hybrid driving experience. Camry HL has all the power, efficiency and quality features of the Camry H, but with a range of extra touches that add to the luxury feel.

- Electric rear sunshade
- Electro chromatic rear-view mirror
- Electronically adjustable driver's and front passenger seats and driver's seat memory function
- Rain sensing wipers
- Blind Spot Monitor (BSM)
- Reversing camera with back guide monitor
- Steering wheel mounted audio controls
- Bluetooth®² hands-free phone and media streaming
- JBL premium audio with 7" screen display, Digital Radio,³ Satellite Navigation⁴ and SUNA™ Traffic Channel⁵
- Touchscreen and voice control audio
- Ten speakers
- Front fog lamps
- Automatic high beam
- Rear spoiler
- 17" alloy wheels

Show your true colours.

With nine different colour options to choose from in Camry petrol models, and eight in Camry Hybrid, it's easy to inject your own sense of style. Importantly, the colour range has been developed to perfectly complement the sharp lines and sporty styling of each Camry model.

HL model shown with optional moonroof

The best seats in the house.

Superior upholstery and stitching have been used throughout every Camry. So when you step inside, you won't just see quality, you'll feel it too.

The leather accented interior in the Atara SL and Hybrid HL gives a strong sense of refined style, while the sports-inspired trim on Atara SX gives it a sophisticated, energetic edge. The Altise features textured Shadowflex fabric, while the Hybrid H and Atara S are fitted with superior Dashflex fabric.

The Toyota Advantage.

Every Toyota gives you a lifetime of advantages. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.

A smarter way to buy.

Toyota Access puts you in complete control when buying a new car.¹⁴ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with ongoing flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/access

Capped price servicing.¹⁵

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

We've got your back.

Every new Toyota is built to exceptional standards, backed by a three year/100,000km¹⁶ warranty, giving you the peace of mind to feel confident for years to come. In the unlikely event that you need them, every Toyota Service Centre is committed to providing any warranty repairs you may need. They have the technology, the tools, and the skilled personnel to keep your Toyota in excellent condition.

Your battery goes further.¹⁷

The Hybrid battery used by Toyota, requires no maintenance, charges automatically while you drive and never needs to be plugged into a power supply.

The battery is disposable, recyclable and your Toyota dealership can arrange recycling at no extra cost.

Finance to get you going.

If you need a little help, Toyota Finance¹⁸ can offer you a wide range of vehicle financing. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Even more protection.

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; choice of agreed value or market value, New vehicle replacement cover for Toyota vehicles damaged beyond repair up to 3 years/100,000km,¹⁹ Genuine Parts Promise and Quality Repair Guarantee. And our Toyota Insurance Factory Approved Extended Warranty Insurance provides protection that continues after your Toyota New Vehicle Warranty ends.

Extend your peace of mind.

Whether it's a flat tyre, lost keys or a flat battery, Toyota Extra Care Roadside Assist is never more than a phone call away. Available 24 hours a day, seven days a week, every day of the year, you'll have peace of mind, whatever your emergency.²⁰ With two levels of cover available, Toyota Extra Care Roadside Assist provides one of the most professional, reliable, and technologically advanced assistance networks in Australia.
