

# HiLux Black Limited Edition.

[toyota.com.au](http://toyota.com.au)

*Oh what a feeling!*

# Unbreakable is the new black.

Unbreakable has just been given an extra dose of attitude. The Limited Edition HiLux Black is Australia's favourite 4x4 workhorse, only meaner.

It all starts with a Limited Edition Black sports bar and a set of chunky 17" alloy wheels – we're talking added street cred and worksite cred. There's also Limited Edition Black front and rear bumpers, with LED Daylight Running Lamps included, just to let the rest of the country know you're coming. While inside you're treated to the comfort of leather accented interior trim and a 6-way power adjustable driver's seat.

So while it looks newer and feels meaner, you can still be assured of legendary HiLux unbreakability. Not to mention, impressive power shovelled to all four wheels from a gutsy 3.0 litre Turbo-diesel engine. Along with Traction Control (TRC), Anti-lock Braking System (ABS), Vehicle Stability Control (VSC) and Electronic Brake-force Distribution (EBD) – all working to help keep you safe and sound.

Plus, inside you're treated to a host of handy technologies. Things like Multi Information Display (MID) to show fuel consumption levels, cruising range and more, as well as an audio system that includes USB,<sup>1</sup> AUX, Satellite Navigation<sup>2</sup> and Bluetooth<sup>®3</sup> connectivity.

So which is your Limited Edition HiLux Black pick? The Glacier White, or Eclipse Black? Either way, you'll look even more unbreakable in this very special HiLux.
